TITLE 8—ALIENS AND NATIONALITY

Chapter II—Office of Alien Property Custodian

PART 505—REGULATIONS ISSUED UNDER GENERAL ORDER No. 13

LICENSING TRANSACTIONS INVOLVING COPYRIGHTS

§ 505.3 *Regulation No. 3 under General Order No. 13.* (a) A general license is hereby granted authorizing the following transactions:

(1) The making and filing in the United States Copyright Office of applications for registration or renewal of copyrights in which a designated foreign country or a national thereof has at any time on or since the effective date of Executive Order No. 8389, as amended, had any interest, and the receipt of registration or renewal certificates granted pursuant to any such applications, *Provided:*

(i) That the person making or filing such application shall attach to the application a report on Form APC–23,[1] which is hereby adopted and made a part of this regulation, setting forth the information called for therein; and

(ii) That the making or filing of such application involves no communication, direct or indirect, with an enemy national.

(2) The execution and recording of any instrument recordable in the United States Copyright Office which affects title to or grants any interest in any copyright or renewal thereof, if such instrument constitutes or evidences a transaction made by, or on behalf of, or pursuant to the direction of, or with a designated foreign country or a national thereof, on or since the effective date of Executive Order No. 8389, as amended, *Provided:*

(i) That such instrument be recorded in the United States Copyright Office within six months of the execution thereof, or within such further time as may be allowed by the Alien Property Custodian; and

(ii) That the person presenting such instrument for recording shall attach thereto and record therewith a copy of Form APC–22,[1] which is hereby adopted and made a part of this regulation, and shall file therewith a report on Form APC–21,[1] which is hereby adopted and made a part of this regulation, setting forth under oath the information called for therein; and

(iii) That the transaction involves neither trade or communication with an enemy national nor is carried out as the result of such trade or communication; and

(iv) That such instrument may be set aside by the Alien Property Custodian upon notice mailed to the person recording the instrument at the address given on the form filed with the instrument and the interests thereunder so transferred may be vested by the Alien Property Custodian at any time within a period of three years from the date of recording, except that the Alien Property Custodian may in his discretion reduce such period of time with respect to any such instrument after the recording thereof.

(3) The recording in the United States Copyright Office of any instrument recordable therein which was executed prior to the effective date of Executive Order No. 8389, as amended, *Provided:*

(i) That any person presenting such instrument for recording shall file with such instrument a report on Form APC–21, setting forth under oath the information called for therein; and

(ii) That the transaction involves no trade or communication with an enemy national nor is carried out as the result of such trade or communication.

(b) Where applications for copyrights or renewals thereof are made or filed under paragraph (a) (1) of this regulation, such copyrights and renewals will be subject to the power of the Alien Property Custodian to take such action as he deems necessary in the national interest. Nothing contained in this regulation

FEDERAL REGISTER

Published daily, except Sundays, Mondays, and days following legal holidays by the Division of the Federal Register, The National Archives, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500), under regulations prescribed by the Administrative Committee, approved by the President.

The Administrative Committee consists of the Archivist or Acting Archivist, an officer of the Department of Justice designated by the Attorney General, and the Public Printer or Acting Public Printer.

The daily issue of the FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.25 per month or $12.50 per year, payable in advance. The charge for single copies (minimum, 10¢) varies in proportion to the size of the issue. Remit money order for subscription or single copies payable to the Superintendent of Documents directly to the Government Printing Office, Washington, D. C.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

Telephone Information: DIstrict 0525.

shall be deemed to limit the authority of the Alien Property Custodian to direct, manage, supervise, control or vest any copyright or renewal thereof.

(c) This general license does not authorize:

(1) Any transactions not specifically enumerated herein, such transactions being permitted only upon specific authorization from the Alien Property Custodian; or

(2) The receipt of any funds or credits with respect to the transactions licensed herein except as such receipt may be permitted by the Treasury Department; or

(3) The payment of any funds or credits to any party to an instrument recorded hereunder with respect to the property affected by such instrument as long as such instrument is subject to being set aside in accordance with the conditions of paragraph (a) (2) (iv) hereof, except into a special account from which withdrawals can be made only upon the approval of the Alien Property Custodian.

(d) Nothing contained in this regulation shall be deemed to limit the authority of the Office of Censorship to cause to be censored in its absolute discretion, any communications by mail, cable, radio, or other means of transmission, passing between the United States and any foreign country.

(e) The term "designated foreign country" shall mean foreign country designated in section 3 of Executive Order No. 8389, as amended; and the terms "person" and "national" shall have the meanings defined in sections 5C and 5E respectively, of such order, except that any person within the categories of Regulation No. 1 under General Order No. 13 shall not be considered for the purposes of this regulation to be a national of a designated foreign county.

(f) The terms "enemy national" and "trade or communication with an enemy national" shall have the meanings defined in Treasury General Ruling No. 11 under Executive Order No. 8389, as amended.

(g) The term "interest" with respect to a copyright shall include, but not by way of limitation, ownership, part ownership, or claim of ownership, in whole or in part, of any subsisting copyright or claim of copyright, and any right, license, privilege or property in or to or with respect to such work; and any right, title or interest in, to or under any contract or other instrument relating to copyright, and any royalty, share of profits, license fees, or other emolument or compensation reserved with respect thereto. Such interest shall also include, but not by way of limitation, any interest as hereinbefore described which is held or claimed as trustee, agent, representative or nominal proprietor.

TITLE 14—CIVIL AVIATION

Chapter II—Administrator of Civil Aeronautics, Department of Commerce

[Amendment 22]

PART 601—DESIGNATION OF AIRWAY TRAFFIC CONTROL AREAS, CONTROL ZONES OF INTERSECTION, CONTROL AIRPORTS, AND RADIO FIXES

DESIGNATION OF CERTAIN CONTROL AIRPORTS

DECEMBER 29, 1942.

Acting pursuant to the authority vested in me by section 308 of the Civil Aeronautics Act of 1938, as amended, and § 60.21 of the Civil Air Regulations, I hereby amend Part 601 of the Regulations of the Administrator of Aeronautics as follows:

By amending § 601.3 so as to include in the proper alphabetical order the following airports as control airports:

City:	*Name of airport*
Abilene, Texas	Municipal Airport
Big Spring, Texas	Municipal Airport
Tucson, Arizona	Municipal No. 2
Palmdale, California	Municipal Airport
Daggett, California	Municipal Airport
Santa Barbara (Goleta), California.	Municipal Airport

This amendment shall become effective 0001 E. W. T., December 30, 1942.

C. I. STANTON,
Administrator.

TITLE 30—MINERAL RESOURCES

Chapter III—Bituminous Coal Division

[Docket No. A–1749]

PART 322—MINIMUM PRICE SCHEDULE, DISTRICT NO. 2

ORDER GRANTING RELIEF, ETC.

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 2 for a change of shipping points for certain mines in District No. 2.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting a change of shipping points for the coals of certain mines in District 2; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 322.7 *(Alphabetical list of code members)* is amended by adding thereto Supplement R–I, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate, or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this order, unless it shall otherwise be ordered.

Dated: December 17, 1942.

[SEAL] DAN H. WHEELER,
Director.

PART 327—MINIMUM PRICE SCHEDULE, DISTRICT NO. 7

ORDER GRANTING RELIEF, ETC.

Order of consolidation and order granting temporary relief and conditionally providing for final relief in the matters of the petitions of District Board No. 7 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 7, for an additional shipping point for the coals of the Little Sewell Mine of the Jones Smokeless Coal Company and for a change in the shipping point for the coals of the Amick Mine of I. R. Thompson in District No. 7.

Original petitions, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 7, and for an additional shipping point for the coals of the Little Sewell Mine of the Jones Smokeless Coal Company (Mine Index No. 561) in District No. 7, and for a change in the shipping point for the coals of the Amick Mine of I. R. Thompson (Mine Index No. 508) in District No. 7, and

It appearing that said petitions should be consolidated; and

It further appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in any of the above-named matters; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That the above-named matters be, and the same hereby are, consolidated.

It is further ordered, That, pending final disposition of the above-entitled matters, temporary relief is granted as follows: Commencing forthwith, § 327.11 (*Low volatile coals: Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 327.34 (*General prices in cents per net ton for shipment into any market area*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof; commencing forthwith, the shipping point, railroad and freight origin group appearing in the aforesaid Supplement R for the coal produced at the mine designated as Mine Index No. 561 shall be as herein shown instead of the shipping point, railroad and freight origin group number heretofore applicable to this mine; and commencing forthwith, the shipping point appearing in aforesaid Supplement R for the coal produced at the mine designated as Mine Index No. 508 shall be as herein shown instead of the shipping point heretofore applicable for this mine.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this order, unless it shall otherwise be ordered.

Dated: December 11, 1942.

[SEAL] DAN H. WHEELER, *Director*.

TITLE 32—NATIONAL DEFENSE

Chapter IX—War Production Board

Subchapter B—Director General for Operations

PART 1010—SUSPENSION ORDERS

[Suspension Order S–190]

STANDARD PRESSED STEEL CO.

Standard Pressed Steel Company is a corporation with a principal place of business in Jenkintown, Pennsylvania, and is engaged in the business of manufacturing various ordnance and military equipment, industrial benches and parts thereof. Subsequent to August 3, 1942, the Company put in process, assembled, and delivered approximately 6,700 steel shop stools for other than Army, Navy and Maritime Commission orders, as defined in Conservation Order M–126. The responsible officers of the Company had full knowledge of the provisions of Conservation Order M–126 and these activities were the result of an unjustifiable misinterpretation of Order M–126.

The manufacture, assembly and deliveries of steel shop stools constituted a wilful violation of Conservation Order M–126 which has impeded and hampered the war effort by diverting critical material to uses unauthorized by the War Production Board. In view of the foregoing facts, *It is hereby ordered:*

§ 1010.190 *Suspension Order S–190.* (a) Standard Pressed Steel Company, its successors and assigns, shall not put in process, manufacture or assemble any iron or steel to make industrial work benches, bench legs or parts thereof, and Standard Pressed Steel Company shall not deliver any industrial work benches, bench legs or parts thereof containing iron or steel except as specifically authorized by the Director General for Operations.

(b) Nothing contained in this order shall be deemed to relieve Standard Pressed Steel Company, its successors or assigns, from any restriction, prohibition or provision contained in any order or regulation of the Director of Industry Operations or the Director General for Operations, whether now in force or hereafter issued, except insofar as the same may be inconsistent with the provisions hereof.

(c) The provisions of this order shall not apply to any item manufactured, assembled or delivered on an Army, Navy or Maritime Commission order, as such orders are defined in Conservation Order M–126.

(d) This order shall take effect on January 2, 1943, and shall expire on April 2, 1943, at which time the restrictions contained in this order shall be of no further effect.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 30th day of December 1942.

ERNEST KANZLER, *Director General for Operations.*

[F. R. Doc. 42–14171; Filed, December 30, 1942; 4:40 p. m.]

PART 1010—SUSPENSION ORDERS

[Suspension Order S–192]

UNITED WIRE NOVELTY CO.

United Wire Novelty Company, Philadelphia, Pennsylvania, a co-partner-

ship, composed of Isadore Kreiskoff and Fred Kreiskoff, is engaged in the manufacture of steel wire racks and baskets and steel wall brackets of various types. During the period from September 30, 1942 to November 5, 1942, the company put into process and processed iron and steel to make wire racks and baskets or parts thereof, assembled wire racks and baskets or parts thereof containing iron or steel, and delivered such items which it knew, or had reason to know, were fabricated or assembled in violation of the provisions of General Conservation Order M–126. These acts constituted violations of General Conservation Order M–126. During the entire period the company was aware of the restrictions contained in General Conservation Order M–126 and its violations thereof were wilful.

These violations of said order have hampered and impeded the war effort of the United States by diverting scarce materials to uses not authorized by the War Production Board. In view of the foregoing, *It is hereby ordered* That:

§ 1010.192 *Suspension Order No. S–192.* (a) Isadore Kreiskoff and Fred Kreiskoff, their successors and assigns, and the partnership known as United Wire Novelty Company, its successors and assigns, shall not use any iron or steel or products made therefrom, now in their possession or hereafter acquired, in the manufacture, assembly or fabrication of any articles whatsoever, except as specifically authorized by the Director General for Operations.

(b) Deliveries of material to Isadore Kreiskoff and Fred Kreiskoff, their successors and assigns, and the partnership known as United Wire Novelty Company, its successors and assigns, shall not be accorded priority over deliveries under any other contract or order and no preference rating shall be assigned or applied to such deliveries to Isadore Kreiskoff and Fred Kreiskoff, their successors and assigns, and to the partnership known as United Wire Novelty Company, its successors and assigns, by means of preference rating certificates, preference rating orders, general preference orders and any other order or regulation of the Director of Industry Operations or the Director General for Operations, except as specifically authorized by the Director General for Operations.

(c) No allocation shall be made to Isadore Kreiskoff and Fred Kreiskoff, their successors and assigns, or to the partnership known as United Wire Novelty Company, its successors and assigns, of any material the supply or distribution of which is governed by any order of the Director of Industry Operations or the Director General for Operations, except as specifically authorized by the Director General for Operations.

(d) Nothing contained in this order shall be deemed to relieve Isadore Kreiskoff and Fred Kreiskoff or the partnership known as United Wire Novelty Company from any restriction, prohibition, or provision contained in any other order or regulation of the Director of Industry Operations or the Director General for Operations, except in so far as the same may be inconsistent with the provisions hereof.

(e) This order shall take effect January 1, 1943, and shall expire April 1, 1943, at which time the restrictions contained in this order shall be of no further effect.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 30th day of December 1942.

ERNEST KANZLER,
Director General for Operations.

[F. R. Doc 42–14172; Filed, December 30, 1942; 4.40 p. m.]

PART 3133—PRINTING AND PUBLISHING

[Limitation Order L–240]

The fulfillment of requirements for the defense of the United States has created a shortage of the supply of print paper for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3133.6 Limitation Order L–240—(a) *Definitions.* For the purposes of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency or any organized group of persons, whether incorporated or not.

(2) "Newspaper" shall include any publication usually recognized as a newspaper in the newspaper industry regardless of the frequency of issuance.

(3) "Printing" means the act or process of printing, impressing or otherwise transferring onto print paper any ink, color, pigment, mark, character or delineation.

(4) "Publisher" shall include, but not by way of limitation, any person issuing a newspaper.

(5) "Print paper" means any grade or quality of paper used in the printing of a newspaper, or used in the printing of material physically incorporated into a newspaper.

(6) "Net paid circulation" means the sales of a publisher's newspaper or newspapers audited, or otherwise verified, in accordance with the standards of the Audit Bureau of Circulations of January 1, 1942.

(7) "Base period" means the year 1941.

(8) "Director" means the Director General for Operations.

(b) *General restrictions.* On and after January 1, 1943:

(1) No publisher, or any person for his account, shall purchase, acquire or in any manner accept delivery of print paper except for the printing of the publisher's newspaper or newspapers.

(2) No publisher shall use, or cause to be used for his account, print paper for the printing of any newspaper or newspapers during any calendar quarter in excess of 100% of the amount of print paper used by him, or for his account, in the printing of the net paid circulation of his said newspaper or newspapers during the corresponding calendar quarter of the base period.

(3) To compensate for the amount of print paper lost to a publisher in the publication of his newspaper or newspapers in the form of wrappers covering print paper delivered to him by his supplier, and that lost to him through damage in transit and in printing spoilage, the publisher may add to the total quarterly amount of print paper authorized by subparagraphs (1) and (2) of this paragraph, 3% of the total amount of print paper used by him in the printing of the net paid circulation of his said newspaper or newspapers during the corresponding calendar quarter of the base period.

(c) *Exceptions.* The provisions of paragraph (b) (1) and (2) hereof, are inapplicable to:

(1) Any publisher who shall use on and after January 1, 1943, 25 tons or less of print paper in any calendar quarter for the printing of any of his newspaper or newspapers. Any such publisher is authorized, in addition, to deduct from the tonnage of print paper used by him in any calendar quarter after January 1, 1943, the amount of print paper represented by copies of his newspaper or newspapers which he shall furnish to the armed services of the United States.

(2) Any newspaper of eight pages or less which is authorized to be admitted to the mails as second class matter under the provisions of section 521 of the Postal Laws and Regulations of 1940 (Title 39 U.S.C. sec. 229), pertaining to the publications of benevolent, fraternal, trades-unions, professional, literary, historical, and scientific organizations or societies.

(d) *Loans of print paper.* Any loan of print paper made by a publisher shall be reported by addressing a letter in triplicate to the War Production Board on or before the 30th day following the date of said loan.

(e) *Miscellaneous provisions*—(1) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

(2) *Reports.* All persons affected by this order shall execute and file with the War Production Board such reports and questionnaires as the Director shall from time to time require.

(3) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records of their inventory, use and sales of print paper, subject to the inspection of the duly authorized representative of the War Production Board.

(4) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from, and stating fully the grounds of the appeal.

(5) *Communications to the War Production Board.* All reports required to be filed hereunder and all communications concerning this order shall, unless otherwise directed, be addressed to: War Production Board, Printing and Publishing Division, Washington, D. C. Ref: L–240.

(f) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 31st day of December 1942.

ERNEST KANZLER,
Director General for Operations.

[F. R. Doc. 42–14188; Filed, December 31, 1942; 11:48 a. m.]

PART 3133—PRINTING AND PUBLISHING

[Limitation Order L–244]

The fulfillment of requirements for the defense of the United States has created a shortage of the supply of print paper for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3133.15 *Limitation Order L–244*—(a) *Definitions.* For the purposes of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency or any organized group of persons, whether incorporated or not.

(2) "Magazine" means any periodical recognized as a magazine in the magazine industry, regardless of frequency of issue.

(3) "Printing" means the act or process of printing, impressing or otherwise transferring onto print paper any ink, color, pigment, mark, character or delineation.

(4) "Publisher" shall include, but not by way of limitation, any person issuing one or more magazines.

(5) "Print paper" means any grade or quality of paper used in the printing of a magazine, or used in the printing of material physically incorporated into a magazine.

(6) "Base period" means the year 1942.

(7) "Director" means the Director General for Operations.

(b) *General restrictions.* On and after January 1, 1943:

(1) No publisher shall use, or cause to be used for his account, print paper for the printing of his magazine or magazines, during any calendar quarter in excess of 22½% of the amount of print paper used by him or for his account, for such purpose, during the base period: *Provided,* That a publisher may, in any calendar quarter, use up to 15% more than his quarterly quota for such purpose, the excess to be deducted from the quota of the succeeding calendar quarter: *And provided further,* That a publisher may, in any calendar quarter, use additional print paper for such purpose, equivalent to the less-than-quota usage of any preceding calendar quarters.

(c) *Exceptions.* The restrictions of paragraph (b) hereof shall not apply to any publisher who shall use, on and after January 1, 1943, 25 tons or less of print paper in any calendar quarter for the printing of his mazagine or magazines.

(d) *Miscellaneous provisions*—(1) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

(2) *Reports.* All persons affected by this order shall execute and file with the War Production Board such reports and questionnaires as the Director shall from time to time require.

(3) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning their inventory, use and sales of print paper, subject to the inspection of the duly authorized representative of the War Production Board.

(4) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from, stating fully the grounds of the appeal.

(5) *Communications to the War Production Board.* All reports required to be filed hereunder and all communications concerning this order shall, unless otherwise directed, be addressed to: War Production Board, Printing & Publishing Division, Washington, D. C. Ref: L–244.

(e) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 31st day December 1942.

ERNEST KANZLER,
Director General for Operations.

[F. R. Doc. 42–14194; Filed, December 31, 1942; 11 49 a. m.]

PART 921—ALUMINUM

[Supplementary Order M–1–g as Amended Dec. 31, 1942]

Whereas national defense requirements have created a shortage of aluminum for defense, private account, and export; and

Whereas the restrictions and requirements hereinafter set forth are necessary to conserve the supply and direct the distribution thereof in the interests of national defense;

Now, therefore, it is ordered, That:

§ 921.9 *Supplementary Order M–1–g*—(a) *Definitions.* For the purposes of this order:

(1) "Aluminum" means any material the principal ingredient of which by either weight or volume is metallic aluminum in powder, paste, or other form.

(2) "Aluminum pigment" means any aluminum or any material containing aluminum which is manufactured, acquired or disposed of for use, or which is used, in the manufacture of paint or other coating or as a liquid welding compound.

(3) "Aluminum paint" means any paint in the manufacture of which aluminum pigment is used.

(4) "Paint formulator" means any person engaged in the business of manufacturing paint for sale.

(5) "Jobber" means any person engaged in the business of buying and selling aluminum paint or aluminum pigment, otherwise than in the capacity of retail distributor whose business is confined to over-the-counter transactions with the general public.

(b) *Restrictions upon manufacture, use, acquisition, and disposition of aluminum pigment.* No aluminum pigment shall be manufactured, used in manufacture, acquired, or disposed of, except as the Director General for Operations may specifically authorize.

(c) *Restrictions upon acquisition and disposition of aluminum paint.* No aluminum paint shall be manufactured, acquired, or disposed of except as the Director General for Operations may specifically authorize.

(d) *Scope of order.* The provisions of paragraphs (b) and (c) of this order shall not apply to the sale and purchase of aluminum pigment or aluminum paint in the course of normal over-the-counter retail distribution to the general public, or to the use of aluminum pigment or aluminum paint by the ultimate consumer. Supplementary Order M–1–e shall not apply to the manufacture or use of aluminum pigment.

(e) *Application for special authorization.* Application for special authorization as required by paragraphs (b) and (c) of this order shall be made on Form PD–312.

(f) *Reporting.* Each manufacturer of aluminum pigment and each paint formulator and jobber shall, on or before the 15th of April, 1942, and of each succeeding month, report on Form PD–313, his stocks, as of the end of the preceding month, of aluminum pigment and aluminum paint.

(g) *Communications.* All reports required to be filed hereunder, and all communications shall, unless otherwise directed, be addressed to the War Production Board, Ref: M-1-g.

(h) *Applicability of Priorities Regulation No. 1.* This order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1 (Part 944), as amended from time to time, except to the extent that any provision may be inconsistent therewith, in which case the provisions of this order shall govern.

(i) *Violations.* Any person who wilfully violates any section of this order, or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this order, may be prohibited from receiving further deliveries of any material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(j) *Effective date.* This order shall take effect on December 31, 1942, and shall continue in existence until revoked by the Director General for Operations.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 31st day of December 1942.

ERNEST KANZLER,
Director General for Operations.

[F. R. Doc. 42-14189, Filed, December 31, 1942; 11:49 a. m.]

PART 922—MAGNESIUM

[General Preference Order M-2-b as Amended Dec. 31, 1942]

Section 922.3 *General Preference Order M-2-b* is hereby amended to read as follows:

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of magnesium for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 922.3 *General Preference Order M-2-b*—(a) *Definitions.* For the purposes of this order:

(1) "Magnesium" means any metal in ingot or other raw form the principal ingredient of which is the element magnesium.

(2) "Magnesium products" means any basic forms, such as, but not limited to, castings, extrusions, sheet, strip, plate, forgings and powder, the principal ingredient of which is magnesium.

(3) "Magnesium scrap" means any scrap material the principal ingredient of which is magnesium, generated in the course of any industrial process, or any discarded magnesium products, which must be remelted to be of value for further use. The term "magnesium scrap" also includes any dross resulting from melting magnesium or magnesium scrap.

(4) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(5) "Producer" means any person who makes magnesium, in whole or in part, from a non-metallic raw material.

(6) "Approved smelter" means the American Magnesium Corporation, Apex Smelting Company, National Smelting Company, Aluminum and Magnesium, Inc. and the Federated Metals Division, American Smelting and Refining Company, and any other person who may be so designated by the Director.

(7) "Fabricator" means any person, including pattern shops, foundries and powder grinders, who makes magnesium products.

(8) "Director" means Director General for Operations.

(b) *Delivery and use.* Except as specifically authorized by the Director pursuant to an allocation on Forms PD-603 and PD-26M (1) no producer, approved smelter or other smelter shall deliver any magnesium or use any magnesium to make magnesium base alloys, and (2) no person shall accept the delivery of any magnesium from a producer, approved smelter or other smelter, and (3) no fabricator shall use magnesium or deliver any magnesium products.

(c) *Prohibition of alloying, contamination and debasement.* No person shall alloy, contaminate or debase magnesium except as the Director shall specifically authorize.

(d) *Collection, segregation and use of scrap.* (1) Except as provided in paragraph (d) (2) below, any person owning or generating any magnesium scrap, shall collect, segregate, place in suitable containers, label, identify and otherwise prepare for reprocessing all such scrap. Such scrap shall be segregated by alloys in accordance with the alloy designations of the American Society for Testing Materials, except that alloys #4 and #17 may be mixed with each other. Commercially pure magnesium and magnesium scrap of each alloy not described by such designations shall be kept segregated. All magnesium scrap shall be kept free of contamination by other metals and materials and otherwise handled in such manner that it will be of acceptable quality for reprocessing.

(2) Any fabricator may use any magnesium scrap generated in his plant in the course of fabrication, but only if such scrap is remelted and refabricated in such plant into products for the production of which such fabricator is currently obtaining deliveries of magnesium in conformity with this order, and if, in estimating, applying for, and ordering such magnesium, such fabricator reduced his requirements by an amount which, under the circumstances, represented a reasonable anticipation of the amount of magnesium scrap which would be recoverable for re-use as above authorized.

(e) *Disposition of all scrap.* Except as provided in paragraph (d) above or as the Director may, upon application, specifically authorize or direct, any person, other than a producer or approved smelter, owning any magnesium scrap shall promptly sell all such scrap to a producer or approved smelter and shall not use or dispose of such scrap in any way except by such a sale. Except as specifically authorized by the Director, no producer or approved smelter shall mix two or more alloys during the remelting of scrap.

(f) *Tolling prohibited.* Except as the Director may specifically authorize pursuant to an application filed on Form PD-114, no scrap shall be delivered for processing or returned under any toll, repurchase or similar arrangement.

(g) *Dead stock.* All magnesium which is not being used in, or which is in excess of reasonable needs for, the manufacture of items approved by specific authorization of the Director, shall be promptly disposed of pursuant to Priorities Regulation No. 13.

(h) *Request for authorizations and communications.* Any person who seeks the specific authorization of the Director to do anything under this order where no form is prescribed for the purpose, may request such authorization by letter in duplicate addressed to the War Production Board, Aluminum and Magnesium Division, Washington, D. C., Reference: M-2-b. All other applications, statements or other communications concerning the subject matter of this order should be addressed in the same manner.

(i) *Report of operations.* Any producer, smelter or fabricator who, in any calendar month, has had in inventory any magnesium, magnesium product or magnesium scrap, shall, on or before the fifteenth day of the month following each month in which any such material was held, file a report on Form PD-173 or, in the case of a powder grinder, on Form PD-174, or on such other form as may be prescribed for this purpose. Any other person who, in any calendar month has had in inventory a total of 100 pounds or more of magnesium, magnesium products and magnesium scrap shall on or before the fifteenth day of the month following any month in which such material was held, file a report on Form PD-40M or such other form as may be prescribed for this purpose.

(j) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of priorities regulations of the War Production Board, as amended from time to time.

(k) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priorities control.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 31st day of December 1942.

ERNEST KANZLER,
Director General for Operations.

[F. R. Doc. 42-14190; Filed, December 31, 1942; 11:49 a. m.]

PART 962—IRON AND STEEL

[Supplementary Order M-21-b as Amended December 31, 1942]

WAREHOUSES AND DEALERS

§ 962.3 *Supplementary Order M-21-b*—(a) *Definitions.* For the purpose of this supplementary order:

(1) "Warehouse" means any person who receives physical delivery of iron or steel from a producer for sale or resale in the form received; but does not include any structural shape, plate, or sheet fabricator unless his warehouse sales during 1940 represented at least 25 percent of the total tonnage of iron or steel products handled by him during that year.

(2) "Dealer" means any person who receives physical delivery of iron or steel from a warehouse for sale or resale in the form received.

(3) "Delivery" includes deliveries on consignment.

(b) *Schedule A products.* With respect to the iron or steel products listed in Schedule A hereto:

(1) *Quota restrictions.* No warehouse shall accept from any person during any calendar quarter deliveries except within the limits of the quota established for such warehouse by the Director General for Operations. Application for such quota shall be made on Form PD-83-a. Such quota shall be computed on the base tonnage herein described. The base tonnage of any Schedule A product classification is the tonnage of such product classification shipped by the warehouse from stock during the first calendar quarter of 1941. Beginning July 1, 1942, the quota of the warehouse in each calendar quarter is the percentage of such base tonnage shown in Columns 2 or 3 of Schedule A. The quota of the warehouse for the second calendar quarter of 1942 is that previously assigned by Amendment No. 3 to Supplementary Order M-21-b. No warehouse which, during 1940, purchased more than 25 percent of its tonnage of any product classification in a grade invoiced as less than prime quality may, during any calendar quarter, purchase prime quality iron or steel products of the same classification from a producer in an amount greater than one-fourth of the tonnage of such prime quality material purchased from such producer during 1940. The base tonnage or the quota may be changed from time to time by the Director General for Operations.

(2) *Preference rating.* On or before July 1, 1942, the Director General for Operations will issue to each warehouse for which a quota may be established pursuant to paragraph (b) (1), and who has reported monthly on Form PD-83, a certificate assigning a preference rating of A-1-k to deliveries of iron or steel to such Warehouse, within the limits of such quota. On or after July 1, 1942, no person may deliver Schedule A products to any warehouse, and no warehouse may accept such deliveries, unless such warehouse shall have filed with such person a copy of its A-1-k preference rating certificate. Effective May 4, 1942 and prior to July 1, 1942, a preference rating of A-1-k is hereby assigned to deliveries of iron or steel to each warehouse now holding an uncancelled A-9 preference rating certificate. Such preference rating may be changed from time to time by the Director General for Operations.

(3) *Reports.* Each warehouse unless specifically exempted shall file with the Bureau of the Census, Washington, D. C., on or before the 15th day of each month, a report on Form PD-83 Revised, or in such other form as may from time to time be prescribed by the Director General for Operations.

(4) *Supplementary quota.* In addition to the quarterly quota provided for in paragraph (b) (1), any warehouse may, subject to the inventory limitations set forth in paragraph (e),

(i) During the calendar quarter ending December 31, 1942, accept deliveries of any steel product classification in an amount which, when added to its total previous receipts of such product classification during 1942, will not exceed the total quota assigned for such product classification for the year 1942.

(ii) During the calendar quarter ending March 31, 1943, accept deliveries of any steel product classification in an amount which, when added to its total previous receipts of such product classification during the period January 1, 1942-March 31, 1943, inclusive, will not exceed the total quota assigned for such product classification for such period.

(c) *Schedule B products.* With respect to the iron and steel products listed in Schedule B hereto:

(1) *Quota restrictions.* No producer shall make to a warehouse stock, and no warehouse shall accept from any producer during any calendar quarter, deliveries for stock except within the limits of the quota which such warehouse is entitled to receive from such producer. Such quota shall be computed on the base tonnage herein described. Except for wire and wire products, the base tonnage of all Schedule B product classifications is the tonnage of such product classification shipped by the producer to the warehouse stock during the corresponding calendar quarter of 1940. The base tonnage for wire and wire products is the tonnage shipped by the producer to the warehouse stock during the corresponding calendar quarter of the period July 1, 1940-June 30, 1941. By written notice delivered to the producer on or before July 1, 1942, for wire and wire products or on or before February 1, 1942 for all other Schedule B products, the warehouse may change the base tonnage of any Schedule B product classification to one-fourth of the annual base tonnage provided for above; but the base tonnage cannot thereafter be changed for any subsequent calendar quarter. The quota which each producer may deliver to each warehouse during the second calendar quarter of 1942 and the proportion thereof to which the rating assigned by paragraph (c) (2) applies are the same as provided by Amendment No. 3 to Supplementary Order M-21-b. The quota which each producer may deliver to each warehouse in each calendar quarter following June 30, 1942, is the percentage of such base tonnage shown in column 4 of Schedule B herein. The base tonnage or the quota may be changed from time to time by the Director General for Operations. Any warehouse whose base tonnage of all Schedule B products with any producer for the calendar year is 120,000 pounds or less may accept its annual quota from such producer at any time during the calendar year, provided that not more than two minimum carloads are accepted in any calendar quarter. After approval by the Iron and Steel Division, War Production Board, on Form PD-83-e, Revised, the base tonnage and quota of a warehouse for any product classification may be transferred from one producer to another.

(2) *Preference rating.* Effective May 4, 1942, and until July 1, 1942, a preference rating of A-3 is assigned to deliveries of each product classification from any producer to a warehouse up to the percentage of the base tonnage shown in Column 2 of Schedule B appearing in Amendment No. 3 to Supplementary Order M-21-b. On and after July 1, 1942, a preference rating of A-3 is assigned to deliveries of each product classification from any producer to a warehouse up to the percentage of the base tonnage shown in Columns 2 or 3 of Schedule B herein. Shipment of Schedule B products to any warehouse may be increased to the percentage shown in Column 4 of Schedule B only if the warehouse through the use of Form PD-83-g is able to develop ratings higher than A-3 for additional tonnage. Where the amount of all Schedule B products assigned the A-3 rating in any calendar quarter is less than one minimum carload for the haul in question but more than one-half of such minimum carload, such rating may be applied up to one minimum carload.

(3) *Reports.* Each producer making deliveries of Schedule B products to a warehouse shall file with the Iron and Steel Division, War Production Board, on or before July 15, 1942, and quarterly thereafter, a report on Form PD–83–f Revised, or in such other form as may from time to time be authorized by the Director General for Operations.

(4) *Deliveries to warehouses and dealers by persons other than producers.* Effective May 4, 1942, a preference rating of A–3 is assigned to deliveries of Schedule B products from persons other than producers and their agents to warehouses and dealers who handled such products in 1940: *Provided, however,* That a dealer may not use this rating to purchase any Schedule B product from a warehouse stock during a calendar quarter in quantities greater than would be obtained by applying the percentage shown in Column 3 of Schedule B herein to his total purchases of such product from such warehouse stock during the corresponding calendar quarter of the base period established for such product in paragraph (c) (1) above. To apply such rating the warehouse or dealer must endorse on the purchase order or contract a statement in the following form, signed manually or as provided in Priorities Regulation No. 7 (§ 944.27) by an official duly authorized for such purpose:

The undersigned hereby certifies to the War Production Board and to the seller that an A–3 rating is assigned to the purchase of the Schedule B products listed hereon pursuant to paragraph (c) (4) of Supplementary Order M–21–b, as amended, with the terms of which I am familiar.

(Name of Warehouse or Dealer)

(Authorized Official)

(d) *Limitations on deliveries by warehouses and dealers.* (1) Except as hereinafter provided, no warehouse or dealer shall deliver steel or iron products except on an order bearing a preference rating of AA–5 or higher: *Provided, however,* That:

(i) A warehouse or dealer may deliver steel or iron products on an order certified for essential repair or maintenance purposes and bearing in the case of alloy steel or alloy iron products a preference rating of A–1–k or higher, or in the case of other steel or iron products a preference rating of A–10 or higher; provided that deliveries of the following types of steel or iron products in this manner by any warehouse or dealer during any calendar quarter do not exceed the amounts indicated below:

Stainless steel products.	3% of quarterly quota for such products.
Tool steel products.	3% of quarterly quota for such products.
Other alloy steel products.	3% of quarterly quota for such products.
All other steel or iron products.	Whichever is the greater of (A) 5% of the quarterly quota for all such products, or (B) an aggregate of 150 tons of all such products (but not more than the quarterly quota for all such products).

(ii) A warehouse or dealer may deliver flat rolled carbon steel or iron products which were received by him, or which have been accumulated from warehouse shearings, in sizes not greater than those specified below on an order bearing a preference rating of A–1–k or higher:

PLATES

Gauge	Width	Length
¾" and lighter	Under 72"	Under 120".
Over ¾" but under 1"	Under 48"	Under 120".

SHEETS

Gauge	Width	Length
7/16" through 16 gauge	Under 60"	Under 90".
Lighter than 16 gauge	Any	Under 72".

(iii) A warehouse or dealer may deliver cast iron pipe, black or galvanized welded pipe up to and including 3½" O.D. standard pipe size, wrought iron pipe, oil country tubular goods rated under Order P–98–b, pressure tubing, or wire rope and strand on an order bearing a preference rating of A–10 or higher.

(iv) A warehouse or dealer may deliver nails, staples, or bale ties on lower rated or unrated orders; and may deliver woven or welded wire fence, poultry netting, and barbed wire on lower rated or unrated orders when accompanied by a purchase certificate issued by a county farm rationing committee pursuant to Rationing Order C of the United States Department of Agriculture; and may deliver wire (except stainless or alloy wire), water well casing, posts and gates, and formed roofing and siding on lower rated or unrated orders for maintenance or repair purposes only.

(2) No warehouse or dealer shall make a delivery to any one customer to one destination at any one time from warehouse stock in quantities representing 40,000 lbs. or more except with the specific approval of the Director General for Operations, unless such delivery includes ten or more different items, each item to be of a specific quality, length, and cross-section, and no item of which shall weigh more than 8,000 lbs.: *Provided, however,* That the provisions of this paragraph (d) (2) do not apply to deliveries of oil country tubular goods rated under Order P–98–b.

(3) A warehouse or dealer called upon under the terms of Priorities Regulation No. 1, as amended, to deliver from stock at any one time one or more items weighing 8,000 lbs. each or more, which delivery would seriously deplete the warehouse inventory of such item or items, thereby impairing the service which the warehouse or dealer must render to all other buyers, may appeal to the Director General for Operations for relief from any part of such delivery.

(e) *Inventory limitations.* On and after July 1, 1942, no warehouse may accept a delivery of Product Classification 20 (Tool Steel Bars) if such delivery, when added to its existing inventory of the same product classification, will result in an inventory at the end of any calendar quarter greater than twice its quarterly tool steel bar quota. On and after July 1, 1942, no warehouse may accept a delivery of any other product classification if such delivery, when added to its existing inventory of the same product classification, will result in an inventory at the end of any calendar quarter greater than one and one-third times its quarterly quota of such product classification.

(f) *Special instructions.* The Director General for Operations may from time to time issue specific directions to warehouses or dealers requiring them to earmark stocks or to make deliveries during specified periods in fulfillment of contracts, commitments, or purchase orders for particular purposes or to particular persons. Such directions will be made primarily to insure satisfaction of all war requirements of the United States, both direct and indirect, and they may be made, in the discretion of the Director General for Operations without regard to any preference ratings assigned to particular contracts, commitments, or purchase orders, and without regard to any quota established under paragraphs (b) or (c).

(g) *Canadian warehouses.* The Director General for Operations may establish quotas for warehouses located in the Dominion of Canada and may assign ratings to deliveries to such warehouses.

(h) *Applications of higher ratings.* The provisions of any preference rating certificate or order heretofore or hereafter issued to the contrary notwithstanding, no rating higher than A–1–k on Schedule A products or higher than A–3 on Schedule B products shall be applied by a warehouse for deliveries to stock except on Form PD–83–g and in accordance with the following:

(1) *For deliveries of Schedule A products to warehouses having a quarterly quota of Schedule A products amounting to 500 tons or less.* (i) For the purposes of extension, preference ratings received on the sale of one or more product classifications representing the same type of steel (carbon, stainless or alloy) may be grouped.

(ii) Except as permitted by paragraph (h) (3), extension of a rating higher than A–1–k for any type of steel shall be made only when the warehouse has within 90 days prior to such extension, shipped from stock on ratings higher than A–1–k an accumulated total weight of such type of steel not less than the following:

	Pounds
Carbon steel, all products	40,000
Stainless steel, all products	6,000
Alloy steels, all products	20,000

(2) *For deliveries of Schedule A products to all other warehouses and for deliveries of all Schedule B products to warehouses.* (i) For the purposes of extension, the rating received by the warehouse for each product classification and type of steel as shown in Schedule C shall be separately accumulated.

(ii) Except as permitted by paragraph (h) (3), extension of a rating higher than A–1–k for any Schedule A product classification or higher than A–3 for any Schedule B product classification shall be made only when the warehouse has within 90 days prior to such extension, shipped from stock on ratings higher than A–1–k or A–3 as the case may be, an accumulated total weight of such product classification and type not less than the minimum shown in Schedule C.

(3) As to iron or steel specialty products (such as spring wire, manufacturers' wire, and music wire) extension of a rating higher than A–1–k for any Schedule A product classification or higher than A–3 for any Schedule B product classification shall be made only when the warehouse has within 90 days prior to such extension shipped from stock on ratings higher than A–1–k or A–3, as the case may be, 1,000 pounds or more of such specialty item.

(4) The rating to be extended to the delivery of any product classification shall be the lowest rating received on shipments within the accumulated total.

(5) An amount of each product classification equal to the amount obtained through the use of preference ratings higher than A–1–k shall be reserved for a period of 90 days following the date of receipt by the warehouse for delivery on orders rated higher than A–1–k, except when otherwise specifically ordered by the Director General for Operations. If such material is not sold at the end of 90 days on ratings higher than A–1–k, it may then be sold on other orders, subject to the provisions of this or other orders.

(6) Consolidated ratings established pursuant to this paragraph (h) must be based solely on deliveries from one location, and deliveries pursuant to such consolidated ratings must be made to the same location.

(i) *Extension of preference rating.* The preference rating assigned by this order, or any higher rating applied by a warehouse pursuant thereto, may be applied by a producer to deliveries of material to be physically incorporated into material to be delivered by the producer to a warehouse under any rating assigned above, or to be used within the limitations of this paragraph to replace in the producer's inventory material so delivered. Such application of the rating shall be subject to the following:

(1) No producer may apply the rating to obtain material in greater quantities or on earlier dates than required to enable him to make on schedule a delivery rated hereunder, or to replace in his inventory material so delivered. He shall not be deemed to require such material if he can make his rated delivery and still retain a practicable working minimum inventory thereof; and if, in making such delivery, he reduces his inventory below such minimum, he may apply the rating only to the extent necessary to restore his inventory to such minimum.

(2) To extend such rating a producer must endorse on each purchase order or contract to be covered by a rating assigned hereunder, a statement in the following form, signed manually or as provided in Priorities Regulation No. 7 (§ 944.27) by an official duly authorized for such purpose:

The undersigned hereby certifies that the iron and steel products herein ordered are required to complete purchase order Nos. ____ received from a steel warehouse, Preference Rating ------.

(Name of Producer)

By ---
(Authorized Official)

Such endorsement shall constitute a representation to the War Production Board and to the person with whom the purchase order or contract is placed that such purchase order or contract is duly rated in accordance herewith. The seller shall be entitled to rely on such representation unless he knows or has reason to believe it to be false. Any such purchase order or contract shall be restricted to material the delivery of which is rated in accordance herewith.

(3) Each producer extending any rating in accordance with this paragraph (i) shall file such reports as may be required from time to time by the War Production Board.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 31st day of December 1942.

ERNEST KANZLER,
Director General for Operations.

SCHEDULE A

[Base tonnage—sales from warehouse stock, first calendar quarter of 1941, as approved on Form PD–83–a]

Product classification	Quota percent of base tonnage	
	States of California, Oregon, and Washington.	All other states
(Column 1)	(Column 2)	(Column 3)
1. Ingots, blooms, billets, slabs, tube rounds, sheet and tin bars	120	100
2. Structural shapes and piling	120	100
3. Plates (universal and sheared)	100	100
4. Rails—over 60 lbs	100	100
5. Rails—all other	100	100
6. Tie plates and track accessories, including track spikes	100	100
7. Hot rolled bars, carbon, including hoops and bands	130	110
9. Hot rolled bars, alloy	120	100
10. Cold finished bars, carbon and alloy	130	110
11b. Tubes (mechanical and pressure)	130	110
12. Wire rods (for wire drawing only)	100	100
14. Black plate	80	60
16. Sheets and strip, hot rolled	120	100
17. Sheets and strip, cold reduced	80	60
19. Sheets and strip, all other (including long ternes)	80	60
20. Tool steel bars, including drill rod	130	110
21. Wheels and axles	100	100
22. Forgings, armor plate, and ordnance	100	100
23. Forgings, all other (rough forgings only)	100	100
24. Steel castings (rough castings only)	100	100
25. Skelp	100	100
26. All other	100	100

SCHEDULE B

[*Base tonnage.* For all products except Classification 13, shipments from producers to warehouse stock during corresponding calendar quarter of 1940. For Classification 13, shipments from producers to warehouse stock during corresponding calendar quarter of the period July 1, 1940–June 30, 1941. On specific election of the warehouse pursuant to paragraph (c) (1) of the order, the quarterly base tonnage may be changed to one-fourth of total shipments to stock during the base period provided above.]

Product classification	Percent of base tonnage rated A–3		Quota as % of base tonnage maximum which may be shipped
	Warehouse having annual base tonnage of all products totaling 120,000 lbs. or less	Warehouse having annual base tonnage of all products over 120,000 lbs.	
(Column 1)	(Column 2)	(Column 3)	(Column 4)
8. Hot rolled bars, concrete reinforcing	50	20	120
11a. Pipe and tubes (all kinds except mechanical and pressure tubing)	100	100	120
13. Wire and wire products:			
a. Wire rope and strand, bale ties, nails, staples	140	140	140
b. Wire, woven fence wire, poultry netting, barbed wire	100	100	120
15. Tin and terne plate (short ternes)	0	0	0
18. Galvanized sheets and strip (including formed roofing and siding)	100	100	120

SCHEDULE C

[Minimum size orders of steel for warehouse stock to which a rating higher than A-1-k may be extended]

Schedule A products	Type of steel (pounds)		
	Carbon	Alloy	Stainless
1. Ingots, blooms, billets, slabs, tube rounds, and sheet and tin bars	40,000	20,000	.....
2. Structural shapes and piling	40,000	20,000	.....
3. Plates (universal and sheared)	40,000	20,000	6,000
4. (Rails—over 60 lbs.			
5. (Rails—all other)			
6. Tie plates and track accessories, including track spikes	40,000	.....	.....

[F. R. Doc. 42-14191; Filed December 31, 1942; 11:49 a. m.]

PART 1041—PRODUCTION, TRANSPORTATION, REFINING AND MARKETING OF PETROLEUM

[Preference Rating Order P-98-b, as Amended Dec. 31, 1942]

Section 1041.2 *Preference Rating Order P-98-b* is hereby amended to read as follows:

§ 1041.2 *Preference Rating P-98-b.* For the purpose of facilitating the acquisition of material for the production, transportation, refining and marketing of petroleum, preference ratings are hereby assigned to deliveries of necessary material upon the terms hereinafter set forth:

(a) *Definitions.* (1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(2) "Operator" means:

(i) Any person located in the United States, its territories or possessions, engaged in the petroleum industry; or

(ii) Any person located in the Dominion of Canada engaged in the petroleum industry to whom and in whose name a copy of this order or of Preference Rating Order P-98, Extended and Amended, is or has been specifically issued and to whom a serial number has been assigned.

(3) "Supplier" means any person with whom a contract or purchase order has been placed for delivery of material to the operator or to another supplier.

(4) "Petroleum" means petroleum, petroleum products and associated hydrocarbons, including but not limited to natural gas.

(5) "Material" means any commodity, equipment, accessory, part, assembly, or product of any kind.

(6) "Petroleum industry" means any operation directly incident to:

(i) The discovery, development or depletion of petroleum pools (production);

(ii) The extraction or recovery of natural gasoline and associated hydrocarbons (natural gasoline production);

(iii) The transportation, movement, loading or unloading of petroleum other than natural gas (transportation);

(iv) The processing, refining or compounding of finished or unfinished petroleum products (refining);

(v) The distribution or dispensing of petroleum products (other than natural gas) and the storing of petroleum products incident thereto (marketing).

(7) "Research laboratory material" means material used exclusively for the purpose of carrying out by means of an existing research laboratory investigations into more efficient or more effective methods of conducting petroleum industry operations, except that such material shall not include material for use in the construction of laboratory buildings or other structures.

(b) *Scope of order.* (1) No operator may apply any preference rating assigned by this order to obtain delivery of material:

(i) Unless such material is research laboratory material, or is to be used in effecting an alteration which when completed has involved the use of additional material having a total value of less than $500.00, or is to be used for maintenance or repair purposes or as operating supplies; or

(ii) Unless such rating is applied to obtain delivery of material to be used in any operation directly incident to the discovery, development or depletion of petroleum pools.

(2) The Director General for Operations may from time to time issue supplementary orders or specific directions with respect to the application of preference ratings or the use of material obtained under this order.

(c) *Assignment of preference ratings.* Subject to the terms of this order, a preference rating of A-2, A-1-a or AA-2X is hereby assigned to deliveries of material to an operator for use in the petroleum industry.

(d) *Restrictions on the application of preference ratings by an operator.* (1) No operator may apply any preference rating assigned by this order to obtain delivery of material unless the material cannot otherwise be obtained on the date when such material is required, and no operator may apply a preference rating assigned by this order in any case where a lower preference rating assigned by this order will enable such operator to secure the material on the date when such material is required.

(2) No operator may apply a rating assigned by this order to obtain material the use of which may be eliminated by substitution of less scarce material or by change of design without serious loss of efficiency.

(3) No operator may apply a rating assigned by this order to obtain material in excess of a 90 day supply thereof: *Provided*, That the Director General for Operations may determine and direct that any operator or class of operators is exempt, in whole or in part, from the restrictions contained in this paragraph.

(4) No operator as defined in paragraph (a) (2) (i) may apply a rating assigned by this order to obtain material for any use which is restricted, prohibited or in any way limited by any order or regulation issued by the War Production Board, other than material to be used in conformity with the provisions of such order or regulation.

(5) No operator as defined in paragraph (a) (2) (ii) may apply a rating assigned by this order to obtain material for any use which is restricted, prohibited, or in any way limited by any applicable order or equivalent authority issued by the Government of the Dominion of Canada, other than material to be used in conformity with the provisions of such order or equivalent authority.

(e) *Method of application of preference ratings.* In order to apply a preference rating assigned by this order:

(1) The operator must endorse on, or attach to, each contract or purchase order placed by him which includes such a preference rating, a certification in the following form, signed manually or as provided in Priorities Regulation No. 7 (§ 944.27) by an official duly authorized for such purpose:

The undersigned purchaser hereby represents to the seller and to the War Production Board that he is entitled to apply or extend the preference ratings indicated opposite the item shown on this purchase order and that such application or extension is in accordance with Priorities Regulation No. 3, as amended, with the terms of which the undersigned is familiar.

(Name of purchaser)	(Address)
By	
(Signature and title of duly authorized official)	(Date)

and

(2) The operator shall obtain the approval of the Director General for Operations before the rating is applied in any case:

(i) Where the delivery of an item which has a cost to the operator of $500.00 or more requires the application of an A-1-a preference rating; or

(ii) Where, except as provided in paragraph (e) (3) (iii), the delivery of an item requires the application of an AA-2X preference rating.

In order to obtain such approval, the operator shall communicate to the Petroleum Administration for War, Washington, D. C., Ref: P-98-b, the information set forth in paragraph (f).

(3) The operator shall obtain a countersignature on the purchase order or contract before the rating is applied in any case:

(i) Where the delivery of an item which has a cost to the operator of $100.00 or more requires the application of an A-2 preference rating; or

(ii) Where the delivery of an item which has a cost to the operator of less than $500.00 but more than $5.00 requires the application of an A-1-a preference rating; or

(iii) Where there has been an actual breakdown or a suspension of operations and where the delivery of an item which has a cost to the operator of less than $500.00 requires the application of an AA-2X preference rating.

In order to obtain such a countersignature the operator as defined in paragraph (a) (2) (i) shall submit the purchase order or contract to the District Director of Material of a District Office of the Petroleum Administration for War, and the operator as defined in paragraph (a) (2) (ii) shall submit the purchase order or contract to the Oil Controller, Dominion of Canada. In order to obtain a countersignature pursuant to paragraphs (e) (3) (ii) and (e) (3) (iii) such operator shall communicate to the District Director of Material or to the Oil Controller the information set forth in paragraph (f).

(4) In the event that the material specified in Exhibit A is to be used in service station operations, the operator shall obtain the countersignature of the District Director of Materials or of the Oil Controller on the purchase order or contract before the rating is applied in any case:

(i) Where the delivery of an item, which has a cost to the operator of less than $100.00, requires the application of an A-2 preference rating, or

(ii) Where the delivery of an item, which has a cost to the operator of $5.00 or less, requires the application of an A-1-a preference rating.

Provided, That in applying a preference rating assigned by this order, no operator shall alter the customary designation of any item or subdivide an ordinary purchase of any item for the purpose of making it appear that the item costs less than $500.00, or that the item costs less than $100.00, or that the item costs $5.00 or less.

(f) *Information.* Wherever required by this order the following information shall be submitted by an operator:

(1) Date of actual breakdown or suspension of operations and exact explanation as to what extent operations are affected (if applicable);

(2) The equipment to be repaired and its function in maintaining continuous operation (if applicable);

(3) Price, quantity, approximate weight and detailed description of necessary material; if such material in finished form weighs twenty-five pounds or less, the weight need not be shown but a statement must be made that the weight is not over twenty-five pounds (detailed description of material must be given even though it is set forth in purchase order or contract);

(4) A general description of the metals contained in the material applied for, and the full justification as to necessity for any material containing metals adjudged critical by the War Production Board, including copper, nickel, chromium, zinc, tin, aluminum and molybdenum;

(5) The supply of the necessary material which the operator has on hand;

(6) The name and address of the supplier (or suppliers) and the earliest delivery dates assured by him for the delivery of the minimum necessary quantity of material on (i) the preference rating for which approval is requested, and (ii) the next lower preference rating assigned by this order;

(7) The purchase order or contract shall not be sent to the Petroleum Administration for War, Washington, D. C., but in every instance the number and date of the purchase order or contract must be transmitted to the Petroleum Administration for War, Washington, D. C.; and

(8) Any other data or information which will help to determine the importance or urgency of the material for which application for rating is made.

(g) *Additional preference rating assistance.* (1) If the preference ratings assigned by this order will not enable an operator to obtain material on the date when such material is required, the operator may file a PD-1A application for an improvement of the ratings assigned by this order.

(2) If there has been an actual breakdown or a suspension of operations and if the preference ratings assigned by this order or the method specified in paragraph (e) for applying these ratings will not permit an operator to obtain material on the date when such material is required, the operator in order to obtain material for this emergency may communicate by letter or telegram with the Petroleum Administration for War, Washington, D. C., Ref.: P-98-b, supplying the information set forth in paragraph (f).

(h) *Exception of operators from provisions of Preference Rating Orders P-43, P-46, and P-100.* No operator to the extent that he is engaged in the petroleum industry and is covered by this order shall be entitled to apply the preference rating or ratings assigned by Preference Rating Orders P-43, P-46 or P-100, and no operator to the extent that he is engaged in the petroleum industry and is covered by this order shall be subject to the provisions of Preference Rating Orders P-43, P-46, or P-100.

(i) *Communications.* All reports which may be required to be filed hereunder and all communications concerning this order shall, unless otherwise directed, be addressed:

(1) By any person located in the United States, its territories or possessions to: Petroleum Administration for War, South Interior Building, Washington, D. C., Ref.: P-98-b.

(2) By any person located in the Dominion of Canada to: Office of Oil Controller, Dominion of Canada, Toronto, Canada, Ref.: P-98-b.

(j) *Violations.* Any person who wilfully violates any provision of this order or who wilfully furnishes false information to the Director General for Operations in connection with this order is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using material under priority control and may be deprived of priorities assistance by the Director General for Operations.

(k) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to the applicable provisions of any priorities regulation issued by the War Production Board, as amended from time to time.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 31st day of December 1942.

ERNEST KANZLER,
Director General for Operations.

EXHIBIT A

1. Drills, reamers, and taps manufactured of high speed steel as defined in Supplementary Order M-21-h.
2. Hacksaw blades manufactured of high speed steel as defined in Supplementary Order M-21-h.
3. Hand service operating tools.
4. Precision measuring hand tools.
5. Portable electric tools.

PART 1041—PRODUCTION, TRANSPORTATION, REFINING AND MARKETING OF PETROLEUM

[Amendment 1 to Preference Rating Order P-98-c]

1. Section 1041.3 *Preference Rating Order P-98-c*, paragraph (b) is hereby amended to read as follows:

(b) *Sales of material between operators.* (1) Any operator may sell to any other operator material from the seller's stocks or inventories, and any such sale shall be expressly permitted within the terms of paragraph (c) (3) of Priorities Regulation No. 13, as amended from time to time.

(2) Notwithstanding the provisions of Priorities Regulation No. 13, as amended from time to time, any operator may sell to any supplier for direct resale to an-

other operator material from the stocks or inventories of the operator.

2. Section 1041.3 *Preference Rating Order P-98-c* is hereby amended by the elimination of paragraph (f) entitled "*Effective date*".

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 31st day of December 1942.

ERNEST KANZLER,
Director General for Operations.

[F R Doc. 42-14196; Filed, December 31, 1942; 11:51 a. m.]

PART 1072—SOLE LEATHER

[Supplementary Order M-80-f]

§ 1072.7 *Supplementary Order M-80-f.* Pursuant to paragraph (b) (1) of Order M-80 as amended to August 5, 1942, which this order supplements, each person tanning sole leather for his own account or causing sole leather to be tanned for his account by others shall set aside during the period from January 1, 1943, to January 31, 1943, inclusive, at least 20% of the quantity of manufacturers bends produced by him for his own account, or produced for his account by others, during that period. The weight and quality of said portion set aside shall be proportionately equal, as nearly as can be, to those of the manufacturers bends not so set aside.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 31st day of December 1942.

ERNEST KANZLER,
Director General for Operations.

[F R Doc 42-14192; Filed, December 31, 1942; 11:49 a. m.]

PART 1081—ELECTRIC POWER

[Extension 1 to Limitation Order L-46, as Amended March 30, 1942]

CURTAILMENT OF ELECTRIC POWER IN THE NIAGARA FRONTIER AREA

Section 1081.1 *Limitation Order L-46*, amended, is hereby extended and shall remain in effect until terminated by the Director General for Operations. This extension shall be effective December 31, 1942.

(P.D Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 31st day of December 1942.

ERNEST KANZLER,
Director General for Operations.

[F R Doc. 42-14185; Filed December 31, 1942; 11:47 a. m.]

PART 1144—GOATSKINS, KIDSKINS, AND CABRETTAS

[Conservation Order M-114 as Amended December 31, 1942]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of goatskins, kidskins and cabrettas for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1144.1 *Conservation Order M-114*—(a) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the Priorities Regulations of the War Production Board, as amended from time to time.

(b) *Definitions.* For the purposes of this order:

(1) "Goatskin" means the skin of the goat or leather made from it, other than a kidskin or India tanned goatskin.

(2) "Kidskin" means the skin of the young goat or leather made from it.

(3) "Cabretta" means the skin of a hair sheep or leather made from it.

(4) "Raw skin" means a skin in its original condition when imported, and before depilation.

(5) "India tanned goatskin" means an imported goatskin that has been tanned in Asia.

(6) "Put in process" means to soak in water or solution before depilation.

(7) "Semi-processed or finished" includes all skins that have already been put in process within the United States.

(8) "Tanner" means any person who puts in process raw goatskins, raw kidskins or raw cabrettas.

(9) "Basic monthly wettings" shall mean one-twelfth of the sum total of raw goatskins, raw kidskins, and raw cabretta skins put into process by a tanner during the period from January 1, 1941, to December 31, 1941, both inclusive.

(10) "Military order" means an order for leather to be delivered to, or for the account of, the Army or Navy of the United States, the Marine Corps, the Coast Guard, the United States Maritime Commission, the War Shipping Administration, the Panama Canal, the Coast and Geodetic Survey, the Civil Aeronautics Administration, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development, or any foreign government pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act), or for leather to be physically incorporated into products to be so delivered.

(11) "Footwear" includes house slippers but does not include foot covering designed to be worn over shoes.

(c) *Restrictions on processing.* (1) No person shall put in process during November and December, 1942, and January 1943, to fill his military orders and other orders a sum total of raw goatskins, kidskins and cabrettas equal to more than 220% (total for three months) of his basic monthly wettings, and no person shall put in process during subsequent months a greater percentage of his basic monthly wettings of such raw goatskins, raw kidskins and raw cabrettas than is permitted by orders supplementary to this order.

(2) No person shall hereafter put in process any raw goatskins or raw kidskins except to make leather for incorporation into some product referred to in paragraph (f) (1) below.

(3) The restrictions in this paragraph shall not apply to any person who puts into process only domestic goatskins or domestic kidskins and who processes fewer than 200 skins per month.

(d) *Prohibitions against sales or deliveries.* No person shall, after August 7, 1942, sell or deliver any raw goatskins, raw kidskins, or raw cabretta skins if he knows or has reason to believe such material is to be processed or delivered in violation of this order.

(e) *Fair distribution of products.* In making sales or deliveries of semi-processed or finished goatskins, kidskins, or cabrettas, no tanner shall make discriminatory cuts in amounts or quantities in acceptance of orders or deliveries between former customers who meet such tanner's regularly established prices, terms and credit requirements. Reduction in sales or deliveries proportionate with any curtailment of input established in paragraph (c) hereof shall not constitute a discriminatory cut.

(f) *Restrictions on use of leather made from goatskins and kidskins.* (1) After December 31, 1942, no person shall utilize any leather made from goatskins or kidskins for the manufacture of any article other than the following:

Any article covered by a military order,
Footwear,
Trusses,
Surgical supports,
Orthopedic products (including arch supports),
Garments or gloves (made only from leather produced unavoidably in tanning for specific military orders but rejected as not meeting specifications) (but not exceeding an amount equal to 12½% of the leather produced by any tanner to fill military orders).

Provided, however, That until March 31, 1943, leather finished prior to January 14, 1943, may be used to manufacture other products.

(2) The restrictions in paragraph (f) (1) above shall not apply to:

(i) The manufacture of any article out of pieces of scrap which cannot be used to make any of the articles specified in said sub-section. Any tanner selling any such scrap pieces for such purpose shall show such sales in his report to the War Production Board on Form PD-373.

(ii) Persons who utilize only leather made from domestic goatskins or domestic kidskins and who use fewer than 200 skins per month.

(3) No tanner shall sell or deliver any leather made from goatskins or kidskins if he knows or has reason to believe that such leather is to be used in violation of this paragraph (f).

NOTE: Paragraphs (g), (h), (i), (j), and (k) were formerly designated (f), (g), (h), (i), and (j).

(g) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of goatskins, kidskins or cabrettas conserved, or that compliance with this order would disrupt or impair a program of conversion from nondefense to defense work, may appeal to the War Production Board, Reference M-114, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(h) *Reports.* Any person who puts in process goatskins, kidskins, or cabrettas shall file with the War Production Board, monthly, beginning April 30, 1942, one copy of report form PD-373; and shall file any additional reports and forms prescribed by the War Production Board, from time to time.

(i) *Records.* Any person who puts in process goatskins, kidskins or cabrettas shall preserve such records for not less than two years as will clearly and adequately indicate his compliance with this order.

(j) *Communications to the War Production Board.* All reports required to be filed hereunder and all communications concerning this order, shall unless otherwise directed, be addressed to: "War Production Board, Textile, Leather and Clothing Division, Washington, D. C., Ref: M-114".

(k) *Violations.* Any person who wilfully violates any provision of this order, or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this order, may be prohibited from receiving further deliveries of any material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (a) of the Criminal Code (18 U.S.C. 80).

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 31st day of December 1942.

ERNEST KANZLER,
Director General for Operations.

[F. R. Doc. 42-14193; Filed, December 31, 1942; 11:50 a. m.]

PART 3008—ELECTRIC FUSES

[Limitation Order L-161 as Amended Dec. 31, 1942]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of copper, zinc, iron, steel and other materials for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the war effort:

§ 3008.1 *General Limitation Order L-161*—(a) *Definitions.* For the purposes of this order:

(1) "Electric fuse" means a thermal device used in an electrical circuit to prevent the flow of electricity in excess of a stated capacity in amperes. "Electric fuse" shall not include an electric fuse of 2300 volt size or larger or a "circuit breaker".

(2) "Manufacturer" means any person who makes, fabricates, assembles, casts or in any way processes material for the manufacture of electric fuses.

(3) "Copper" means unalloyed copper metal.

(4) "Copper base alloy" means any alloy in the composition of which the percentage of copper metal by weight equals or exceeds 40% of the total weight of the metal.

(b) *General restrictions.* Notwithstanding any contract, agreement or preference rating to the contrary:

(1) No manufacturer shall on or after 15 days subsequent to August 25, 1942 use in the manufacture, casting or processing of a component part of an electric fuse any copper or copper base alloy except as a conductor of electric current;

(2) No manufacturer shall on or after 30 days subsequent to August 25, 1942 use in the assembly of an electric fuse or in the assembly of a component part of an electric fuse any copper or copper base alloy except as a conductor of electric current;

(3) No manufacturer shall on or after the 31st day of December, 1942, ship or sell any electric fuse or component part of an electric fuse except:

(i) Pursuant to a preference rating of A-10 or better, provided that on and after January 21, 1943, no manufacturer may ship or sell an electric fuse or component part of an electric fuse except pursuant to a preference rating of A-1-j or better; or

(ii) To another manufacturer; or

(iii) As a replacement part as defined in General Limitation Order L-158.

The provisions of paragraph (b) (3) of this order shall neither limit nor prohibit a sale or shipment of any electric fuse or component part of an electric fuse by any person other than a manufacturer.

(c) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales.

(d) *Audit and inspection.* All records required to be kept by this order shall, upon request, be submitted to audit and inspection, by duly authorized representatives of the War Production Board.

(e) *Reports.* Each person to whom this order applies shall file with the War Production Board such reports and questionnaires as said Board shall from time to time prescribe.

(f) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using material under priority control and may be deprived of priorities assistance.

(g) *Appeal.* Any appeal from the provisions of this order shall be filed on Form PD-500 with the field office of the War Production Board for the district in which is located the plant or branch of the appellant to which the appeal relates.

(h) *Applicability of other orders.* Insofar as any other order heretofore or hereafter issued by the Director General for Operations limits the use of any material in the production of electric fuses to a greater extent than the limits imposed by this order, the restrictions in such other order shall govern unless otherwise specified therein.

(i) *Routing of correspondence.* All communications concerning this order should be addressed to the War Production Board, Building Materials Division, Washington, D. C., Ref: L-161.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 31st day of December 1942.

ERNEST KANZLER,
Director General for Operations.

[F.R. Doc. 42-14186; Filed, December 31, 1942; 11:48 a. m.]

PART 3032—FILM

[General Limitation Order L-178, as amended Dec. 31, 1942]

Section 3032.1 *General Limitation Order L-178* is hereby amended to read as follows:

§ 3032.1 *General Limitation Order L-178*—(a) *Definitions.* For the purposes of this order:

(1) "35 mm. film" means unexposed film 35 mm. wide with a nitrate or safety base, whether negative or positive, other than film packaged for use in 35 mm. still cameras and other than film in strips of less than 100 linear feet.

(2) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation

or agency, or any organized group of persons whether incorporated or not.

(3) "Transfer" means the exposure of 35 mm. film by one person for the account of any other person and in addition the sale, lease, trading, loan, delivery, shipment or transfer of 35 mm. film by one person to any other person, but shall not include:

(i) Transfers of 35 mm. film from one branch, division, or section of a single enterprise to another branch, division or section of the same or any other enterprise under common ownership or control;

(ii) Transfers of title merely for security purposes;

(iii) Transfers of 35 mm. film to and from warehouses where no substantial change in right, title or ownership to such 35 mm. film is affected;

(iv) Transfers to and from carriers in order to effect the transfers specified in this paragraph;

(v) Transfers of 35 mm. film by:

(a) Eastman Kodak Company to J. E. Brulatour, Inc.

(b) Du Pont, E. I. de Nemours & Company to Smith & Aller, Ltd.

(c) Agfa Ansco to Agfa Raw Film Corporation.

(4) "Class A producer" means any of the following producing companies and their subsidiaries:

Columbia Pictures Corporation, Hollywood Square, Hollywood, California
Metro-Goldwyn-Mayer, Culver City, California
Paramount Pictures, Inc., 5451 Marathon Street, Hollywood, California
Radio-Keith-Orpheum Corporation, 780 North Gower Street, Hollywood, California
Republic Pictures Corporation, 4024 Radford Avenue, North Hollywood, California
Universal Pictures Company, Inc., Universal City, California
Twentieth Century Fox Film Corporation, 10201 West Pico Boulevard, Los Angeles, California
Warner Brothers Pictures, Inc., 400 West Olive Street, Burbank, California

(5) "Class B producer" means any person other than a Class A producer who exposes 35 mm. picture negative film for the purpose of producing an entertainment motion picture for exhibition in theaters, at least one of whose motion pictures produced during 1941 was distributed by any Class A or Class B distributor.

(6) "Class C producer" means any person other than a Class A or Class B producer who exposes 35 mm. picture negative film for the purpose of producing an entertainment motion picture for exhibition in theaters.

(7) "Class A distributor" means any of the following distributing companies and their subsidiaries:

Columbia Pictures Corporation, 729 Seventh Avenue, New York, New York.
Loew's Inc. (Metro-Goldwyn-Mayer), 1540 Broadway, New York, New York.
Paramount Pictures, Inc., 1501 Broadway, New York City.
Radio-Keith-Orpheum Corp., 1270 Sixth Avenue, New York, New York.
Republic Pictures Corporation, 1790 Broadway, New York, New York.
Twentieth Century Fox Film Corporation, 444 West 56th Street, New York, New York.
Universal Pictures Company, Inc., 1250 Sixth Avenue, New York, New York.
Vitagraph, Inc. (Warner Brothers), 321 West 44th Street, New York, New York.

(8) "Class B distributor" means any of the following distributing companies and their subsidiaries:

Monogram Productions, Inc., 4376 Sunset Drive, Hollywood, California.
Producers Releasing Corporation, 1501 Broadway, New York, New York.
United Artists Corporation, 729 Seventh Avenue, New York, New York.

(9) "Class C distributor" means any person other than a Class A or Class B distributor who distributes 35 mm. prints of entertainment, factual, or special pictures for exhibition.

(10) "Expose", "exposing" or "exposed" includes in addition to its normal meaning, to process by an imbibition method, such as technicolor.

(11) "Entertainment picture" means any picture other than a factual or special picture, including newsreels and trailers for entertainment pictures.

(12) "Factual picture" means any picture whose main function is informational or instructional. It does not include special pictures or pictures whose main function is entertainment, but it includes advertising and sales promotion pictures.

(13) "Special picture" means any picture:

(i) Produced for scientific research purposes, such as recording and measuring;

(ii) Produced for micro-filming purposes;

(iii) Produced for identification picture purposes;

(iv) Produced for such other special purposes as the Director General for Operations may from time to time specify.

(b) *Restrictions upon exposure of 35 mm. film for entertainment pictures.* (1) Except as provided in paragraph (b) (5) of this order, during the three months period beginning January 1, 1943, no Class A producer and its Class A distributor shall expose or have exposed for their account or for the account of any other person whatsoever, in the production and distribution of entertainment pictures a greater combined total of 35 mm. film than the amount specified in Schedule A, attached to this order, opposite the names of such Class A producer and its Class A distributor.

(2) Except as provided in paragraph (b) (5) of this order, during the three months period beginning January 1, 1943, no Class B distributor shall expose or have exposed for its account or for the account of any other person whatsoever, in the production and distribution of entertainment pictures a greater total of 35 mm. film than the amount specified in Schedule A attached to this order, opposite the name of such Class B distributor.

(3) Except as provided in paragraph (b) (5) of this order, on and after January 1, 1943, no Class B producer shall expose or have exposed for its account or for the account of any other person whatsoever in the production and distribution of entertainment pictures any 35 mm. film except pursuant to a specific authorization of the Director General for Operations, except such 35 mm. film which any Class A or B distributor exposes for the account of such Class B producer within the quota established for such Class A or Class B distributor pursuant to paragraphs (b) (1) and (b) (2) of this order.

(4) Except as provided in paragraph (b) (5) of this order, during the three months period beginning January 1, 1943, no Class C producer or Class C distributor shall expose or have exposed for its respective account or for the account of any other person whatsoever in the production and distribution of entertainment pictures, more 35 mm. film than 22% of the 35 mm. film exposed by or for the respective account of such Class C producer or Class C distributor during the calendar year 1941.

(5) In addition to the amounts of 35 mm. film which may be exposed in the production and distribution of entertainment pictures pursuant to other provisions contained in this paragraph (b), the following additional amounts of film may be exposed:

(i) Any Class A, B or C distributor may expose or have exposed for its account or for the accounts of other persons during the three months period beginning January 1, 1943, and during any three months period thereafter, amounts of 35 mm. film equal to 50% of the linear feet of 35 mm. film contained in positive prints of entertainment pictures which such distributor turned over to the Army of the United States for distribution and exhibition by the Army of the United States in the preceding calendar quarter, and 100% of the linear feet of 35 mm. film contained in positive prints of entertainment pictures which such distributor turned over to the Navy of the United States for distribution and exhibition by the Navy of the United States in the preceding calendar quarter.

(ii) Such amounts of film as the Director General for Operations shall from time to time authorize Class A, B, and C producers and Class A, B, and C distributors to expose during the period beginning January 1, 1943, and ending June 30, 1943. During the period specified the Director General for Operations will not grant authorizations pursuant to this subparagraph in excess of 57,000,000 linear feet of 35 mm. film.

(c) *Restrictions upon exposure of 35 mm. film for factual pictures.* On and after January 1, 1943, no person (including government agencies) shall expose or have exposed for its account or for the account of any other person whatsoever any 35 mm. film for the production and distribution of factual pictures except pursuant to the specific authorization of the Director General for Operations. During the period beginning January 1, 1943, and ending June 30, 1943, the Director General for Operations will not authorize the exposure of more 35 mm. film for factual pictures than 44,300,000 linear feet.

(d) *Restrictions upon exposure of 35 mm. film for special pictures.* On and after January 1, 1943, no person (including government agencies) shall expose or have exposed for its account or for the account of any other person whatsoever any 35 mm. film for the production and distribution of special pictures except pursuant to the specific authorization of the Director General for Operations.

(e) *Special exemptions affecting restrictions upon exposure.* The restrictions affecting exposure of 35 mm. film contained in paragraphs (b), (c), and (d) of this order shall not apply to:

(1) The Army and Navy of the United States, and

(2) The Office of Strategic Services.

(f) *Restrictions upon transfers of 35 mm. film on and after December 31, 1942.* (1) On and after December 31, 1942, no person shall transfer any 35 mm. film to any other person whatsoever, except:

(i) Motion picture laboratories and other service organizations processing 35 mm. film may transfer 35 mm. film to or for the account of Class A and B distributors, the Army and Navy of the United States, or the Office of Strategic Services, or

(ii) With specific authorization of the Director General for Operations.

(g) *Applications for authorizations to expose or transfer 35 mm. film.* Any person may apply to the Director General for Operations for a specific authorization to expose or transfer 35 mm. film by executing and filing Form PD–763 with the Motion Picture and Photographic Section of the Consumer Durable Goods Division of the War Production Board, Washington, D. C. The following additional information must be filed with Form PD–763 if the application relates to factual pictures:

(1) The extent to which the picture is planned in conjunction with an organized picture program of a specific federal government department in furtherance of the war effort;

(2) The extent to which the picture duplicates pictures already produced or in production;

(3) The extent to which the picture is to be used in connection with a national or regional campaign;

(4) The extent of the applicant's activities in producing similar films during 1941;

(5) The extent to which the film is to be used for class room instruction, if it is an educational film.

(h) *Reports.* (1) All persons affected by this order shall execute and file with the War Production Board such reports and questionnaires as said Board shall from time to time request.

(2) Every motion picture laboratory and other service organization processing 35 mm. film shall execute and file with the War Production Board, Washington, D. C., Ref.: L–178, on or before the 10th day following the close of each calendar month, Form PD–764.

(i) *Audit and inspection.* All records required to be kept by this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(j) *Violations.* Any person who wilfully violates any provisions of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(k) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

(l) *Communications.* All reports required to be filed hereunder and all communications concerning this order shall, unless otherwise directed, be addressed to the War Production Board, Consumer Durable Goods Division, Washington, D. C., Ref: L–178.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 31st day of December 1942.

ERNEST KANZLER,
Director General for Operations.

PART 3108—MATERIAL FOR REPAIR, MAINTENANCE AND OPERATION OF METAL MILLS WORKING COPPER, ZINC, COPPER-BASE ALLOYS OR ZINC ALLOYS

[Preference Rating Order P–134]

§ 3108.1 *Preference Rating Order P–134*—(a) *Definitions.* For the purpose of this order:

(1) "Metal mill" means a plant which actually makes copper, zinc, copper-base alloy, or zinc alloy castings, ingots or shot in its plant.

(2) "Maintenance" means minimum upkeep necessary to continue the working condition of the metal mill at its present rate of operations.

(3) "Repair" means restoration of the metal mill's plant to a sound working condition after wear and tear, damage, destruction of parts or the like have made it unsafe or unfit for service.

(4) "Material for repair, maintenance, and operation" means material (including any commodity, equipment, accessories, parts, assemblies, or products of any kind) which is generally carried as metal mill's stores and charged to operating expense accounts and which is required for repair or maintenance of the metal mill's plant, or operating supplies which must be consumed in the amounts required to sustain the metal mill's level of operation. The term does not include raw materials which enter into or form part of a product produced by the metal mill.

(b) *Assignment of preference ratings.* Subject to the restriction of paragraph (d) below and of all the terms of this order, the following preference ratings are hereby assigned to deliveries to the metal mill of material for repair, maintenance and operation, but nothing herein contained shall prevent the use of any other or higher rating to which any person may be entitled by reason of any other preference rating certificate or order:

(1) AA–2x to deliveries of material consisting of all metals in any form appearing on Materials List No. 1, Revised, of Form PD–25A, all fabricated metal parts and all lumber.

(2) AA–5 to deliveries of all other material.

(c) *Application and extension of rating.* The rating assigned by paragraph (b) of this order shall be applied and extended in accordance with Priorities Regulation No. 3, as amended from time to time.

(d) *Restriction on application of rating.* No metal mill which can qualify as a Class I producer under the Production Requirements Plan (Priorities Regulation No. 11) nor any person securing priorities assistance under the Production Requirements Plan for the materials covered by this order may apply the rating hereby assigned to any material.

(e) *Records.* In addition to the records required to be kept under Priorities Regulation No. 1, the metal mill placing any purchase order or contract rated hereunder, shall retain, for a period of two years, for inspection by representatives of the War Production Board, endorsed copies of all such purchase orders or contracts, whether accepted or rejected, segregated from all other purchase orders or contracts or filed in such manner that they can be readily segregated for such inspection.

(f) *Reports.* Each metal mill, not operating under the Production Requirements Plan and using more than $300 per quarter of material needed for repair, maintenance, and operating supplies, applying the preference rating assigned hereunder in any month, shall, within ten days after the close of each quarter, file Form PD 742 with the War Production Board and such other reports as may be required by the Director General for Operations from time to time.

(g) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of priorities regulations of the War Production Board, as amended from time to time.

(h) *Communications to War Production Board.* All reports required to be

filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: Copper Division, War Production Board, Washington, D. C. Ref: P–134.

(j) *Violations.* Any person who wilfully violates any provision of this order or who, in connection with this order, wilfully conceals a material fact, or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using, material under priority control and may be deprived of priorities assistance.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 31st day of December 1942.

ERNEST KANZLER,
Director General for Operations.

PART 3146—GARMENT LEATHER

[Conservation Order M-265 as Amended Dec. 31, 1942]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of leather for defense, for private account, and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3146.1 *Conservation Order M–265*—(a) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of priorities regulations of the War Production Board, as amended from time to time.

(b) *Definitions.* For the purposes of this order:

(1) "Cattlehide" means the hide or skin of bulls, steers and cows, whether native or branded, foreign or domestic, including calf and kipskins (but excluding slunks) and shall also include buffalo hides.

(2) [Revoked Dec. 31, 1942]

(3) [Revoked Dec. 31, 1942]

(4) "Garment leather" means leather to be incorporated into jackets, jerkins, doublets, vests, coats and other similar articles of apparel.

(5) "Military order" means an order for, products to be delivered to, or for the account of, the Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Administration, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development, the Marine Corps, the War Shipping Administration, the governments of Belgium, China, Czechoslovakia, Free France, Greece, Iceland, Netherlands, Norway, Poland, Russia, Turkey, United Kingdom, including its Dominions, Crown Colonies and Protectorates, or Yugoslavia, or the governments of any country pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act).

(6) "Civilian order" means any order except a military order.

(c) *Restriction on processing of garment leather.* No tanner shall put into process for garment leather, or continue to process, any cattlehides, (other than cattlehide splits) except to the extent required to fill military orders.

This restriction shall not apply to any cattlehides which have reached a stage in the process on November 28, 1942 where they cannot be made into leather suitable for any other purpose.

(d) *Restriction upon sales and deliveries of garment leather made from cattlehides.* No tanner or converter shall sell or deliver any leather made from cattlehides (other than cattlehide splits) against any civilian order for garment leather if such leather is suitable for filling any of his military orders.

(e) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(f) *Reports.* Each person affected by this order shall execute and file with the War Production Board such reports and questionnaires as may be required by said Board from time to time.

(g) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, purchases, production and sales.

(h) *Communications to the War Production Board.* All reports, applications, forms or communications required under or referred to in this order, and all communications concerning this order, shall, unless otherwise directed, be addressed to War Production Board, Textile, Clothing and Leather Division, Washington, D. C. Ref: M–265

(i) *Violations.* Any person who wilfully violates any provisions of this order, or who, in connection with this order, wilfully conceals a material fact or who furnishes false information to any department or agency of the United States is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority assistance.

(j) *Expiration date.* This order shall expire on February 15, 1943.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 31st day of December 1942.

ERNEST KANZLER,
Director General for Operations.

Chapter XI—Office of Price Administration

PART 1360—MOTOR VEHICLES AND MOTOR VEHICLE EQUIPMENT

[Ration Order 2A,[1] Amendment 21]

NEW PASSENGER AUTOMOBILE RATIONING REGULATIONS

A rationale for the issuance of this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Sections 1360.310 (h), 1360.339 and 1360.340 are amended to read as set forth below; a new § 1360.374 is added:

Definitions

§ 1360.310 *Definitions.* * * *

(h) "Pool car" means:

(1) Any hard top new passenger automobile which has a list price of less than $2,500, according to OPA Revised Price Schedule No. 85[2] or any of its Amendments, and which on January 16, 1942, was in the physical possession of a manufacturer or of a person owned or controlled by a manufacturer, except that any new passenger automobile which was set aside by a manufacturer for export on or before March 2, 1942, shall not be deemed a pool car; and

(2) Any new passenger automobile substituted for a pool car on authorization of the Office of Price Administration, Washington, D. C., except the following:

(i) Any car which has a list price of $2,500 or more according to OPA Revised Price Schedule No. 85 or any of its amendments; or

(ii) Any car with a convertible or soft top.

Persons Eligible to Acquire New Passenger Automobiles by Transfer With Certificates

§ 1360.374 *Eligibility, applications and certificates for obtaining automobiles with list price of $2,500 or more or 1941 and earlier model new passenger automobiles.* (a) This paragraph describes those persons who are eligible to acquire any new passenger automobile which has a list price of $2,500 or more according to OPA Revised Price Schedule No. 85 or any of its amendments, or any 1941 or earlier model passenger automobile which has been driven less than 1,000 miles. This section does not permit the issuance of a certificate for any other model passenger automobile.

A certificate may be issued to a person regularly engaged in a gainful occupation or to a person engaged in work which contributes to the war effort or to the public welfare. The certificate may not be issued unless it is established that the applicant has satisfied the need provisions of § 1360.371 of these regulations and that the automobile will be used at least three days a week for travel related to the applicant's occupation or work.

*Copies may be obtained from the Office of Price Administration.

[1] 7 F.R. 1542, 1647, 1756, 2108, 2242, 2305, 2903, 3097, 3482, 4343, 5484, 6049, 6082, 6424, 6601, 6775, 6964, 7149, 8808, 8895, 9316, 10228.

[2] 7 F.R. 1364, 1675, 2134, 2132, 6048, 6897, 7100, 7436, 7942, 8948, 9899.

(b) Application for a certificate shall be made on OPA Form R–213. Information regarding eligibility under this section shall be supplied in answer to question 6 of the Form.

(c) Upon being satisfied that the applicant is eligible under this section and has established his need under § 1360.371 of these regulations, the Board shall issue a certificate to him on OPA Form R–202. Prior to issuing the certificate, the Board shall strike the words "purchased on or before January 1, 1942" from the title of the certificate. The Board shall then fill in the necessary information required on the certificate, and in answer to question 8 it shall insert the following: "Any new passenger automobile which has a list price of $2,500 or more or any 1941 or earlier model new passenger automobile." A certificate issued under this section may not be used to acquire any other new passenger automobile.

No certificate issued under this section shall be charged against the quota of the issuing Board.

Prohibitions

§ 1360.339 *Removal of pool stickers.* (a) Pool stickers on any of the following types of new passenger automobiles may be removed without specific authorization:

(1) Any car which has a list price of $2,500 or more according to OPA Revised Price Schedule No. 85 or any of its amendments; or

(2) Any car with a convertible or soft top.

(b) A pool sticker on any other new passenger automobile may not be removed except upon authorization of the Office of Price Administration, Washington, D. C. Authorization will be granted in those cases in which it is determined that the automobile is not a pool car and improperly bears a pool sticker. Application for an authorization may be made by letter addressed to the Office of Price Administration, Washington, D. C.

§ 1360.340 *Removal of pool sticker does not authorize transfers.* No authorization of removal from the pool and no authorization or permission for the removal of a pool sticker shall constitute authority for the transfer of any new passenger automobile.

Effective Dates

§ 1360.442 *Effective dates of amendments.* * * *

(u) Amendment No. 21 (§§ 1360.310, 1360.339, 1360.340, 1360.374) to Rationing Order No. 2A shall become effective January 5, 1943.

(Pub. Law 421, 77th Cong.; W.P.B. Dir. No. 1, Supp. Dir. No. 1A; 7 F.R. 562, 698, 1493)

Issued this 30th day of December 1942.

LEON HENDERSON,
Administrator.

[F. R. Doc. 42-14158; Filed, December 30, 1942; 12:17 p. m.]

PART 1381—SOFTWOOD LUMBER

[MPR 290]

SITKA SPRUCE LUMBER

In the judgment of the Price Administrator it is necessary and proper to establish specific maximum prices for the sale of Sitka spruce lumber. The Price Administrator has ascertained and given due consideration to the prices of these items and species prevailing between October 1 and October 15, 1941. So far as practicable, the Price Administrator has advised and consulted with representative members of the industry which will be affected by this regulation.

In the judgment of the Price Administrator, the maximum prices established by this regulation are and will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended. A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Order No. 9250, Maximum Price Regulation No. 290 is hereby issued.

Sec.

1381.451 Sales of Sitka spruce lumber at higher than maximum prices prohibited.
1381.452 To what transactions, products, and persons this regulation applies.
1381.453 Direct-mill retail sales.
1381.454 How to figure delivered prices, including imports.
1381.455 What the invoice must contain.
1381.456 Prohibited practices.
1381.457 Grades, specifications, and extras not specifically priced.
1381.458 Petitions for adjustment and amendment.
1381.459 Records and reports.
1381.460 Enforcement and licensing.
1381.461 Relation to other regulations.
1381.462 Effective date.
1381.463 Appendix A: Maximum prices for Sitka spruce lumber.
1381.464 Appendix B: Permitted estimated weights.

AUTHORITY: §§ 1381.451 to 1381.464, inclusive issued under Pub. Laws 421 and 729, 77th Cong.; E. O. 9250, 7 F. R. 7871.

§ 1381.451 *Sales of Sitka spruce lumber at higher than maximum prices prohibited.* (a) On and after January 5, 1943, regardless of any contract or other obligation, no person shall sell or deliver, and no person shall buy or receive in the course of trade or business, any Sitka spruce lumber for direct-mill shipment at prices higher than the maximum prices fixed by this regulation, and no person shall agree, offer, or attempt to do any of these things. Maximum f. o. b. mill prices are set forth in Appendix A.

(b) Prices lower than the maximum prices may, of course, be charged and paid.

§ 1381.452 *To what transactions, products, and persons this regulation applies*—(a) *What transactions are covered*—(1) *Only direct-mill shipments covered.* This regulation applies to all shipments originating at a mill, no matter who the seller is, and no matter whether he usually is known as a mill, wholesaler, retailer or anything else. It does not apply to sales out of distribution yard stock. A shipment is regarded as originating at a mill if the lumber reaches the purchaser without ever becoming an integral part of the stock of a distribution yard. A sale is considered a sale out of distribution yard stock only if the lumber was a part of regular yard stock at the time the sale was made.

(2) *How to tell a mill from a distribution yard*—(i) *General tests.* The term "mill", as used here, covers what are known in the trade as sawmills, planing mills, and concentration yards. Three types of establishments are described below: the first, (*a*), a typical sawmill or planing mill; the second, (*b*), a typical concentration yard; and the third (*c*), a typical distribution yard. An establishment which resembles a typical sawmill or planing mill or a typical concentration yard more than it does a typical distribution yard is considered a mill; and one which resembles a typical distribution yard more than it does a typical sawmill or planing mill or a typical concentration yard is considered a distribution yard.

(*a*) "A typical sawmill or planing mill" is an establishment which is chiefly engaged in manufacturing lumber from logs or rough lumber by sawing or planing; which is located in or near a lumber producing area; and which makes and sells chiefly Sitka spruce or other West Coast lumber.

(*b*) "A typical concentration yard" is an establishment which concentrates and prepares lumber for commercial shipment; which keeps in stock mostly Sitka spruce or other West Coast lumber; which has its lumber brought in chiefly in rough green form by truck from small local sawmills and sells chiefly for rail shipment; and which has been located at its particular site to be near the lumber producing area.

(*c*) "A typical distribution yard" is a wholesale or retail lumber yard which gets lumber from mills or other yards; unloads, sorts, stores, and resells or redistributes it; which regularly maintains a varied stock of lumber from different regions; which gets its lumber mostly by rail and sells mostly for truck shipment; which is equipped to make quick deliveries of many different items of lumber; and which has been located at its particular site in order to be near a lumber consuming area.

(ii) *New Yards.* In order to prevent violation of this regulation by unnecessary routing through yards, the Office of Price Administration will not recognize distribution yards set up after January 5, 1943, unless the new yard writes to the Office of Price Administration, Washington, D. C., and proves that it satisfies the requirements of the definition and that the purpose is not to get around this regulation by means of unnecessary yard business. Until approval is received, the new yard cannot consider itself a dis-

*Copies may be obtained from the Office of Price Administration.

tribution yard for the purpose either of this regulation or of any other regulation issued by the Office of Price Administration.

(3) *No quantity limits.* There are no quantity limits on the transactions covered by this regulation. All direct-mill sales, large or small, are covered.

(b) *What products are covered.* This regulation covers all Sitka spruce (*Picea sitchensis*) lumber, except aircraft grades as defined in Revised Maximum Price Regulation No. 109, Aircraft Lumber,[1] whether the grades, sizes, and specifications are specifically named in the price tables in Appendix A or not. Sitka spruce lumber produced in all parts of the United States and in Canada, but not in Alaska, is covered. All grade terms have the meaning given in the Standard Grading and Dressing Rules, Number 11, issued by the West Coast Lumbermen's Association, effective April 1, 1942.

(c) *What persons are covered.* Any person who makes the kind of sale or purchase covered by this regulation is subject to it. The term "person" includes: an individual, corporation, partnership, association, or any other organized groups; their legal successors or representatives; the United States, or any government, or any of its political subdivisions; or any agency of any of the foregoing.

§ 1381.453 *Direct-mill retail sales.* In the case of "direct-mill retail sales," a mark-up of not more than $3.50 per 1000 feet board measure may be added to the maximum prices set forth herein. A "direct-mill retail sale" is a sale which meets all of the following provisions as to use, quantity, and services:

(a) "A direct-mill retail sale" means a sale of lumber direct from the mill to a consumer or contractor for use in building, construction, remodeling, repair, maintenance or fabrication. It does not mean a sale to a wholesaler or other person for resale in substantially the same form.

(b) It includes only sales of less than 20,000 feet board measure. The size of the sale is determined by the size of the entire order.

(c) The sale must be accompanied by the following services: delivery to the job site or other place specified by the purchaser and at such time and in such quantity as the purchaser specifies; the privilege of exchanging the goods and returning unused material and the right to have the seller replace deficiencies and adjust complaints from stock kept on hand for such purposes.

§ 1381.454 *How to figure delivered prices, including imports*—(a) *Transportation addition.* The transportation charges set forth below may be added to the maximum f. o. b. mill prices.

(1) *Common or contract carrier.* When delivery is by contract or common carrier, the following rules govern:

(i) When the estimated weights in Appendix B are used, the rate times the estimated weight is the proper transportation charge, even if the estimated weights are higher than actual weights. Higher estimated weights than those in Appendix B may not be used. The estimated weight must be the weight for the exact kind of lumber actually shipped; for example, green weights cannot be used if dry lumber is shipped. The transportation charge may be evened out to the nearest quarter-dollar per 1,000 feet board measure.

(ii) When estimated weights are not used, the amount added for transportation must not be more than the amount actually paid to the common or contract carrier, evened out to the nearest quarter-dollar per 1,000 feet board measure.

(2) *Private truck.* When shipment is by truck owned or controlled by the seller, the amount added for transportation may not be more than the actual cost to the seller of delivery by truck; and, no matter what the actual cost is, the amount added may not be more than the railroad charge at the carload rate for the most similar haul. However, if this railroad charge is less than $1.50, and if the actual cost of delivery is more than $1.50, a transportation charge of $1.50 may be made.

(3) *Trucking to railhead.* When a truck haul precedes rail shipment, as when a mill located away from a railhead hauls lumber by truck to the railhead, no addition may be made for the truck haul. However, in the following three cases a mill may apply for special permission to make an addition:

(i) Where the mill was located away from rail connections because it specialized in water-borne lumber, and where shortage of shipping has forced it to operate by rail;

(ii) Where the mill prior to the shortage of tires and gasoline shipped lumber to the particular final destination principally by all-truck haul, and now wishes to convert to truck-and-rail haul to save tires and gasoline;

(iii) Where a mill's rail connection has been abandoned since September 5, 1941.

The application should be made by letter to the Lumber Branch of the Office of Price Administration, Washington, D. C., and may be acted upon by letter. The addition may not be made on quotations or sales until permission has been received.

(4) *Truck delivery after rail haul.* When truck delivery follows a rail haul, the actual cost of truck delivery may be added.

(5) *All-truck haul.* When an all-truck haul ends in delivery to the job site, no special addition may be made above the charges provided in subparagraphs (1) and (2) of this paragraph, since in this case delivery to the job site involves no extra expense.

(6) *"Averaging-out"* (i) When a single order, for which a single flat delivered price was quoted and accepted, is shipped from two or more mills to a single destination on varying freight rates, the seller may average-out the transportation charges. For example, if a wholesaler bids $33.00 on a single order of a hundred thousand feet of lumber, the ceiling price being $30.00 and the estimated freight $3.00, he can ship half of it on a rate resulting in a $1.00 freight charge and half on a rate resulting in a $5.00 freight charge.

(ii) In order that no single invoice shall appear to be false or over the ceiling, the seller must write on each invoice that the particular shipment is part of a larger order. Then, when shipment has been completed, he must render a final invoice which shows the individual f. o. b. mill prices separately, the amount shipped from each mill, the freight charge for each shipment, and a reconciliation of the total amount so figured with the agreed delivered sale price and also with the maximum price permitted by this regulation.

(iii) In order that it may be determined within a reasonable length of time whether or not a seller has complied with the regulation, this privilege of "averaging-out" shall extend only to shipments delivered to a common carrier within three months of the date of the contract.

(b) *Imports from Canada.* The transportation addition on shipments originating in Canada shall not be greater than if the shipment had originated at Bellingham, Washington.

§ 1381.455 *What the invoice must contain*—(a) *General.* Because of the large number of possible additions to the basic f. o. b. mill prices, it is necessary that some of them be separately shown on the invoice. Otherwise the purchaser and the Office of Price Administration could not tell in many cases whether a price which appeared to be above the ceiling was legal or not.

Failure to invoice properly is just as much a violation of this regulation as charging an excessive price.

(b) *Basic price.* All invoices must contain a sufficiently complete description of the lumber to show whether the price is proper or not. Any working, specification, or extra which affects the maximum price must be mentioned in the description. The amount added for these does not have to be separately shown, except in a few special cases which are specifically mentioned later.

(c) *Transportation charges.* In delivered sales, the invoice must contain the:

(1) Point of origin of shipment,
(2) Destination,
(3) Rail or truck rate (or, if delivery is by private truck, the amount added for transportation), and
(4) The words "Direct-mill shipment".

(d) *Delivery and related charges.* Any separate charge which the seller is permitted to make for the following must be separately shown on the invoice:

(1) Trucking from mill to railhead;
(2) Truck delivery after rail haul.

(e) *Direct-mill retail sale.* If the price exceeds the basic mill price because of the "direct-mill retail sale" mark-up authorized by § 1381.453, the invoice should show the amount of the mark-up, separately labeled "Direct-mill retail sale".

[1] 7 F.R. 10100.

(f) *Average price on different items.* When specified amounts or percentages of different grades, classes, or sizes of lumber are sold at an average price, it is permissible to invoice at an average price, but only if all of the following conditions are observed:

(1) The footage of each item must be shown separately. For example, if an order of 20 percent No. 1, 60 percent No. 2, and 20 percent No. 3 has been sold at an average price, the exact tally of each grade must appear on the invoice.

(2) If the order is shipped in more than one carload or truckload, the invoice for each carload or truckload must show that it is part of a larger order, and identify the order. For example, the invoice might state: "Shipment No. 3 of our order No. 4444 for 3,000,000 ft."

(3) The average price for the lumber actually shipped must not be higher than the average, weighted by quantity, of the individual maximum prices of the items shipped. In other words, the final price must not be higher than it would have been if all the individual grades, classes, and sizes shipped had been sold separately at the individual ceiling prices.

§ 1381.456 *Prohibited practices*—(a) *General.* Any practice which is a device to get the effect of a higher-than-ceiling price without actually raising the dollars-and-cents price is as much a violation of this regulation as an outright over-ceiling price. This applies to devices making use of commissions, service transportation arrangements, premiums, special privileges, tying-in agreements, trade understandings and the like.

(b) *Specific practices.* The following are among the specific practices prohibited:

(1) Getting the effect of a higher price by changing credit practices from what they were in October 1941. This includes decreasing credit periods or making greater charges for extension of credit In any case on sales made through the Office of the Chief of Engineers, War Department, terms of 30 days net may be used. In all other sales if cash is paid, the maximum price must be reduced by the same amount as the sale price would have been reduced for a similar cash payment if the same sale had been made on October 1, 1941. For example, if the maximum price without the cash discount is $10.00 and if in sales of this item on October 1, 1941, to purchasers of a certain class the seller reduced sales prices 2 percent for cash within 10 days, the ceiling price in that kind of sale when cash is paid within 10 days is $9.80.

(2) Refusing, without good reason, to ship except in specified or restricted random lengths, or under other circumstances which bring the seller an extra return.

(3) Selling as specified lengths or widths a shipment of lumber which is substantially equivalent to standard or random lengths or widths; or reselling as specified lengths or widths a shipment bought by the seller as standard or random lengths or widths.

(4) Grading as a special grade lumber which can be graded as a standard grade; or wrongly grading lumber in any other way.

(5) Refusing to sell on an f. o. b. mill basis, and insisting on selling on a delivered basis.

(6) Unnecessarily routing lumber through a distribution yard.

(7) Quoting a gross price above the maximum price, even if accompanied by a discount the effect of which is to bring the net price below the maximum.

(8) Making the buyer take something he does not want in order to get what he does want; for example, making a buyer who orders No. 2 box take all the upper grades that develop.

(c) *Purchasing commissions.* A purchasing commission based on the quantity or value of lumber purchased may not be charged or paid, if the commission plus the purchase price is higher than the maximum price permitted by this regulation.

(d) *Combination grades.* Lumber sold on combination grades may not be sold above the maximum price for the lowest grade actually named in the combination. For example, the maximum price for No. 2 box and better is that set for No. 2 box. Of course, the amount of the different grades included can be quoted and invoiced separately at the individual prices for those grades. Also, it is permissible to sell on the basis of a stated percentage of better grades, such as No. 2 with 15 percen No. 1. In this case the price of 15 percent of the footage may be the No. 1 price, if the tally of the lumber actually shipped runs at least 15 percent No. 1. It is also permissible to quote a grade at that grade's price, with higher grades developing to be included at the grade differential. For example, when a seller quotes No. 2 at the No. 2 price, with No. 1 developing to be included at the No. 1 price, this is proper, since no actual dollars-and-cents quotation above the No. 2 price is made. Again, the final price must be based on actual tally. Note, however, that it is a violation to insist on the buyer's taking grades he does not want in order to get the grade he does want.

(e) *Adjustable pricing.* A price may not be made adjustable to a maximum price which will be in effect at some time after delivery of the lumber has been completed. But the price may be adjustable to the maximum price in effect at the time of delivery.

§ 1381.457 *Grades, specifications, and extras not specifically priced.* Grades and classes of Sitka spruce lumber not specifically priced in Appendix A, including export grades, are nevertheless subject to this regulation.

Their maximum price is a price which bears the October 1941 relation to the price of the appropriate "yardstick" grade. The yardstick for upper grades is 10–20′ random length green ladder stock, rough, and for common grades is 5/4 No. 1 box, rough, green. The seller should find the difference between the price received for the grade being priced and the yardstick grade in October 1941, or the first month before that in which he had sales of both grades. This difference is then added to or subtracted from the maximum price for the yardstick grade. The result is the seller's maximum price. This price, with a complete description of the grade and the way the price was computed must be reported to the Office of Price Administration, Washington, D. C. The price may be ordered reduced, if it is found excessive. But if the price is not disapproved within 30 days of the receipt of the report, it is approved. If the seller cannot figure a maximum price under this paragraph, or if he wants to make an addition for a working, specification, service, or other extra which is not specifically provided for, he should write to the Lumber Branch of the Office of Price Administration, Washington, D. C., giving a complete description of the thing to be priced, and his requested price, and any facts supporting the request. The Office of Price Administration will then by letter give him either a specific maximum price or instructions on how to compute it.

A seller using this pricing paragraph can go ahead with delivery of the lumber and collection of the price he has computed or requested. But he must tell the buyer that the price is subject to revision within the thirty-day period, and, if the price is ordered reduced, must refund any excess over the final approved price.

§ 1381.458 *Petitions for adjustment and amendment*—(a) *Government contracts.* (1) The term "government contracts" is here used to include any contract with the United States or any of its agencies, or with the government or any governmental agency of any country whose defense the President deems vital to the defense of the United States under the terms of the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States". It also includes any subcontract under this kind of contract.

(2) Any person who has made or intends to make a "government contract" and who thinks that a maximum price in this regulation is impeding or threatens to impede production of lumber which is essential to the war program and which is or will be the subject of the contract, may file an application for adjustment in accordance with Procedural Regulation No. 6,[1] issued by the Office of Price Administration.

As soon as the application is filed, contracts, deliveries, and payments may be made at the requested price, subject to refund if the requested price is disapproved or lowered. The seller must tell the buyer that the delivery is made subject to this refund.

(b) *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Proce-

[1] 7 F.R. 5087, 5664.

dural Regulation No. 1,[3] issued by the Office of Price Administration.

§ 1381.459 *Records and reports*—(a) *Records.* All sellers of Sitka spruce lumber must keep records which will show a complete description of the item of lumber sold, the name and address of the buyer, the date of the sale and the price. Buyers must keep similar records, including the name and address of the seller. These records must be kept for any month in which the seller or buyer sold or bought 20,000 feet board measure or more of Sitka spruce lumber. They must be kept for two years, for inspection by the Office of Price Administration. Any records which the Office of Price Administration later requires must also be kept.

(b) *Reports.* Any reports that the Office of Price Administration requires must be submitted.

§ 1381.460 *Enforcement and licensing.* (a) Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, suits for treble damages, and proceedings for suspension of licenses provided for by the Emergency Price Control Act of 1942, as amended.

(b) Persons who have evidence of any violation of this regulation or of any other regulation or order issued by the Office of Price Administration are urged to communicate with the nearest field, state, or regional office of the Office of Price Administration or its principal office in Washington, D. C.

(c) War procurement agencies and their contracting or paying finance officers are not subject to any liability, civil or criminal, imposed by this regulation. Persons who make sales covered by this regulation to war procurement agencies are, however, subject to all the liabilities imposed by this regulation. "War procurement agencies" include the War Department, the Navy Department, the United States Maritime Commission and the Lend-Lease Section in the Procurement Division of the Treasury Department, or any of their agencies.

(d) All sellers under this regulation, except mills, are licensed by Supplementary Order 18. This order, in brief, provides that a license is necessary, except for mills, to make sales under this regulation. A license is automatically granted to all sellers making these sales. It is not necessary to apply specially for the license, but a registration may later be required. The Emergency Price Control Act of 1942, as amended, and Supplementary Order 18 tell the circumstances under which licenses may be suspended. The license cannot be transferred.

§ 1381.461 *Relation to other regulations*—(a) *General Maximum Price Regulation.* Any sale or delivery covered by this Maximum Price Regulation is not subject to the General Maximum Price Regulation.[4]

(b) *Maximum Export Price Regulation.* The maximum price for export sales of Sitka spruce lumber is governed by the Revised Maximum Export Price Regulation.[5]

§ 1381.462 *Effective date.* (a) This regulation (§§ 1381.451 to 1381.464, inclusive) shall become effective January 5, 1943.

(b) If lumber has been received before January 5, 1943, by a carrier, other than one owned or controlled by the seller, for shipment to a buyer, that shipment is not subject to this regulation. It remains subject to the terms of the General Maximum Price Regulation.

§ 1381.463 *Appendix A: Maximum prices for Sitka spruce lumber.* The maximum prices for Sitka spruce lumber, f. o. b. mill per one thousand feet board measure, shall be as follows:

TABLE 1—SITKA SPRUCE FLOORING *

R/L Dry	B and better	C	D	E
1 x 3" and 1 x 4" V. G.	$66.00	$60.00	$47.00	
1 x 3" and 1 x 4" F. G.	51.00	47.00	40.00	$25.00
1 x 6" V. G.	73.00	64.00		
1 x 6" and 1 x 8" F. G.	56.00	52.00	42.00	27.00
5/4 x 3" V. G.	68.00	61.00		
5/4 x 3" F. G.	55.00	49.00	39.00	
5/4 x 4" V. G.	68.00	61.00		
5/4 x 4" F. G.	53.00	49.00	39.00	
5/8 x 4" F. G.	43.00	39.00	30.00	20.00

NOTES ON FLOORING

Lengths. 1. Random lengths as set forth in Standard Grading and Dressing Rules No. 11, par. 30.

2. Omitting short lengths in R/L loading add to R/L price of the same size and grade.

5' and shorter	$0.50
7' and shorter	1.00
9' and shorter	2.00
10' and shorter	3.00
12' and shorter	4.00

3. Specifying lengths add to random lengths price of the same size and grade.

12' and shorter, no addition except $2.00 per M' for 1 x 4" and 5/4 x 4"—12' in B and better and "C" V. G. or F. G.

14'	$3.00
16', 18' and/or 20'	$5.00

Working Charges. 4. For square edge B and better and "C" worked to the same overall size as standard flooring, add $2.00 per M' to the T & G price of the same size and grade. To include up to 20% "C" deduct $3.00 per M' from the B and better price of the same size. Weight 200 pounds more than flooring of the same size.

Miscellaneous. 5. For clear all heart V. G. add $5.00 per M' to the B and better price of the same size and grade.

TABLE 2—SITKA SPRUCE DROP SIDING, ALL PATTERNS, RUSTIC SIDING AND SHIPLAP

R/L dry	B and better	C	D	E
1 x 4"	$50.00	$46.00	$30.00	$22.00
5/8 x 6"	51.00	47.00	38.00	22.00
1 x 6"	56.00	52.00	42.00	27.00
1 x 8"	59.00	54.00	45.00	30.00

NOTES FOR SIDING, ETC.

Grain. 1. For V. G. add $10.00 per M' to same grade and size.

Lengths. 2. Random lengths as set forth in Standard Grading and Dressing Rules No. 11, par. 30.

3. Omitting short lengths in R/L loading add to R/L price of the same size and grade.

5' and shorter	$0.50
7' and shorter	1.00
9' and shorter	2.00
10' and shorter	3.00
12' and shorter	4.00

4. Specifying lengths add to R/L price of the same size and grade.

12' and shorter	No addition
14'	$3.00
16', 18' and/or 20'	5.00

TABLE 3—SITKA SPRUCE CEILING—ALL PATTERNS

R/L dry	B and better	C	D	E
1/2 x 4"	$43.00	$39.00	$30.00	
5/8 x 4"	43.00	39.00	30.00	$22.00
5/8 x 6"	51.00	47.00	38.00	22.00
1 x 4"	51.00	47.00	40.00	27.00
1 x 6"	56.00	52.00	42.00	27.00

NOTES ON CEILING

Grain. 1. No addition for grain specifications.

Lengths. 2. Random lengths as set forth in Standard Grading and Dressing Rules No. 11, Par. 30.

3. Omitting short lengths in R/L loading add to R/L price of the same size and grade:

5' and shorter	$0.50
7' and shorter	1.00
9' and shorter	2.00
10' and shorter	3.00
12' and shorter	4.00

4. Specifying lengths add to R/L price of the same size and grade:

12' and shorter	No addition.
14'	$3.00
16', 18' and/or 20'	5.00

TABLE 4—SITKA SPRUCE CASING AND BASE, ALL PATTERNS

R/L Dry S4S and R. E.	B and better V. G.	B and better F. G.	C
1 x 3"	$74.00	$64.00	$60.00
1 x 4"	70.00	58.00	53.00
1 x 5"	78.00	66.00	60.00
1 x 6"	73.00	62.00	57.00
1 x 8"	74.00	62.00	57.00
1 x 10"	80.00	66.00	59.00
1 x 12"	85.00	68.00	61.00

5/8" Casing and base same price as 4/4.

NOTES ON CASING AND BASE

Lengths. 1. Random lengths as set forth in Standard Grading and Dressing Rules No. 11, Par. 30.

2. Omitting short lengths in R/L loading add to R/L price of the same size and grade:

5' and shorter	$0.50
7' and shorter	1.00
9' and shorter	2.00
10' and shorter	3.00
12' and shorter	4.00

3. Specifying lengths add to R/L price of the same size and grade:

12' and shorter	No addition except $5.00 per M' addition to random lengths price on 7' and/or 10' of the same grade and size in casing only.
14'	$5.00
16', 18', and/or 20'	5.00

4. Specified fractional and odd lengths not listed: Add $3.00 per M' to the price of, and compute on the next longer listed length, of the same size and grade.

Widths. 5. Fractional and odd widths not listed; same price as next wider listed width, footage computed on and using weight for next wider listed width.

6. Wider than 12"; for V.G. add $5.00 per M' to 12" price for each additional 2"; for F.G. add $2.50 per M' to 12" price for each additional 2".

Working Charges. 7. Sanding add $10.00 per M'.

8. For less than 2 M board measure add set-up charge of $3.00 for casing only.

TABLE 5—SITKA SPRUCE FINISH AND CLEARS REGULAR LOADING

R/L rough dry	B and better		C		D	
	V. G.	F. G.	V. G.	F. G.	V. G.	F. G.

4" & wider	77.00	71.00	67.00	61.00	57.00	51.00
6" & wider	80.00	72.00	70.00	62.00	60.00	52.00

NOTES ON FINISH AND CLEARS

Condition. 1. Green: Deduct $10.00 from the dry price.

Lengths. 2. Random lengths as set forth in Standard Grading and Dressing Rules No. 11 par. 30.

3. Specified lengths:

Less than 14'	No addition to R/L price
14', 16', 18', or 20'	Add $10.00 to R/L price
22', or 24'	Add $12.00 to R/L price
26', 28', 30', or 32'	Add $15.00 to R/L price
34', 36', 38', or 40'	Add $25.00 to R/L price

4 Odd or fractional lengths not listed: Price of and compute footage on next longer even specified length.

5 Omitting short lengths in R/L loading add to R/L price of the same size and grade:

5' and shorter	$0.50 per M'
7' and shorter	0.75 per M'
9' and shorter	1.00 per M'
10' and shorter	2.00 per M'
12' and shorter	4.00 per M'

6 Restricted Random Lengths, add to R/L price of the same size and grade:

22' to 30'	$10.00 per M'
32' to 40'	20.00 per M'

7. For Surplus Shorts in quantities of 5 M' or more deduct from the R/L price of the same size and grade:

5' and shorter	$30.00 per M'
6' to 9'	20.00 per M'

Widths. 8. Specified widths wider than listed add to the price of the same size and grade.

V. G. Add $10.00 for each 2" wider than 12".

F. G. Add $5.00 for each 2" wider than 12"

9 Odd or fractional widths add $2.00 to price of and compute footage on next wider width listed.

Working Charges. 10. Standard surfacing: add $2.00 per M to rough price same size and grade.

11. Sanding: Add $10.00 per M'.

12. Nosing or special patterns not covered: Add $5.00 to surfaced price same length, grade and size.

13. T. & G, S2S and CM; add $1.00 to surfaced price.

Miscellaneous. 14. Door stock (1. E. graded from poor side): Add $4.00 per M'.

15. Stepping; use V. G. Rough Dry Price.

16. Tank and pipe stave stock; add $4.00 per M'.

17. Cut Stock; special cut-up stock cut to specified sizes, use R/L price of grade specified.

18 Shims rough or surfaced 5/8" thick or less deduct $10.00 per M'.

TABLE 6—SITKA SPRUCE HEAVY CLEARS—ROUGH GREEN

B and better R/L	8' to 20'		22' to 30'		32' to 40'	
	V. G.	F. G.	V. G.	F. G.	V. G.	F. G.
3" & 4" x 3" & 4"	59.00	54.00	73.00	66.00	84.00	74.00
3" & 4" x 6"	68.00	63.00	82.00	75.00	93.00	83.00
3" & 4" x 8"	70.00	65.00	84.00	77.00	95.00	85.00
3" & 4" x 10"	80.00	70.00	94.00	82.00	105.00	90.00
3" & 4" x 12"	94.00	82.00	108.00	94.00	119.00	102.00
5" x 5" to 8" x 12"	80.00	70.00	94.00	82.00	105.00	90.00
9" x 9" to 12" x 12"	87.00	77.00	101.00	89.00	112.00	97.00
3" & thicker 4" & Wider	75.00	65.00	87.00	77.00	95.00	85.00

NOTES ON HEAVY CLEARS

Grade Differentials. 1. "C" Deduct $10.00 from "B and better."

2. Turning squares: Add $5.00 per M' to the B and better price.

Condition. 3 Dry: Add to green price:

3" and 4" thickness	
6' to 20'	$10.00
22' to 30'	15.00
32' to 40'	20.00
6" thickness	
6' to 20'	15.00
22' to 30'	20.00
32' to 40'	25.00
8" and thicker	
6' to 20'	20.00
22' to 30'	25.00
32' to 40'	30.00

Lengths. 4 Specified Lengths:

6' to 20'. Add $3.00 to R/L price.

22' to 30'. Add $5.00 to R/L price.

32' to 40'. Add $7.50 to R/L price.

5. Odd and fractional lengths not listed: Use same price as and compute footage on next longer even specified length

6. Longer than 40 feet: Add $5.00 for each 2 feet to 40 foot specified length price.

Widths. 7. Wider than listed:

V. G. add $10.00 for each 2" wider than 12" to V. G. 12" price.

F. G. add $5.00 for each 2" wider than 12" to F. G. 12" price.

8 Odd, and or fractional: Price of and compute footage on next wider listed width.

Thickness. 9. Odd and/or fractional thickness not listed: Add $5.00 to price of next less listed size.

Working Charges. 10. Surfacing S2S or S4S ALS.

Dry: Add $3.00 per M' to rough price.

Green: Add $2.00 per M' to rough price.

11. Workings not provided for: Add $5.00 per M' to rough price.

TABLE 7—SITKA SPRUCE LADDER STOCK PARAGRAPH 582

Rough R/L odd and even 10' to 20'	Green MG	Dry MG	Green VG	Dry VG
4/4 & 8/4 x 3" and wider	$100.00	$110.00	$110.00	$120.00
5/4 & 6/4 x 3" and wider	110.00	120.00	120.00	130.00

NOTES ON LADDER STOCK

Lengths. Specified lengths. 1. 10 to 20 feet: Add $10.00 to R/L price.

2. Over 20 feet: Add differentials shown in footnote 6, table 5, under finish and clears.

Widths. Specified widths. 3 Even and 3" and 5" widths: Add $5.00 per M'.

4. Odd (other than 3" and 5") and fractional widths: Add $10.00 per M'

Thickness. 5 Fractional thicknesses: Add $5.00 to 5/4 price.

6. Full inch: Same as 4/4 price.

Working charges. 7. Surfaced: Add $5.00 to rough price.

TABLE 8—SITKA SPRUCE BEVEL AND BUNGALOW SIDING

R/L dry regular loading and bundling	B and better	C	D	E
1/2 x 4"—R/L	$28.00	$26.00	$23.00	$16.00
1/2 x 6"—R/L	34.00	32.00	29.00	20.00
1/2 x 8"—R/L	43.00	41.00	37.00	25.00
5/8 x 8"—R/L	58.00	54.00	50.00	30.00
1 x 10"—R/L	61.00	60.00	56.00	36.00

NOTES ON BEVEL AND BUNGALOW SIDING

Grain. 1. V.G. Add $2.00 per M feet to the F. G price same size and grade.

Lengths. 2. Random lengths, regular loading and bundling as set forth in Standard Grading and Dressing Rules No. 11, paragraphs Nos. 540 and 543.

For straight grade of:						
Select	$38.00	$48.00	$40.00	$47.00	$54.00	$62.00
No. 1	32.00	42.00	36.00	44.00	41.00	49.00
No. 2		30.00	26.00	34.00	31.00	39.00
No. 3				28.00		33.00

NOTES ON SITKA SPRUCE SHOP

Grade differentials. 1. Basket spruce and other special grades that contain a preponderance of shop cuttings shall be priced on a basis of not more than 5/4 No. 1 green shop.

2. 4/4 shop when shipped in mixed grades of No. 1 and select; each grade to be invoiced separately: Deduct $2.00 per M from price of straight grades of both No. 1 and select.

3. 5/4 and thicker when shipped in mixed grades of No. 2, No. 1, and select; each grade to be invoiced separately: Deduct $5.00 per M from price of straight grade of select, and $2.00 per M from straight grades of both No. 1 and No. 2.

Widths. 4. Specified widths: Add $2.00 per M to R/W and R/L price.

Working charges. 5. Surfaced: Add $2.00 per M to rough price.

Miscellaneous. 6. If rough shop is ordered 1/8" thicker than standard compute footage on actual measure.

TABLE 10—SITKA SPRUCE BOX

4/4 and thicker R/W and R/L rough dry:	
No. 1	$25.50
No. 2	20.50
No. 3	18.50

NOTES ON SITKA SPRUCE BOX

Condition. 1. Green: Deduct 10% from rough dry price.

Widths. 2. Specified widths add to the random widths price:

8" and under; no addition.

10" and 12"; add $1.00 per M' to R/W price.

14" and wider; add $2.00 per M' to R/W price.

Thickness. 3. Less than 4/4, price of 4/4 but compute on net size.

Working charges. 4. Surfaced S2S; add $1.00 per M' to rough price.

NOTES ON NO. 1 COMMON BOARDS AND SHIPLAP

Grade differentials. 1. No. 2, dry or green: Deduct $2.00 per M from price of No. 1 of same size, length and condition of seasoning.

2. No. 3, green: Deduct $8.00 per M from price of No. 1 common green of the same size and length.

3. No. 3, dry: Deduct $10.00 per M from price of No. 1 common dry of the same size and length.

4. For No. 1 common permitting up to 15% of No. 2 deduct $0.50 per M from price of No. 1 common of the same size, length and condition of seasoning.

Lengths: Omitting short lengths in R/L loading add to R/L price of the same size and grade.

5. Omitting 6': Add $0.50 to R/L price.

6. Omitting 6' and 8': Add $0.50 to R/L price.

7. Omitting 10' and shorter: Add $1.00 to R/L price.

8. Omitting 12' and shorter: Add $2.00 to R/L price.

Long lengths. 9. For specified lengths longer than 20': Add $1.00 per foot to specified 20' price.

10. For rough, S1S or S1E specified lengths: Add to the surfaced specified price—$2.00 per M for 12 feet and shorter; $3.50 per M for 14 feet and $5.00 per M for 16, 18 and 20 feet lengths.

Widths. 11. Widths wider than 12": Add to the price of 12" of the same grade and length $2.00 per M for each 2" wider than 12".

12. For odd or fractional widths: Add $1.00 and compute footage on next wider listed width.

Thickness. 13. For 5/4 and 6/4 No. 1 and select merchantable: Add $5.00 per M to 1" price of same grade and width; 5/4 and 6/4 No. 2 same as 4/4 No. 1.

Working charges. 14. For surfacing ¼" off: Add $1.00 per M feet to the price of the same grade, width, and length.

15. For S1E, S1S or rough random lengths: Add $1.50 per M to R/L surfaced price.

16. For center matched, flooring, drop siding and other patterns. The following working charges contemplate first adding grade differentials and then specified working charges.

	Green		Dry	
	S2S and C/M	Flooring, drop siding, beaded, and other patterns [1]	S2S and C/M	Flooring, drop siding, beaded, and other patterns [1]
1" thickness—no droppings allowed	$1.00	$2.00	$1.00	$2.00
1" thickness—droppings included at no reduction in price [2]	.50	1.00	.50	1.00

[1] For amounts 1 M feet or less: Add $5.00 set up charge.
[2] "Droppings" contemplate up to 15% in green and up to 20% in dry.

17. For ripping or resawing: Add $1.00 per M product of the piece to be shipped.

TABLE 14—SITKA SPRUCE NO. 1 COMMON DIMENSION

Green rough or S4S A. L. S.	R/L 6' to 20'	6'	8'	9'	10'	12'	14'	16'	18'	20'	22' and 24'	Add for dry
2 x 2"	$33.50	$26.00	$32.00	$35.50	$34.00	$34.00	$34.00	$36.50	$36.50	$36.50	$40.00	$3.50

2 x 10"	29.50	22.00	28.00	30.00	28.50	30.00	30.00	30.50	30.50	30.50	32.50	4.00
2 x 12"	29.50	22.00	28.00	30.00	29.00	30.00	30.00	30.50	30.50	30.50	32.50	5.50

NOTES ON NO. 1 COMMON DIMENSION

Grade differentials. 1. Select merchantable par. 594: Add $3.00 per M ft. to No. 1 price for same width and length.

2. Scaffold plank par. 598: Add $20.00 per M ft. to No. 1 price for same width and length.

3. No. 2 green all widths and lengths 24' and shorter: Deduct $2.00 per M feet from No. 1 green price of same width and length.

4. No. 3, green 24' and shorter, 2 x 2, 2 x 3, 2 x 4, 2 x 6, and 2 x 8" deduct $8.00 per M ft.; 2 x 10 and 2 x 12" deduct $9.00 per M ft. from No. 1 green price of same width and length.

5. No. 2 dry, all widths and lengths, 24' and shorter: Deduct $4.00 per M ft. from the No. 1 dry price of the same width and length.

6. No. 3 dry, 24' and shorter; 2 x 2, 2 x 3, 2 x 4, 2 x 6, and 2 x 8" deduct $10.00 per M ft.; and 2 x 10 and 2 x 12" deduct $11.00 per M ft. from the No. 1 dry price of the same width and length.

7. For No. 1 permitting up to 15% of No. 2: Deduct $0.50 per M ft. from the No. 1 price of the same width and length.

Condition. 8. For rough dry: Add $1.00 per M to surfaced dry price.

Lengths. 9. Lengths over 24': Add $2.00 to the 24' price of the same grade and width for each 2' longer than 24'.

10. Odd or fractional lengths: Add $1.00 to and compute footage on next longer even length.

Widths. 11. Wider than 12": Add $1.00 per M for each 2" wider than 12" to price of 12" width, of the same grade and length.

12. Odd or fractional widths: Add $1.00 to and compute footage on next wider listed width.

Thickness. 13. Odd or fractional thicknesses over 2" and under 3": add $3.00 per M to the 3" price of the same width in all grades and lengths from plank and small timber table. Compute footage on actual rough measure.

Working charges. 14. For dimension surfaced ¾" of: Add $1.00 per M ft. to the price of the same grade, width and length.

15. For center matched, flooring, outgauged and other patterns: the following working charges contemplate first: Adding grade differentials and then the specified working charges:

	Green		Dry	
	S2S and C/M, or shiplap	Flooring, outgauged and other patterns	S2S and C/M, or shiplap	Flooring, outgauged and other patterns
2" thickness, no droppings allowed	$1.00	$2.00	$1.50	$2.50
2" thickness, droppings included at no reduction in price [1]	.50	1.00	.50	1.00

[1] "Droppings" contemplate up to 15% in green and up to 20% in dry.

16. For ripping or resawing, not diagonal or tapered; for 2 x 4" add $2.00 per M; for 2 x 6" and wider add $1.00 per M. For diagonal or tapered resawing, add $5.00 per M, in either instance the product of the strip to be shipped.

TABLE 15—SITKA SPRUCE PLANK AND SMALL TIMBERS

Green rough or S4S A. L. S.	No. 1 common				Select Merchantable par. 594			
	20' and shorter	22' to 24'	26' to 32'	34' to 40'	20' and shorter	22' to 24'	26' to 32'	34' to 40'
3 x 3	$35.00	$37.50	$40.50	$45.50	$39.00	$41.50	$43.50	$48.50
3 x 4	33.50	36.50	39.50	43.50	37.50	40.50	42.50	46.50
3 x 6 & 3 x 8	32.00	34.00	35.50	38.50	36.00	38.00	39.50	42.50
3 x 10 & 3 x 12	31.50	33.50	35.00	37.50	34.50	36.50	38.00	40.50
4 x 4	33.00	35.00	37.00	40.50	37.00	39.00	41.00	44.50
4 x 6 & 4 x 8	32.00	34.00	35.50	38.50	36.00	38.00	39.50	42.50
4 x 10 & 4 x 12	31.50	33.50	35.00	38.00	34.50	36.50	38.00	41.00
6 x 6 & 6 x 8	31.50	33.00	34.50	35.00	35.50	37.00	38.50	41.50
8 x 8	31.50	33.00	34.00	34.50	35.50	37.00	38.00	41.00

NOTES ON PLANK AND SMALL TIMBERS

Grade differentials. 1. For scaffold plank paragraph 598: Add $15.00 per M to No. 1 price for same width and length.

2. For No. 1 permitting up to 15% of No. 2: Deduct $0.50 per M ft. from No. 1 price of the same width and length.

3. For No. 2: Deduct $4.00 per M ft. from No. 1 price of the same width and length.

4. For No. 3: Deduct $7.00 per M ft. from No. 1 price of the same width and length.

Condition. 5. For dry: Add $10.00 per M ft. to the green price of the same grade, size and length.

Lengths. 6 Regular loading: Random lengths is 8-20'.

7. For specified lengths up to 40': Select merchantable add $2.00 per M; other grades add $1.00 per M ft. to the length group price in which the specified length falls.

8. Longer lengths than listed: For specified length 41' to 50' add $1.00 per foot to the specified 40' price. 51' to 70' add $2.00 per foot to the 50' specified length price. 71' and longer add $3.00 per foot to the 70' specified length price.

9. For odd or fractional lengths: Add $1.00 per M feet to, and compute footage on the next longer even length.

Widths. 10 Widths wider than listed: Add $1.00 per M feet for each additional 2" to the widest listed width. This applies only to thicknesses less than 6 inches. For 6 inches and thicker and wider than listed use prices covered by timber schedule.

Thickness. 11. For odd or fractional thickness and/or widths not covered: Add maximum of $3.00 per M feet to the next less listed size for one or both conditions. Compute footage on actual rough size.

Working charges. 12 For surfacing ¼" off: Add $1.00 per M feet to the price of the same grade, width and length.

13. Shiplap, T & G, grooved for splines: 3" add $3.00; 4" add $4.00; 5" & thicker add $5.00 per M feet to the surfaced price.

14. For outgauged: Add $2.50 per M feet to the surfaced price.

15. For diagonal or taper resawing: Add $5.00 per M feet.

TABLE 16—SITKA SPRUCE TIMBERS

Green rough or S4S A. L. S.	#1 common			Select merchantable par. 504		
	20' and shorter	22' to 30'	32' to 40'	20' and shorter	22' to 30'	32' to 40'
6 x 6 & 6 x 8	$31.50			$35.50		
6 x 10 & 6 x 12	29.50	$30.50	$31.00	31.50	$32.50	$33.00
8 x 10 & 8 x 12	29.50	30.50	31.00	31.50	32.50	33.00
10 x 10 & 10 x 12	29.50	31.50	30.50	31.50	33.50	34.00
12 x 12	29.50	31.50	30.50	31.50	33.50	34.00
6 x 14 & 8 x 14	30.00	32.00	31.00	33.00	36.00	35.00
6 x 16 & 8 x 16	31.75	33.75	32.75	34.75	37.75	37.25
6 x 18 & 8 x 18	34.00	36.00	35.00	37.00	40.00	39.50
10 x 14 & 12 x 16	29.50	31.50	30.50	32.50	35.50	35.00
10 x 16	31.50	33.50	32.50	34.50	37.50	37.00
10 x 18	33.75	35.75	34.75	36.75	39.75	39.25
12 x 14 & 14 x 14	30.00	32.00	31.00	33.00	36.00	35.50
14 x 16 & 16 x 16	29.50	31.50	30.50	32.50	35.50	35.00

NOTES ON TIMBERS

Grade differentials. 1. For scaffold plank paragraph 598: Add $15.00 per M to the price of No. 1 of the same width and length.

2. For No. 1 permitting up to 15% of No. 2: Deduct $0.50 per M feet from the No. 1 price of the same width and length.

3. For No. 2: Deduct $5.00 per M feet from the No. 1 price of the same width and length.

4. For No. 3: Deduct $10.00 per M feet from the No. 1 price of the same width and length.

Lengths. 5 Regular loading: Random length is 8-20'.

6. For specified lengths: In select merchantable add $2.00 per M feet, other grades add $1.00 to the length group price in which the specified length falls.

7. For lengths longer than listed: Specified lengths 41' to 50' add $1.00 per foot to the 40' specified length price; 51' to 70' add $2.00 per foot to the 50' specified length price; 71' and longer, add $3.00 per foot to the 70' specified length price.

8. Specified odd or fractional lengths: Add $1.00 per M to, and compute footage on next longer even length.

9. For 6 x 6 and 6 x 8, 22' and longer refer to Plank and Small Timber Table.

Width. 10. For widths wider than listed up to and including 24": Add $1.00 per M feet for each additional 2" to widest listed width of the same grade thickness and length; wider than 24": Add $2.00 per M for each additional 2" to the 24" price of the same grade, thickness and length.

11. Odd or fractional widths or odd or fractional thicknesses or both: Add $1.50 per M feet to next less even size. Compute footage on actual rough measure.

Thickness. 12 For thicker than listed sizes up to and including 24": Add $1.00 per M for each additional 2" to thickest listed size of the same grade, width, and length; thicker than 24" add $2.00 per M feet for each additional 2" to 24" price of the same grade, width and length.

Working charges. 13 For surfacing 1/4" off: Add $1.00 per M ft. to the price for the same grade width and length

14. For surfacing 6" x 10" to 12" x 12", no charge; 6 x 14 to 16 x 16, add $2.00 per M feet; for sizes larger than listed, add $5.00 per M feet.

15. For surfacing lengths longer than 40 feet, add $0.25 per lineal foot to 40 foot price.

GENERAL NOTES

APPLICABLE TO ENTIRE APPENDIX

1. Log cabin siding: Add to price of same grade, size, and seasoning 1" and 2", $5.00 per M and 3" $6.00 per M. Machine droppings up to 15% to be included at $5.00 per M less. For less than 1,000 ft. B.M., add set-up charge of $5.00

2. All prices are based on 1,000 feet board measure, except lath. No lumber is sold on less than 1" count

3. In the case of random length groups other than those listed, the price shall be computed by determining the quantity falling into each of the listed groups and pricing each quantity at the random price listed for the group into which each such quality falls

4. All grade, size, and paragraph references contained herein refer to the Standard Grading and Dressing Rules No. 11 (1942), effective April 1, 1942, as published by the West Coast Lumbermen's Association.

5. For bundling: Add $1.00 per M.

6. Ripping and or resawing not otherwise provided: Add $1.00 per M; for diagonal or tapered add $5.00 per M.

§ 1381.464 *Appendix B: Permitted estimated weights.* The following estimated weights for dry lumber may be used in computing freight charges even though higher than actual weights.

When shipped with a moisture content greater than 19%, the estimated green weights may be used in quoting a delivered price, even though higher than actual weights.

SITKA SPRUCE WEIGHT SCHEDULE

Sitka spruce flooring	Finished thickness	Weight per MBM dry, lbs.
1 x 3 & 4"	25/32"	1,800
1 x 6"	25/32"	1,900
2 x 3 & 4"	1 5/16"	2,000
2 x 4"	1 5/16"	1,400

Square edge flooring—Add 200 lb.

Sitka spruce ceiling, all patterns	Finished thickness	Weight per MBM dry, lbs.
1 x 4"	7/16"	1,000
1 x 4"	9/16"	1,200
1 x 6"	9/16"	1,300
1 x 4"	13/16"	1,500
1 x 6"	23/32"	1,700

Ceiling worked 25/32" net—deduct 100 lb. from flooring wt.

Sitka spruce drop siding, rustic, clear shiplap	Finished thickness	Weight per MBM dry, lbs.
1 x 4", pat. 119, 121	3/4"	1,300
1 x 4", pat. 120, 122	3/4"	1,400
1 x 4", pat. 106	3/4"	1,500
5/8 x 6", pat. 105, 108, 115, 117, and rustic	9/16"	1,300
1 x 6", pat. 107, 113, 115, 117, 121	3/4"	1,500
1 x 6", pat. 103, 108, 111, 114, 118	3/4"	1,600
1 x 6", pat. 101, 104, 105, 106, 112, and rustic	3/4"	1,700
1 x 6", pat. 102, 109, 110, 116, and V-rustic	3/4"	1,800
1 x 8", pat. 116 and shiplap	3/4"	1,900

8" width—Add 100 lb. to 6" pat.

Sitka spruce stepping	Finished thickness	Weight per MBM dry, lbs.
4/4 x 10 & 12"	1 1/16"	2,200
5/4 x 10 & 12"	1 5/16"	2,400

Sitka spruce casing and base	Finished thickness	Weight per MBM dry, lbs.
1 x 3 to 12"	25/32"	1,800
5/8 x 4, 5, 6, and 8"	5/16"	1,900

Sitka spruce bevel and bungalow siding	Finished thickness	Weight per MBM dry, lbs.
1/2" x 4" & 6"	1/2" x 1 1/16"	800
3/4" x 8" & 10"	3/4" x 1 5/16"	1,400

Sitka spruce lath	Finished thickness	Weight per MBM lbs.
4' green		750
4' dry		500

Spruce factory lumber	Weight MBM S2S Dry, Lbs.	Weight MBM rough	
		Dry, Lbs.	Green, Lbs.
4 x 5 & wider	13 1/16", 2,000	2,800	3,500
4 x 5 & wider	1 1/32", 2,200	2,800	3,500
4 x 5 & wider	1 3/32", 2,500	2,800	3,500
3 x 5 & wider	1 3/32", 2,400	2,800	3,500
4 x 5 & wider	1 3/32", 2,700	2,500	3,500
3 x 5 & wider	2 3/16", 2,500	2,400	3,500

8 x 8, 8 x 10 and 8 x 12	3150
10 x 10 and 10 x 12	3150
12 x 12	3200

SHIPPING WEIGHT FORMULA FOR SIZES NOT LISTED

Where surfacing is specified other than standard or where weights are not provided in this list, weight is computed by applying the following weights:

Sitka Spruce Rough Green Clears	3500 lbs.
Sitka Spruce Rough Dry 1" Clears	2700 lbs.
Sitka Spruce Rough Dry, Clears over 1" and under 3" in thickness	2800 lbs.
Sitka Spruce Rough Dry, Clears thicker than 3" deduct 200 lbs from corresponding Green weight	
Sitka Spruce Rough Green, all other grades	3300 lbs.
Sitka Spruce Rough Dry, all other grades under 3" in thickness	2800 lbs.

Sitka Spruce Rough or Surfaced Dry 3" and over in thickness, deduct 200 lbs. from corresponding green weight.

Issued this 30th day of December 1942.

LEON HENDERSON,
Administrator.

PART 1499—COMMODITIES AND SERVICES

[Order 144 Under § 1499.18 (b) of GMPR]

D. J. KELMAN AND CO.

Order No. 144 under § 1499.18 (b) of the General Maximum Price Regulation.

D. J. Kelman and Co., 785 Flushing Avenue, Brooklyn, New York—Docket No. GF3–2622.

For the reasons set forth in an opinion issued simultaneously herewith, *It is ordered:*

§ 1499.1405 *Denial of petition for adjustment of maximum prices of cellophane garlands, cellophane wreaths and paper garlands sold by D. J. Kelman and Co.* (a) The petition of D. J. Kelman and Co. of 785 Flushing Avenue, Brooklyn, New York, filed November 4, 1942, and assigned Docket No. GF3–2622, requesting permission to increase the maximum prices of cellophane garlands, cellophane wreaths and paper garlands is denied.

(b) This Order No. 144 (§ 1499.1405) shall become effective December 30, 1942.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871)

Issued this 30th day of December 1942.

LEON HENDERSON,
Administrator.

[MPR 288, Amendment 1]

SPECIFIC MAXIMUM PRICES IN ALASKA

Correction

The caption of the document appearing on page 11012 of the issue of Tuesday, December 29, 1942, Amendment 1," should read "MPR 288, Amendment 1."

Chapter XIII—Petroleum Administration for War

[Petroleum Directive 62]

PART 1525—MARKETING MOTOR FUEL

PROHIBITING USE OF SALES DEVICES IN EXTENDING CREDIT

The use of certain sales devices in connection with the sale of motor fuel by or through retail outlets impairs the most effective utilization of petroleum, and the following operating directive is deemed necessary for the prosecution of the war:

§ 1525.1 *Petroleum Directive 62*—(a) *Definitions.* (1) "Person" means any individual, partnership, association, business trust, corporation, or any organized group of persons, whether incorporated or not.

(2) "Retail outlet" means any place of business where motor fuel is sold at retail, including, but not limited to, any place of business where motor fuel is delivered into the fuel supply tanks of motor vehicles or motor boats.

(b) *Use of sales devices in extending credit prohibited.* (1) Commencing January 1, 1943, no person engaged in the marketing of motor fuel shall distribute or use credit cards, courtesy cards, identification cards, receipt books or any other similar sales devices for the purpose of effecting or fostering, directly or indirectly, the extension of credit in the sale of motor fuel to any ultimate consumer by or through any retail outlet: *Provided,* (i) That such use or distribution shall not be prohibited if the deliveries so to be obtained on credit by any customer are limited to a single retail outlet, (ii) that nothing in this paragraph shall be deemed to prohibit the use of requisition books by governmental agencies in making purchases of motor fuel, and (iii) that nothing in this paragraph shall be deemed to prohibit the use before February 1, 1943 of presently issued credit cards for the purpose of effecting or fostering the extension of credit in the sale of motor fuel by or through any retail outlet to motor vehicles displaying "T" Ration stickers or to motor vehicles operated by governmental agencies.

(2) Commencing January 1, 1943, no person engaged in the marketing of motor fuel shall make unusual or abnormal advances of money, credit or merchandise to any person operating a retail outlet for the purpose of enabling or influencing such person to extend credit in the sale of motor fuel by or through such retail outlet.

(E.O. 9276, 7 F.R. 10091)

Issued this 29th day of December 1942.

HAROLD L. ICKES,
Petroleum Administrator for War.

TITLE 35—PANAMA CANAL

Chapter I—Canal Zone Regulations

PART 29—REGULATIONS UNDER TRADING WITH THE ENEMY ACT

CARRYING OF COMMUNICATIONS OUTSIDE REGULAR COURSE OF MAILS

I. Provisions of Statute

1. Section 3 (c) of the Trading with the Enemy Act approved October 6, 1917 (40 Stat. 412), provides that it shall be unlawful:

"For any person (other than a person in the service of the United States Government or of the Government of any nation, except that of an enemy or ally of enemy nation, and other than such person or classes of persons as may be exempted hereunder by the President or by such person as he may direct), to send, or take out of, or bring into, or attempt to send, or take out of, or bring into the United States, any letter or other writing or tangible form of communication, except in the regular course of the mail; and it shall be unlawful for any person to send, take, or transmit, or attempt to send, take, or transmit out of the United States, any letter or other writing, book, map, plan, or other paper, picture, or any telegram, cablegram, or wireless message, or other form of communication intended for or to be delivered, directly or indirectly, to an enemy or ally of enemy: *Provided, however,* That any person may send, take, or transmit out of the United States anything herein forbidden if he shall first submit the same to the President, or to such officer as the President may direct, and shall obtain the license or consent of the President, under such rules and regulations, and with such exemptions, as shall be prescribed by the President.

2. Under section 16 of the Trading with the Enemy Act any person bringing, or attempting to bring, into the United States any letter or other writing or tangible form of communication except in the regular course of the mail, is subject upon conviction to a fine of not more than $10,000 or to imprisonment for not more than ten years, or both, and the letter or other form of communication so brought in or attempted to be brought in is subject to seizure and forfeiture. Any person who sends or takes, or attempts to send or take from the United States any letter or other writing or tangible form of communication except in the regular course of the mail without a license therefor, is subject to a like penalty and the letter or other form of communication involved is subject to seizure and forfeiture.

3. Section 2 of the Trading with the Enemy Act of October 6, 1917 defines the words "United States" to mean "all land and water, continental or insular, in any way within the jurisdiction of the United States or occupied by the military or naval forces thereof," thereby including the Canal Zone.

II. Delegations of Authority

4. Section XI of Executive Order No. 2729–A of October 12, 1917, is in part as follows:

I further hereby vest in the Secretary of the Treasury the executive administration of

the provisions of subsection (c) of section 3 of the Trading with the Enemy Act relative to sending, or taking out of, or bringing into, or attempting to send, take out of, or bring into the United States any letter, writing, or tangible form of communication, except in the regular course of the mail. * * * And said Secretary of the Treasury is hereby authorized and empowered to issue licenses to send, take, or transmit out of the United States anything otherwise forbidden by said subsection (c) and give such consent or grant such exemption in respect thereto as is not inconsistent with law or to withhold or refuse the same.

5. Paragraph (3) of T.D. 50536 (6 F.R. 6807) dated December 24, 1941, as modified by T.D. 50763 (7 F.R. 9478) issued by the Acting Secretary of the Treasury and approved by the President August 14, 1942, provides as follows:

I hereby designate the Governor of the Panama Canal to act as the agency of the Secretary of the Treasury to administer and to issue licenses (except licenses to send, take, or transmit out of the United States any letter, writing or tangible form of communication intended for or to be delivered, directly or indirectly, to an enemy or ally of enemy) in respect of the authority vested in the Secretary of the Treasury under Article XI of said Executive Order relative to sending, or taking out of, or bringing into, or attempting to send, take out of, or bring into, the Canal Zone any letter or other writing or tangible form of communication except in the regular course of the mail. The authority conferred by this subparagraph (3) may, in the discretion of the Governor of the Panama Canal and by his direction, be exercised also by and through any official or officials of the Canal Zone designated by the Governor of the Panama Canal for that purpose, and the Governor of the Panama Canal may from time to time revoke any designation previously made by him and make any new designation.

III. Governor's Regulations

Pursuant to the authority conferred by sections 11 and 13 of Executive Order No. 2729–A dated October 12, 1917, and T.D. 50763 approved August 14, 1942, the following regulations are hereby prescribed for the enforcement of the provisions of the statute and order quoted above in the Canal Zone:

§ 29.1 *Governor's regulations.* (a) Every person arriving in the Canal Zone from any foreign country (except persons in the service of the United States Government or the Government of any nation other than Japan, Germany, Italy, Bulgaria, Roumania, Hungary and Albania, when such persons are travelling on official busines of their governments) shall be required to declare to customs officers, any letters or other tangible form of communication, carried on his persons or in his baggage, or otherwise brought with him or under his control.

(b) Customs officers examining arriving passengers and baggage shall, in addition to the usual customs examination, make a particular search to discover any letters or other tangible forms of communication and shall examine any such letters or other forms of communication so declared, or which may be found on the persons or in the baggage of such passengers, or which may have been brought into the Canal Zone otherwise than in the regular course of the mails.

(c) If it appear that any letter or other tangible form of communication is being brought into the Canal Zone with intention to evade or violate the law, or if it appear that the effect of bringing such letter or other form of communication into the Canal Zone would be inimical to the interests of our Government, or in the interests of its enemies, the customs officer shall detain any person having such letter or communication in his possession or under his control, and immediately report the facts to the Chief of Customs, for appropriate action.

(d) If it appear that any letter or other tangible form of communication is being brought into the Canal Zone without intention to evade or violate the law, and that the effect of bringing such letter or other form of communication into the Canal Zone would not be inimical to the interests of our Government or in the interests of its enemies, the Chief of Customs may license the bringing of such letter or other form of communication into the Canal Zone, in which case there shall be placed thereon the license, with the date, the name of the port, and the initials of the Chief of Customs or other authorized officer; and such letter or other form of communication may then be released provided there are affixed thereto the appropriate United States or Canal Zone postage stamps if the transmittal of the letter or other communication outside the mails is of such nature that the laws of the United States or of the Canal Zone require the use of such stamps.

(e) Any person to whom a license is refused by the Chief of Customs may appeal from such decision to the Governor, through the Chief, Division of Civil Affairs, stating all the facts relied upon to show that the decision of the Chief of Customs should be reversed.

(f) Customs officers shall require every person departing from the Canal Zone (except persons in the service of the United States Government or of the Government of any nation other than Japan, Italy, Germany, Bulgaria, Hungary, Roumania and Albania, when such persons are travelling on official business of their governments) to declare any letters or other tangible form of communication carried on his person, or contained in his baggage or otherwise brought with him or under his control. When such action is deemed necessary, customs officers shall also search the person and baggage of such persons departing from the Canal Zone for any letter or other form of communication.

(g) If any letter or form of communication be found which is not covered by a license issued pursuant to section XI of E.O. 2729–A or T.D. 50536 as modified by T.D. 50763, or other proper authority, the customs officers shall take possession of it, and deliver it to the Chief of Customs at the port from which the letter was to be taken out of the Canal Zone, for disposition.

(h) If upon investigation the Chief of Customs is satisfied that such letter or other form of communication was being taken out of the United States without any intention to violate or evade the law, and if such letter or other form of communication is not intended for or to be delivered to an enemy of ally of an enemy, and without any intention to injure the interests of the United States, then he may grant a license for the taking of such letter out of the Canal Zone as provided in section XI of E.O. 2729–A or T. D. 50536 as modified by T. D. 50763, or he may cause the letter to be surrendered for posting in the regular mails, in which event he shall collect a corresponding amount of postage from the person in whose possession or control it was found, and shall affix postage stamps on the envelope and cause it to be posted in the regular mails.

(i) If such letter or other form of communication is intended for, or to be delivered to an enemy or an ally of an enemy, and a license therefor has not been issued pursuant to proper authority, the Chief of Customs shall hold it in his possession until he is instructed concerning its disposition. If the Chief of Customs finds on investigation that such letter or other form of communication is being taken out of the Canal Zone with intention to violate or evade the law, or if the effect of taking it out would be to injure the interests of the United States or to advance the interests of its enemies, he shall sieze such letter or other form of communication and detain the person in whose possession it was found, or who had it under his control, and shall report the facts for appropriate action.

(j) In connection with the examination of imports and exports for customs and control purposes, cus ms officers shall be alert to detect any letter or other tangible form of communication brought into or intended to be taken out of the Canal Zone, contrary to law, and if such be found, shall take possession of it and submit it to the Chief of Customs for disposition.

(k) These restrictions apply also to the officers and crews of ships and aircraft, and to company and consignee's mail. Upon arrival of ship or aircraft, all company or consignee's mail and other forms of communication in the possession of the officers or crew shall first be presented to the customs for examination. Prior to the departure of ship or aircraft, company and consignee's mail shall be submitted to the customs for examination and after inspection such mail shall be sealed and stamped with an appropriate notation indicating that its departure is licensed. Similarly, pursers and ships' agents shall deliver to customs officers, all communications mailed on board ships, with a corresponding amount of postage, and the Chief of Customs shall cause such communications to be posted in the regular mail.

(l) Licenses to take or send from the Canal Zone any letter or other tangible form of communication otherwise than in the regular course of the mails may be granted, if such letter or other form of communication is not inimical to the interests of the United States or is not intended for, or to be delivered to an enemy or ally of an enemy, upon compliance with the following procedure.

(m) Any person desiring to take or send from the Canal Zone such letter or other form of communication otherwise than through the regular course of the mails shall file an application therefor with the Chief of Customs at the port at which such letter or other form of communication is to leave the Canal Zone, or with the Chief of Customs nearest the place of residence of such person.

(n) Such application shall contain a full statement of the reasons why it is necessary or desired to send such communication otherwise than in the regular course of the mail and shall have attached thereto the actual letter or other form of communication which it is desired to send or take from the Canal Zone, and if in a language other than Spanish or English, a translation thereof.

(o) If the Chief of Customs receiving such application is satisfied that a good reason exists for the taking of such letter or other form of communication otherwise than through the regular course of the mail, and that such action will not be inimical to the interests of the United States, he shall stamp the letter or other form of communication with an appropriate notation indicating that the sending or taking out of the Canal Zone of such letter or other form of communication is properly licensed, and return it to the applicant, who shall declare and exhibit it to the customs officer who examines his baggage at the time of his departure.

(p) If the Chief of Customs to whom application had been made is of the opinion that the granting of any application for a license will be inimical to the interests of the United States, or if he is of the opinion that there is not sufficiently strong evidence to support applicant's request to send or take out of the Canal Zone any letter or other form of communication otherwise than through the regular course of the mails, he shall refuse to grant the license.

(q) Any person to whom license is refused by any Chief of Customs may appeal from such decision to the Governor through the Chief, Division of Civil Affairs. Such appeal shall state all the facts required to be stated in the application for license and any additional facts or reasons the applicant may consider pertinent to show why the decision of the Chief of Customs concerned should be reversed.

(r) A general license extending over a period of time may be granted upon application made to the Governor and its being shown that the granting of such a general license is necessary to the orderly transaction of the applicant's business, and is not contrary to the interests of the United States. Each application for such a license shall state all the facts required to be stated in an application for an individual license and such additional facts as may be relied upon to show why a general license should be granted, and shall be filed with the Chief of Customs at the port of entry from which the communications are to be sent. Such applications shall be forwarded to the Chief, Division of Civil Affairs by the Chief of Customs after an investigation of the facts, with his report and recommendation, and the Chief, Division of Civil Affairs shall forward the application with all accompanying papers and his recommendation to the Governor through the Executive Secretary. Such general license, when granted, will be issued through the Chief of Customs at the port at which the application was filed, and the applicant will be notified of the granting thereof.

(s) In case of doubt, the Chief of Customs shall refer any application to the Chief, Division of Civil Affairs for investigation and directions.

(t) Any license issued pursuant to these regulations may be revoked at any time.

(u) Each Chief of Customs shall report to the Chief, Division of Civil Affairs all licenses granted by him, stating the name, occupation, and address of each sender and addressee, and the nature and subject matter of the communication licensed.

(v) Chiefs of Customs shall not issue licenses for any letter or other tangible form of communication intended for or to be delivered to an enemy or ally of an enemy, whether to be sent outside the regular course of the mail, or otherwise.

GLEN E. EDGERTON,
Governor.

TITLE 46—SHIPPING

Chapter I—Bureau of Customs

Subchapter A—Documentation, Entrance and Clearance of Vessels, Etc.

[T.D. 50794]

TRANSPORTATION OF COAL BETWEEN NORFOLK, VA., AND EASTPORT, MAINE

WAIVER OF ENTRANCE AND CLEARANCE LAWS

DECEMBER 28, 1942.

Entrance and clearance laws waived for certain foreign-flag vessels transporting coal between United States ports in the range between Norfolk, Virginia, and Eastport, Maine, until and including April 30, 1943.

Waiving compliance with the provisions of the navigation laws relating to entrance and clearance of vessels.

Upon the written recommendation of the Administrator of the War Shipping Administration and pursuant to the authority vested in me by the provisions of section 501 of the Second War Powers Act, 1942 (Public Law 507, 77th Congress), I hereby waive compliance with the provisions of the navigation laws relating to the entrance and clearance of vessels to the extent necessary to permit foreign-flag vessels which are under time charter to the War Shipping Administration and which are engaged in the transportation of coal between United States ports in the range between Norfolk, Virginia, and Eastport, Maine, to be accorded the same treatment with respect to report of arrival, entrance, clearance, coastwise permits to proceed, and manifests, as is accorded enrolled or licensed vessels of the United States engaged in the same trade. I deem that such action is necessary in the conduct of the war.

This order shall be effective until and including April 30, 1943, only.

HERBERT E. GASTON,
Acting Secretary of the Treasury.

WAR DEPARTMENT.

FIXED TEXT RADIO, CABLE, AND SENDER'S COMPOSITION MESSAGES FOR ARMED FORCES STATIONED OUTSIDE U. S.

ACCEPTANCE OF MESSAGES TO AND FROM AMERICAN RED CROSS PERSONNEL

DECEMBER 14, 1942.

In addition to information contained in Circular No. 378,[1] War Department, 1942, relative to fixed text radio, cable, and sender's composition messages for armed forces stationed outside U. S., arrangements have been made for the acceptance of EFM to and from personnel of the American Red Cross receiving their mail through oversea APO's. The conditions of acceptance for EFM to and from personnel of the American Red Cross are the same as for EFM to and from members of the armed forces except that the word "AMCROSS" will be used in the address in lieu of the Army serial number on outgoing messages. [Docket Nos. 490-FD, 1227-FD, 1560-FD, 1613-FD, 1877-FD, C-4, C-10, C-16, C-18]

PUBLIC SERVICE CO. OF INDIANA

MEMORANDUM OPINION AND ORDER

In the matter of the applications of Public Service Company of Indiana for a determination of the status of the coal produced at the Dresser Mine, Vigo County, Indiana, in District 11, pursuant to section 4-A of the Bituminous Coal Act of 1937.

Pursuant to an agreement dated December 30, 1936, and expiring on December 31, 1942, Walter Bledsoe & Company has mined coal at the Dresser Mine of Public Service Company of Indiana, Inc., in Vigo County, Indiana, District No. 11. The commerce in the coal thus mined is the subject matter of applications for exemption filed in each of the above dockets by Public Service Company of Indiana, Inc., or its predecessor.

On December 26, 1942, Public Service Company of Indiana, Inc., filed a supplemental application for determination of status and Walter Bledsoe & Company, which is deemed to be an intervenor in the above dockets, filed a similar application. These applications recite that the agreement whereby Walter Bledsoe & Company mines coal at the said Dresser Mine expires on December 31, 1942, and that on December 23, 1942, a supplemental agreement was entered by the two companies to extend the agreement of December 30, 1936, with certain modifications, until December 31, 1943. Copies of the said supplemental agreement and of an agreement for the sale of coal by Walter Bledsoe & Company to Public Service Company of Indiana, Inc., also dated December 23, 1942, have been submitted with the supplemental applications.

The supplemental applications request that an order be entered to provide that such interim exemptions as Public Service Company of Indiana, Inc., and Walter Bledsoe & Company may be entitled to under the second paragraph of section 4-A of the Bituminous Coal Act of 1937 with respect to commerce in the coal produced at the said Dresser Mine be continued in effect as though the agreement dated December 30, 1936, had been scheduled to expire on December 31, 1943, rather than on December 31, 1942.

An examination of the agreements dated December 23, 1942, indicates that the changes contemplated in the arrangement heretofore existing under the agreement dated December 30, 1936, for the mining of coal at the said Dresser Mine are not so substantial as to render moot the applications and intervening petitions in the above dockets or any proceedings heretofore held therein, or as to necessitate the filing of additional applications for exemption because of the modifications of the agreement dated December 30, 1936.

Now, therefore, it is ordered, That any interim exemption applicable to the commerce in the coal produced at the Dresser Mine of Public Service Company of Indiana, Inc., in Vigo County, Indiana, District No. 11, is continued in full force and effect until December 31, 1943, or until the final determination on the above dockets, or until further change in the agreement under which Walter Bledsoe & Company mines coal at the said Dresser Mine, whichever is soonest.

This order is not intended nor shall it be construed to express any opinion with respect to the legal sufficiency or propriety of either of said agreements dated December 23, 1942, or with respect to the merits of the applications for exemption filed in the above dockets.

Dated: December 30, 1942.

[SEAL] DAN H. WHEELER,
Director.

[Public Land Order 70]

CALIFORNIA

WITHDRAWING PUBLIC LAND FOR USE OF THE NAVY DEPARTMENT AS A MARINE CORPS AIR BASE

By virtue of the authority vested in the President and pursuant to Executive Order No. 9146 of April 24, 1942; *It is ordered as follows:*

Subject to valid existing rights, the following-described public land is hereby withdrawn from all forms of appropriation under the public-land laws, including the mining and mineral leasing laws, and reserved for the use of the Navy Department as a Marine Corps air base:

SAN BERNARDINO MERIDIAN

T. 11 N., R. 12 W., sec. 10, N½.
The area described contains 320 acres.

This order shall take precedence over, but shall not rescind or revoke, the withdrawal for classification and other purposes made by Executive Order No. 6910 of November 26, 1934, as amended, so far as such order affects the above-described land.

It is intended that the land described herein shall be returned to the administration of the Department of the Interior, when it is no longer needed for the purpose for which it is reserved.

ABE FORTAS,
Acting Secretary of the Interior.

ARIZONA

WITHDRAWING PUBLIC LANDS FOR USE OF THE DEFENSE PLANT CORPORATION IN CONNECTION WITH THE OPERATION OF A SCHOOL FOR TRAINING ARMY AIRCRAFT PILOTS

By virtue of the authority vested in the President and pursuant to Executive Order No. 9146 of April 24, 1942: *It is ordered as follows:*

Subject to valid existing rights, the following-described public lands are hereby withdrawn from all forms of appropriation under the public-land laws, including the mining and mineral leasing laws, and reserved for the use of the Defense Plant Corporation in connection with the operation of a school for training army aircraft pilots:

GILA AND SALT RIVER MERIDIAN

T. 15 S., R. 12 E., sec. 22, E½SE¼.
The area described aggregates 80 acres.

This order shall take precedence over, but shall not rescind or revoke, the temporary withdrawal for classification and other purposes made by Executive Order No. 6910 of November 26, 1934, as amended, so far as such order affects the above-described lands.

It is intended that the lands described herein shall be returned to the administration of the Department of the Interior when they are no longer needed for the purpose for which they are reserved.

HAROLD L. ICKES,
Secretary of the Interior.

[Vesting Order 334]

SAFE DEPOSIT BOXES LEASED BY WILLY HALLER AND ERNA KASPAREK

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation:

(a) Finding that Willy Haller and Erna Kasparek, whose last known addresses were represented to the undersigned as being in Germany, are nationals of a designated enemy country (Germany);

(b) Finding that all right, title and interest (including the right of access to the safe deposit boxes hereinafter mentioned) of Willy Haller and Erna Kasparek in and to their respective contracts with Chase Safe Deposit Company, New York, pursuant to which said Willy Haller and Erna Kasparek leased safe deposit boxes numbered respectively 428 and 367 and located respectively at the 45 Madison Avenue branch and 60 East 42nd Street branch of said company, is property within the United States owned or controlled by nationals of a designated enemy country (Germany);

(c) Determining that to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of the aforesaid designated enemy country (Germany);

(d) Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise; and

(e) Deeming it necessary in the national interest;

hereby vests in the Alien Property Custodian the property described in paragraph (b), to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C., on November 6, 1942.

[SEAL] LEO T. CROWLEY,
Alien Property Custodian.

[Vesting Order 347]

ALL OF THE CAPITAL STOCK OF AMERLUX STEEL PRODUCTS CORPORATION

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation:

(a) Finding that Comptoir Metallurgique Luxembourgeois "Columeta" (hereinafter referred to as "Columeta"), whose last known address was represented to the undersigned as being Luxembourg, G. D., and Coluflandres S. A., whose last known address was represented to the undersigned as being Belgium, are owned and controlled by the Societe des Allers Reunies de Burbach Eich Dudelange (hereinafter referred to as "Arbed"), whose last known address was represented to the undersigned as being Luxembourg, G. D.;

(b) Finding that said Arbed is controlled by or acting or purporting to act directly or indirectly for the benefit or on behalf of or as a cloak for a designated enemy country (Germany) or a person within such country, and therefore determining that Arbed is a national of said designated enemy country (Germany);

(c) Determining, therefore, that Columeta and Coluflandres S. A. are nationals of the aforesaid designated enemy country (Germany);

(d) Finding that said Columeta and Coluflandres S. A. are the owners of 245 shares and 5 shares, respectively, of $100 par value common stock of Amerlux Steel Products Corporation, a New York corporation, New York, New York, which is a business enterprise within the United States and which 250 shares constitute all of the outstanding capital stock of said business enterprise and represent ownership thereof, and therefore determining that such business enterprise is a national of the aforesaid designated enemy country (Germany);

(e) Determining that to the extent that such nationals are persons not within a designated enemy country the national interest of the United States requires that such persons be treated as nationals of the aforesaid designated enemy country (Germany);

(f) Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise; and

(g) Deeming it necessary in the national interest;

hereby vests in the Alien Property Custodian the shares of stock described in paragraph (d), to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C., on November 7, 1942.

[Vesting Order 370]

SILESIAN-AMERICAN CORP.

Re: 41.67% of the preferred stock and 49% of the common stock of Silesian-American Corporation.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding that the property described as follows:

50,000 shares of 7% cumulative non-voting preferred stock and 98,000 shares of common stock (which constitute substantial parts, namely, 41.67% and 49%, respectively, of all outstanding shares of preferred and common stock) of Silesian-American Corporation, a Delaware corporation, New York, New York, which is a business enterprise within the United States, owned by Non Ferrum Gesellschaft zur Finanzierung von Unternehmungen des Bergbaues und der Industrie der Nichteisenmetalle, Zurich, Switzerland, and held for the benefit of Bergwerksgesellschaft

Georg von Giesche's Erben, a German corporation,

is property of, and represents an interest in said business enterprise which is, a national of a designated enemy country (Germany), and determining that to the extent that any or all of such nationals are persons not within a designated enemy country the national interest of the United States requires that such persons be treated as nationals of the aforesaid designated enemy country, and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest, hereby vests such property in the Alien Property Custodian, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C., on November 17, 1942.

[SEAL] LEO T. CROWLEY,
Alien Property Custodian.

[Vesting Order 426]

M. HENSOLDT & SONS, INC.

Re: All of the capital stock of M. Hensoldt & Sons, Inc., and certain indebtedness owing by it.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

(a) That the property described as follows:

All of the capital stock of M. Hensoldt & Sons, Inc., a New York corporation, New York, New York, which is a business enterprise within the United States, consisting of 300 shares of $1.00 par value common stock,

is owned by M. Hensoldt & Sons, Inc., a German corporation, Wetzlar, Germany, and therefore is property of, and represents ownership of a business enterprise which is, a national of a designanted enemy country (Germany); and

(b) That the property described as follows:

All right, title, interest and claim of any name or nature whatsoever of M. Hensoldt & Sons, Inc., Wetzlar, Germany, in and to all indebtedness, contingent or otherwise and whether or not matured, owing to it by said New York corporation, including but not limited to all security rights in and to any and all collateral for any or all of such indebtedness and the right to sue for and collect such indebtedness,

is an interest in said business enterprise held by a national of an enemy country, and also is property within the United States owned or controlled by a national of a designated enemy country (Germany);

(c) That the property described as follows:

All right, title, interest and claim of any name or nature whatsoever of M. Hensoldt & Sons, Canada, in and to all indebtedness, contingent or otherwise and whether or not matured, owing to it by said M. Hensoldt & Sons, Inc., including but not limited to all security rights in and to any and all collateral for any or all of such indebtedness and the right to sue for and collect such indebtedness,

is an interest in said business enterprise held by M. Hensoldt & Sons, Canada, which is owned or controlled by M. Hensoldt & Sons, Inc. Wetzlar, Germany, and which therefore is a national of an enemy country, and also is property within the United States owned or controlled by a national of a designated enemy country (Germany);

and determining that to the extent that said nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of the aforesaid designated enemy country (Germany), and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest, hereby vests such property in the Alien Property Custodian, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C., on December 1, 1942.

[SEAL] LEO T. CROWLEY,
Alien Property Custodian.

OFFICE OF PRICE ADMINISTRATION.

[Order 105 Under MPR 188]

OWENS-ILLINOIS GLASS COMPANY

APPROVAL OF MAXIMUM PRICE

Order No. 105 under § 1499.158 of Maximum Price Regulation No. 188—Manufacturers' Maximum Prices for Specified Building Materials and Consumers' Goods Other Than Apparel.

On November 4, 1942, the Owens-Illinois Glass Company, Toledo, Ohio, filed an application with the Office of Price Administration seeking a specific authorization pursuant to § 1499.158 of Maximum Price Regulation No. 188 to determine maximum prices for certain "new products" (as defined in paragraph (b) below) and for instructions as to the method to be used in determining maximum prices for such products to be manufactured by them. Due consideration has been given to the application, and an opinion in support of this order has been issued simultaneously herewith and has been filed with the Division of the Federal Register.

Authorization for the Owens-Illinois Glass Company to determine maximum prices for certain new products. (a) The maximum prices which may be charged by the Owens-Illinois Glass Company for new products shall be determined in all respects in accordance with the provisions of § 1499.157 of Maximum Price Regulation No. 188, except that, in the computation of direct material and direct labor costs pursuant to those provisions, the Owens-Illinois Glass Company may employ its method of standard cost accounting rather than using actual costs as required by § 1499.157 of Maximum Price Regulation No. 188: *Provided*, That the requirements in that section as to using the month of March 1942 as a basic reference period in computation of costs and maximum prices shall be preserved under this order.

(b) The term "new product" as used in this Order No. 105 shall include all glass containers manufactured by the Owens-Illinois Glass Company which are subject to Maximum Price Regulation No. 188; and

(1) Which are not part of the Owens-Illinois Glass Company's standard line of products; and

(2) Which were not delivered or offered for delivery during March 1942 by the Owens-Illinois Glass Company; and

(3) The prices of which cannot be determined upon the basis of prices which the Owens-Illinois Glass Company had in effect for glass containers during March 1942; and

(4) Which may not be priced under § 1499.155 of Maximum Price Regulation No. 188.

(c) The authorization granted to the Owens-Illinois Glass Company in (a) above is subject to the conditions that it shall, at the time of sale of any product priced under this Order, notify the purchaser of such product that the Office of Price Administration has by this order authorized its maximum prices as provided in (a) above.

(d) Any selling price determined under this order shall be subject to adjustment at any time by the Office of Price Administration.

(e) This Order No. 105 may be revoked or amended by the Office of Price Administration at any time.

(f) This order No. 105 shall become effective December 31, 1942.

(Pub. Laws 421 and 729, 77th Congress; E.O. 9250, 7 F.R. 7871)

Issued this 30th day of December 1942.

LEON HENDERSON,
Administrator.

[Order 106 Under MPR 188]

ARMSTRONG CORK CO.

APPROVAL OF MAXIMUM PRICES

Order No. 106 under § 1499.158 of Maximum Price Regulation No. 188—Manufacturers' Maximum Prices for Specified Building Materials and Consumers' Goods Other Than Apparel.

On October 21, 1942, the Armstrong Cork Company of Lancaster, Pennsylvania, filed an application with the Office of Price Administration seeking a specific authorization pursuant to § 1499.158 of Maximum Price Regulation No. 188 to determine maximum prices for certain "new products" (as defined in paragraph (b) below) and for instructions as to the method to be used in determining maximum prices for such products to be manufactured by them. Due consideration has been given to the application, and an opinion in support of this order has been issued simultaneously herewith and has been filed with the Division of the Federal Register.

Authorization for the Armstrong Cork Company to determine maximum prices for certain new products.

(a) The maximum prices which may be charged by the Armstrong Cork Company for new products shall be determined in all respects in accordance with the provisions of § 1499.157 of Maximum Price Regulation No. 188, except that, in the computation of direct material and direct labor costs pursuant to those provisions, the Armstrong Cork Company may employ its method of standard cost accounting rather than using actual costs as required by § 1499.157 of Maximum Price Regulation No. 188: *Provided*, That the requirements in that section as to using the month of March 1942, as a basic reference period in computation of costs and maximum prices shall be preserved under this order.

(b) The term "new product" as used in this Order No. 106 shall include all glass containers manufactured by the Armstrong Cork Company which are subject to Maximum Price Regulation No. 188; and

(1) Which are not part of the Armstrong Cork Company's standard line of products; and

(2) Which were not delivered or offered for delivery during March 1942 by the Armstrong Cork Company; and

(3) The prices of which cannot be determined upon the basis of prices which the Armstrong Cork Company had in effect for glass containers during March 1942; and

(4) Which may not be priced under § 1499.155 of Maximum Price Regulation No. 188.

(c) The authorization granted to the Armstrong Cork Company in (a) above is subject to the conditions that it shall, at the time of sale of any product priced under this order, notify the purchaser of such product that the Office of Price Administration has by this order authorized its maximum prices as provided in (a) above.

(d) Any selling price determined under this order shall be subject to adjustment at any time by the Office of Price Administration.

(e) This Order No. 106 may be revoked or amended by the Office of Price Administration at any time.

(f) This Order No. 106 shall become effective December 31, 1942.

(Pub. Laws 421 and 729, 77th Congress; E.O. 9250, 7 F.R. 7871)

Issued this 30th day of December 1942.

LEON HENDERSON,
Administrator.

[F. R. Doc. 42–14157; Filed, December 30, 1942; 12:16 p. m.]

[Order 111 Under MPR 188]

THE NUNN COMPANY

APPROVAL OF MAXIMUM PRICE

Order No. 111 under § 1499.161 (a) of Maximum Price Regulation No. 188—Manufacturers' Maximum Prices for Specified Building Materials and Consumers' Goods Other Than Apparel.

Authorization of a Maximum Price for Crude Sand, Glass Sand, and Fines for The Nunn Company.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and by Executive Order No. 9250 and under § 1499.161 (a) of Maximum Price Regulation No. 188; *It is hereby ordered*, That:

(a) The Nunn Company, 404 Fay Building, Los Angeles, California, may sell and deliver, f. o. b. its plant, Overton, Nevada, "crude sand," "glass sand," and "fines" at the prices set forth below:

(1) Crude sand at $2.03 per ton.

(2) Glass sand at $3.42 per ton.

(3) Fines at $2.22 per ton.

(b) All prayers in the petition not specifically granted herein are denied.

(c) The petitioner shall submit such reports to the Office of Price Administration as it may from time to time require.

(d) This Order No. 111 may be revoked or amended by the Price Administrator at any time.

(e) This Order No. 111 shall become effective December 30, 1942.

Issued this 30th day of December, 1942.

LEON HENDERSON,
Administrator.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 70–639]

GENERAL WATER, GAS AND ELECTRIC CO. AND WALNUT ELECTRIC AND GAS CORP.

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 28th day of December, A. D. 1942.

In the matter of General Water, Gas & Electric Company, W. C. Gilman, as liquidating trustee of Walnut Electric & Gas Corporation.

General Water, Gas & Electric Company, a registered holding company, and W. C. Gilman, as Liquidating Trustee of Walnut Electric & Gas Corporation, a registered holding company, said Trustee also being a registered holding company have jointly filed an application and declaration pursuant to sections 9 (a), 10 and 12 (d) of the Public Utility Holding Company Act of 1935 and Rule U-44 promulgated under said Act, in regard to certain transactions, which may be summarized as follows:

W. C. Gilman as Liquidating Trustee under a certain Liquidating Trust Agreement, dated June 1, 1939 and amended May 1, 1942 presently holds legal title to 5,000 shares of Class A and 15,000 shares of Class B stock of Walnut Electric & Gas Corporation, a registered holding company, the same constituting all of the outstanding stock of said corporation and also constituting the sole assets of said Liquidating Trust. General Water, Gas & Electric Company is the beneficial owner of all of such stock. The Liquidating Trust has no outstanding securities and no indebtedness. The Liquidating Trust Agreement, by the terms thereof, expired on December 1, 1942 and has not been renewed. Gilman as such Liquidating Trustee proposes to

transfer and deliver all of the stock so held by him to General Water, Gas & Electric Company without any consideration other than the satisfaction of the legal right of General Water, Gas & Electric Company to receive such stock upon the termination of such trust agreement. General Water, Gas & Electric Company, in turn, proposes to acquire such stock from said trustee.

Said application and declaration having been filed on December 3, 1942, and notice of said filing having been duly given in the form and manner prescribed in Rule U-23 promulgated pursuant to said Act, and the Commission not having received a request for a hearing with respect to said application and declaration within the period specified in said notice or otherwise, and not having ordered a hearing thereon; and

The Commission finding that all applicable statutory requirements are met and deeming it appropriate in the public interest and in the interest of investors and consumers to grant said application and to permit said declaration to become effective;

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of said Act, and subject to the terms and conditions prescribed in Rule U-24 that the said application be, and the same is hereby granted, and the said declaration be, and it is hereby permitted to become effective forthwith.

By the Commission, Commissioner Healy dissenting for the reasons set forth in his memorandum of April 1, 1940.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 42-14161; Filed, December 30, 1942; 2:29 p. m.]

[File No. 70-651]

SOUTHWESTERN PUBLIC SERVICE COMPANY

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 28th day of December, A. D., 1942.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935, by Southwestern Public Service Company, a registered holding company, (hereinafter called Southwestern). The declaration or application (or both) is filed under section 12 (d) of the Act, and Rule U-44 of the rules and regulations promulgated thereunder as applicable to the transactions proposed. All interested persons are referred to said documents, which are on file in the office of this Commission, for a complete statement of the transactions therein proposed, which are summarized as follows:

Southwestern proposes to sell all of the outstanding capital stock (being all of the securities) of two of its subsidiaries, Arizona Electric Power Company and Flagstaff Electric Light Company, to an individual, one James C. Tucker. The purchase price for the Arizona Electric Power Company is the sum of $425,000, in cash, and for the Flagstaff Electric Light Company is the sum of $350,000, cash.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to said declaration or application (or both), and that said declaration or application (or both) shall not become effective or be granted except pursuant to further order of the Commission.

It is ordered, That a hearing on said declaration or application (or both) under the applicable provisions of the Act and the rules of the Commission thereunder be held on January 14, 1943 at 10:00 A. M., E. W. T., in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania. On such day the hearing room clerk in Room 318 will advise as to the room in which such hearing will be held.

It is further ordered, That Robert P. Reeder or any other officer or officers of the Commission designated by it for that purpose shall preside at such hearing. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a Trial Examiner under the Commission's Rules of Practice.

It is further ordered, That without limiting the scope of the issues presented by said declaration or application (or both), particular attention will be directed to the following matters:

1. Whether the consideration to be paid by the purchaser, James C. Tucker, and to be received by Southwestern for all of the outstanding capital stock of Arizona Electric Power Company and Flagstaff Electric Light Company is unfair or unreasonable;

2. The identity of the purchaser, his interest in any other public utility, and whether or not his acquisition of the proposed securities of the Arizona Electric Power Company and Flagstaff Electric Light Company will serve the public interest by tending towards the economical and efficient development of an integrated public-utility system, and whether such acquisition will tend towards interlocking relations or concentration of control of public utility companies of a kind or to an extent detrimental to the public interest or the interest of investors or consumers.

3. What terms and conditions, if any, are necessary to be imposed to insure compliance with the requirements of the Public Utility Holding Company Act of 1935 or any rules, regulations or orders promulgated thereunder;

It is further ordered, That any other person desiring to be heard in connection with these proceedings or proposing to intervene herein shall file with the Secretary of the Commission, on or before January 9, 1943, his request or application therefor as provided by Rule XVII of the Rules of Practice of the Commission.

It is further ordered, That the Secretary of the Commission shall serve notice of the hearing aforesaid by mailing a copy of this order to Southwestern Public Service Company by registered mail; and that notice of said hearing be given to all persons by publication of this order in the FEDERAL REGISTER.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[File Nos. 7-650 to 7-672]

LOS ANGELES STOCK EXCHANGE

ORDER DISPOSING OF APPLICATIONS, ETC.

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 28th day of December, A. D. 1942.

In the matter of applications by the Los Angeles Stock Exchange for permission to extend Unlisted Trading Privileges to Twenty-Three (23) Stocks.

Order disposing of applications for permission to extend unlisted trading privileges.

The Los Angeles Stock Exchange having made application to the Commission, pursuant to section 12 (f) of the Securities Exchange Act of 1934 and Rule X-12F-1, for permission to extend unlisted trading privileges to twenty-three securities; and

After appropriate notice a hearing having been held in this matter at the Los Angeles Branch Office of the Commission; and

The Commission having this day made and filed its findings and opinion herein;

It is ordered, Pursuant to section 12 (f) of the Securities Exchange Act of 1934, that the applications of the Los Angeles Stock Exchange for permission to extend unlisted trading privileges to:

American Viscose Corp., $14 Par Common Stock
Commonwealth Edison Company, $25 Par Shares.
Consolidated Aircraft Corp., $1 Par Common Stock.
Libby, McNeill & Libby, $7 Par Common Stock.
Standard Oil Company (Indiana), $25 Par Capital Stock.
F. W. Woolworth Company, $10 Par Capital Stock.

be and the same are hereby approved; and

It is further ordered, That decision with respect to the applications of the Los Angeles Stock Exchange for permission to extend unlisted trading privileges to:

Boeing Airplane Company, $5 Par Common Stock
Borden Company, $15 Par Common Stock.
Crown Zellerbach Corporation, $5 Par Common Stock.
Deere and Company, Common Stock, No Par Value.
Electric Auto-Lite Company, $5 Par Common Stock
Great Northern Railway Company, $6 Non-Cumulative Preferred Stock, No Par Value
Interlake Iron Corporation, Common Stock No Par Value.
Newport News Shipbuilding and Dry Dock Company, $1 Par Common Stock.
Phelps Dodge Corporation, $25 Par Capital Stock
Phillips Petroleum Company, Capital Stock, No Par Value.
Pullman Incorporated, Capital Stock, No Par Value.
Southern Railway Company, $100 Par 5% Non-Cumulative Preferred Stock.
Texas Gulf Sulphur Company, Common Stock, No Par Value.
Union Pacific Railroad Company, $100 Par Common Stock.
Western Union Telegraph Company, $100 Par Common Stock.
White Motor Company, $1 Par Common Stock.
Wilson and Company, Inc., Common Stock, No Par Value.

be reserved with leave to the applicant exchange to notify the Commission, within a period of fifteen days from the date of this order, of its desire to introduce additional evidence with respect to these applications. If no such notification is received within this time, an order will then be issued denying said applications.

By the Commission.

[File No. 70-648]

GENERAL GAS & ELECTRIC CORPORATION

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 29th day of December, A. D., 1942.

General Gas & Electric Corporation, a registered holding company, and a subsidiary of Trustees of Associated Gas and Electric Corporation in reorganization pursuant to Chapter X of the Bankruptcy Act, having filed a declaration pursuant to section 12 (c) of the Public Utility Holding Company Act of 1935 and Rule U-46 promulgated thereunder, concerning the following proposed transaction:

General Gas & Electric Corporation has outstanding 4% interest bearing scrip in the aggregate principal amount of $999,360.79, maturing December 30, 1942. This scrip was issued in December 1937 in lieu of a cash dividend on the Cumulative Preferred Stocks of General Gas & Electric Corporation. The accrued interest at date of maturity totals $199,872.15.

Of this scrip $40,035.97 principal amount, to which $8,007.19 of accrued interest is applicable, is publicly held. General Gas & Electric Corporation is proposing to discharge at maturity these public holdings. The balance of the scrip is held by the Trustees of Associated Gas and Electric Corporation. These Trustees have agreed not to present for payment at this time any scrip held by them but rather that they will await further order of this Commission before making presentation for any payment either on principal or interest. It appears that this scrip may have originated from capital or unearned surplus.

Said declaration having been filed on December 12, 1942, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act and the Commission not having received a request for a hearing with respect to said declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission seeing no reason for making adverse findings herein, and deeming it appropriate in the public interest and the interest of investors and consumers to permit said declaration to become effective;

It is ordered, Pursuant to Rule U-23, and the applicable provisions of said Act, and subject to the terms and conditions prescribed in Rule U-24 that the aforesaid declaration be and hereby is permitted to become effective forthwith.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[File Nos. 54-64, 59-60]

INDIANA HYDRO-ELECTRIC POWER CO. AND MIDLAND UNITED CO.

NOTICE OF FILING, ETC.

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 23rd day of December 1942.

In the matter of Indiana Hydro-Electric Power Company and Hugh M. Morris, trustee of the estate of Midland United Company.

Notice of filing and order for hearing on plan filed and notice of and order instituting proceedings and for hearing and order consolidating hearings.

I

Notice is hereby given that Indiana Hydro-Electric Power Company, a subsidiary of Hugh M. Morris, Trustee of the Estate of Midland United Company, a registered holding company, has filed an application pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 for approval of a plan of recapitalization of said Indiana Hydro-Electric Power Company (hereinafter sometimes called Hydro). All interested persons are referred to said document which is on file in the office of this Commission, for a statement of the transactions therein proposed, which are summarized as follows:

(1) The authorized capital stock of Hydro, now consisting of 21,500 shares of Preferred Stock of the par value of $100 each, and 35,000 shares of Common Stock of the par value of $100 each (hereinafter called the "Old Common"), will be changed to 250,000 shares of new common stock of the par value of $10 each (hereinafter called the "New Common").

(2) The 107 shares of Preferred Stock now in the treasury of Hydro will be cancelled, and the 20,898 shares of Preferred Stock now outstanding will be reclassified into 229,878 shares of New Common.

(3) The escrow agreement of May 6, 1922, will be terminated and the 14,000 shares of Old Common now held in escrow under said agreement will be returned to Hydro and cancelled.

(4) The remaining 21,000 shares of Old Common now outstanding will be reclassified into 11,025 shares of New Common.

(5) The capital of Hydro will be reduced by $3,180,770, and the amount thereof credited to Capital Surplus.

(6) Hydro will distribute to the holders of the Preferred Stock of Hydro $14.208 in cash and 11 shares of New Common for each share of Preferred Stock now outstanding.

(7) Hydro will distribute to the holders of the Old Common .525 shares of New Common for each share of Old Common now outstanding, exclusive of the Common Stock now held in escrow.

(8) The holders of the Preferred Stock and Old Common will have only the right to receive the cash and New Common distributable to them under the Plan, and such other rights as are incident to the ownership of such New Common, and all other rights of such stockholders against or with respect to Hydro will cease and become void.

II

The file and records of the Commission contain data establishing, or tending to establish, the following:

(1) Midland United Company, a public utility holding company, is a Delaware Corporation, which is and has been since June 9, 1934, in reorganization under section 77B of the Bankruptcy Act, as amended, under the jurisdiction of the United States District Court for the District of Delaware. Hugh M. Morris is Trustee of the Estate of Midland United Company and, as such, is a registered holding company under the Public Utility Holding Company Act of 1935.

(2) Indiana Hydro-Electric Power Company was incorporated on November 21, 1921, under the laws of the State of Indiana, for the purpose of developing hydro-electric power on the Tippecanoe River in Indiana.

The properties of the Company comprise two hydro-electric plants having combined rated generating capacity of 17,720 kilowatts, located near Monticello, Indiana, and approximately 80 miles of transmission lines, all in the State of Indiana.

The properties of Hydro are operated by Northern Indiana Public Service Company, an associate company, under a lease dated January 1, 1931, terminating on or before May 1, 1958, as provided in the lease and supplemental agreement. A condensed balance sheet, per books of Hydro, as of October 31, 1942, follows:

Assets and other debits

Utility Plant	$8,133,549.05
Other Assets	622,504.63
Unamortized Debt Discount and Expense	296,856.99
Capital Stock Discount and Expense	153,559.39
	$9,206,470.06

Liabilities and other credits

Miscellaneous Liabilities	$129,283.80
Deferred Credits	63,333.33
Reserve for Depreciation	276,309.37
First Mortgage 5% Bonds due 1958 (owned by public)	2,609,000.00
7% Cumulative Preferred Stock, par value $100 per share (17,026 shares owned by public)	2,089,800.00
Common Stock, par value $100 per share, 35,000 shares outstanding (consisting of 14,000 shares deposited in escrow for benefit of United, and 21,000 shares owned by United)	3,500,000.00
Surplus	538,743.56
	$9,206,470.06

(3) As of October 31, 1942, utility plant, per books, of Hydro amounted to $8,133,549.05. As of the same date the reserve for depreciation amounted to $276,309.37, or approximately 3.4 per cent of utility plant.

(4) Included in utility plant account of the company are certain items which have been classified by the Division of Original Cost of the Federal Power Commission as plant adjustments (FPC Account No. 107). These total $3,673,640.38.[1]

(5) Cumulative preferred stock dividends not declared or provided for at October 31, 1942, amounted to $505,905.75, or $24.208 per share.

(6) If plant adjustments, in the amount of $3,263,065.02 (FPC Account No. 107), were eliminated from the balance sheet by a charge against surplus, and if cumulative preferred stock dividends in arrears were provided for in the same manner, the surplus of the company as at October 31, 1942, in the amount of $538,743.56, would become a surplus deficit of $3,230,227.00.

(7) It is probable that the finally adjusted deficit in surplus would exceed this figure since the depreciation reserve appears to be inadequate.

(8) The capital structure, including surplus, of Hydro, per books as of October 31, 1942, and as adjusted to give effect to (a) cumulative preferred stock dividends in arrears, and (b) the elimination of plant adjustments in the amount of $3,263,065.02 (FPC Account No. 107) is shown below:

	Per books Oct. 31, 1942	Percent of capitalization	Amounts as adjusted	Percent of capitalization
Long term debt:				
1st 5's of 58	$2,609,000.00	29.86	$2,609,000	47.66
Cumulative preferred stocks, par value $100:				
7%—20,898 shares (17,026 shares owned by public)	2,089,800.00	23.92	2,089,800	38.17
Dividends in arrears ($24.208 per share)	0	0	505,906	9.24
Total preferred stock and arrears	2,089,800.00	23.92	2,595,706	47.41
Common stock and surplus:				
35,000 shares, par value $100 per share (14,000 shares deposited in escrow for benefit of present common stockholders)	3,500,000.00	40.06	3,500,000	63.93
Surplus	538,743.56	6.16	(3,230,227)	(59.00)
Total common and surplus	4,038,743.56	46.22	269,773	4.93
Total capital structure	8,737,543.56	100.00	5,474,479	100.00

( ) Denotes a red figure.

(9) As of October 31, 1942, per books, the ratio of long term debt to net utility plant adjusted to reflect the elimination of plant adjustments (FPC Account No. 107), as provided in the plan, amounted to 56.8 percent. As of the same date long term debt and preferred stock (including cumulative dividend arrears) amounted to 102.3 percent of total net utility plant, as adjusted, plus other net assets.

(10) Sole voting power is vested in the common stock.

(11) At October 31, 1942, all of the outstanding common stock of Hydro was owned by, or deposited in escrow for, Midland United Company.

(12) The following tabulation sets forth Rental Income, Gross Income and Deductions therefrom, per books, of Hydro for the last five calendar years, and for the 12 months ended October 31, 1942, showing full Cumulative preferred stock dividend requirements for the period:

	1937	1938	1939	1940	1941	Twelve Months Ended Oct. 31, 1942
Rental income	$380,000	$380,000	$380,000	$380,000	$380,000	$380,000
Expenses and taxes	73,007	75,956	61,488	75,309	86,269	98,853
Gross income	306,993	304,044	318,512	304,691	293,731	281,147
Interest on debt	139,405	137,063	135,143	133,966	133,714	132,928
Other deductions	25,978	27,061	26,081	21,244	24,575	29,218
Total fixed charges	165,383	164,124	161,224	155,149	158,289	161,480
Net income	141,610	139,920	157,288	149,542	135,442	119,708
Preferred dividend requirements	146,286	146,286	146,286	146,286	146,286	146,286
Balance for common	(4,676)	(6,366)	11,002	3,256	(10,844)	(26,578)
Times earned ratios:						
Interest on debt	2.20	2.22	2.36	2.28	2.20	2.14
Total fixed charges	1.86	1.85	1.98	1.96	1.86	1.74
Fixed charges and preferred dividend requirements	0.98	0.98	1.04	1.01	0.96	0.81

III

It appearing to the Commission, in the light of the allegations stated in Part II hereof, that it is appropriate and in the public interest, and in the interest of investors and consumers, to institute proceedings against Hugh M. Morris, Trustee of the Estate of Midland United Company and Hydro under sections 11 (b) (2), 15 (f) and 20 (a) of the Public Utility Holding Company Act of 1935, to determine whether certain orders should be entered pursuant to the provisions of said sections; and

It further appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to the plan of recapitalization filed by Hydro pursuant to section 11 (e) of the Act; and

It further appearing to the Commission that the said proceedings involve common questions of law and fact and should be consolidated and heard together:

It is ordered, That proceedings be instituted pursuant to sections 11 (b) (2), 15 (f) and 20 (a) of the Public Utility Holding Company Act of 1935, and that Hugh M. Morris, as Trustee of the Estate of Midland United Company, and Indiana Hydro-Electric Power Company, are hereby made Respondents in these proceedings, and said Respondents shall file with the Secretary of the Commission, on or before the 29th day of January 1943 their answers admitting, denying, or otherwise explaining their positions with respect to the allegations heretofore made in paragraphs 1 to 12 of Part II of this order. Such answers may also include a statement by Respondents of their views as to what action, if any, should be taken to bring about a fair and equitable distribution of voting power among the security holders of Indiana Hydro-Electric Power Company; to restate the plant account, depreciation reserve, capital accounts, surplus and other accounts, so as to segregate, dispose of, and eliminate write-ups and intangibles in the plant, investment and other accounts, set up adequate reserves for retirements and depreciation of plant and property, and make other adjustments in conformity with the standards of the Public Utility Holding Company Act of 1935, with respect to Indiana Hydro-Electric Power Company; and to take such other action as may be necessary or appropriate under the provisions of sections 11 (b) (2), 15 (f) and 20 (a) of said Act with respect to said Respondents.

It is further ordered, That the said proceedings pursuant to sections 11 (b) (2), 15 (f) and 20 (a) of the Act, and said proceedings pursuant to Section 11 (e) of the said Act be and hereby are consolidated;

It is further ordered, That a hearing on such consolidated matters be held on the 16th day of February 1943 at 10 o'clock, a. m., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania, in such room as may be designated on such date by the hearing room clerk in Room 318.

It is further ordered, That William W. Swift or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing on such consolidated matters. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act, and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That without limiting the scope of issues presented by said consolidated matters otherwise to be considered in this proceeding, particular attention will be directed at the hearing to the following matters and questions:

(1) Whether the proposed plan is feasible;

(2) Whether the proposed plan is necessary to effectuate the provisions of subsection (b) of section 11 of the Act;

(3) Whether the proposed plan is fair and equitable to the persons affected thereby;

(4) Whether the allegations contained in Part II hereof are true and correct;

(5) Whether voting power is unfairly or inequitably distributed among security holders of Hydro;

(6) What action, if any, is necessary and should be required to be taken by Hydro for the purpose of effecting an equitable distribution of voting power among its security holders;

(7) What action, if any, is necessary and should be required to be taken by Hydro to restate its plant account, depreciation reserve, capital accounts, surplus, and other accounts, so as to segregate, dispose of, and eliminate write-ups, intangibles, or other inflationary items in the plant, investment or other accounts, set up adequate reserves for depreciation of plant and property, and make other adjustments in conformity with the standards of the Public Utility Holding Company Act of 1935;

(8) What other or further action, if any, should be required to be taken by Hydro to meet the requirements of sections 11 (b) (2), 15 (f) and 20 (a) of the Public Utility Holding Company Act of 1935.

It is further ordered, That jurisdiction be, and is hereby, reserved to separate, either for hearing, in whole or in part, or for disposition, in whole or in part, any of the issues or questions which may arise in these proceedings, and to take such other action as may appear necessary to the orderly and economical disposition of the issues involved.

It is further ordered, That the Secretary of the Commission shall serve notice of the aforesaid hearing by mailing a copy of this order, by registered mail, to Hugh M. Morris, Trustee of Midland United Company, and Indiana Hydro-Electric Power Company, not less than thirty days prior to the date hereinbefore fixed within which Respondents may file their answers; and that notice of the entry of this order and of said hearing is hereby given to all security holders of Midland United Company, and Indiana Hydro-Electric Power Company, to all States, municipalities and political subdivisions of States within which are located any of the utility assets of Indiana Hydro-Electric Power Company, to all State commissions, State securities commissions, and all agencies, authorities, administrative or judicial bodies, or instrumentalities of the United States of America, and one or more States, municipalities, or other political subdivisions having jurisdiction over Indiana Hydro-Electric Power Company, or over any of the businesses, affairs or operations of said companies, and to all other persons, such notice to be given by a general release of the Commission, distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935, and by publication of this order in the FEDERAL REGISTER not later than thirty days prior to the date hereinbefore fixed as the date of hearing.

It is further ordered, That any person desiring to be heard in connection with this proceeding shall file with the Secretary of the Commission, on or before the 8th day of February 1943, his request or application therefor as provided by Rule XVII of the Rules of Practice of the Commission.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F. R. Doc. 42-14162; Filed, December 30, 1942; 2:31 p. m.]

[1] On approximately February 28, 1939, Hydro filed with the Public Service Commission of Indiana and the Federal Power Commission an original cost report in which it proposed to reclassify to Account 107 (write-ups) an amount of $2,625,000. On June 4, 1940, the Division of Original Cost of the Federal Power Commission transmitted to Hydro a report which indicated that an amount of $3,673,640.38 should be reclassified to Account 107. Hydro did not agree with such report and on September 28, 1940, filed with both Commissions a written protest in which objection was made to $1,070,309 of the amount established in Account 107 by the report of the Division of Original Cost of the Federal Power Commission. Various other procedural steps have been taken, but no formal orders have as yet been issued by either Commission. The company states that: "The substance of the plan presented herein has been discussed informally with representatives of both of said Commissions, and contemplates establishment of $3,263,065.02 in Account 107 to be written off against capital surplus created by a reduction of the present capitalization."

WAR PRODUCTION BOARD.

Director General for Operations.

BOULDER MINING CO., ET AL.

NOTICE TO BUILDERS AND SUPPLIERS OF ISSUANCE OF STOP CONSTRUCTION ORDERS STOPPING CONSTRUCTION OF CERTAIN PROJECTS

The Director General for Operations of the War Production Board has issued certain stop construction orders listed in Schedule A below, stopping the construction of the projects affected. For the effect of each such order upon the construction of the project and delivery of materials therefor, the builder and suppliers affected shall refer to the specific order issued to the builder.

(P. D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued December 30, 1942.

ERNEST KANZLER, *Director General for Operations.*

FEDERAL REGISTER

VOLUME 8 NUMBER 2

Washington, Tuesday, January 5, 1943

The President

EXECUTIVE ORDER 9292

ESTABLISHING THE HAILSTONE NATIONAL WILDLIFE REFUGE

MONTANA

By virtue of the authority vested in me as President of the United States, it is ordered as follows:

All public lands within the following-described area in Stillwater County, Montana, are hereby withdrawn, subject to valid existing rights, from all forms of appropriation under the public-land laws, including the mining laws, and such lands, and all other lands and waters owned or controlled by the United States within the said area, are hereby reserved and set apart for the use of the Department of the Interior as a refuge and breeding ground for migratory birds and other wildlife: *Provided*, That as to any of such lands included in Petroleum Reserve No. 40, Montana No. 1, their reservation as a part of the refuge herein established shall be subject to their primary use for the purpose of oil and gas development pursuant to the provisions of the act of February 25, 1920, c. 85, 41 Stat. 437, as amended (U.S.C., title 30, sees. 181 et seq.), and for purposes incident thereto:

PRINCIPAL MERIDIAN

T 3 N., R. 20 E.,
sec. 12, NE¼, SE¼NW¼, and S½;
sec. 13, all;
sec. 24, all.
T 3 N., R. 21 E.,
sec. 7, lots 1, 2, 3, and 4, E½W½, and SE¼;
sec. 18, lots 1, 2, 3, and 4, E½W½, and N½SE¼.

The areas described aggregate 2,664.92 acres, including 312.44 acres of public land and 2,352.48 acres of land owned or controlled by the United States.

It is unlawful for any person to pursue, hunt, trap, capture, willfully disturb, or kill any bird or wild animal of any kind whatsoever within the limits of the refuge, or to enter thereon, except under such rules and regulations as may be prescribed by the Secretary of the Interior.

This reservation shall be known as the Hailstone National Wildlife Refuge.

FRANKLIN D ROOSEVELT

THE WHITE HOUSE,
December 31, 1942.

TITLE 6—AGRICULTURAL CREDIT

Chapter II—Commodity Credit Corporation

[Oilseed Order 7]

PART 250—CONTROL OF VEGETABLE OIL SEEDS AND PRODUCTS THEREFROM

PROHIBITION OF PURCHASES, SALES, AND DELIVERIES OF OILSEED PRODUCTS FOR MANUFACTURE INTO MIXED FERTILIZER FOR SALE

Pursuant to the authority vested in the Commodity Credit Corporation by Directive No. 7 of the War Production Board, issued August 15, 1942, and in view of the shortage of soybean, cottonseed, peanut, and linseed oil meal and cake, *It is hereby ordered*, That:

Sec.
250.39 Definitions.
250.40 Prohibitions of purchase and acceptance of delivery.
250.41 Prohibition of sales and deliveries.
250.42 Records.
250.43 Audit and inspection.
250.44 Reports.
250.45 Violations.
250.46 Appeals.
250.47 Communications to Commodity Credit Corporation.

AUTHORITY: §§ 250.39 to 250.47, inclusive, issued under W.P.B. Directive No. 7; 32 C.F.R. § 903.12, 7 F.R. 6518.

§ 250.39 *Definitions.* For the purpose of this order:

(a) "Oilseed product" as used herein shall mean cottonseed oil meal or cake, soybean oil meal or cake, peanut oil meal or cake, and linseed oil meal or cake of merchantable quality for feeding purposes.

(b) "Purchase order" means any contract or offer to purchase, any agree-

ment to acquire by exchange, any request for shipment or delivery under existing contracts, or any other action to obtain delivery of oilseed products.

(c) "Person" means any individual, partnership, business trust, association or corporation, or any organized group of persons, whether incorporated or not, but shall not include any Departments or agencies of the United States Government.

§ 250.40 *Prohibition of purchase and acceptance of delivery.* Beginning on January 2, 1943 and until further notice, no person shall place any purchase order for, accept delivery of under existing contracts, or acquire by crushing, any oilseed product for manufacture into mixed fertilizer for sale.

§ 250.41 *Prohibition of sales and deliveries.* Beginning on January 2, 1943 and until further notice, no person shall sell or deliver any oilseed product if he knows or has reason to believe that such oilseed product is to be used for manufacture into mixed fertilizer for sale.

The vendor may in his discretion require certification in substantially the following form by the person to whom the oilseed product is to be sold or delivered as to the use for which the oilseed products are purchased:

The undersigned certifies to his vendor and the Commodity Credit Corporation that he is familiar with the provisions of Oilseed Order 7 and that the oilseed products covered by the purchase order to which this certificate is annexed will not be manufactured into mixed fertilizer for sale.

§ 250.42 *Records.* Every person subject to this order shall keep and preserve, for not less than two years, accurate and complete records concerning all sales, purchases, contracts for the sale or purchase, and deliveries of oilseed products.

§ 250.43 *Audit and inspection.* All such records shall, upon request, be submitted to audit and inspection by duly authorized representatives of Commodity Credit Corporation.

§ 250.44 *Reports.* Every person subject to this order shall execute and file with Commodity Credit Corporation such reports as the Corporation may from time to time request.

§ 250.45 *Violations.* Any person who wilfully violates any provision of this order or who wilfully furnishes false information to any seller of oilseed products or to the Commodity Credit Corporation in connection with this order is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from manufacturing, processing, using, purchasing, selling, transferring or otherwise disposing of or acquiring oilseed products.

§ 250.46 *Appeals.* Any appeal from the provisions of this order shall be made by filing with the Commodity Credit Corporation a letter in triplicate referring to the particular provision appealed from and stating fully the grounds of the appeal.

§ 250.47 *Communications to Commodity Credit Corporation.* All reports required to be filed hereunder and all communications and appeals concerning this order shall be addressed to: Commodity Credit Corporation, South Agricultural Building, Washington, D. C.

Issued this 31st day of December 1942.

[SEAL] J. B. HUTSON,
President.

Approved: December 31, 1942.

CLAUDE R. WICKARD,
Secretary of Agriculture.

[Revision of Oilseed Order 4]

PART 250—CONTROL OF VEGETABLE OIL SEEDS AND PRODUCTS THEREFROM

PARTIAL RESTRICTION ON SALES OF SOYBEAN OIL MEAL

Pursuant to the authority vested in the Commodity Credit Corporation by Directive No. 7 of the War Production Board, issued August 15, 1942; *It is hereby ordered*, That:

Oilseed Order 4,[1] §§ 250.14 to 250.21, inclusive, is revised to read as follows:

§ 250.14 *Restriction on sales in designated area.* On and after the effective date of this revised order, unless otherwise authorized by Commodity Credit Corporation, no soybean oil meal produced in processing plants located outside the area hereinafter designated shall be sold for shipment into such area after January 31, 1943.

§ 250.15 *Designated area.* The designated area shall include the following named cities and is bounded by a line from Boston through Nashua, New Hampshire, to Keene, New Hampshire; Charlestown, New Hampshire; Arlington, Vermont; Schenectady, Cobleskill, Delhi, Hancock, New York; Carbondale, Scranton, Hazleton, Pottsville, Lancaster, Pennsylvania; Aberdeen, Chestertown, Maryland; Georgetown, Delaware.

§ 250.16 *Contracts existing prior to December 5, 1942; processor's duty.* Processors located outside the above-designated area who, prior to December 5, 1942, entered into contracts for the sale of soybean oil meal for shipment into such area prior to September 30, 1943, shall make deliveries under such contracts with soybean oil meal produced in processing plants located within such area, to the extent that such meal can be obtained from processing plants located within such area. Such tonnage of soybean oil meal as may be made available by making such deliveries with soybean oil meal produced within such designated area shall be sold by processors only to consumers outside such area.

§ 250.17 *Contracts existing prior to December 5, 1942; purchaser's duty.* Any person who, prior to December 5, 1942, entered into a contract for the purchase of soybean oil meal produced in processing plants located outside the above-designated area for shipment into such area prior to September 30, 1943, shall, if suitable deliveries can be obtained by his seller from processing plants located within such area, accept such shipments in full satisfaction of his existing contract to the extent of the tonnage of soybean oil meal so delivered.

§ 250.18 *Records; reports; communications.* (a) Every person subject to this revised order shall keep and preserve for not less than two years accurate and complete records concerning all sales, purchases, contracts for the sale or purchase, and deliveries of soybean oil meal. All such records shall, upon request, be submitted to audit and inspection by duly authorized representatives of Commodity Credit Corporation.

(b) Every person subject to this revised order shall execute and file with Commodity Credit Corporation such reports and questionnaires as the Corporation may from time to time request.

(c) All reports required to be filed hereunder and all communications concerning this revised order shall be addressed to: Commodity Credit Corporation, South Agriculture Building, Washington, D. C.

§ 250.19 *Penalties.* Any person who wilfully violates any provision of this revised order or who wilfully furnishes false information to Commodity Credit Corporation in connection with this revised order, may be prohibited from processing, purchasing, selling, transferring or otherwise disposing of or acquiring soybean oil meal, and, in addition, may be punished by fine and imprisonment.

§ 250.20 *Definitions.* (a) "Processor" as used herein means any "person" operating a processing plant for producing soybean oil meal.

(b) "Person" as used herein means any individual, partnership, business trust, association or corporation or any organized group of persons, whether incorporated or not, but shall not include any Department or agency of the United States Government.

§ 250.21 *Effective date.* This revised order shall supersede Oilseed Order 4, issued December 4, 1942, and shall become effective on and after January 5, 1943, and, subject to the provisions of Directive No. 7 of the War Production Board, shall continue in effect until revoked by Commodity Credit Corporation.

Issued this 2d day of January, 1943.

[SEAL] J. B. HUTSON,
President.

[F. R. Doc. 43-156; Filed, January 4, 1943; 11:04 a. m.]

[Amendment No. 1 to Oilseed Order 6]

PART 250—CONTROL OF VEGETABLE OIL SEEDS AND PRODUCTS THEREFROM

INVENTORY LIMITATION OF OILSEED PRODUCTS

Pursuant to the authority vested in the Commodity Credit Corporation by Directive No. 7 of the War Production Board, issued August 15, 1942; *It is hereby ordered*, That Oilseed Order No. 6[1] issued December 24, 1942, be amended as follows:

Section 250.31 *Inventory limitation*[1] is amended by revising the proviso therein to read as follows:

Provided, That the foregoing inventory limitation (i) shall not restrict to less than 45 tons the supply of oilseed products of any person who regularly receives deliveries of oilseed products in carload lots, and (ii) shall not restrict purchases by any person of oilseed products in quantities of 1,000 pounds or less if such purchases are made in quantities and at intervals which are in accordance with purchases regularly made by such person.

Issued this 2d day of January 1943.

[SEAL] J. B. HUTSON,
President.

TITLE 7—AGRICULTURE

Chapter VII—Agricultural Adjustment Agency

[ACP-1943-5]

PART 701—AGRICULTURAL CONSERVATION PROGRAM[1]

1943 CORN ALLOTMENTS AND NORMAL YIELDS

Pursuant to the authority vested in the Secretary of Agriculture under sections 7 to 17, inclusive, of the Soil Conservation and Domestic Allotment Act, as amended, the 1943 Agricultural Conservation Program, as amended, is further amended as follows:

Section 701.401 [7 F.R. 10031] is amended by deleting the word "corn" in the first sentence and by adding the following at the end of the first paragraph.

§ 701.401 *Allotments, yields, and grazing capacities.* • • •

The national corn acreage allotment is 43,423,000 acres. The State corn allotments and the county normal yields for corn shall be identical with the 1943 State corn allotments and the 1943 county normal yields of corn, respectively, established under Title III of the Agricultural Adjustment Act of 1938, as amended.

Done at Washington, D. C., this 31st day of December 1942. Witness my hand and the seal of the Department of Agriculture.

[SEAL] PAUL H. APPLEBY,
Acting Secretary of Agriculture.

PART 702—1942 AGRICULTURAL CONSERVATION PROGRAM BULLETIN

SOIL-BUILDING PRACTICES FOR PUERTO RICO

Pursuant to the authority vested in the Secretary of Agriculture under sections 7 to 17 of the Soil Conservation and Domestic Allotment Act, as amended, (49 Stat. 1148, 1915; 50 Stat. 329; 52 Stat. 31, 204, 205; 53 Stat. 550, 573; 54 Stat. 216, 728; 55 Stat. 257, 860; 56 Stat. 51; 16 U.S.C. 590g–590q), paragraph (e) § 702.301 [7 F.R. 4559] of the 1942 Agricultural Conservation Program Bulletin for the Insular Region, issued June 17, 1942, is hereby amended to read as follows:

(e) *Schedule of soil-building practices for Puerto Rico.* (Minimum performance under practice No. 1 is a prerequisite to any payment under the 1942 ACP for Puerto Rico.)

(1) Planting food crops for human consumption on at least 20 percent of the cropland on the farm (excluding sugarcane and orchards) with a minimum requirement of $\frac{1}{10}$ acre and a maximum requirement of 25 acres devoted to this practice in 1942, on or after August 1, except that on farms covered by tobacco acreage allotments the planting of food crops may be extended through the tobacco season ending March 31, 1943: *Provided*, That (i) the food crops planted are of the type specified by the Regional Director and are planted in the proportions specified by him, (ii) the plants or vines are not removed from the land on which grown, (iii) practice No. 2 is carried out on land of 6 percent or more average slope planted to intertilled crops, (iv) practice No. 3 is carried out on land of more than 10 percent average slope, and (v) on land where the topography and stoniness do not permit the proper carrying out of practices Nos. 2 and 3, stone barriers may be constructed with the crop rows planted, so far as possible, parallel to the barriers.

Done at Washington, D. C. this 31st day of December 1942. Witness my hand and the seal of the Department of Agriculture.

[SEAL] PAUL H. APPLEBY,
Under Secretary of Agriculture.

[MQ-703-Cotton]

PART 722—COTTON[1]

MARKETING QUOTAS FOR THE 1943-1944 MARKETING YEAR

By virtue of the authority vested in the Secretary of Agriculture by Title III of the Agricultural Adjustment Act of 1938 (Public Law No. 430, 75th Congress, approved February 16, 1938; 52 Stat. 31, 7 U.S.C. 1301 et seq.), as amended, public notice is hereby given of the following regulations governing cotton marketing quotas for the 1943-1944 marketing year, which regulations shall be in force and effect until rescinded or suspended, or amended or superseded by regulations hereafter made under said Act.[2]

MISCELLANEOUS PROVISIONS AND DEFINITIONS

Sec.
722.511 Issuance of forms and instructions and definitions.

ALLOTMENTS AND YIELDS

722.512 National baleage allotment.
722.513 State baleage allotments and State acreage.
722.514 County acreage allotments.
722.515 Apportionment of acreage allotments among established farms.
722.516 Apportionment of acreage allotments among new farms.
722.517 Normal yields.
722.518 Applicability of detailed instructions.

FARM MARKETING QUOTAS

722.519 Farm marketing quotas.
722.520 Notice of farm marketing quotas.
722.521 Publication of farm acreage allotments, normal yields, and farm marketing quotas.
722.522 Marketing quotas in effect.
722.523 Successors-in-interest.
722.524 Marketing quotas not transferable.
722.525 Review of quotas.

MISCELLANEOUS PROVISIONS AND DEFINITIONS

§ 722.511 *Issuance of forms and instructions and definitions*—(a) *Issuance of forms and instructions.* The Chief of the Agricultural Adjustment Agency shall cause to be prepared and issued with his approval such instructions and such forms as may be required to carry out these regulations. Copies of such forms and necessary instructions shall be furnished free to persons needing them upon request made to the office of the appropriate county committee or the Chief of the Agricultural Adjustment Agency.

(b) *Definitions.* As used in these regulations and in all forms and documents

[1] Subpart E—1943.

[2] Unless otherwise indicated, all references in the text to sections relate to sections of these regulations. All section references at the end of sections relate to sections of the Agricultural Adjustment Act of 1938, as amended, and all paragraph references at the end of sections relate to Public Law 74, 77th Congress, approved May 26, 1941, 55 Stat. 203 (as amended by Public Law 374, 77th Congress, approved December 26, 1941, 55 Stat. 860, and Public Law 384, 77th Congress, approved December 26, 1941, 55 Stat. 872, and supplemented by Public Law 729, 77th Congress, approved October 2, 1942).

in connection therewith, unless the context or subject matter otherwise requires, the following terms shall have the following meanings and the masculine shall include the feminine and neuter genders and the singular shall include the plural number:

(1) "Act" means the Agricultural Adjustment Act of 1938, as amended, including Public Law 74, 77th Congress, approved May 26, 1941, Public Law 374, 77th Congress, approved December 26, 1941, Public Law 384, 77th Congress, approved December 26, 1941, Public Law 729, 77th Congress, approved October 2, 1942, and any other amendments heretofore or hereafter made.

(2) "Secretary of Agriculture" means the Secretary or Acting Secretary of Agriculture of the United States.

(3) "Administrator" means the Administrator or Acting Administrator of the Agricultural Conservation and Adjustment Administration of the United States Department of Agriculture.

(4) "Agricultural Adjustment Agency" means that part of the Agricultural Conservation and Adjustment Administration, which was formerly called the Agricultural Adjustment Administration and which is in charge of the administration of programs under sections 7 to 17, inclusive, of the Soil Conservation and Domestic Allotment Act (49 Stat. 1148), as amended (hereinafter referred to as the Soil Conservation and Domestic Allotment Act), and of marketing quotas and certain other programs carried out under the Agricultural Adjustment Act of 1938 and related legislation.

(5) "Chief" means the Chief of the Agricultural Adjustment Agency.

(6) "Regional Director" means the director or acting director of the division of the Agricultural Adjustment Agency for the particular region.

(7) "Southern Region" means the area included in the States of Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, Oklahoma, South Carolina, and Texas.

(8) "East Central Region" means the area included in the States of Delaware, Kentucky, Maryland, North Carolina, Tennessee, Virginia, and West Virginia.

(9) "Western Region" means the area included in the States of Arizona, California, Colorado, Idaho, Kansas, Montana, Nevada, New Mexico, North Dakota, Oregon, Utah, Washington, and Wyoming.

(10) "North Central Region" means the area included in the States of Illinois, Indiana, Iowa, Michigan, Minnesota, Missouri, Nebraska, Ohio, South Dakota, and Wisconsin.

(11) "State committee" means the group of persons designated within any State to assist in the administration of the Soil Conservation and Domestic Allotment Act.

(12) "Committee" means a committee, within and for a county or community, utilized under the Soil Conservation and Domestic Allotment Act. "County committee," "community committee," or "local committee" shall have corresponding meanings in the connection in which they are used.

(13) "Review committee" means the review committee appointed by the Secretary of Agriculture as provided in section 363 of the Act.

(14) "Person" means an individual, partnership, firm, joint-stock company, corporation, association, trust, estate, or other legal entity, or a State or an agency thereof. The term "person" shall include two or more persons having a joint or common interest.

(15) "Owner or landlord" means a person who owns farm land and rents such land to another person or who operates such land.

(16) "Cash tenant, standing-rent tenant, fixed-rent tenant" means a person who rents land from another for a fixed amount of cash or a commodity to be paid as rent.

(17) "Share tenant" means a person other than a sharecropper who rents land from another person and pays as rent a share of the crops or the proceeds thereof.

(18) "Sharecropper" means a person who works a farm in whole or in part under the general supervision of the operator and is entitled to receive for his labor a share of the crops produced thereon or the proceeds thereof.

(19) "Operator" means a person who as a landlord or cash tenant or standing-rent or fixed-rent tenant is operating a farm or who as a share tenant is operating a whole farm.

(20) "Producer or farmer" means a person who is entitled to a proportionate share of the cotton crop, or the proceeds thereof, produced on the farm in 1943, as owner, landlord, cash tenant, standing-rent tenant, fixed-rent tenant, share tenant, or sharecropper. The term "producer" or "farmer" also includes a person who as a laborer on a farm instead of receiving daily or other cash wages for his labor receives either all the cotton produced by him or another on an agreed or specified acreage or all the cotton produced on an agreed or specified portion of the acreage cultivated by him or another.

(21) "Buyer" means a person who buys cotton from a producer.

(22) "Transferee" means a person who receives cotton from a producer by barter or exchange or by gift *inter vivos*.

(23) "Ginner" means a person who gins cotton.

(24) "Treasurer of the county committee" means the treasurer of the county agricultural conservation association or of the county committee, as the case may be.

(25) "Farm" means all adjacent or nearby farm or range land under the same ownership which is operated by one person, including also:

(i) Any other adjacent or nearby farm or range land which the county committee, in accordance with instructions issued by the Agricultural Conservation and Adjustment Administration, determines is operated by the same person as part of the same unit in producing range livestock or with respect to the rotation of crops and with workstock, farm machinery, and labor substantially separate from that for any other lands; and

(ii) Any field-rented tract (whether operated by the same or another person) which, together with any other land included in the farm, constitutes a unit with respect to the rotation of crops.

A farm shall be regarded as located in the county or administrative area, as the case may be, in which the principal dwelling is situated, or if there is no dwelling thereon it shall be regarded as located in the county or administrative area, as the case may be, in which the major portion of the farm is located.

(26) "Farm marketing quota" means a cotton marketing quota established for a farm under section 346 (a) of the Act.

(27) "Producer marketing quota" means a producer's share of a farm marketing quota.

(28) "Farm acreage allotment" means a cotton acreage allotment established for a farm under § 722.515 or § 722.516.

(29) "Normal yield." The number of pounds of lint cotton established as the normal yield per acre for the farm in accordance with § 722.517.

(30) "Actual production" means the actual average yield per acre of lint cotton for the farm for 1943 times any number of acres.

(31) Normal production' means the normal yield per acre of lint cotton for the farm times a number of acres.

(32) "Cotton" means any cotton other than long staple cotton.

(33) "Long staple cotton" means cotton the staple of which is 1⅛ inches or more in length.

(34) "Lint cotton" means the fiber taken from seed cotton by ginning.

(35) "Seed cotton" means the harvested fruit of the cotton plant before it is ginned.

(36) "Ginning" means separating lint cotton from the seed.

(37) "Market" means to dispose of cotton in raw or processed form by voluntary or involuntary sale, barter, or exchange, or by gift *inter vivos*.

(i) The term "sale" means any transfer of title to cotton by its producer to another person by any means other than barter or exchange or gift *inter vivos*.

(ii) The terms "barter" and "exchange" mean the transfer of title to cotton by its producer to another person in return for cotton or any other commodity, service, or property in cases where the value of the cotton or such other commodity, service, or property is not considered in terms of money, or the transfer of title to cotton by its producer to another person in payment of a fixed rental or other charge for land.

(iii) The term "gift *inter vivos*" means any transfer of title, accompanied by delivery, to cotton by its producer to another person which takes effect immediately and irrevocably and is made without any consideration or compensation therefor.

(iv) The terms "marketed," "marketing," and "for market" shall have corresponding meanings to the term "mar-

ket" in the connection in which they are used.

(38) "Marketing year" means the period beginning on August 1, 1943, and ending with July 31, 1944, both dates inclusive.

(39) "Penalty" means, with respect to cotton produced in any calendar year prior to 1941, the penalty provided in section 348 of the Act. With respect to cotton produced in 1941 or any subsequent year, it means the penalty provided in paragraph numbered (9) of Public Law 74, 77th Congress, approved May 26, 1941 (55 Stat. 203), as supplemented by Public Law 729, 77th Congress, approved October 2, 1942.

(40) "State and county code number" means the applicable number assigned by the Agricultural Adjustment Agency to each county for the purpose of identification.

(41) "Serial number of the farm or farm serial number" means the serial number assigned to a farm.

(42) "Gin bale number or mark" means the number on the bale tag or any other mark made or used by the ginner to identify a bale of cotton.

(43) "Underplanted farm" means a farm on which the acreage planted to cotton in 1943 is not in excess of the farm acreage allotment established therefor.

(44) "Overplanted farm" means a farm on which the acreage planted to cotton in 1943 is in excess of the farm acreage allotment established therefor.

(45) "Carry-over penalty cotton" means the amount of unmarketed cotton from any previous crop which the producer thereof has on hand which, if marketed during the 1942–1943 marketing year, would have been subject to the penalty.

(46) "Carry-over penalty free cotton" means the amount of unmarketed cotton from any previous crop which the producer thereof has on hand which, if marketed during the 1942–1943 marketing year, would not have been subject to the penalty. (Sec. 375, 52 Stat. 66)

ALLOTMENTS AND YIELDS

§ 722.512 *National baleage allotment.* The national allotment of cotton for the calendar year beginning January 1, 1943, is 10,000,000 standard bales of 500 pounds gross weight, increased by that number of standard bales of 500 pounds gross weight equal to the production in 1943 of that number of acres required to be allotted for 1943 as set forth in § 722.513 (c), relating to minimum State acreage allotments, and in § 722.514 (a), relating to minimum county acreage allotments. The production in 1943 of the acreage allotments referred to in § 722.513 (e), relating to a special fund of acreage allotments consisting of four percent of the State acreage allotment, and in § 722.513 (f), relating to minimum farm acreage allotments, shall be in addition to such national allotment. (Sec. 343 (a), (b), and (c), 52 Stat. 56, as amended by 53 Stat. 1125)

§ 722.513 *State baleage allotments and State acreage*—(a) *State baleage allotment.* Ten million standard bales of the national baleage allotment of cotton for the calendar year 1943 shall be apportioned among the several States on the basis of the average of the normal production of cotton in each State for the five years 1937 to 1941. The normal production of a State for each such year shall be (1) the quantity of cotton produced therein in such year plus (2) the normal production of the acres diverted from the production of cotton in all counties in the State under the agricultural adjustment or conservation program in such year. The normal production of the acres diverted from the production of cotton in any county in any year shall be the average yield per acre of the acres planted to cotton in such county in such year times the number of acres so diverted in such county in such year. (Sec. 344 (a), 52 Stat. 57)

(b) *State acreage allotment.* A State acreage allotment shall be established for each State to which an allotment is made under paragraph (a). The State acreage allotment shall be that number of acres equal to the result obtained by dividing the number of standard bales allotted to the State under paragraph (a) by the average yield per acre for the State expressed in standard bales. The average yield per acre for any State shall be determined on the basis of the average of the normal production for the State for the five years 1937 to 1941 and the average, for the same period, of the acres diverted from the production of cotton in the State under the agricultural adjustment or conservation programs and the acres planted to cotton. (Sec. 344 (b), 52 Stat. 57)

(c) *Minimum State acreage allotment.* Notwithstanding the foregoing provisions of this section, the State acreage allotment for any State which is less than 5,000 acres shall be increased to 5,000 acres if at least 3,500 bales of cotton were produced in such State in any of the five years 1938 to 1942. (Sec. 344 (c) (2), 52 Stat. 58)

(d) *State acreage reserve for new farms.* An acreage not greater than one percent of the State acreage allotment shall be made available for apportionment to farms in the State on which cotton was not planted in any one of the three years 1940, 1941, and 1942. (Sec. 344 (c) (2), 52 Stat. 57)

(e) *Special State acreage allotment of four percent of State acreage allotment.* In addition to the State acreage allotment, a special State acreage allotment (hereinafter referred to as the "four-percent State reserve") equal to four percent of the State acreage allotment shall be established for each State for apportionment as set forth in § 722.515 (a), (b), (d), (e), and (f). (Sec. 344 (g), 52 Stat. 203)

(f) *Increases to provide for minimum farm acreage allotments.* There shall be available in each State for allotment to farms that number of acres equal to the total amount by which farm acreage allotments in the State are increased as set forth in § 722.515 (h), relating to certain minimum and maximum farm acreage allotments. This increase shall be in addition to the State acreage allotment and the four-percent State reserve. (Sec. 344 (h), 52 Stat. 57, 203, and 586, and 53 Stat. 512, 853)

§ 722.514 *County acreage allotments*—(a) *Regular county acreage allotments.* The State acreage allotment (less that part set aside under § 722.513 (d) for apportionment to new farms) shall be apportioned among the counties in the State on the basis of the sum of (1) the acreage therein planted to cotton during the five years 1937 to 1941 and (2), in the applicable years, the acreage therein diverted from the production of cotton under agricultural adjustment and conservation programs, with adjustments for abnormal weather conditions and trends in acreage, during such five-year period. The acreage allotment for each county to which an allotment is so apportioned shall be increased by the number of acres, if any, required to provide an acreage allotment for each such county of not less than 60 percent of the sum of (i) the acreage therein planted to cotton in 1937 and (ii) the acreage therein diverted from the production of cotton in 1937 under the agricultural conservation program. (Sec. 344 (c) (1), Sec. 344 (e) (1), 52 Stat. 57 and 58)

(b) *Administrative areas.* If in any county there are one or more areas which, because of difference in types, kinds, and productivity of the soil or other conditions, should be treated separately in order to prevent discrimination, each such area shall, in accordance with applicable instructions, be designated by the county committee as an administrative area, and the county acreage allotment shall be apportioned among such areas (1) on the basis of the acreage in each such area planted to cotton in 1937 plus the acreage therein diverted from the production of cotton in 1937 under the agricultural conservation program or (2), if conditions affecting the acreage planted to cotton were not reasonably uniform throughout the county in 1937, on the basis of the cotton base acreage in each such area which was or could have been established in 1937 under the agricultural conservation program. (Sec. 344 (f), 52 Stat. 57, 203, 586)

§ 722.515 *Apportionment of acreage allotments among established farms*—(a) *Acreage available for allotment.* The county committee, with the assistance of other local committees established in the county, shall apportion, in the manner set forth in this section, acreage allotments among all farms in the county on which cotton was planted in any one or more of the three years 1940 to 1942. The acreage allotments to be apportioned among such farms shall consist of (1) the regular county acreage allotment, consisting of an apportionment of the State acreage allotment made to the county, with such increase in the county acreage allotment as is necessary to provide for the county a minimum acreage allotment of not less than 60 percent of the planted plus diverted cotton acreage in the county in 1937, plus any acreage apportioned to the county from the four-percent State reserve in supplementing county allotments which are

determined, in accordance with applicable instructions, to be inadequate and unrepresentative, and (2) a distributive part, applicable to the county, of the four-percent State reserve. This distributive part shall be the sum of the acreage allotted to farms in the county, insofar as the amount of the four-percent State reserve will permit, under the following conditions in the order listed: (i) in supplying any deficiency in the regular county acreage allotment for the making of initial acreage allotments not exceeding five acres for each such farm; (ii) in supplementing any acreage allotment made to any farm out of the regular county acreage allotment which, in consequence of the making of such initial acreage allotments, is inadequate and unrepresentative, and (iii) in supplementing any acreage allotment made to any farm under this section which the county committee determines, in accordance with applicable instructions, is inadequate and unrepresentative. The committee shall not establish any farm acreage allotment which is not covered by the allotments mentioned above, except that after but not before the apportionment among farms of all the allotments mentioned above in this paragraph an additional farm acreage allotment shall be made, as set forth in paragraph (h), to any farm in respect to which the acreage allotment otherwise made is less than the minimum acreage allotment set forth in paragraph (h). The term "planted plus diverted cotton acreage", as used in this section, shall be taken to mean the sum of the acreage planted to cotton and the acreage diverted from cotton production under agricultural adjustment or conservation programs. (Sec. 344 (d), (e), (f), (g), (h), 52 Stat. 58, 203, and 586)

(b) *Initial farm acreage allotments.* The regular county acreage allotment shall be first apportioned among farms on which cotton was planted in any one or more of the three years 1940 to 1942, and in making such apportionment there shall be first established for each such farm an initial acreage allotment equal to the highest planted plus diverted cotton acreage on the farm in any of the three years 1940 to 1942: *Provided*, That no initial allotment shall exceed five acres for any such farm. These allotments shall be known as initial allotments and are referred to accordingly in this section. Any deficiency in the amount of the regular county acreage allotment for the making of such initial allotments shall be supplied by the use of the four-percent State reserve insofar as such reserve will permit for the county. (Sec. 344 (d) (1), sec. 344 (g) (1), 52 Stat. 58 and 203)

(c) *Reserve for small farms.* In the event that the regular county acreage allotment is more than sufficient to make the initial allotments, there shall be set aside for increase of allotments to small farms, as set forth in paragraph (g), an amount of not more than three percent of that amount of the regular county acreage allotment which remains after making the initial allotments. (Sec. 344 (d) (2), 52 Stat. 58)

(d) *Apportionment on the basis of tilled land.* The remainder of the regular county acreage allotment, plus the additional allotment, if any, made to the county from the four-percent State reserve pursuant to paragraph (a), shall be apportioned among all farms on which the highest planted plus diverted cotton acreage in any of the three years 1940 to 1942 was more than five acres. The acreage thus to be apportioned to each such farm shall, together with the initial allotment made to the farm, be a percentage (which shall be the same percentage for all farms in the county or administrative area within the county) of the acreage on the farm in 1942 which was tilled or was in regular rotation, excluding therefrom the acreage devoted to the production of sugarcane for sugar, wheat, tobacco, or rice for market, or of wheat or rice for feeding to livestock for market. (Sec. 344 (d) (3), 52 Stat. 58)

(e) *Increases as a result of making initial farm acreage allotments.* If as a result of the making of initial allotments, the farm acreage allotments for farms made in accordance with paragraph (d) are substantially smaller than the farm acreage allotments which would have been made without regard to any provision for the making of initial allotments, the farm acreage allotments to such farms shall be increased to the acreage which would have resulted in the absence of any provision for the making of initial allotments, insofar as the remainder, if any, of the four-percent State reserve will permit for the county after the making of initial allotments. (Sec. 344 (g) (2), 52 Stat. 203 and 53 Stat. 853)

(f) *Increases in view of past production.* After allotments have been made from the four-percent State reserve as provided in paragraphs (b) and (e), one-half of the remainder, if any, of such reserve, less the additional allotment, if any, made to all counties in the State from the four-percent State reserve pursuant to paragraph (a), shall be apportioned to farms for which the acreage allotment otherwise determined is less than 50 percent of the planted plus diverted cotton acreage on the farm in 1937, and the other one-half of the remainder, if any, of such reserve shall be available for increasing the allotments for any farms which are determined, in accordance with applicable instructions, to be inadequate and not representative in view of past production on the farm: *Provided*, That the cotton acreage allotment for any farm shall not be increased under this paragraph (f) above 40 percent of the acreage on such farm in 1942 which was tilled or was in regular rotation. (Sec. 344 (g) (3), 52 Stat. 203 and 53 Stat. 853)

(g) *Distribution of reserve for small farms.* Any farm acreage allotment made as aforesaid of more than five acres, but not exceeding 15 acres, may be increased from the reserve of not more than three percent of the county acreage allotment mentioned in paragraph (c). In making such increase due consideration shall be given to, and such allotments shall be made on the basis of, the land, labor, and equipment available for the production of cotton, crop-rotation practices, and the soil and other physical facilities affecting the production of cotton. (Sec. 344 (d) (2), 52 Stat. 58)

(h) *Certain minimum and maximum farm acreage allotments.* Notwithstanding the foregoing provisions of this section, (1) the farm acreage allotment made to any farm shall not exceed the highest planted plus diverted cotton acreage in any of the three years 1940 to 1942 and (2) any farm acreage allotment which after but not before the apportionment of all acreage allotments, as provided in the foregoing paragraphs of this section, is less than 50 percent of the planted plus diverted cotton acreage on the farm in 1937 shall be increased to such amount, provided that such increase shall not be so made as to raise the farm acreage allotment above 40 percent of the acreage on the farm which in 1942 was tilled or was in regular rotation. The acreage allotments required to effect this minimum provision shall be in addition to all acreage allotments represented by the regular county acreage allotment and by the four-percent State reserve. (Sec. 344 (d) (3), (g), and (h), 52 Stat. 58, 203, and 586 and 53 Stat. 512 and 853)

(i) *Use of 1942 allotment for 1943.* Notwithstanding any other provision of this section, in accordance with instructions issued by the Agricultural Adjustment Agency (Cotton 708—Part I for the particular region), the 1943 farm acreage allotment shall be the 1942 acreage allotment adjusted for any change in tilled acreage or highest planted plus diverted cotton acreage. (Sec. 344 (d)–(i), 52 Stat. 58, 203, 204, 586, and 53 Stat. 512, 853)

(j) *Reallocation of allotments due to displacement of producers.* Except as provided in the next succeeding paragraph, the cotton allotment for any land which is removed from agricultural production because of acquisition by a State or Federal agency or for use in connection with the war effort shall be available to the State committee for use in providing equitable allotments for farms on which cotton was grown in one or more of the three years 1940 through 1942 and which are operated by persons who were producers of such crop on the land so removed from agricultural production. Insofar as possible the allotments for farms operated by such persons shall compare with the allotments for other farms in the locality taking into consideration the allotment for the land removed from agricultural production.

The cotton allotment determined, or which would have been determined, for any land acquired in 1940 or thereafter by any Federal agency for war purposes shall be placed in a State pool and shall be used only for making equitable allotments for farms owned or acquired by owners dispossessed by a Federal agency because of acquisition of the farm for war purposes. The allotment made for any such farm, including farms on which cotton was not planted during any of the three years 1940 through 1942, shall compare with the allotments established for other farms in the same area which are similar except for the past acreage of cotton, taking into consideration the character and adaptability of the soil and other physical facilities affecting the production of cotton. (Sec. 344 (j), 56 Stat. 52)

(k) *Reapportionment of unused farm acreage allotments.* After making the allotments under this section, any part of the acreage allotted to individual farms which it is determined, in accordance with applicable instructions in Cotton 708, will not be planted to cotton in 1943 shall be deducted from the allotments to such farms and may be apportioned in accordance with said instructions, preference being given to farms in the same county receiving allotments which are inadequate and not representative in view of the past production of cotton on each farm. Notwithstanding the foregoing provisions of this paragraph, the acreage shall be apportioned to those farms designated by the county committee. In designating the farm to which the apportionment is to be made, the county committee shall consider only the character and adaptability of the soil and other physical facilities affecting the production of cotton and the need of the operator of such farm for an additional allotment to meet the requirements of the families engaged in the production of cotton in 1943 on the farm. Any transfer of allotments for 1943 as set forth in this paragraph shall not affect apportionment for any subsequent year. (Sec. 344 (h), 52 Stat. 57, 203, 586, and 53 Stat. 512, 853)

§ 722.516 *Apportionment of acreage allotments among new farms.* The county committee, with the assistance of other local committees, shall, in accordance with applicable instructions in Cotton 708, apportion among farms for which an application for a farm acreage allotment was made in writing within the time limit prescribed therefor by the Agricultural Adjustment Agency and on which cotton was not planted in any of the three years 1940 to 1942 and on which cotton will be planted in 1943 the distributive part, applicable to the county, of acreage allotments which constitute a reserve of not more than one percent of the State acreage allotment. The basis of the apportionment shall be the land, labor, and equipment available on the farm for the production of cotton, crop-rotation practices, and the soil and other physical facilities affecting the production of cotton thereon, taking into consideration the applicant's intention to plant cotton in 1943 on the farm. As a reflection of the several factors to be taken into consideration, the acreage on the farm which was tilled in 1942 or will be tilled in 1943, as determined by the county committee, will be the basic index of the farm's capacity for cotton production: *Provided*, That the allotment shall not exceed an acreage equal to 50 percent of the county percentage factor, determined under paragraph (d), times the tilled acreage in the farm used in determining the cotton acreage allotment, except that (a), for any such farm with respect to which the county committee's recommendation of an allotment is less than three acres, such recommendation shall be the cotton acreage allotment for the farm if the State reserve for new farms is sufficient therefor, or for any such farm with respect to which the county committee's recommendation of an allotment is three acres or more the allotment for the farm shall not be less than three acres if the State reserve for new farms is sufficient therefor, taking into consideration also the local committee's recommendation, and (b) for a farm on which the operator was, in 1942, a producer of cotton on land subsequently removed from agricultural production because of acquisition by a State or Federal agency for use in connection with the National Defense Program, the county cotton factor times the tilled acreage for the farm may be regarded as the basic index for the farm's capacity for cotton production. (Sec. 344 (c) (2), 52 Stat. 57)

§ 722.517 *Normal yields.* A normal yield per acre of lint cotton shall be determined for each farm for which a farm acreage allotment is established as follows:

(a) *Yields based on reliable records.* Where reliable records of the actual average yield of lint cotton per acre for all of the five years 1937 to 1941 are presented by the farmer or are available to the committee, the normal yield per acre of lint cotton for the farm shall be the average of such yields, adjusted, in accordance with applicable instructions in Cotton 708, for abnormal weather conditions.

(b) *Appraised yields.* If for any year of the five-year period 1937 to 1941 (1) records of the actual average yield are not available, or (2) there was no actual yield because cotton was not planted in such year, the normal yield per acre of lint cotton for the farm shall be appraised by the county committee, taking into consideration the normal yield for the county, the yield in the years for which data are available, and the rainfall, temperature, and other weather conditions during the years for which data are available as compared with those for which data are not available, provided the appraised yield so obtained shall be adjusted in accordance with paragraph (c).

(c) *Adjustments in appraised yields.* The yields determined under this section shall be adjusted so that the average of the normal yields per acre of lint cotton determined for all farms in the county (weighted by the cotton acreage allotments established for such farms) shall conform to but not exceed the county normal yield per acre of lint cotton established for 1943 by the Secretary of Agriculture. (Sec. 301 (b) (13) (B) and (E), 52 Stat. 38, 202)

§ 722.518 *Applicability of detailed instructions.* The provisions of §§ 722.512 through 722.517 shall be carried out in detail in accordance with the provisions of Part I, "Instructions for Determining 1943 Farm Cotton Acreage Allotments and Normal Yields", of the following instructions applicable to the regions indicated below:

Southern Region: Cotton 708–SR, "Instructions Pertaining to Cotton Marketing Quotas for 1943".

East Central Region: Cotton 708–ECR, "Instructions Pertaining to Cotton Marketing Quotas for 1943".

Western Region: Cotton 708–WR, "Instructions Pertaining to Cotton Marketing Quotas for 1943".

North Central Region; Cotton 708–NCR, "Instructions Pertaining to Cotton Marketing Quotas for 1943". (Sec. 375, 52 Stat. 66)

FARM MARKETING QUOTAS

§ 722.519 *Farm marketing quotas*—(a) *Amount of farm marketing quota.* The farm marketing quota for any farm for the 1943–1944 marketing years shall be that number of pounds of lint cotton equal to the sum of the following: (1) the amount of the normal production or the actual production, whichever is the greater, of the farm acreage allotment, and (2) the amount of any carry-over penalty free cotton.

(b) *Initial farm marketing quotas.* Notwithstanding any other provisions of this section, the amount of the normal production of the farm acreage allotment, plus the amount of any carry-over penalty free cotton, shall be the farm marketing quota for any farm unless and until it is determined by the county committee that the actual production in 1943 of the farm acreage allotment therefor is in excess of the normal production thereof. If the owner or operator refuses to permit measurements for any farm, the farm marketing quota therefor shall be the normal production of the farm acreage allotment therefor, plus the amount of carry-over penalty free cotton.

(c) *Farm marketing quotas based on actual production.* When the actual production in 1943 of the farm acreage allotment for any farm, as shown by satisfactory evidence such as the reports of cotton ginned from or produced on the farm, is found by the county committee to be in excess of the normal production of the farm acreage allotment, the farm marketing quota for the farm shall be adjusted upward by the amount by which the actual production of the farm acreage allotment exceeds the normal production thereof. Such adjustment shall be made as soon as practicable after all cotton produced on the farm in 1943 is harvested and satisfactory records pertaining to the amount thereof are presented to the county committee; however, intermediate adjustments for any farm may be made earlier if the adjustment is requested by the operator of the farm and determined by the county committee to be justifiable on the basis of the amount of cotton produced on the farm in 1943 that is harvested at the time of the request. (Sec. 346 (a), 52 Stat. 59)

(d) *Conversion of carry-over penalty cotton.* The amount of unmarketed cotton at the end of the 1942–1943 marketing year which, if marketed during that marketing year, would have been subject to penalty at a rate per pound less than

the penalty rate applicable to cotton of the 1943 crop shall, for the purposes of these regulations, be regarded as having been converted, on the basis of the rate of penalty applicable to cotton of the 1943 crop, into such an amount thereof as is subject to such rate of penalty and such an amount thereof as is henceforth not subject to any penalty. The conversion is made by taking as carry-over penalty cotton subject to the rate of penalty applicable to cotton of the 1943 crop an amount of such unmarketed cotton which bears the same ratio to the total amount thereof as the lower rate of penalty bears to the rate of penalty applicable to the 1942 crop and by taking as carry-over penalty free cotton the remainder of such unmarketed cotton.

§ 722.520 *Notice of farm marketing quotas.* Immediately upon the establishment of farm acreage allotments and the determination of normal yields per acre of lint cotton for farms in a county or other local administrative area, the county committee shall mail or deliver directly to the operator of each farm a written notice of the farm marketing quota for the farm. The notice shall contain the following statement: "To all persons who as operator, landlord, tenant, or sharecropper are interested in the above-described farm" (the farm for which the quota is established). Notice so given shall constitute notice to all such persons. The notice shall contain the amount of the farm acreage allotment and normal yield for the farm, together with a brief statement of the manner in which the amount of the farm marketing quota is determined pursuant to § 722.519. The notice shall contain also a brief statement of the procedure whereby application for review of the quota may be made under section 363 of the Act. A copy of each notice, containing a notation thereon of the date of mailing or delivering the notice to the operator of the farm, shall be kept among the permanent records of the county committee, and upon request a copy thereof, duly certified as true and correct, shall be furnished without charge to any person who as operator, landlord, tenant, or sharecropper is interested in the cotton produced in 1943 on the farm for which the notice is given. The county committee shall also mail or deliver directly to the operator of each new cotton farm for which it determines that no farm marketing quota will be established a similar written notice, informing the producers on such farm of its determination. (Sec. 362, 52 Stat. 62)

§ 722.521 *Publication of farm acreage allotments, normal yields, and farm marketing quotas.* One copy of each notice of the farm marketing quota for farms in a county shall be placed in binders or folders and posted in the office of the county committee in a manner that will make the copies of the notices freely available for public inspection for a period of not less than 30 calendar days. At the end of such period the copies of the notices shall be filed in the office of the county committee and remain readily available for further public inspection. (Sec. 362, 52 Stat. 62)

§ 722.522 *Marketing quotas in effect.* Marketing quotas shall be in effect during the 1943–1944 marketing year with respect to the marketing of cotton. Cotton produced in the calendar year 1943 shall be subject to the quotas in effect, notwithstanding that it may be marketed prior to August 1, 1943. (Secs. 345 and 347, 52 Stat. 58 and 59)

§ 722.523 *Successors-in-interest.* Any person who succeeds to the interest of a producer in a farm, or in a cotton crop, or in cotton for which a farm marketing quota was established shall, to the same extent as his predecessor, be entitled to all the rights and privileges incident to such marketing quota and be subject to the restrictions on the marketing of cotton. (Sec. 375 (b), 52 Stat. 66)

§ 722.524 *Marketing quotas not transferable.* A farm marketing quota is established for a farm and may not be assigned or otherwise transferred in whole or in part to any other farm. (Sec. 375 (b), 52 Stat. 66)

§ 722.525 *Review of quotas*—(a) *Review committees.* Any producer who is dissatisfied with the farm marketing quota established for his farm, or, in the case of a new cotton farm, with the action of the county committee in refusing to establish a farm marketing quota for such farm, may, by making written application within 15 calendar days after the mailing or delivery directly to him of the notice provided for in § 722.520, have such quota or determination reviewed by a local review committee composed of three farmers appointed by the Secretary of Agriculture. The review committee shall, upon proper application, review the action of the county committee. The review committee in determining any farm marketing quota shall, to the same extent as the county committee, be limited to the establishment of a farm marketing quota in the amount which, under the law and these regulations, should have been established. Unless such application is made within 15 days the original determination of the farm marketing quota shall be final so far as concerns the producers involved. All applications for review shall be made in accordance with the Review Regulations (38–AAA–2, Revised) issued by the Secretary of Agriculture. (Secs. 363 and 364, 52 Stat. 63)

(b) *Court review.* If the producer is dissatisfied with the determination of the review committee, he may, within 15 days after the notice is mailed to him by registered mail, institute proceedings against the review committee to have the determination of the review committee reviewed of a court in accordance with section 365 of the Act. (Secs. 365 and 366, 52 Stat. 63)

Done at Washington, D. C., this 31st day of December 1942. Witness my hand and the seal of the Department of Agriculture.

[SEAL] CLAUDE R. WICKARD,
Secretary of Agriculture.

[Tobacco 703, Part I]

PART 724—BURLEY TOBACCO

PROCEDURE FOR THE DETERMINATION OF ACREAGE ALLOTMENTS AND NORMAL YIELDS FOR 1943

By virtue of the authority vested in the Secretary of Agriculture by Title III of the Agricultural Adjustment Act of 1938, as amended, he does hereby make, prescribe, publish, and give public notice of the foregoing Part I of the Marketing quota Regulations for Burley tobacco for the 1943–44 Marketing Year, consisting of Procedure for Determination of Farm Acreage Allotments for 1943 to be in force and effect for said marketing year until amended or superseded by regulations hereafter made by the Secretary of Agriculture under said Act.

GENERAL

Sec.
724.511 Definitions.
724.512 Extent of calculations and rule of fractions.
724.513 Instructions and forms.
724.514 Applicability of procedure.

ACREAGE ALLOTMENTS AND NORMAL YIELDS FOR OLD FARMS

724.515 Determination of acreage allotments for old farms.
724.516 Reduction of acreage allotments for violations of 1942–43 Marketing Quota Regulations.
724.517 Allotments by county committees.
724.518 Reallocation of retired farm allotments.
724.519 Farms subdivided or combined by reconstitution.
724.520 Determination of normal yields.

ACREAGE ALLOTMENTS AND NORMAL YIELDS FOR NEW FARMS

724.521 Determination of acreage allotments for new farms.
724.522 Time for filing application.
724.523 Determination of normal yields.

AUTHORITY: §§ 724.511 to 724.523, inclusive, are issued under authority contained in 52 Stat. 38, 47, 54 Stat. 392, 53 Stat. 1261, 56 Stat. 51, 7 U.S.C. 1940 ed. 1301 (b) 1313, 52 Stat. 66, 7 U.S.C. 1940 ed. 1375 (a).

GENERAL

§ 724.511 *Definitions.* As used in this procedure and in all instructions, forms, and documents in connection therewith, the words and phrases defined in this section shall have the meanings herein assigned to them, unless the context or subject-matter otherwise requires.

(a) "Burley Allotment Procedure for 1943" means this Tobacco 703 (Burley).

(b) "County committee" means the group of persons elected within any county to assist in the administration of the Agricultural Conservation Programs in such county.

(c) "New farm" means a farm on which tobacco was not produced in any of the five years 1938 to 1942 but on which tobacco will be produced in 1943.

(d) "Old farm" means a farm on which tobacco was produced in one or more of the five years 1938 to 1942 and on which tobacco will be produced in 1943.

(e) "Operator" means the person who is in charge of the supervision and conduct of the farming operations on the entire farm.

(f) "Person" means an individual, partnership, association, corporation, estate or trust or other business enterprise or other legal entity and wherever applicable, a State, a political subdivision of a State or any agency thereof.

(g) "State committee" means the group of persons designated within any state to assist in the administration of the Agricultural Conservation Programs in such State.

(h) "Tobacco" means Burley tobacco as classified in Service and Regulatory Announcement No. 118 of the Bureau of Agricultural Economics of the United States Department of Agriculture, as type 31.

§ 724.512 *Extent of calculations and rule of fractions.* (a) All percentages shall be calculated to the nearest whole percent. Fractions of more than fifty-hundredths of one percent shall be rounded upward, and fractions of fifty-hundredths of one percent or less shall be dropped. For example, 87.51 percent would become 88 percent and 87.50 percent would become 87 percent.

(b) All acreage shall be calculated to the nearest one-tenth of an acre. Fractions of more than fifty-thousandths of an acre shall be rounded upward, and fifty-thousandths of an acre or less shall be dropped. For example, 1.051 would become 1.1 and 1.050 would become 1.0.

§ 724.513 *Instructions and forms.* The Administrator of the Agricultural Conservation and Adjustment Administration of the United States Department of Agriculture shall cause to be prepared and issued with his approval such instructions and such forms as may be necessary or expedient for carrying out this procedure.

§ 724.514 *Applicability of procedure.* This allotment procedure for 1943 shall govern the establishment of farm acreage allotments and normal yields for Burley tobacco for use in connection with the 1943 Agricultural Conservation Program and in connection with farm marketing quotas for tobacco for the marketing year beginning October 1, 1943.

ACREAGE ALLOTMENTS AND NORMAL YIELDS FOR OLD FARMS

§ 724.515 *Determination of acreage allotments for old farms.* The tobacco acreage allotment for an old farm shall be 110% of the 1942 acreage allotment (corrected if found to be in error) for the farm plus any acreage by which such allotment was reduced for the marketing year beginning October 1, 1942, because of violation of the 1941–42 Marketing Quota Regulations except as adjusted in accordance with the provisions of §§ 724.516, 724.517 and 724.518 below: *Provided, however,* No acreage allotted to the farm in 1942 from the State pools, except the acreage allotted to a farm, the owner of which was dispossessed of another farm by the acquisition thereof by a Federal agency for national defense purposes, shall be used in determining the 1943 allotment. This provision shall not be construed to prohibit determining any allotment for 1943 under the provisions of § 724.518 (a) below. Notwithstanding the provisions of § 724.512 (b) hereof, all 1942 acreage allotments of five-tenths of one acre or less shall be increased one-tenth of one acre.

§ 724.516 *Reduction of acreage allotment for violations of the 1942–43 Marketing Quota Regulations.* If tobacco was sold or was permitted to be sold on a marketing card for any farm which was produced on a different farm the acreage allotment established for each such farm for 1943 shall be reduced by the amount of tobacco so marketed: *Provided,* That such reduction shall not be made if the Secretary, through the county committee, determines that no person connected with such farm during the 1942–43 marketing year caused, aided, or acquisced in such marketing. If proof of the disposition of any amount of tobacco produced on a farm is not furnished, as required by the Secretary, the acreage allotment shall be reduced by such amount of tobacco.

The amount of tobacco involved will be converted to an acreage basis by dividing such amount of tobacco by the actual yield for the farm during the year in which such tobacco was produced.

§ 724.517 *Allotments by county committees.* An amount not in excess of one-half of one percent of the 1942 acreage allotment for each State will be apportioned to the counties in the State on the basis of the percentage the county acreage allotment is of the State acreage allotment, unless otherwise recommended by the State committee and approved by the Regional Director. The acreage so apportioned to the county will be available for allotment by the county committee. A farm shall be eligible for allotment as provided hereunder (1) if the committee finds that the 1942 allotment for the farm is relatively smaller in relation to the land, labor and equipment available for the production of tobacco on the farm than the average of the allotments in relation to such factors on other farms in the county, or (2) if tobacco was harvested on the farm in 1942 and the acreage allotment for the farm was zero. In making the adjustment in the farm acreage allotment the county committee shall consider the past acreage of tobacco (harvested and diverted), the land, labor and equipment available for the production of tobacco, and crop rotation practices. In no event shall the amount of the adjustment of the acreage allotment for any farm under this provision be more than the larger of ten percent of the 1942 allotment or five-tenths of an acre: *Provided,* That in the case of any farm on which tobacco was harvested in 1942 for which no acreage allotment was established the committee may establish an allotment not exceeding five-tenths of an acre.

Any adjustment as provided above shall be subject to the approval of the State committee.

§ 724.518 *Reallocation of allotments released from farms removed from agricultural production.* (a) Except as provided in paragraph (b) of this section the tobacco allotment determined or which would have been determined for any land which is removed from agricultural production because of acquisition by a State or Federal agency for any purpose or by a person for use in connection with the national defense program shall be available to the State committee for use in providing equitable allotments for farms on which tobacco was grown in one or more of the three years, 1940 through 1942 and which are operated in 1943 by persons who were producers of tobacco on land so removed from agricultural production. In so far as possible the allotments for farms operated by such persons shall be comparable to the allotments for other old farms in the same community which are similar with respect to land, labor, and equipment available for the production of tobacco, crop-rotation practices, soil and other physical factors affecting the production of tobacco, taking into consideration the allotment for the land removed from agricultural production. The allotment so determined shall be subject to the approval of the State committee and shall not exceed the larger of (1) the 1943 allotment previously determined for such farm, or (2) the allotment which was or would have been determined for the land removed from agricultural production: *Provided,* That in no event shall the allotment so determined exceed the larger of 20 percent of the acreage of cropland in the farm or three acres.

(b) The allotment determined or which would have been determined for any land acquired on or since January 1, 1940, by any Federal agency for national defense purposes shall be placed in a State pool and shall be used in determining equitable allotments for farms owned or purchased by owners displaced because of acquisition of their farm by a Federal agency for national defense purposes. Upon application to the county committee, any owner so displaced shall be entitled to have an allotment for any one of the other farms owned or purchased by him, equal to an allotment which would have been determined for such other farm plus the allotment which would have been determined for the farm acquired by the Federal agency: *Provided,* That such allotment shall not exceed 20 percent of the acreage of cropland in the farm. The provisions of this paragraph shall not be applicable if (1) there is any marketing quota penalty due with respect to the marketing of tobacco from the farm or by the owner of the farm at the time of its acquisition by the Federal agency; (2) any tobacco produced on such farm has not been accounted for as required by the Secretary; or (3) if the allotment next to be established for the farm acquired by the Federal agency would have been reduced because of false or improper identification of tobacco produced on or marketed from such farm.

§ 724.519 *Farms subdivided or combined by reconstitution.* (a) If land operated as a single farm in 1942 or any previous year has subsequently been subdivided and will be operated in 1943 as two or more farms, the 1943 tobacco acreage allotment determined or which otherwise would have been determined for the entire farm shall be apportioned among the tracts in the same proportion

as the acreage of cropland suitable for the production of tobacco on each such tract in such year bore to the total number of acres of cropland suitable for the production of tobacco on the entire farm in such year unless otherwise recommended by the county committee and approved by the State committee.

(b) If two or more farms operated separately in 1942 or any previous year have subsequently been combined and will be operated in 1943 as a single farm, the 1943 allotment shall be the sum of the 1943 allotments determined or which otherwise would have been determined for each of the farms composing the combination.

§ 724.520 *Determination of normal yields.* The normal yield for any farm shall be that yield which the county committee determines is normal for the farm taking into consideration (1) the yields obtained on the farm during the years 1937–41; (2) the soil and other physical factors affecting the production of tobacco on the farm and (3) the yields obtained on other farms in the locality which are similar with respect to such factors. The weighted average of the normal yields for all farms in each county shall not exceed the normal yield established for the county in 1942, unless an adjustment for abnormal conditions is made by the Secretary upon recommendations of the State committee.

ACREAGE ALLOTMENTS AND YIELDS FOR NEW FARMS

§ 724.521 *Determination of acreage allotments for new farms.* The acreage allotment other than an allotment made under § 724.518 (b) for a new farm shall be that acreage which the county committee determines is fair and reasonable for the farm taking into consideration each of the following factors:

(1) The past tobacco experience of the farm operator;

(2) The acreage of cropland in the farm suitable for tobacco production;

(3) The acreage capacity of barns which are located on the farm and which are in usable condition and available for the curing of tobacco;

(4) The customary crop rotation practices; and

(5) The adaptability of the soil to the growing of tobacco;

Provided, That the acreage allotment so determined shall be subject to approval by the State committee and shall not exceed the smallest of (a) one-fifth of the total acreage of tobacco grown by the farm operator during the five years 1938 through 1942; (b) 75 percent of the average acreage allotment for old farms in the county; or (c) one acre.

Notwithstanding any other provisions of this section a tobacco acreage allotment shall not be established for any new farm unless the following conditions have been met:

(1) The farm operator shall have had two years or more experience in growing tobacco as a sharecropper, tenant, or as a farm operator during the past five years;

(2) The farm operator shall be living on the farm and largely dependent on this farm for his livelihood;

(3) The farm covered by the application shall be the only farm owned or operated by the farm operator on which any tobacco is produced; and

(4) No kind of tobacco other than Burley will be grown on such farm in 1943.

The acreage allotments established as provided in this section shall be subject to such downward adjustment as is necessary to bring such allotments in line with the total acreage available for allotment to all new farms. The acreage available for establishing allotments for new farms shall be one-tenth of one percent of the national allotment.

§ 724.522 *Time for filing application.* In order to obtain an allotment for a new tobacco farm in 1943, the operator of the farm shall file an application for such allotment with the county committee prior to February 1, 1943.

§ 724.523 *Determination of normal yields.* The normal yield for a new farm shall be that yield per acre which the local committee determines is reasonable for the farm as compared with yields for other farms in the locality on which the soil and other physical factors affecting the production of tobacco are similar.

Done at Washington, D. C., this 31st day of December 1942. Witness my hand and the seal of the Department of Agriculture.

[SEAL] PAUL H. APPLEBY,
Acting Secretary of Agriculture.

[F. R. Doc. 43-19; Filed, January 1, 1943; 11:19 a. m.]

PART 726—FIRE CURED AND DARK AIR-CURED TOBACCO

ACREAGE ALLOTMENTS, ETC., FOR 1943–44 MARKETING YEAR

The Secretary of Agriculture, acting under and pursuant to, and by virtue of the authority vested in him by section 313 of the Agricultural Adjustment Act of 1938, as amended, does hereby determine that:

§ 726.502 *Determination of the apportionment of the national marketing quota among States and determination of state yields per acre, and state acreage allotments for fire-cured tobacco for the 1943–44 marketing year.* The national quota for the 1943–44 marketing year, as proclaimed by the Secretary of Agriculture on November 28, 1942, is hereby apportioned among the States, and State yields per acre and State acreage allotments are hereby established in accordance with the following table:

State and new farms	Marketing quotas	Yields per acre	Acreage allotments
	(1,000 pounds)	*(pounds)*	*(acres)*
Virginia	12,198	900	14,181
Kentucky	26,472	840	31,201
Tennessee	29,243	900	33,651
Illinois	10	800	12
Missouri	9	900	10
New farms	68	858	79
Total U. S.	68,000	888	79,227

(52 Stat. 38 et seq.; 53 Stat. 1261; 7 U.S.C. 1301 et seq.)

Done at Washington, D. C. this 31st day of December, 1942. Witness my hand and the seal of the Department of Agriculture.

[SEAL] PAUL H. APPLEBY,
Acting Secretary of Agriculture.

[F. R. Doc. 43-20; Filed, January 1, 1943; 11:19 a. m.]

PART 726—FIRE-CURED AND DARK AIR-CURED TOBACCO

DARK AIR-CURED TOBACCO FOR 1943–44 MARKETING YEAR

The Secretary of Agriculture, acting under and pursuant to, and by virtue of the authority vested in him by section 313 of the Agricultural Adjustment Act of 1938, as amended, does hereby determine that:

§ 726.552 *Determination of the apportionment of national marketing quota among States and determination of State yields per acre, and State acreage allotments for dark air-cured tobacco for the 1943–44 marketing year.* The national quota for the 1943–44 marketing year, as proclaimed by the Secretary of Agriculture on November 28, 1942, is hereby apportioned among the States, and State yields per acre and State acreage allotments are hereby established in accordance with the following table:

State and new farms	Marketing quotas	Yields per acre	Acreage allotment
	(1,000 pounds)	*(pounds)*	*(acres)*
Kentucky	24,329	891	27,301
Tennessee	3,961	881	3,815
Indiana	276	861	320
Missouri	6	840	7
New Farms	28	889	31
Total U. S.	28,000	889	31,477

(52 Stat. 38 et seq.; 53 Stat. 1261; 7 U.S.C. 1301 et seq.)

Done at Washington, D. C. this 31st day of December 1942. Witness my hand and the seal of the Department of Agriculture.

[SEAL] PAUL H. APPLEBY,
Acting Secretary of Agriculture.

[F. R. Doc. 43-21; Filed, January 1, 1943; 11:19 a. m.]

PART 729—NATIONAL MARKETING QUOTA FOR PEANUTS

[MQ-703—Peanuts]

MARKETING QUOTAS FOR PEANUTS OF THE CROP PLANTED IN THE CALENDAR YEAR 1943

Pursuant to the authority vested in the Secretary of Agriculture by Title III of the Agricultural Adjustment Act of 1938, as amended, public notice is hereby given of the following regulations governing marketing quotas for peanuts of the crop planted in the calendar year 1943, which regulations shall be in force and effect until rescinded or suspended or amended or superseded by regulations hereafter made under said Act. (Authority Secs. 729.202 to 729.207, inclusive, issued under authority contained in 52 Stat. 38; 7 U. S. C., 1940 ed., 1301 *et seq.*, as amended.)

DEFINITIONS AND ISSUANCE OF FORMS AND INSTRUCTIONS

Sec.
729.202 Definitions.
729.203 Instructions and forms.

ALLOTMENTS AND YIELDS

729.204 Rule of fractions.
729.205 Determination of farm acreage allotments for 1943.
729.206 Normal yields.
729.207 Reconstituted farms.

DEFINITIONS AND ISSUANCE OF FORMS AND INSTRUCTIONS

§ 729.202 *Definitions.* As used in these regulations and in all instructions, forms, and documents, in connection therewith, unless the context or subject matter otherwise requires, the following terms shall have the following meanings:

(1) "Secretary" means the Secretary or the Acting Secretary of Agriculture of the United States.

(2) "State committee or State office" means the group of persons comprising the State Agricultural Conservation Committee appointed by the Secretary of Agriculture to assist within any State in the administration of the Soil Conservation and Domestic Allotment Act, or the office of such persons.

(3) "Committee" means a committee within a county or community utilized under the Soil Conservation and Domestic Allotment Act. "County Committee", "community committee", or "local committee" shall have corresponding meanings in the connection in which they are used.

(4) "Acreage of peanuts" means the acreage of land from which peanuts are harvested for nuts on any farm on which any peanuts are picked and threshed.

(5) "Farm" means any tract(s) of land considered as a farm under the provisions of the 1943 Agricultural Conservation Program issued pursuant to the Soil Conservation and Domestic Allotment Act.

(6) "Tillable acreage available for the production of peanuts." The acreage in the farm in 1942 which was tilled or was in regular rotation minus the sum of the acreages devoted to the production of sugarcane for sugar, wheat or rice for market or for feeding to livestock for market, cotton or tobacco for market.

§ 729.203 *Instructions and forms.* The Administrator of the Agricultural Conservation and Adjustment Administration of the United States Department of Agriculture shall cause to be prepared and issued with his approval such instructions and forms as may be necessary for carrying out these regulations.

ALLOTMENTS AND YIELDS

§ 729.204 *Rule of fractions.* All acreages shall be rounded to the nearest one tenth of an acre. All yields shall be rounded to the nearest whole pound.

§ 729.205 *Determination of farm acreage allotments for 1943.* Peanut allotments shall be determined for all farms for which a 1942 peanut allotment was determined and on which peanuts were produced during any of the three years 1940 through 1942, on the basis of the average acreage of peanuts grown on the farm in the three years 1940 through 1942, and the tillable acreage available for the production of peanuts on the farm, taking into consideration the peanut allotments determined for the farm under previous agricultural conservation programs and other crop allotments determined for the farm for 1943: *Provided, however*, That any acreage of peanuts harvested in excess of the 1941 or 1942 farm peanut allotment shall not be considered in determining the 1943 peanut allotment.

For those farms for which the 1942 peanut allotment reflects the above factors in accordance with conditions as applicable in 1943, the 1942 allotments may be used in determining 1943 allotments. The allotment for any farm shall compare with the allotments for other farms in the same community which are similar with respect to the foregoing factors. The peanut allotments determined for all farms in the State shall not exceed the State peanut allotment.

§ 729.206 *Normal yields*—(1) *Farms for which normal yields will be established.* The county committee with the assistance of the other local committees established in the county shall determine the normal yield per acre of peanuts for each farm for which a farm acreage allotment is determined.

(2) *Yields based on reliable records.* Where reliable records of the actual average yield of peanuts per acre for all of the five years 1937–1941 are presented by the farmer or are available to the committee, the normal yield for the farm shall be the average of such yields, adjusted, in accordance with applicable instructions, for abnormal weather condtions.

(3) *Appraised yields.* If for any year of the five-year period 1937–1941 (a) records of the actual average yield are not available, or (b) there was no actual yield because peanuts were not produced on the farm in such year, the normal yield for the farm shall be the yield which, on the basis of all available facts, including the yield in years for which data are available, abnormal weather conditions, type of soil, drainage, production practices, and general fertility of the land, the committee determines to be the yield which was or could reasonably have been expected on the farm for such five-year period, provided the appraised yield so obtained shall be adjusted in accordance with paragraph (4).

(4) *Adjustments in appraised yields.* The yields determined under paragraph (3) shall be adjusted so that the average of the normal yields determined for all farms in the county (weighted by the peanut acreage allotments established for such farms) shall conform to but not exceed the county normal yield per acre of peanuts established for 1943 by the Secretary of Agriculture.

§ 729.207 *Reconstituted farms.* (1) If land operated as a single farm in 1942 is subdivided for 1943 into two or more tracts, the 1943 peanut allotment determined for the farm as constituted in 1942 shall be apportioned among the tracts in the same proportion as the acreage of cropland suitable for the production of peanuts on each tract is of the total number of acres of cropland suitable for the production of peanuts on the farm prior to the division, unless otherwise recommended by the county committee and approved by the State committee.

(2) If two or more farms which were operated separately in 1942 are combined into a single farm for 1943, the 1943 allotment shall be the sum of the 1943 allotments for each of the farms contained in the combination.

Done at Washington, D. C. this 31st day of December 1942. Witness my hand and the seal of the Department of Agriculture.

[SEAL] CLAUDE R. WICKARD,
Secretary of Agriculture.

[F. R. Doc. 43-85; Filed, January 1, 1943; 4:02 p. m.]

[Peanuts 731]

PART 729—NATIONAL MARKETING QUOTA FOR PEANUTS[1]

1943 COUNTY NORMAL YIELDS

Pursuant to the authority vested in the Secretary of Agriculture under the Agricultural Adjustment Act of 1938, as amended, there are hereby established the following county normal yields of peanuts per acre applicable with respect to the crop produced in the calendar year 1943:

§ 729.243 *1943 county normal peanut yields.* Counties and 1943 normal yields of peanuts per acre in pounds:

Alabama: Autauga, 606; Baldwin, 523; Barbour, 582; Bibb, 598; Blount, 587; Bullock, 527; Butler, 640; Calhoun, 628; Chambers, 522; Cherokee, 562; Chilton, 583; Choctaw, 420; Clarke, 451; Clay, 543; Cleburne, 689; Coffee, 788; Colbert, 586; Conecuh, 642; Coosa, 562; Covington, 739; Crenshaw, 705; Cullman, 634; Dale, 736; Dallas, 529; De Kalb, 663; Elmore, 617; Escambia, 629; Etowah, 618; Fayette, 534; Franklin, 603; Geneva, 807; Greene, 506; Hale, 510; Henry, 770; Houston 798; Jackson, 651; Jefferson, 530; Lamar, 539; Lauderdale, 542; Lawrence, 570; Lee, 540; Limestone, 542; Lowndes, 470; Macon, 519; Madison, 554; Marengo, 428; Marion, 581; Marshall, 668; Mobile, 505; Monroe, 613; Montgomery, 567; Morgan, 617; Perry, 543; Pickens, 516; Pike, 692; Randolph, 584; Russell, 511; St. Clair, 570; Shelby, 538; Sumter, 460; Talladega, 556; Tallapoosa, 514; Tuscaloosa, 514; Walker, 570; Washington, 483; Wilcox, 450; and Winston, 577.

[ACP 1943 2]

PART 701—AGRICULTURAL CONSERVATION PROGRAM[1]

ALLOTMENTS, YIELDS AND GRAZING CAPACITIES

Pursuant to the authority vested in the Secretary of Agriculture under sections 7 to 17, inclusive, of the Soil Conservation and Domestic Allotment Act, as amended, the 1943 Agricultural Conservation Program, as amended, is further amended as follows:

Section 701.401 [7 F.R. 10031] is amended by deleting the word "cotton" in the first sentence and by adding the following at the end of the first paragraph.

§ 701.401 *Allotments, yields, and grazing capacities.* * * *

The national cotton acreage allotment is 25,550,276 acres. The State cotton allotments and the 1943 county normal yields of cotton shall be identical with the 1943 State cotton allotments and the 1943 county normal yields of cotton, respectively, established under Title III of the Agricultural Adjustment Act of 1938, as amended.

Done at Washington, D. C., this 31st day of December 1942. Witness my hand and the seal of the Department of Agriculture.

[SEAL] PAUL H. APPLEBY,
Acting Secretary of Agriculture.

[F. R. Doc. 43-159; Filed, January 4, 1943; 11:05 a. m.]

[ACP-1943-4]

PART 701—AGRICULTURAL CONSERVATION PROGRAM[1]

WAR CROP GOALS, ETC.

Pursuant to the authority vested in the Secretary of Agriculture under sections 7 to 17, inclusive, of the Soil Conservation and Domestic Allotment Act, as amended, the 1943 Agricultural Conservation Program, as amended, is further amended as follows:

1. Section 701.402 (c) [7 F.R. 10036] is amended to read as follows:

§ 701.402 *War crop goals.* * * *

(c) *Farm goals.* Farm war crop goals shall be determined by the county committee with the assistance of local committees by distributing the county goals in accordance with instructions issued by the Agricultural Adjustment Agency, on the basis of adaptability of the soil, availability of cropland, equipment, labor, and the acreage and production of each war crop on the farm during recent years, and other related factors. The sum of the farm goals for any war crop shall not be less than the corresponding county goal.

2. Section 701.403 (b),[2] the first paragraph thereof, is amended to read as follows:

§ 701.403 *Production adjustment allowance and deductions.* * * *

(b) *Deductions for failure to have acreage equal to at least 90 percent of allotted acreage.* Deductions for failure to have an acreage of any special crop equal to at least 90 percent of the allotment for such crop shall not exceed that part of the farm production adjustment allowance computed for that crop. No deduction shall be made where the county committee finds, in accordance with instructions issued by the Agricultural Adjustment Agency, that the failure to have an acreage of the crop equal to at least 90 percent of the allotment is due to flood, drought, hail, insects, or plant bed diseases. For the purpose of this provision any acreage of peanuts in excess of the peanut allotment, any acreage of other war crops, any acreage of rice in excess of the rice allotment, and in areas designated by the Agricultural Adjustment Agency any acreage of essential crops designated by the Agricultural Adjustment Agency in excess of the usual acreage may be substituted acre for acre for any special crop. If more than one special crop on a farm is subject to a deduction under this provision, the acreage of crops available for substitution shall be substituted for the special crop or crops which will result in the largest payment for the farm. These deductions shall be determined as follows:

* * * * * *

3. Section 701.415 (c)[3] is amended to read as follows:

§ 701.415 *Authority, availability of funds, and applicability.* * * *

(c) *Applicability.* The provisons of the 1943 program contained herein, except § 701.407 are not applicable to (1) Hawaii, Puerto Rico, and Alaska; (2) counties for which special agricultural conservation programs are approved for 1943 by the Secretary; (3) any department or bureau of the United States Government and any corporation wholly owned by the United States; and (4) grazing lands owned by the United States which were acquired or reserved for conservation purposes or which are to be retained permanently under Government ownership. Such lands include, but are not limited to, lands owned by the United States which are administered under the Taylor Grazing Act or by the Forest Service or the Soil Conservation Service of the United States Department of Agriculture or by the Bureau of Biological Survey of the United States Department of the Interior.

The program is applicable to lands owned by corporations which are only partly owned by the United States, such as Federal Land Banks and Production Credit Associations.

The 1943 program is also applicable to any land which, although owned by the United States or a corporation wholly owned by it, is to be temporarily under such Government or corporation ownership and was not acquired or reserved for conservation purposes. Such land shall include that administered by the Farm Security Administration, the Reconstruction Finance Corporation, the Home Owners' Loan Corporation, or the Federal Farm Mortgage Corporation, or by any other Government agency which the Agricultural Adjustment Agency finds complies with all the provisions of the preceding sentence. The 1943 program will also be applicable to any cropland farmed by private persons which is owned by the United States or a corporation wholly owned by it, if the Congress so provides.

Indian lands are within the scope of the program except that where grazing operations are carried out on Indian lands administered by the Department of the Interior, such lands are within the scope of the program only if covered by a written agreement approved by the Department of the Interior as giving the operator an interest in the grazing and forage growing on the land and a right to occupy the land in order to carry out the grazing operations.

[Cotton 729]

PART 722—COTTON[1]

1943 COUNTY COTTON ACREAGE ALLOTMENTS

§ 722.502 *County cotton acreage allotments for 1943.* The county cotton acreage allotments established with respect to the marketing year beginning August 1, 1943, in accordance with the provisions of section 344 of the Agricultural Adjustment Act of 1938, as amended, for the purposes of the cotton marketing quota provisions (Part IV, Subtitle B, Title III) of said Act are as follows:

Counties and cotton acreage allotments in acres:

Chapter VIII—Sugar Agency

PART 802—SUGAR DETERMINATIONS

PROPORTIONATE SHARES FOR SUGARCANE FARMS IN PUERTO RICO

Pursuant to the provisions of section 302 of the Sugar Act of 1937, as amended, the following determination is hereby issued:

§ 802.46d *Proportionate shares for sugarcane producers in Puerto Rico*—(a) *General.* The proportionate share of sugarcane for the 1942–43 and any subsequent crop, in terms of sugar commercially recoverable from sugarcane, for any farm in Puerto Rico, except as provided in paragraph (b) hereof, shall be obtained by multiplying the base production for the farm, as defined herein, by a fraction whose numerator shall be the quantity of sugar required to be produced to enable Puerto Rico to meet its quota (and provide a normal carryover inventory) estimated by the Secretary for the calendar year during which the larger part of the sugar from such crop normally would be marketed, less the total proportionate shares allocated pursuant to paragraph (b) hereof, and whose denominator shall be the sum of the base productions of all such farms less the average total amount by which such farms failed to fill their original proportionate shares under the 1939–40 and 1940–41 Puerto Rican sugarcane programs, and converting the result to raw value.

(b) *New and small growers.* The minimum proportionate share for any farm in Puerto Rico, subject to the conditions set forth in this paragraph, shall be:

(1) For any farm for which a base production has been established, 9 tons of sugar.

(2) For any farm purchased or leased by the producer from or through the Puerto Rico Reconstruction Administration or Farm Security Administration, the sugar commercially recoverable from three planted acres of sugarcane.

(3) For any farm not covered by subparagraphs (1) or (2) above, the operator of which resides on the farm and derives the major portion of his income from the farm, 9 tons of sugar: *Provided,* That applications for proportionate shares under this subparagraph (3) must be filed at such time and in such manner as may be prescribed by the Secretary of Agriculture.

(c) *Definition of base production.* Base production means the amount of 1940–41 proportionate share, in terms of sugar, 96° basis, assignable to any farm.

(d) *Designation of agent.* The Chief, or the Acting Chief, of the Sugar Agency, and the Officer in Charge of the San Juan Office of the Agricultural Adjustment Agency, or the Acting Officer in Charge thereof, are hereby designated to act, jointly or severally, as agents of the Secretary of Agriculture in administering the provisions of this section.

(Sec. 302, 50 Stat. 910; 7 U.S.C., 1940 ed. 1132)

Done at Washington, D. C. this 31st day of December, 1942. Witness my hand and the seal of the Department of Agriculture.

[SEAL] PAUL H. APPLEBY,
Under Secretary of Agriculture.

[F. R. Doc. 43-17; Filed, January 1, 1943; 11:21 a. m.]

TITLE 10—ARMY: WAR DEPARTMENT

Chapter VII—Personnel

PART 76—CARE AND DISPOSITION OF INSANE

TRANSFER TO CARE OF NEAREST KNOWN RELATIVE

Section 76.1 is hereby amended as follows:

§ 76.1 *Transfer to care of nearest known relative.* Insane persons requiring institutional care will be transferred to the custody of the nearest known relative upon their request; *Provided,* The patient is not considered actively suicidal or homicidal and, *Provided,* The relative produces satisfactory evidence that proper care for the insane person concerned will be furnished. This evidence will consist of affidavits from those concerned declaring that they are willing and have the necessary financial means to provide adequate care and treatment. Persons who are actively suicidal or homicidal, whether or not entitled to care and treatment by the Veterans' Administration, will be disposed of as provided in Army Regulations. The relative receiving an insane person will be required to receipt for the articles of clothing and baggage belonging to the patient. The patient's money and other valuables will be turned over to the person authorized by law to receive them in the insane person's behalf, upon presentation of proper evidence of such authorization.

(R.S. 161; 5 U.S.C. 22) [Par. 7, AR 600–500, August 7, 1942, as amended by C 2, December 17, 1942]

[SEAL] J. A. ULIO,
Major General,
The Adjutant General.

[F. R. Doc. 43-154; Filed, January 4, 1943; 10:07 a. m.]

Chapter VIII—Procurement and Disposal of Equipment and Supplies

PART 83—DISPOSITION OF SURPLUS AND UNSERVICEABLE PROPERTY

Sections 83.701 to 83.710, inclusive, are rescinded and the following submitted therefor:

DISPOSITION OF PERSONAL PROPERTY

Sec.
83.701 Rescission of regulations.
83.702 Real property.
83.703 Classification of property.
83.704 Negotiation.
83.705 Disposition of proceeds of sales.
83.706 Redelegation of authority.

DISPOSITION OF SERVICEABLE PROPERTY NOT DECLARED SURPLUS

83.707 Disposition under contracts or agreements executed under First War Powers Act.
83.708 Leases under other statutes.
83.709 Transfer to another Supply Service.
83.710 Transfer to other Federal Agencies.
83.711 Gifts and loans of drawings and similar property.

DECLARATION OF SERVICEABLE PROPERTY AS SURPLUS AND DISPOSITION THEREOF

83.712 General.
83.713 Declaration.
83.714 Disposition.

DISPOSITION OF UNSERVICEABLE PROPERTY

83.715 Definitions.
83.716 Exchange of unserviceable property.
83.717 Sale of salvage and "to be sold" property.

AUTHORITY: Sec. 5a, National Defense Act, as amended, 41 Stat. 764, 54 Stat. 1225; 10 U.S.C. 1193–1195, and the First War Powers Act, 1941, 55 Stat. 838; 50 U.S.C. Sup. 601–622.

These regulations are also contained in War Department Procurement Regulations No. 7, September 5, 1942, as amended October 14, 1942 and November 28, 1942. Numbers to the right of the decimal point in section numbers correspond with the respective paragraph numbers in procurement regulations.

DISPOSITION OF PERSONAL PROPERTY

§ 83.701 *Rescission of regulations.* Army Regulations 5–50, May 22, 1939, as amended, and all other instructions inconsistent herewith are hereby rescinded. This Procurement Regulation No. 7 does not, however, rescind or in any way supersede any other Army regulations and any specific grants of authority to dispose of property contained in any such Army regulations are not in any way affected by this procurement regulation.

§ 83.702 *Real property.* This Procurement Regulation No. 7 does not relate to the disposition of real property which is governed by AR 30-1425. The term property as hereinafter used in this Procurement Regulation No. 7 means personal property.

§ 83.703 *Classification of property.* For the purposes of this Procurement Regulation No. 7:

(a) All property is divided into serviceable and unserviceable property.

(b) Unserviceable property is all property which has been declared unsuitable for use by competent authority within the supply service concerned, or which has been presented for condemnation to an inspector in accordance with AR 20–35 and condemned by such inspector.

(c) Serviceable property is all property other than that specified in paragraph (b) above.

(d) Serviceable property is in turn subdivided into property declared surplus and property not declared surplus.

(e) Property declared surplus is serviceable property which, in the manner set forth in §§ 83.712 to 87.714 has been declared surplus.

(f) Property not declared surplus is all serviceable property other than that specified in paragraph (e) above.

§ 83.704 *Negotiation.* The term negotiation as used in this Procurement Regulation No. 7 means any method of reaching an agreement on the terms of sale except the formal sealed bid procedure contemplated by section 3709, Revised Statutes

§ 83.705 *Disposition of proceeds of sales.* The subject of disposition of the proceeds of sales of property is not covered by this procurement regulation. Reference is made to AR 35–780 and AR 35–6660.

§ 83.706 *Redelegation of authority.* Attention is called to the fact that, in accordance with § 81.107 (f), the chiefs of the supply services may redelegate all authority conferred upon them by this Procurement Regulation No. 7, including the power to make determinations under the First War Powers Act, to other officers or civilian officials of the War Department.

DISPOSITION OF SERVICEABLE PROPERTY NOT DECLARED SURPLUS

§ 83.707 *Disposition under contracts or agreements executed under First War Powers Act.* Under Title II of the First War Powers Act (Public Law, 354, 77th Congress) and Executive Order No. 9001, the War Department is authorized, without regard to the provisions of law relating to the making, performance, amendment or modification of contracts, to enter into contracts, including "agreements of all kinds * * * for all types and kinds of things and services necessary, appropriate or convenient for the prosecution of war * * *."

It is to be noted that the exercise of the authority thus conferred on the War Department must be predicated upon a determination that the contract or agreement will facilitate the prosecution of the war. The basis in fact for a determination that a contract for the disposition (whether by sale, lease or otherwise) of Government property will facilitate the prosecution of the war will exist principally in cases where either directly or indirectly the procurement of supplies or services is the primary objective and the contract or agreement for the disposition of Government property is merely incidental thereto. However, numerous other circumstances may exist where such contracts for the disposition of such property will facilitate the prosecution of the war, as, for instance, where War Department control of the allocation of scarce materials makes necessary or desirable the acquisition of such materials in bulk by the War Department and the disposition, either for war production or for other purposes, of such of these as the War Department can spare. In cases of doubt the approval of the Director, Purchases Division, Headquarters, Services of Supply, should be sought. See Opinions J.A.G.O., SPJGC 160 May 30, 1942; J.A.G.O., SPJGC 19421 4522. The latter opinion was rendered with respect to a draft of this Procurement Regulation No. 7.

(a) *Sales.* The chiefs of the supply services are authorized, when it is determined by them that such action will facilitate the prosecution of the war, without further approval, to make contracts by negotiation for the sale of and to sell to manufacturers and suppliers having war contracts any machine tool equipment, processing equipment, uniforms, safety clothing and equipment, plant protective clothing and other special articles necessary to persons employed in or otherwise connected with war industries or establishments, manufacturing aids, raw materials, manufactured materials or other materials or facilities presently owned or hereafter acquired by the Government. Such sales shall, however, be made only for the purpose of facilitating the performance of such war contracts by such manufacturers and suppliers, and shall in no case involve a contract price in excess of $1,000,000.

(b) *Leases.* The chiefs of the supply services are authorized, when it is determined by them that such action will facilitate the prosecution of the war, (1) To enter into agreements to lease any machine tool equipment, processing equipment, manufacturing aids, or other facilities presently owned or hereafter acquired by the Government and under the control of the chiefs of the supply services or any of them, such leases (i) to be made only to manufacturers and suppliers having war contracts for the purpose of facilitating the performance of such contracts (ii) in no case to cover property having an estimated value in excess of $1,000,000 and (iii) to comply with § 81.1002 and any other applicable sections of these procurement regulations:

(2) In cases where the property involved was acquired under authority of section 1 (b) of the Act of July 2, 1940 (54 Stat. 712), as continued in effect by section 13 of the Act of June 5, 1942 (Public Law 580, 77th Congress), to include in any lease agreement an option to buy the property which is the subject of the lease, such option to come into effect (i) either one year after the expiration of the lease or (ii) upon the receipt by the contractor of a written notice from the Government that it does not desire to remove the facilities, whichever happens first; and to continue only for a limited time.

(3) To waive the requirement of performance bonds in connection with leases or agreements made pursuant to subparagraphs (1) and (2) above.

(c) *Other sales and leases.* In addition to the contracts of sale and agreements of lease specifically authorized by paragraphs (a) and (b) of this section,

the chiefs of the supply services are authorized by negotiation to enter into any other contracts of sale or agreements of lease (with or without options to purchase) authorized by the First War Powers Act and Executive Order No. 9001: *Provided*, That the approval of the Director, Purchases Division, Headquarters, Services of Supply, is first obtained.

§ 83.708 *Leases under other statutes.* In addition to the authority contained in the First War Powers Act, as set forth in § 83.707 (b) and (c), authority for the execution of leases may be found in other statutes. See AR 850–30 for the terms of those statutes.

§ 83.709 *Transfer to another Supply Service.* Property not declared surplus may, upon the request of another supply service, be transferred to such service without reimbursement, except for the costs of packing, handling and transportation.

§ 83.710 *Transfer to other Federal agencies.* Property not declared surplus may, upon the requisition of another federal agency made pursuant to section 7 (a) of the Act of May 21, 1920 (41 Stat. 613), as amended by section 601 of the Act of June 30, 1932 (47 Stat. 417) and by Public Law 670, 77th Congress; 31 U. S. C. 686, be transferred to such agency in accordance with said section.

§ 83.711 *Gifts and loans of drawings and similar property.* The chiefs of the supply services are authorized, without further approval, to give or lend to contractors and private firms which are or may likely be manufacturers or furnishers of supplies and equipment for the use of the War Department under approved production plans, drawings, manufacturing and other information and samples of supplies and equipment to be manufactured or furnished, *Provided*, That if in the case of a gift the estimated value of the property in question exceeds $1,000.00 or in the case of a loan, $50,000, the approval of the Director, Purchases Division, Headquarters, Services of Supply, will be first obtained.

DECLARATION OF SERVICEABLE PROPERTY AS SURPLUS AND DISPOSITION THEREOF

§ 83.712 *General.* In view of existing and potential shortages of materials, and to diminish, so far as possible, current demands upon the manufacturing and producing resources of the nation during the war period, it is important that serviceable property shall not be permitted to accumulate unreasonably and unnecessarily in the possession of the War Department. Accordingly, pursuant to the First War Powers Act, 1942 and Executive Order No. 9001 and any other relevant provisions of law, in order to facilitate the prosecution of the war, by making unneeded serviceable property available for any proper use, property may be declared surplus and disposed of in the manner set forth in this section III notwithstanding the provisions of section 14a of chap. 440 of Title I of the Act of June 28, 1940; 54 Stat. 681; 10 U.S.C. 1262a.

§ 83.713 *Declaration*—(a) *By chiefs of supply services.* Chiefs of supply services are authorized to declare serviceable property surplus without reference to higher authority under the following conditions:

(1) When the property (i) is of no present or apparent future use to the supply service possessing such property or to any other supply service or War Department agency and (ii) is not, and, to the knowledge of the chief of the supply service concerned, apparently will not be of use to others than the War Department in connection with work contributing to the prosecution of the war; and

(2) When the total current estimated value does not exceed $50,000.

(b) *By Commanding General, Services of Supply.* In those cases where property is of the character described in paragraph (a) (1) of this section and has a total current value in excess of $50,000, such property will be recommended to the Commanding General, Services of Supply (to the attention, Director, Purchases Division) for the declaration as surplus. The following information will be furnished with each such recommendation:

(1) List of property with its estimated original and present value. When the property is damaged, wrecked, burned or otherwise depreciated, the estimated cost of repairs necessary to put it in usable condition will be furnished;

(2) Statement of reason for disposing of the property, including information as to whether it is new, used or deteriorated;

(3) An estimate of the storage space which the property occupies; and

(4) Brief statement of steps taken to ascertain that property was of character described in (a) (1) of this section. The Director, Purchases Division, Services of Supply, is authorized in behalf of the Commanding General to declare any such property surplus.

(c) *By Special Representative of The Under Secretary of War.* In case of the Army Air Forces, the recommendation specified in paragraph (b) of this section should be made to Colonel Albert J. Browning, as Special Representative of the Under Secretary of War, who is hereby authorized to declare property surplus.

§ 83.714 *Disposition*—(a) *Transfer to another supply service.* Property declared surplus may, upon request of another supply service, be transferred without reimbursement except for the costs of packing, handling and transportation.

(b) *Transfer to other Federal agencies.* Property declared surplus will be reported promptly to the Procurement Division, Treasury Department, by the chief of the supply service concerned for the purpose of effecting the transfer of the property to some other Federal agency. Property so reported will be withheld from sale, pending a possible transfer, for such length of time as the chief of the supply service concerned shall permit.

(c) Upon request from the Procurement Division, Treasury Department, property so held for transfer may be transferred to another Federal agency without reimbursement except for the costs of packing, handling and transportation.

(d) If a transfer is not effected pursuant to paragraph (c) of this section, property declared surplus may be sold by negotiation under the direction and the supervision of the chief of the supply service concerned. If however, the sales price exceeds $1,000,000, the approval of the Director, Purchases Division, Headquarters, Services of Supply, will first be obtained.

(e) *Sales to National Council of the Boy Scouts of America.* Property declared surplus may be sold to the National Council of the Boy Scouts of America under the direction and supervision of the chief of the supply service concerned. The sales price will represent a fair value to the War Department, including costs of packing, handling and transportation.

(f) When property consists of articles or materials on which maximum prices have been placed by any authorized agency of the Government, no award will be made at a price higher than the prescribed maximum.

DISPOSITION OF UNSERVICEABLE PROPERTY

§ 83.715 *Definitions*—(a) *"To be sold" property.* For the purposes of §§ 83.715 to 83.717, the term "to be sold" property means unserviceable articles which have been classified as "to be sold" property by an inspector.

(b) *Salvage.* For the purposes of §§ 83.715 to 83.717, the term "salvage" means unserviceable articles which have been classified as "salvage" by an inspector.

§ 83.716 *Exchange of unserviceable property.* (a) Whenever unserviceable articles can be advantageously exchanged as payment in full or in part for serviceable articles of like character, such unserviceable articles will be disposed of in this manner.

(b) Exchanges of unserviceable property for serviceable property will be made under the direction and supervision of the chief of the supply service concerned.

(c) When the property to be exchanged is subject to a price fixing order issued by an agency of the Government, effort should be made to secure the established price in the exchange transaction.

(d) A copy of each contract covering the exchange of deteriorated, unserviceable, obsolescent or surplus military equipment, munitions or supplies for other military equipment, munitions or supplies will be furnished the respective chairmen of the House Military Affairs Committee and the Senate Military Affairs Committee within twenty-four hours after the contract has been made.

§ 83.717 *Sale of salvage and "to be sold" property.* (a) All unserviceable articles which have been classified as salvage or as "to be sold" property by competent authority will be turned over to the Quartermaster Corps for sale, except as follows:

(1) Property which can be advantageously exchanged in accordance with § 83.716 above.

(2) Accumulations of scrap, cuttings, and by-products resulting directly from manufacturing operations in arsenals, depots, plants, or commercial establishments, all of which will be disposed of by the chief of the supply service concerned.

(b) Sales of salvage and "to be sold" property will be made by negotiation under the direction and supervision of The Quartermaster General, or, in the cases provided for in paragraphs (a) (1) and (2) of this section of the chief of the supply service concerned.

(c) As a measure appropriate to the relief of distress from economic causes or from disaster, the Secretary of War has authorized, subject to discontinuance when desirable, certain sales of salvage at nominal prices, as follows:

Condemned clothing, shoes, equipment, and similar supplies in salvage, that may be accumulated at posts, camps, and stations of the Regular Army or National Guard, may be sold for relief purposes to charitable organizations of commonly recognized standing or to state relief administration at nominal prices to be fixed by the chief of the supply service concerned.

(d) In addition to the methods of disposition specified in §§ 83.716 to 83.717 (c), "to be sold" property may be disposed of in the same manner that property declared surplus may be disposed of under §§ 83.714 (a) to (e); and salvage may be disposed of in the manner provided in § 83.714 (e).

[SEAL] J. A. ULIO,
Major General,
The Adjutant General.

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Regulations, Serial No. 251]

ASSISTANT AIRLINE TRANSPORT PILOT CERTIFICATES

AMENDMENT TO SPECIAL REGULATION 236

Authorization to the Administrator of Civil Aeronautics to issue "assistant airline transport pilot certificates" to a designated class of pilots.

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 21st day of December 1942.

The Civil Aeronautics Board finding that its action herein is in the public interest and is necessary to the successful prosecution of the war effort; and acting pursuant to the authority vested in it by the Civil Aeronautics Act of 1938, as amended, particularly sections 205 (a), 601, 602 (c), and 604 of the said Act, amends Special Regulation 236 as follows:

Effective January 1, 1943, Special Regulation 236[1] is amended as follows:

By striking the words "January 1, 1943" and inserting in lieu thereof the words "June 30, 1943."

By the Civil Aeronautics Board.

[SEAL] DARWIN CHARLES BROWN,
Secretary.

[F. R. Doc. 43-14; Filed, January 1, 1943; 11:08 a. m.]

[Amendment 60-5, Civil Air Regulations]

PART 60—AIR TRAFFIC RULES

FLIGHT RULES

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 18th day of December 1942.

Acting pursuant to sections 205 (a) and 601 of the Civil Aeronautics Act of 1938, as amended, the Civil Aeronautics Board amends the Civil Air Regulations as follows:

Effective Dec. 18, 1942, Part 60 of the Civil Air Regulations is amended as follows:

1. By striking the following phrase in § 60.951 (b):[1]

Provided, That if a continuous series of local flights with the same occupants in the airplane is contemplated, such information need be submitted only once for such series, and inserting in lieu thereof the following:

Provided, That a pilot may conduct an entire day of local operation of a particular aircraft on one clearance, if he keeps an accurate record of all persons carried in his aircraft throughout the day and files this record with the Registrar and Clearance Officer when filing his arrival notice at the end of the day's flight operation.

2. By striking the following phrase in § 60.951 (c):

Provided, That one clearance only need be secured for a continuous series of local flights with the same occupants in the airplane.

and inserting in lieu thereof a period.

3. By striking the following phrase in § 60.951 (f):

Provided, That if a series of local flights is being made with the same occupants in the aircraft, such information need be submitted only after the final landing in such series.

and inserting in lieu thereof:

Provided, That if a series of local flights is being made in accordance with the provisions of paragraph (b) of this section, such information need be submitted only after the final landing at the end of the day's flight operation.

By the Civil Aeronautics Board.

[SEAL] DARWIN CHARLES BROWN,
Secretary.

[Amendment 61-1, Civil Air Regulations]

PART 61—SCHEDULED AIR CARRIER RULES

PILOTS' COMPARTMENT

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 21st day of December 1942.

Acting pursuant to sections 205 (a), 601, and 604 of the Civil Aeronautics Act of 1938, as amended, the Civil Aeronautics Board amends the Civil Air Regulations as follows:

Effective December 21, 1942, Part 61 of the Civil Air Regulations is amended as follows:

Amend § 61.7803 (c) (4)[1] by inserting a semicolon after the phrase "First or second pilots listed in Operations Specifications of the air carrier concerned," to make § 61.7803 (c) (4) read as follows:

§ 61.7803 *Pilots' compartment.* * * *

(4) First or second pilots listed in Operations Specifications of the air carrier concerned; or any first or second pilots listed in the Operations Specifications—Airmen of another air carrier who have been authorized by the air carrier concerned and the Administrator to make the trips over the route being flown for the purpose of route qualification or familiarization;

By the Civil Aeronautics Board.

[SEAL] DARWIN CHARLES BROWN,
Secretary.

[F. R. Doc. 43-15; Filed, January 1, 1943, 11:08 a. m.]

Chapter II—Administration of Civil Aeronautics, Department of Commerce

[Amendment 23]

PART 601—DESIGNATION OF AIRWAY TRAFFIC CONTROL AREAS, CONTROL ZONES OF INTERSECTION, CONTROL AIRPORTS, AND RADIO FIXES

DESIGNATION OF CERTAIN CONTROL AIRPORTS

DECEMBER 29, 1942.

Acting pursuant to the authority vested in me by section 308 of the Civil Aeronautics Act of 1938, as amended, and § 60.21 of the Civil Air Regulations, I hereby amend Part 601 of the Regulations of the Administrator of Civil Aeronautics as follows:

1. By amending § 601.3[2] so as to include in the proper alphabetical order the designation of the following airports as control airports:

City	*Name of airport*
Daggett, California	Municipal Airport.
Palmdale, California	Municipal Airport.
Crestview, Florida	CAA Intermediate Airport.
Ogden, Utah	Ogden Airport (Ayres).
Alice, Texas	Municipal Airport

This amendment shall become effective 0001 E. W. T., January 15, 1943.

C. I. STANTON,
Administrator.

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

Chapter II—Securities and Exchange Commission

PART 275—GENERAL RULES AND REGULATIONS, INVESTMENT ADVISERS ACT OF 1940

WITHDRAWAL FROM REGISTRATION

The Securities and Exchange Commission, deeming it necessary for the exercise of the functions vested in it and necessary and appropriate in the public interest for the protection of investors so to do, pursuant to authority conferred upon it by the Investment Advisers Act of 1940, particularly sections 203 (g) and 211 (a) thereof, hereby adopts the following § 275.203-3 [Rule R-203-3]:

§ 275.203-3 *Withdrawal from Registration.* If a notice to withdraw from registration is filed by an investment adviser pursuant to section 203 (g), it shall become effective on the thirtieth day after the filing thereof with the Commission unless, prior to its effective date, the Commission institutes a proceeding pursuant to section 203 (d) to revoke or suspend the registration of such investment adviser or a proceeding under section 203 (g) to impose terms and conditions upon such withdrawal. If the Commission institutes such a proceeding, or if a notice to withdraw from registration is filed with the Commission at any time subsequent to the date of the issuance of a Commission order instituting proceedings pursuant to sections 203 (d) or (g) with respect to an investment adviser filing such notice, and during the pendency of such a proceeding, the notice to withdraw shall not become effective except at such time and upon such terms and conditions as the Commission finds necessary in the public interest or for the protection of investors. [Rule R-203-3 effective January 5, 1943]

(Sec. 203, 54 Stat. 851; 15 U.S.C. 80b-3; sec. 211, 54 Stat. 855; 15 U.S.C. 80b-11)

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue

[T. D. 5206]

Subchapter A—Income and Excess-Profits Taxes

PART 7—TAXATION OF NONRESIDENT ALIEN INDIVIDUALS AND FOREIGN CORPORATIONS NOT ENGAGED IN TRADE OR BUSINESS WITHIN THE UNITED STATES AND NOT HAVING AN OFFICE OR PLACE OF BUSINESS THEREIN AS AFFECTED BY THE RECIPROCAL TAX CONVENTIONS BETWEEN THE UNITED STATES AND CANADA

Regulations affecting the taxation of nonresident alien individuals, residents of Canada, and Canadian corporations under the tax convention between the United States and Canada, proclaimed by the President of the United States on June 17, 1942, effective January 1, 1941.

Sec.

7.20 Introductory.
7.21 Scope of regulations.
7.22 Definitions.
7.23 Scope of convention, etc.
7.24 Allocation of compensation for labor or personal services.
7.25 Control of a domestic enterprise by a Canadian enterprise.
7.26 Income from operation of ships or aircraft.
7.27 Wages, salaries and similar compensation, pensions, and life annuities.
7.28 Compensation for labor or personal services.
7.29 Capital gains.
7.30 Exempt organizations.
7.31 Reduction in rate of tax withheld at source.
7.32 Dividends and interest paid by Canadian corporations.
7.33 Canadian corporations; exemption from Federal taxation with respect to accumulated surplus or undistributed income.
7.34 Adjustment of taxability of Canadians for 1940 and prior years.
7.35 Credit against United States tax liability for income tax paid to Canada.
7.36 Reciprocal regulations.
7.37 Reciprocal administrative assistance
7.38 Information to be furnished in due course.
7.39 Information in specific cases.

AUTHORITY: §§ 7.20 to 7.39, inclusive, issued under sections 22 (b) (7) and 62 of the Internal Revenue Code (53 Stat. 10, 32, 26 U. S. C., 22 (b) (7), 62) and the tax convention between the United States and Canada.

§ 7.20 *Introductory.* The Tax Convention and Protocol between the United States and Canada (hereinafter referred to as the Convention), proclaimed by the President of the United States on June 17, 1942 and effective January 1, 1941, provides as follows:

ARTICLE I

An enterprise of one of the contracting States is not subject to taxation by the other contracting State in respect of its industrial and commercial profits except in respect of such profits allocable in accordance with the Articles of this Convention to its permanent establishment in the latter State.

No account shall be taken in determining the tax in one of the contracting States, of the mere purchase of merchandise effected therein by an enterprise of the other State.

ARTICLE II

For the purposes of this Convention, the term "industrial and commercial profits" shall not include income in the form of rentals and royalties, interest, dividends, management charges, or gains derived from the sale or exchange of capital assets.

Subject to the provisions of this Convention such items of income shall be taxed separately or together with industrial and commercial profits in accordance with the laws of the contracting States.

ARTICLE III

1. If an enterprise of one of the contracting States has a permanent establishment in the other State, there shall be attributed to such permanent establishment the net industrial and commercial profit which it might be expected to derive if it were an independent enterprise engaged in the same or similar activities under the same or similar conditions. Such net profit will, in principle, be determined on the basis of the separate accounts pertaining to such establishment.

2. The competent authority of the taxing State may, when necessary, in execution of paragraph 1 of this Article, rectify the accounts produced, notably to correct errors and omissions or to reestablish the prices or remunerations entered in the books at the value which would prevail between independent persons dealing at arm's length.

3. If (a) an establishment does not produce an accounting showing its own operations, or (b) the accounting produced does not correspond to the normal usages of the trade in the country where the establishment is situated, or (c) the rectifications provided for in paragraph 2 of this Article cannot be effected the competent authority of the taxing State may determine the net industrial and commercial profit by applying such methods or formulae to the operations of the establishment as may be fair and reasonable.

4. To facilitate the determination of industrial and commercial profits allocable to the permanent establishment, the competent authorities of the contracting States may consult together with a view to the adoption of uniform rules of allocation of such profits.

ARTICLE IV

1. (a) When a United States enterprise, by reason of its participation in the management or capital of a Canadian enterprise, makes or imposes on the latter, in their commercial or financial relations, conditions different from those which would be made with an independent enterprise, any profits which should normally have appeared in the balance sheet of the Canadian enterprise but which have been, in this manner, diverted to the United States enterprise, may be incorporated in the taxable profits of the Canadian enterprise, subject to applicable measures of appeal.

(b) In order to effect the inclusion of such profits in the taxable profits of the Canadian enterprise, the competent authority of Canada may, when necessary, rectify the accounts of the Canadian enterprise, notably to correct errors and omissions or to reestablish the prices or remuneration entered in the books at the values which would prevail between independent persons dealing at arm's length. To facilitate such rectification the competent authorities of the contracting States may consult together with a view to such determination of profits of the Canadian enterprise as may appear fair and reasonable.

2. The same principle applies, mutatis mutandis, in the event that profits are diverted from a United States enterprise to a Canadian enterprise.

ARTICLE V

Income which an enterprise of one of the contracting States derives from the operation of ships or aircraft registered in that State shall be exempt from taxation in the other contracting State.

The present Convention will not be deemed to affect the exchange of notes between the United States of America and Canada, dated August 2 and September 17, 1928, providing for relief from double income taxation on shipping profits.

ARTICLE VI

Wages, salaries and similar compensation paid by the Government, or any agency or instrumentality thereof, of one of the contracting States or by the political subdivisions or territories or possessions thereof to citizens of such State residing in the other State shall be exempt from taxation in the latter State.

Pensions and life annuities derived from within one of the contracting States and paid to individuals residing in the other contracting State shall be exempt from taxation in the former State.

ARTICLE VII

1. The rate of income tax imposed by one from United States income tax upon compensation for labor or personal services performed within the United States of America if he conforms to either of the following conditions:

(a) He is temporarily present within the United States of America for a period or periods not exceeding a total of one hundred and eighty-three days during the taxable year and such compensation (A) is received for labor or personal services performed as an employee of, or under contract with, a resident or corporation or other entity of Canada and (B) does not exceed $5,000 in the aggregate during such taxable year; or (b) he is temporarily present in the United States of America for a period or periods not exceeding a total of ninety days during the taxable year and the compensation received for such services does not exceed $1,500 in the aggregate during such taxable year.

2. The provisions of paragraph 1 (a) of this Article shall have no application to the professional earnings of such individuals as actors, artists, musicians and professional athletes.

3. The provisions of paragraphs 1 and 2 of this Article shall apply, mutatis mutandis, to a resident of the United States of America deriving compensation for personal services performed within Canada.

ARTICLE VIII

Gains derived in one of the contracting States from the sale or exchange of capital assets by a resident or a corporation or other entity of the other contracting State shall be exempt from taxation in the former State, provided such resident or corporation or other entity has no permanent establishment in the former State.

ARTICLE IX

Students or business apprentices from one of the contracting States residing in the other contracting State for purposes of study or for acquiring business experience shall not be taxable by the latter State in respect of remittances received by them from within the former State for the purposes of their maintenance or studies.

ARTICLE X

Income derived from sources within one of the contracting States by a religious, scientific, literary, educational, or charitable organization of the other contracting State shall be exempt from taxation in the State from which the income is derived if, within the meaning of the laws of both contracting States, such organization would have been exempt from income tax.

ARTICLE XI

1. A resident of Canada shall be exempt of the contracting States, in respect of income derived from sources therein, upon individuals residing in, or corporations organized under the laws of, the other contracting State, and not engaged in trade or business in the former State and having no office or place of business therein, shall not exceed 15 percent for each taxable year.

2. Notwithstanding the provisions of paragraph 1 of this Article, income tax in excess of 5 percent shall not be imposed by one of the contracting States in respect of dividends paid by a subsidiary corporation organized under the laws of such State, or of a political subdivision thereof, to a parent corporation organized under the laws of the other contracting State, or of a political subdivision thereof: *Provided, however*, That this paragraph shall not apply if the competent authority in the former State is satisfied that the corporate relationship between the two corporations has been arranged or is maintained primarily with the intention of taking advantage of this paragraph.

3. Notwithstanding the provisions of Article XXII of this Convention, paragraph 1 or paragraph 2, or both, of this Article, may be terminated without notice on or after the termination of the three-year period beginning with the effective date of this Convention by either of the contracting States imposing a rate of income tax in excess of the rate of 15 percent prescribed in paragraph 1 or in excess of the rate of 5 percent prescribed in paragraph 2.

4. The provisions of this Article shall not be construed so as to contravene the Tax Convention between the United States of America and Canada, effective January 1, 1936, to April 29, 1941.

ARTICLE XII

Dividends and interest paid on or after the effective date of this Convention by a corporation organized under the laws of Canada to individual residents of Canada, other than citizens of the United States of America, or to corporations organized under the laws of Canada shall be exempt from all income taxes imposed by the United States of America.

ARTICLE XIII

Corporations organized under the laws of Canada, more than 50 percent of the outstanding voting stock of which is owned directly or indirectly throughout the last half of the taxable year by individual residents of Canada, other than citizens of the United States of America, shall be exempt from any taxes imposed by the United States of America with respect to accumulated or undistributed earnings, profits, income or surplus of such corporations. With respect to corporations organized under the laws of Canada not exempt from such taxes under the provisions of this Article the competent authorities of the two contracting States will consult together.

ARTICLE XIV

1. (a) The United States income tax liability for any taxable year beginning prior to January 1, 1936, of any individual resident of Canada, other than a citizen of the United States of America, or of any corporation organized under the laws of Canada, remaining unpaid as of the date of signature of this Convention may be adjusted on a basis satisfactory to the Commissioner: *Provided*, That the amount to be paid in settlement of such liability shall not exceed the amount of the liability which would have been determined if—

(A) the Revenue Act of 1936 as modified by the Tax Convention between the United States of America and Canada, effective January 1, 1936, to April 29, 1941 (except in the case of a corporation organized under the laws of Canada more than 50 percent of the outstanding voting stock of which was owned directly or indirectly throughout the last half of the taxable year by citizens or residents of the United States of America) and

(B) Article XII and XIII of this Convention had been in effect for such year.

If the taxpayer was not, within the meaning of the Revenue Act of 1936, engaged in trade or business within the United States of America and had no office or place of business therein during the taxable year, the amount of interest and penalties shall not exceed 50 percent of the amount of the tax with respect to which such interest and penalties have been computed.

(b) The United States income tax liability remaining unpaid as of the date of signature of this Convention for any taxable year beginning after December 31, 1935 and prior to January 1, 1941, in the case of any individual resident of Canada, other than a citizen of the United States of America, or in the case of any corporation organized under the laws of Canada shall be determined as if the provisions of Articles XII and XIII of this Convention had been in effect for such year.

2. The provisions of paragraph 1 of this Article shall not apply—

(a) Unless the taxpayer files with the Commissioner within two years from the date of signature of this Convention a request that such tax liability be so adjusted together with such information as the Commissioner may require;

(b) In any case in which the Commissioner is satisfied that any deficiency in tax is due to fraud with intent to evade the tax.

ARTICLE XV

In accordance with the provisions of Section 8 of the Income War Tax Act as in effect on the day of the entry into force of this Convention, Canada agrees to allow as a deduction from the Dominion income and excess profits taxes on any income which was derived from sources within the United States of America and was there taxed, the appropriate amount of such taxes paid to the United States of America.

In accordance with the provisions of Section 131 of the United States Internal Revenue Code as in effect on the day of the entry into force of this Convention, the United States of America agrees to allow as a deduction from the income and excess profits taxes imposed by the United States of America the appropriate amount of such taxes paid to Canada.

ARTICLE XVI

Where a taxpayer shows proof that the action of the revenue authorities of the contracting States has resulted in double taxation in his case in respect of any of the taxes to which the present Convention relates, he shall be entitled to lodge a claim with the State of which he is a citizen or resident or, if the taxpayer is a corporation or other entity, with the State in which it was created or organized. If the claim should be deemed worthy of consideration, the competent authority of such State may consult with the competent authority of the other State to determine whether the double taxation in question may be avoided in accordance with the terms of this Convention.

ARTICLE XVII

Notwithstanding any other provision of this Convention, the United States of America in determining the income and excess profits taxes, including all surtaxes, of its citizens or residents or corporations, may include in the basis upon which such taxes are imposed all items of income taxable under the revenue laws of the United States of America as though this Convention had not come into effect.

ARTICLE XVIII

The competent authorities of the two contracting States may prescribe regulations to carry into effect the present Convention within the respective States and rules with respect to the exchange of information.

The competent authorities of the two contracting States may communicate with each other directly for the purpose of giving effect to the provisions of the present Convention.

ARTICLE XIX

With a view to the prevention of fiscal evasion, each of the contracting States undertakes to furnish to the other contracting State, as provided in the succeeding Articles of this Convention, the information which its competent authorities have at their disposal or are in a position to obtain under its revenue laws in so far as such information may be of use to the authorities of the other contracting State in the assessment of the taxes to which this Convention relates.

The information to be furnished under the first paragraph of this Article, whether in the

ordinary course or on request, may be exchanged directly between the competent authorities of the two contracting States.

ARTICLE XX

1. The competent authorities of the United States of America shall forward to the competent authorities of Canada as soon as practicable after the close of each calendar year the following information relating to such calendar year:

The names and addresses of all persons whose addresses are within Canada and who derive from sources within the United States of America dividends, interest, rents, royalties, salaries, wages, pensions, annuities, or other fixed or determinable annual or periodical profits and income, showing the amount of such profits and income in the case of each addressee.

2 The competent authorities of Canada shall forward to the competent authorities of the United States of America as soon as practicable after the close of each calendar year the following information relating to such calendar year:

(a) The names and addresses of all persons whose addresses are within the United States of America and who derive from sources within Canada, dividends, interest, rents, royalties, salaries, wages, pensions, or other fixed or determinable annual or periodical profits and income, showing the amount of such profits and income in the case of each addressee.

(b) The names and addresses of all persons whose addresses are outside of Canada and who derive through a nominee, or agent, or custodian in Canada income from sources within the United States of America, and who are not entitled to the reduced rate of 15 percent with respect to such income provided in Article XI of this Convention, showing the amount of such income in the case of each addressee.

(c) The names and addresses, where available, of persons whose addresses are outside of Canada and who derive dividends during the calendar year from corporations organized under the laws of Canada, more than 50 percent of the gross income of which is derived from sources within the United States of America, showing the amount of such dividends in each case.

(d) The names and addresses of all persons whose addresses are within the United States of America and who beneficially or of record own stocks or bonds, debentures or other securities, or evidences of funded indebtedness, of any company taxed in Canada as a Non-Resident-Owned Investment Corporation. The term "Non-Resident-Owned Investment Corporation" shall have the same meaning as when used in the Income War Tax Act of Canada.

ARTICLE XXI

1 If the Minister in the determination of the income tax liability of any person under any of the revenue laws of Canada deems it necessary to secure the cooperation of the Commissioner, the Commissioner may, upon request, furnish the Minister such information bearing upon the matter as the Commissioner is entitled to obtain under the revenue laws of the United States of America.

2. If the Commissioner in the determination of the income tax liability of any person under any of the revenue laws of the United States of America deems it necessary to secure the cooperation of the Minister, the Minister, may, upon request, furnish the Commissioner such information bearing upon the matter as the Minister is entitled to obtain under the revenue laws of Canada.

ARTICLE XXII

This Convention and the accompanying Protocol which shall be considered to be an integral part of the Convention shall be ratified and the instruments of ratification shall be exchanged at Washington as soon as possible.

This Convention and Protocol shall become effective on the first day of January, 1941. They shall continue effective for a period of three years from that date and indefinitely after that period, but may be terminated by either of the contracting States at the end of the three-year period or at any time thereafter provided that, except as otherwise specified in the case of Article XI, at least six months prior notice of termination has been given, the termination to become effective on the first day of January following the expiration of the six-month period.

Done in duplicate, at Washington, this fourth day of March, 1942.

[SEAL] SUMNER WELLES
[SEAL] LEIGHTON MCCARTHY.

PROTOCOL

At the moment of signing the Convention for the avoidance of double taxation, and the establishment of rules of reciprocal administrative assistance in the case of income taxes, this day concluded between the United States of America and Canada, the undersigned plenipotentiaries have agreed upon the following provisions and definitions:

1. The taxes referred to in this Convention are:

(a) For the United States of America: the Federal income taxes, including surtaxes, and excess-profits taxes.

(b) For Canada the Dominion income taxes, including surtaxes, and excess-profits taxes.

2. In the event of appreciable changes in the fiscal laws of either of the contracting States, the Governments of the two contracting States will consult together.

3. As used in this Convention:

(a) The terms "person," "individual" and "corporation", shall have the same meanings, respectively, as they have under the revenue laws of the taxing State or the State furnishing the information, as the case may be;

(b) The term "enterprise" includes every form of undertaking, whether carried on by an individual, partnership, corporation or any other entity;

(c) The term "enterprise of one of the contracting States" means, as the case may be, "United States enterprise" or "Canadian enterprise";

(d) The term "United States enterprise" means an enterprise carried on in the United States of America by an individual resident in the United States of America, or by a corporation, partnership or other entity created or organized in or under the laws of the United States of America, or of any of the States or Territories of the United States of America;

(e) The term "Canadian enterprise" is defined in the same manner mutatis mutandis as the term "United States enterprise";

(f) The term "permanent establishment" includes branches, mines and oil wells, farms, timber lands, plantations, factories workshops, warehouses, offices, agencies and other fixed places of business of an enterprise, but does not include a subsidiary corporation.

When an enterprise of one of the contracting States carries on business in the other contracting State through an employee or agent established there, who has general authority to contract for his employer or principal or has a stock of merchandise from which he regularly fills orders which he receives, such enterprise shall be deemed to have a permanent establishment in the latter State.

The fact that an enterprise of one of the contracting States has business dealings in the other contracting State through a commission agent, broker or other independent agent or maintains therein an office used solely for the purchase of merchandise shall not be held to mean that such enterprise has a permanent establishment in the latter State.

4. The term "Minister", as used in this Convention, means the Minister of National Revenue of Canada or his duly authorized representative. The term "Commissioner", as used in this Convention, means the Commissioner of Internal Revenue of the United States of America, or his duly authorized representative. The term "competent authority", as used in this Convention, means the Commissioner and the Minister and their duly authorized representatives.

5. The term "United States of America", when used in a geographical sense, includes only the States, the Territories of Alaska and Hawaii, and the District of Columbia. The term "Canada" when used in a geographical sense means the Provinces, the Territories and Sable Island.

6. The term "subsidiary corporation" referred to in Article XI of this Convention means a corporation all of whose shares (less directors' qualifying shares) having full voting rights are beneficially owned by another corporation, provided that ordinarily not more than one-quarter of the gross income of such subsidiary corporation is derived from interest and dividends other than interest and dividends received from its subsidiary corporations.

7. (a) The term "rentals and royalties" referred to in Article II of this Convention shall include rentals or royalties arising from leasing real or immoveable, or personal or moveable property or from any interest in such property, including rentals or royalties for the use of, or for the privilege of using patents, copyrights, secret processes and formulae, good will, trade marks, trade brands, franchises and other like property;

(b) The term "interest", as used in this Convention, shall include income arising from interest-bearing securities, public obligations, mortgages, hypothecs, corporate bonds, loans, deposits and current accounts;

(c) The term "dividends", as used in this Convention, shall include all distributions of the earnings or profits of corporations.

8. The term "pensions" referred to in Article VI of this Convention means periodic payments made in consideration for services rendered or by way of compensation for injuries received.

9. The term "life annuities" referred to in Article VI of this Convention means a stated sum payable periodically at stated times, during life, or during a specified number of years, under an obligation to make the payments in consideration of a gross sum or sums paid by the recipient or under a contributory retirement plan.

10. The terms "engaged in trade or business" and "office or place of business" as used in Article XI of this Convention shall not be deemed to include an office used solely for the purchase of merchandise.

11 The provisions of the present Convention shall not be construed to restrict in any manner any exemption, deduction, credit or other allowance accorded by the laws of one of the contracting States in the determination of the tax imposed by such State.

12. The citizens of one of the contracting States residing within the other contracting State shall not be subjected to the payment of more burdensome taxes than the citizens of such other State.

Done in duplicate, at Washington, this fourth day of March, 1942.

[SEAL] SUMNER WELLES.
[SEAL] LEIGHTON MCCARTHY

AND WHEREAS the said convention and the said protocol have been duly ratified on both parts and the ratifications of the two Governments were exchanged at Washington on the fifteenth day of June, one thousand nine hundred and forty-two.

AND WHEREAS it is provided in Article XXII of the said convention that the convention and protocol shall become effective on the first day of January, one thousand nine hundred and forty-one:

NOW, THEREFORE, be it known that I, Franklin D. Roosevelt, President of the United States of America, have caused the said convention and the said protocol to be made public to the end that the same and every article, clause and part thereof may be observed and fulfilled with good faith by the United States of America and the citizens thereof.

IN TESTIMONY WHEREOF, I have hereunder set my hand and caused the Seal of the United States of America to be affixed.

DONE at the city of Washington this seventeenth day of June, in the year of our Lord one thousand nine hundred and forty-two, and of the Independence of the United States of America the one-hundred and sixty-sixth.

[SEAL] FRANKLIN D ROOSEVELT

By the President.
CORDELL HULL,
Secretary of State.

The Internal Revenue Code provides in part as follows:

SEC. 22. GROSS INCOME.

* * * * * *

(b) *Exclusions from gross income.* The following items shall not be included in gross income and shall be exempt from taxation under this chapter:

* * * * * *

(7) *Income exempt under treaty.* Income of any kind, to the extent required by any treaty obligation of the United States;

SEC. 62. RULES AND REGULATIONS.

The Commissioner, with the approval of the Secretary, shall prescribe and publish all rules and regulations for the enforcement of this chapter.

Pursuant to section 62 of the Internal Revenue Code, Article XVIII of the Convention, and other provisions of the internal revenue laws, the following regulations are hereby prescribed and all regulations inconsistent herewith are modified accordingly.

§ 7.21 *Scope of regulations.* The primary purposes of the Convention, to be accomplished on a mutually reciprocal basis are the application of a limited rate of taxation to certain classes of income derived from within one of the contracting States by residents or corporations of the other contracting State, the avoidance of double taxation, the modification of certain taxation provisions with a view to harmonizing as nearly as may be the taxation principles of the two countries, and exchange of fiscal information complementary to other provisions of the Convention, including those relating to the avoidance of double taxation. The Convention also lays the basis for facilitating the settlement of pending cases relating to the Federal taxation of residents of Canada, other than citizens of the United States, and of corporations organized under the laws of Canada (hereinafter referred to as Canadian corporations). These regulations are concerned with the accomplishment of those purposes and with the taxation of nonresident alien residents of Canada and of Canadian corporations.

The specific classes of income from sources within the United States which are exempt by reason of the Convention from United States income taxes are:

(a) Industrial and commercial profits of a Canadian enterprise having no permanent establishment in the United States (Article I);

(b) Income derived by a Canadian enterprise from the operation of ships or aircraft registered in Canada (Article V);

(c) Wages, salaries and similar compensations paid by Canada or any agency or instrumentality thereof, or any political subdivision or territory or possession thereof, to citizens of Canada residing in the United States (Article VI);

(d) Pensions and life annuities paid to nonresident alien individuals resident in Canada (Article VI);

(e) Compensation for labor or personal services performed within the United States by a nonresident alien individual, resident in Canada, such exemption, however, being subject to the limitations set forth in Article VII of the Convention and in § 7.28 of these regulations;

(f) Gains derived from the sale or exchange of capital assets by a nonresident alien individual resident in Canada or by a Canadian corporation or other entity having no permanent establishment in the United States (Article VIII);

(g) Remittances from sources within Canada (if and to the extent they constitute gross income) received in the United States by a nonresident alien individual, resident of Canada, who is temporarily resident in the United States for the purposes of study or for acquiring business experience, such remittances being for the purposes of his maintenance or studies (Article IX);

(h) Income of a Canadian religious, scientific, literary, educational or charitable organization (Article X);

(i) Dividends and interest paid on or after January 1, 1941 by a Canadian corporation to individual residents of Canada, other than citizens of the United States, or to Canadian corporations (if and to the extent that such dividends and interest are taxable in the hands of such persons without regard to this Convention) (Article XII).

The Convention does not, except as provided in the first paragraph of Article VI, affect the liability to United States income tax of Canadian citizens resident in the United States nor does it affect such liability of a citizen of the United States residing in Canada. It has no application to individuals nonresident as to Canada even though such nonresident is a citizen of Canada.

The income tax liability of a nonresident alien individual, resident of Canada, and of a Canadian corporation or other entity, except as to (1) the reduced rate of taxation applicable in the case of such taxpayers and (2) items of income expressly exempted from tax by the Convention, is determined in accordance with the provisions of the internal revenue laws of the United States and the regulations thereunder applicable generally to the taxation of nonresident alien individuals and foreign corporations.

§ 7.22 *Definitions.* As used in these regulations:

(a) The term "permanent establishment" includes branches, mines and oil wells, farms, timberlands, plantations, factories, workshops, warehouses, offices, agencies and other fixed places of business of an enterprise. A Canadian parent corporation having a domestic subsidiary corporation in the United States shall not be deemed by reason of such fact to have a permanent establishment in the United States. The mere fact that a foreign subsidiary corporation of a Canadian parent corporation has a permanent establishment in the United States does not mean that such Canadian parent corporation has a permanent establishment in the United States. The fact that a Canadian enterprise has business dealings in the United States through a commission agent, broker or other independent agent or maintains therein an office used solely for the purchase of merchandise shall not be held to mean that such enterprise has a permanent establishment in the latter State. If, however, the Canadian enterprise carries on business in the United States through an employee or agent established there who has general authority to contract for such Canadian enterprise or has a stock of merchandise located in the United States from which it regularly fills orders, such Canadian enterprise shall be deemed to have a permanent establishment in the United States. The mere fact that salesmen, employees of a Canadian enterprise, promote the role of its products in the United States or that such enterprise transacts business therein by means of mail order activities does not mean such enterprise has a permanent establishment therein.

(b) The term "enterprise" means any commercial or industrial undertaking whether conducted by an individual, partnership, corporation or other entity. It includes such activities as manufacturing, merchandising, mining and banking. It does not include the rendition of personal services. Hence, a nonresident alien individual, a resident of Canada, rendering personal services within the United States is not, merely by reason of such services, engaged in an enterprise within the meaning of the Convention and his liability to income tax is unaffected by Article I of the Convention.

(c) The term "Canadian enterprise" means an enterprise carried on in Canada by a nonresident alien individual resident in Canada or by a Canadian corporation or other Canadian entity. The term "Canadian corporation or other entity" means a partnership, corporation or other entity created or organized in Canada or under the laws of Canada. For example, an enterprise carried on wholly outside Canada by a Canadian corporation is not a Canadian enterprise within the meaning of the Convention.

(d) The term "industrial and commercial profits" means the profits arising from the industrial, mercantile, manufacturing, or like activities of a Canadian enterprise as defined in this section. Such term does not include rentals and royalties, interest, dividends, fees or charges for managerial activities or gains derived from the sale or exchange of capital assets, nor compensation for labor

or personal services. Such enumerated items of income are not governed by the provisions of Article I but, to the extent covered by the Convention, are subject to the rules elsewhere set forth therein and in these regulations.

§ 7.23 *Scope of Convention with respect to determination of "industrial and commercial profits" of a nonresident alien individual, resident of Canada, or of a Canadian corporation or other entity carrying on a Canadian enterprise in the United States*—(a) *General.* Article I of the Convention adopts the principle that an enterprise of one of the contracting States shall not be taxable in the other contracting State in respect of its industrial and commercial profits unless it has a permanent establishment in the latter State. Hence, a Canadian enterprise is subject to United States tax upon its industrial and commercial profits to the extent of such profits from sources within the United States only if it has a permanent establishment within the United States. From the standpoint of Federal income taxation, the article has application only to a Canadian enterprise and to the industrial and commercial income thereof from sources within the United States. It has no application, for example, to compensation for labor or personal services performed in the United States nor to income derived from real property located in the United States nor to any interest in such property, including rentals and royalties therefrom, nor to gains from the sale or disposition thereof, nor to dividends and interest. Such enumerated items of income, to the extent covered by the Convention, are treated separately elsewhere in these regulations and are subject to the rules laid down in the sections having specific reference to the respective items of income. As to what is a "Canadian enterprise", a "permanent establishment" and "industrial and commercial profits", see § 7.22 of these regulations.

(b) *No United States permanent establishment.* A nonresident alien individual, a resident of Canada, or a Canadian corporation or other entity carrying on a Canadian enterprise but having no permanent establishment in the United States is not subject to United States income tax upon industrial and commercial profits from sources within the United States. For example, if such Canadian corporation sells stock in trade, such as ore, or wood pulp, or paper, through a bona fide commission agent or broker in the United States, the resulting profit is, under the terms of Article I of the Convention, exempt from United States income tax. Such Canadian corporation, however, remains subject to tax upon all other items of income from sources within the United States which are not expressly exempted from such tax under the Convention. Such Canadian corporation is, however, engaged in trade or business within the United States and hence is not entitled to the reduced rate of 15 percent upon fixed or determinable annual or periodical income as provided in Article XI of the Convention. See § 7.31 of these regulations. Such corporation is, however, by reason of its not having a permanent establishment in the United States not subject to tax upon capital gains. See also § 7.29 of these regulations.

(c) *United States permanent establishment.* A nonresident alien individual, resident in Canada, or a Canadian corporation or other entity, carrying on a Canadian enterprise having a permanent establishment in the United States is subject to tax upon industrial and commercial profits from sources within the United States. In the determination of the income of such resident of Canada or Canadian corporation or other entity from sources within the United States, all industrial and commercial profits from such sources shall be deemed to be allocable to the permanent establishment within the United States. Hence, for example, if a Canadian enterprise having a permanent establishment in the United States, sells in the United States through a commission agent therein, goods produced in Canada, the resulting profits derived from United States sources from the latter transactions are allocable to such permanent establishment. In determining such income no account shall be taken of the mere purchase of merchandise effected in the United States by such Canadian enterprise.

§ 7.24 *Allocation of compensation for labor or personal services.* Except as provided in section 119 (a) (3) of the Internal Revenue Code, gross income from sources within the United States includes compensation for labor or personal services performed within the United States regardless of the residence of the payor, of the place in which the contract for service was made, or of the place of payment. If a specific amount is paid for labor or personal services performed in the United States, such amount (if income from sources within the United States) shall be included in the gross income. If no accurate allocation or segregation of compensation for labor or personal services performed in the United States can be made, or when such labor or service is performed partly within and partly without the United States, the amount to be included in the gross income shall be determined by an apportionment on the time basis, i. e., there shall be included in the gross income an amount which bears the same relation to the total compensation as the number of days of performance of the labor or services within the United States bears to the total number of days of performance of labor or services for which the payment is made.

§ 7.25 *Control of a domestic enterprise by a Canadian enterprise.* Article IV of the Convention provides that if a Canadian enterprise by reason of its control of a domestic business imposes conditions different from those which would result from normal business relations between independent enterprises, the accounts between the enterprises will be adjusted so as to ascertain the true net income of the domestic enterprise. The purpose is to place the controlled domestic enterprise on a tax parity with an uncontrolled domestic enterprise by determining, according to the standard of an uncontrolled enterprise, the true net income from the property and business of the controlled enterprise. The Convention contemplates that if the accounting records do not truly reflect the net income from the property and business of such domestic enterprise the Commissioner shall intervene and, by making such distributions, apportionments or allocations as he may deem necessary of gross income or deductions of any item or element affecting net income as between such domestic enterprise and the Canadian enterprise by which it is controlled or directed, determine the true net income of the domestic enterprise. The provisions of § 19.45–1, Regulations 103, (Part 19, Title 26, Code of Federal Regulations, 1940 Sup.) shall, insofar as applicable, be followed in the determination of the net income of the domestic business.

§ 7.26 *Income from operation of ships or aircraft.* The income derived by a Canadian enterprise from the operation of ships or aircraft registered in Canada is, under Article V of the Convention, exempt from United States income tax. However, the profits derived by such enterprise from the operation of ships or aircraft, if any, not so registered are treated as are industrial and commercial profits generally. See Article I of the Convention and section 7.23 of these regulations.

§ 7.27 *Wages, salaries and similar compensations, pensions and life annuities.* Under Article VI of the Convention, wages, salaries and similar compensation paid by the Government of Canada or any agency or instrumentality thereof or any political subdivision, or territory thereof, to citizens of Canada residing in the United States are exempt from Federal income tax. The provisions of Article XVII have no application to such income of such individals. As to the taxation generally of the compensation of employees of foreign governments, see section 116 (h) of the Internal Revenue Code and § 19.116–1 of Regulations 103.

Under the provisions of the same article of the Convention, pensions and life annuities derived from sources within the United States by nonresident alien individuals residing in Canada are exempt from Federal income tax. Such items of income are, therefore, not subject to the withholding provisions of the Internal Revenue Code. See paragraph 9 of the Protocol to the Convention as to what constitutes life annuities. However, for the purposes of the Convention and these regulations:

(a) The exemption with respect to annuities (other than those paid under a contributory retirement plan) applies only to the individual who has actually paid the consideration upon which the annuity is based; and

(b) The exemption with respect to payments under a contributory retirement plan applies alike to the original beneficiary and to the successor beneficiary even though the latter has not himself actually made payments into the fund from which such payments are made.

See paragraph 8 of the Protocol as to what constitutes "pensions" within the meaning of the Convention. See section 22 (b) (5), Internal Revenue Code.

§ 7.28 *Compensation for labor or personal services.* Article VII of the Convention provides, upon a reciprocal basis, that a nonresident alien, a resident of Canada, is exempt from Federal income tax upon compensation for labor or personal services performed within the United States if he conforms to either of the following conditions:

He is temporarily present within the United States for a period or periods:

(1) Not exceeding 183 days during the taxable year and his compensation for labor or personal services performed in the United States during such period (i) is received for labor or personal services performed as an employee of, or under contract with, a resident or corporation or other entity of Canada and (ii) does not exceed $5,000 in the aggregate during such taxable year; or

(2) Not exceeding 90 days during the taxable year and the compensation received for such services does not exceed $1,500 in the aggregate during such taxable year even though such compensation is paid by a United States resident or domestic corporation or other domestic entity.

If, therefore, such nonresident alien individual (a) is temporarily present in the United States for a period or periods in excess of 90 days during the taxable year or (b) receives more than $1,500 in the aggregate during such taxable year for labor or personal services performed in the United States, he is not exempt under (2) and his right to exemption under the Convention will depend on his meeting the following tests:

(A) His stay in the United States is not in excess of 183 days during the taxable year; and

(B) His compensation from United States sources is paid by a Canadian employer; and

(C) Such compensation does not exceed $5,000 in the aggregate during the taxable year.

As to source of compensation for labor or personal services, see § 7.24 of these regulations.

The provisions of paragraph (1) do not extend to the professional earnings of actors, artists, musicians, professional athletes and other individuals engaging in similar pursuits. If, therefore, such latter persons do not come within the provisions of paragraph (2) they are subject to the provisions of the Internal Revenue Code applicable generally to the taxation of nonresident alien individuals. See section 211, Internal Revenue Code, and regulations thereunder.

§ 7.29 (a) *Capital gains.* Under Article VIII of the Convention gain derived from the sale or exchange within the United States of capital assets by a nonresident alien individual resident in Canada or by a Canadian corporation or other Canadian entity is exempt from Federal income tax unless such individual, corporation or other entity has a permanent establishment in the United States. As to what constitutes capital assets, see section 117, Internal Revenue Code, and § 19.117–1, Regulations 103. As to what constitutes a permanent establishment, see § 7.22 of these regulations.

(b) *Remittances.* Under Article IX of the Convention, nonresident alien individuals, residents of Canada, who are temporarily residing in the United States for the purposes of study or for acquiring business experience are exempt from Federal income tax upon amounts representing remittances from Canada for the purposes of their maintenance and studies if and to the extent such amounts constitute gross income.

§ 7.30 *Exempt organizations.* Article X of the Convention provides that religious, scientific, literary, educational or charitable organizations of Canada shall be exempt from Federal taxation with respect to income derived from sources within the United States. Paragraph 11 of the Protocol to the Convention provides that the provisions of the Convention shall not be construed to restrict in any manner any exemption, deduction, credit or other allowance accorded by the laws of one of the contracting States in the determination of the tax imposed by such State. In view of the provisions of paragraph 11, the provisions of section 101 (relating to exemptions from tax on corporations) apply to all Canadian organizations coming within the scope of that section, regardless of whether Canada recognizes such organization as exempt from income and excess profits taxes imposed by that Country. The article contemplates that similar exemptions to those granted under the revenue laws of the United States to such organization of Canada will be granted by Canada to a like organization of the United States if any such organization is also a religious, scientific, literary, educational or charitable organization under the laws of Canada, even though such latter organization is nonresident as to Canada. For example, the A Corporation organized under the laws of Canada and conducting no activities in the United States is operated exclusively for religious and charitable purposes and no part of the net earnings of the corporation inures to the benefit of any private shareholders and the corporation meets the other tests of section 101 (6), Internal Revenue Code. The A Corporation is exempt from United States income tax with respect to its income from United States sources. Conversely Article X contemplates that a United States religious or charitable organization similarly circumstanced with respect to Canada shall be exempt from income and excess profits tax otherwise imposed by Canada with respect to income derived by such United States organization from sources in Canada.

§ 7.31 *Reduction in rate of the tax withheld at source*—(a) *General.* Under the terms of the Convention, the provisions of which are retroactive to January 1, 1941, the rate of tax of 27½ percent, or 30 percent, as the case may be, imposed by section 211 (a) of the Internal Revenue Code (relating to nonresident alien individuals not engaged in trade or business within the United States and not having an office or place of business therein) and by section 231 (a) of the Internal Revenue Code (relating to foreign corporations not engaged in trade or business in the United States and not having an office or place of business therein) is reduced to 15 percent in the case of such individuals who are residents of Canada and in the case of such corporations organized under the laws of Canada, with respect to amounts received from sources within the United States as interest (except interest exempt from tax), dividends, rents, salaries, wages, premiums, compensations, remunerations, emoluments or other fixed or determinable annual or periodical gains, profits and income, other than annuities and pensions which are exempt from the tax under the Convention. Such tax Convention, however, does not affect the rates of tax prescribed under the prior tax Convention with Canada, effective January 1, 1936 and terminated effective April 30, 1941. Under such prior Convention, the reduced rate of tax with respect to such income, including annuities and pensions, in the case of nonresident aliens, residents of Canada, was 5 percent and in the case of Canadian corporations, 5 percent with respect to dividends only.

Under the provisions of Article XI, dividends paid to a Canadian corporation not engaged in trade or business within the United States and not having an office or place of business therein by a domestic subsidiary corporation are subject to tax at the rate of only 5 percent, such dividends constituting an exception to the general rule laid down in paragraph 1 of Article XI. For the purposes of that article, a "subsidiary corporation" is defined in paragraph 6 of the Protocol as a corporation (in this case a domestic corporation) all of whose shares (less directors' qualifying shares) having full voting rights are beneficially owned by another corporation (in this case a Canadian corporation), provided that ordinarily not more than one-quarter of the gross income of such subsidiary corporation is derived from interest and dividends other than interest and dividends received from its subsidiary corporations. Thus, for example, the A Corporation is a domestic corporation all of whose shares are owned by B Company, Ltd., a Canadian corporation not engaged in trade or business within the United States and not having any office or place of business therein. The A Corporation pays a dividend to B Company, Ltd., on June 30, 1943. The A Corporation is on a calendar year basis and throughout 1940, 1941 and 1942 derived not more than 15 percent of its gross income from interest and dividends from corporations not controlled by the A Corporation. The Commissioner ascertains and has so notified the A Corporation that the corporate relationship between the A Corporation and the B Company, Ltd., has not been arranged and is not maintained primarily for the purpose of securing the lower rate of tax prescribed in paragraph 2 of Article XI of the Convention. The dividend paid by the A Corporation is subject to withholding of the tax at the lower rate of 5 percent.

Any domestic corporation which claims on contemplates claiming, that dividends paid by it, or to be paid by it, are subject only to the 5 percent rate, shall file, as soon as practicable, with the Commissioner the following information: (1) The date and place of its organization; (2) the number of its outstanding shares of stock having full voting rights; (3) the person or persons beneficially owning such stock and their relationship to such corporation; (4) the amount of gross income, by years, of the paying corporation for the three-year period immediately preceding the taxable year in which such dividend is paid; (5) the amount of interest and dividends, by years, included in such gross income and the amount of interest and dividends, by years, received from the subsidiary corporations, if any, of such domestic corporation; and (6) the corporate relationship between such domestic corporation and the Canadian corporation to which it pays the dividend. As soon as practicable after such information is filed, the Commissioner shall examine it and determine whether the dividends concerned fall within the provisions of such paragraph and may authorize the release of excess tax withheld with respect to dividends which are shown to the satisfaction of the Commissioner to come within the provisions of paragraph 2 of Article XI of the Convention. In any case in which the Commissioner has notified such domestic corporation that it comes within the provisions of paragraph 2 of Article XI of the Convention, the reduced rate of 5 percent applies to any dividends subsequently paid by such corporation unless its stock ownership or the character of its income materially changes. In the event of such changes occurring, such corporation shall promptly notify the Commissioner of the then existing facts with respect to such stock ownership and income.

(b) *Specific terms.* Under paragraph 7 (b) of the Protocol, the term "interest" as used in the Convention includes income arising from interest-bearing securities, public obligations, mortgages, hypothecs, corporate bonds, loans, deposits and current accounts. The term "dividends" as used in the Convention includes all distributions of the earnings or profits of corporations. The term "rentals and royalties" as used in Article II of the Convention includes rentals or royalties arising from leasing real or immovable, or personal or movable property, or from any interest in such property, including rentals or royalties for the use of, or for the privilege of using, patents, copyrights, secret processes and formulae, goodwill, trade marks, trade brands, franchises and other like property.

By reason of the provisions of paragraph 11 of the Protocol, nonresident aliens, residents of Canada, and Canadian corporations and other Canadian entities are entitled to any exemption, deduction, credit, or other allowance or reliefs accorded by the revenue laws of the United States to nonresident alien individuals and foreign corporations generally. If, therefore, the terms "interest", "dividends" and "rentals and royalties" as used in the Convention include items not subject to Federal tax, such latter items remain nontaxable under the Convention.

As to refund of tax withheld for 1941 in excess of the rates provided in the Convention, application of the reduced rate of withholding under the Convention, and instructions with respect to United States and Canada withholding agents as to withholding of the tax and the filing of returns by such withholding agents, see Treasury Decision 5157.

§ 7.32 *Dividends and interest paid by Canadian corporations.* A dividend paid by a foreign corporation constitutes income from sources within the United States, and hence is subject to tax in the hands of nonresident alien or foreign corporations, if 50 percent or more of the gross income of the foreign corporation paying such dividend is derived from sources within the United States during the period prescribed by the statute. Section 119 (a) (2) (B), Internal Revenue Code and § 19.119–3 (b), Regulations 103. Interest paid by a resident foreign corporation constitutes income from sources within the United States, and hence is subject to tax in the hands of a nonresident alien individual or foreign corporation, if 20 percent or more of the gross income of the foreign corporation paying such interest is derived from sources within the United States during the period prescribed by the statute. Section 119 (a) (1) (B), Internal Revenue Code and § 19.119–2 (b), Regulations 103.

Under the provisions of Article XII of the Convention, dividends and interest paid by a Canadian corporation to a nonresident alien resident in Canada, or to another Canadian corporation are not subject to Federal income tax regardless of whether the corporation paying such dividend or interest is a resident foreign (as to the United States) corporation and regardless of the percentage of its gross income derived from sources within the United States, and regardless further of whether such resident of Canada is a Canadian citizen. However, such dividends and interest still remain income from sources within the United States if the conditions prescribed in the cited sections of the Internal Revenue Code are met. Such dividends and interest, to the extent they constitute income from sources within the United States, are, therefore, taken into consideration in ascertaining whether the dividends and interest paid by the recipient Canadian corporation in turn constitute income from sources within the United States for the purpose of taxation of nonresident alien individuals, nonresident as to Canada, and of foreign corporations, other than Canadian corporations. If, for example, the A Company, Ltd., a Canadian corporation, derives 75 percent of its gross income in the form of dividends from the B Company, Ltd., another Canadian corporation which derives all of its gross income from sources within the United States, such dividends from the B Company, Ltd., to the A Company, Ltd., are exempt from Federal income tax in the hands of the A Company, Ltd. However, any dividend paid by the A Company, Ltd., to a nonresident alien individual, nonresident as to Canada, or to a foreign corporation, other than a Canadian corporation, is subject to Federal income tax as constituting income from sources within the United States to the extent provided in section 119 (a) (2) (B), Internal Revenue Code and regulations thereunder.

§ 7.33 *Canadian corporations; exemption from Federal taxation with respect to accumulated surplus or undistributed income.* Section 102 of the Internal Revenue Code imposes (in addition to other taxes imposed by chapter 1 of such Code) a graduated income tax or surtax upon any domestic or foreign corporation formed or availed of to avoid the imposition of the individual surtax upon its shareholders or the shareholders of any other corporation through the medium of permitting earnings or profits to accumulate instead of dividing or distributing them. Such tax, however, does not apply in the case of personal holding companies as defined in section 501 of the Internal Revenue Code nor to foreign personal holding companies as defined in Supplement B (section 331) of such Code. Section 500 of the Internal Revenue Code imposes (in addition to the taxes imposed by chapter 1 of such Code) a graduated income tax or surtax upon corporations classified as personal holding companies, regardless of whether or not they are formed or availed of to accumulate earnings or profits for the purpose of avoiding surtax upon shareholders. A foreign corporation, whether resident or nonresident, classified as a personal holding company under section 501 (not including a foreign personal holding company as defined in section 331) is subject to the tax imposed by section 500 with respect to its income from sources within the United States even though such income is not fixed or determinable annual or periodical income specified in section 231 (a).

Under the provisions of Article XIII of the Convention, Canadian corporations are subject to neither the tax imposed by section 102, supra, nor the tax imposed by section 500, supra, if more than 50 percent of the outstanding voting stock of such corporation is owned directly or indirectly throughout the last half of the taxable year by nonresident alien individuals, residents of Canada. To come within the scope of the exemption, the prescribed proportion of the stock of the Canadian corporation concerned must be so owned at all times throughout the last half of the taxable year in which the taxable status of the corporation is involved. In determining the ownership of the voting stock of the Canadian corporation, the provisions of §§ 19.503 (a) (1) to 19.503 (a)–7, inclusive, and § 19.503 (b)–1, Regulations 103 shall, insofar as not inconsistent with the Convention, be applicable in the administration of the provisions of the Convention.

§ 7.34 *Adjustment of tax liability of Canadians for 1940 and prior years.* Article XIV (1) confers upon the Commissioner authority to adjust the tax liability for 1935 and prior taxable years of nonresident aliens, residents of Canada, and Canadian corporations in any case in which such tax liability remained unpaid as at the date of the signing of the Convention, March 4, 1942. Such provision, however, will not apply in any case unless:

(1) The Commissioner is satisfied that the additional income tax involved did not arise by reason of fraud with intent to evade the tax on the part of the taxpayer concerned and

(2) The taxpayer files with the Commissioner a notarized statement showing for each year involved and for such other years as the Commissioner may require, (i) by items and classes of income the amounts of interest, dividends, rents, salaries, wages, premiums, annuities, compensations, remunerations, emoluments, or other fixed or determinable annual or periodical income, gains, profits and income derived from sources within the United States; (ii) the business transactions, if any, carried on in the United States by or in behalf of the taxpayer during each of such years and (iii) such further information as the Commissioner may require in the particular case.

In any case in which the Commissioner deems it appropriate to exercise the authority thus conferred, the resulting tax liability for any such year or years may not exceed the amount of the liability which would have been determined had the following been taken into effect for such year or years:

(1) The Revenue Act of 1936 as modified by the tax Convention between the United States and Canada, effective January 1, 1936, to April 29, 1941 but this does not apply in the case of a corporation organized under the laws of Canada, more than 50 percent of the outstanding voting stock of which was owned directly or indirectly throughout the last half of the taxable year by citizens or residents of the United States;

(2) Article XII of the Convention exempting from United States tax dividends and interest paid by a Canadian corporation to individual residents of Canada or to corporations organized under the laws of Canada; (see § 7.32 of these regulations) and

(3) Article XIII of the Convention exempting Canadian corporations from the tax imposed by the United States with respect to accumulated or undistributed earnings and profits, income or surplus (see § 7.33 of these regulations).

In any case in which the Commissioner has exercised his authority to apply the provisions of Article XIV (1) (a) of the Convention, the aggregate amount of interest and penalties cannot exceed 50 percent of the amount of the tax with respect to which such interest and penalties have been computed, if in such case the taxpayer was not engaged in trade or business within the United States and had no office or place of business therein during the taxable year involved.

Article XIV (b) of the Convention provides that the Federal income tax liability remaining unpaid as at March 4, 1942, the date of signature of the Convention, for taxable years beginning after December 31, 1935, and prior to January 1, 1941, in the case of any nonresident alien individual, a resident of Canada, or a Canadian corporation shall be determined under the United States internal revenue laws properly applicable thereto, except that Article XII and Article XIII of the Convention shall be treated as being in effect for such years. (See §§ 7.32 and 7.33 of these regulations.) Since for such years the income tax laws properly applicable thereto are modified by the Tax Convention between the United States and Canada effective January 1, 1936, there exists no necessity to make application to the Commissioner for the adjustment of the tax liability for such years on such basis.

§ 7.35 *Credit against United States tax liability for income tax paid to Canada.* For the purpose of avoidance of double taxation Article XV provides that, on the part of the United States, there shall be allowed against the United States income and excess profits tax liability a credit for any such taxes paid to Canada by United States citizens or domestic corporations. Such principle also applies in the case of a citizen of Canada residing in the United States. Such credit, however, is subject to the limitations provided in section 131, Internal Revenue Code (relating to the credit for foreign taxes). See §§ 19.131–1 to 131–8, Regulations 103. The article is complementary to the provisions of Article XVII, which provides that the United States in ascertaining the income and excess profits tax of its citizens and residents and corporations may take into the basis upon which such taxes are imposed all items of income as though the Convention had not come into effect.

§ 7.36 *Reciprocal regulations.* Article XVIII contemplates that both the United States and Canada may prescribe regulations for the purpose of carrying the Convention into effect within the respective countries and reciprocal rules relating to the exchange of information and that in the formulation of such regulations and rules the Commissioner and the Minister may communicate with each other directly and outside diplomatic channels. See paragraph 4 of the Protocol of the Convention. As used in this Treasury Decision the term "Commissioner" means Commissioner of Internal Revenue or his duly authorized representative, and the term "Minister" means the Minister of National Revenue of Canada or his duly authorized representative. See § 7.24 of this Treasury Decision relating to allocation of income.

§ 7.37 *Reciprocal administrative assistance.* By Article XIX of the Convention, the United States and Canada adopt the principle of exchange of information for use in the determination and assessment of the taxes with which the Convention is concerned. See § 7.36 of these regulations. Pursuant to such principle, every United States withholding agent shall make and file with the collector, in duplicate, an information return on Form 1042B, for the calendar year 1942 and each subsequent calendar year, in addition to withholding return, Form 1042, with respect to the items of income from which a tax of 15 percent was withheld from persons whose addresses are in Canada (5 percent in the case of dividends falling within the scope of paragraph 2 of Article XI of the Convention). There shall be reported on Form 1042B not only such items of income listed on Form 1042, but also such items of interest listed on monthly returns, Form 1012, including items of interest where the liability for withholding is only 2 percent.

The information and correspondence relative to exchange of information may be transmitted directly by the Commissioner to the Minister.

§ 7.38 *Information to be furnished in due course.* In accordance with the provisions of Article XX (1) of the Convention, the Commissioner shall forward to the Minister as soon as practicable after the close of the calendar year 1942 and of each calendar year thereafter during which the Convention is in effect the names and addresses of all persons whose addresses are within Canada and who derive from sources within the United States, dividends, interest, rents, royalties, salaries, wages, pensions, and annuities or other fixed or determinable annual or periodical profits and income, showing the amounts of such profits and income in the case of each addressee. For these purposes, the transmission to the Minister of Information Return, Form 1042B, as provided in § 7.37 of these regulations for the calendar year 1942 and subsequent calendar years shall constitute a compliance with the provisions of Article XX (1) of the Convention and of these regulations.

§ 7.39 *Information in specific cases.* Under the provisions of Article XXI of the Convention and upon request of the Minister, the Commissioner may furnish to the Minister any information available to, or obtainable by, the Commissioner under the revenue laws relative to the tax liability of any person (whether or not a citizen or resident of Canada) under the revenue laws of Canada.

[SEAL] GUY T. HELVERING,
Commissioner of Internal Revenue.

PART 19—INCOME TAX UNDER THE INTERNAL REVENUE CODE

TECHNICAL CORRECTIONS

Treasury Decision 5196 and Treasury Decision 5199 amended.

PARAGRAPH 1. Paragraph 10 of Treasury Decision 5196, approved December 8, 1942, which reads:

Pursuant to the above provision of law, the amendments to §§ 19.23 (a), 19.23 (l)–1, 2, and 3, and 19.24–4 of Regulations 103 set forth in this Treasury decision (which regulations cover taxable years beginning after December 31, 1938), are hereby made applicable to taxable years beginning prior to January 1, 1939 (such years being covered by Regulations 101, 94, 86, 77, 74, 69, 65, 62, 45, and 33).

is amended to read as follows:

Pursuant to the above provision of law, § 19.23 (a)–15 and the amendments to §§ 19.23 (l)–1, 19.23 (l)–2, 19.23 (l)–3, and 19.24–4 of Regulations 103, set forth in this Treasury decision (which regulations cover taxable years beginning after December 31, 1938), are hereby made applicable to taxable years beginning prior to January 1, 1939 (such years being covered by Regulations 101, 94, 86, 77, 74, 69, 65, 62, 45, and 33).

PAR. 2. Paragraph 3 of the Treasury Decision 5199, approved December 10, 1942, which reads:

Section 19.22 (d)–3 is amended by changing the parenthetical expression appearing after the words "to be used" in the first sentence of the first paragraph to read as follows:

(or, if such return is filed prior to ———, 1943, the ninetieth day after the approval of Treasury Decision ———, then at any time prior to such date)

is amended to read as follows:

Section 19.22 (d)–3 is amended by changing the parenthetical expression appearing after the words "to be used" in the first sentence of the first paragraph to read as follows:

(or, if such return is filed prior to March 10, 1943, the ninetieth day after the approval of Treasury Decision 5199, then at any time prior to such date)

(Section 62 of the Internal Revenue Code (53 Stat. 32, 26 U.S.C. 1940 ed., 62) and sections 118 and 121 of the Revenue Act of 1942. (Public Law 753, 77th Congress))

GUY T. HELVERING,
Commissioner of Internal Revenue.

Approved: January 1, 1943.

Subchapter C—Miscellaneous Excise Taxes

PART 141—SHIPMENT OR DELIVERY OF MANUFACTURED TOBACCO, SNUFF, CIGARS, CIGARETTES, AND CIGARETTE PAPERS OR TUBES, FOR USE AS SEA STORES WITHOUT PAYMENT OF INTERNAL REVENUE TAX UNDER THE TARIFF ACT OF 1930

MISCELLANEOUS AMENDMENTS

In order to conform Regulations 76 [Part 141, Title 26, Code of Federal Regulations], relating to shipment or delivery of manufactured tobacco, snuff, cigars, or cigarettes for use as sea stores without payment of internal revenue tax, to sections 601 and 605 (e) of the Revenue Act of 1942 (Public Law 753, 77th Congress), approved October 21, 1942, such regulations, but only as prescribed and made applicable to the Internal Revenue Code by Treasury Decision 4885, approved February 11, 1939 [Chapter I, note, Title 26, Code of Federal Regulations, 1939 Sup., p. 1599], are amended, effective as of November 1, 1942, as follows:

PARAGRAPH 1. There is inserted immediately preceding § 141.1 [article 1], the following:

SEC 2197 TERRITORIAL EXTENT OF LAW (Internal Revenue Code.)

(a) *In general.* The internal revenue laws imposing taxes on tobacco, snuff, cigars, or cigarettes shall be held to extend to such articles produced anywhere within the exterior boundaries of the United States, whether the same be within a collection district or not.

(b) *Exportation free of Internal Revenue Tax.* The shipment or delivery of manufactured tobacco, snuff, cigars, or cigarettes, for consumption beyond the jurisdiction of the internal revenue laws of the United States, as defined by subsection (a), shall be deemed exportation within the meaning of the internal revenue laws applicable to the exportation of such articles without payment of internal revenue tax.

SEC 605 (e). EXPORTATION OF CIGARETTE PAPERS AND TUBES FREE OF INTERNAL REVENUE TAX. (Revenue Act of 1942.)

Section 2197 (b) (relating to tax-free exportation of tobacco) is amended by striking out "or cigarettes" and inserting in lieu thereof "cigarettes, or cigarette papers or tubes".

SEC. 601. EFFECTIVE DATE OF THIS TITLE. (Revenue Act of 1942, approved October 21, 1942; Title VI.)

This title shall take effect on the first day of the first month which begins more than 10 days after the date of the enactment of this Act.

PAR. 2. Wherever appearing throughout the regulations, the term "manufactured tobacco, snuff, cigars, and cigarettes," is amended to read "manufactured tobacco, snuff, cigars, cigarettes, and cigarette papers or tubes," and the term "tobacco products" is amended to read "tobacco products, and cigarette papers or tubes".

PAR. 3. Section 141.3 [Article 3] is amended by changing the first two sentences to read as follows:

Before or at the time of filing his first application on Form 550–A for withdrawal of tobacco, snuff, cigars, cigarettes, or cigarette papers or tubes, a manufacturer who desires to remove from his factory any of such products without the payment of tax for shipment or delivery under these regulations, shall be required to furnish to the collector of internal revenue for the district in which the factory is located a bond in duplicate on Form 549–A, with surety satisfactory to that officer. A separate bond must be filed to cover the withdrawal of "large cigars," or "small cigars," or "small cigarettes," or "large cigarettes," or "cigarette papers or tubes."

PAR. 4. Section 141.5 (a) (2) [Article 5 (a) (2)] is amended by substituting "of tobacco products or cigarette papers or tubes," for "of a tobacco product" in the first sentence of the second paragraph.

PAR. 5. Section 141.14 [Article 14] is amended by eliminating the word "tobacco" from the last sentence of the first paragraph.

PAR. 6. Section 141.24 [Article 24] is amended to read as follows:

§ 141.24 *Return of sea stores of domestic manufacture.* All unstamped tobacco, snuff, cigars, cigarettes, and cigarette papers or tubes, of domestic manufacture brought back into the United States by any person must be entered at the customhouse, except such articles for use as sea stores as are entered on the store list of the vessel and are under seal while the vessel is in port in the United States. Sea stores of domestic manufacture returned to the United States are treated in the same manner as importations. For duties or internal revenue taxes applicable to returned sea stores, see articles 133 and 189 of Regulations 8. [Art. 24]

(Secs. 2197 and 3791 of the Internal Revenue Code (53 Stat., 246, 467; 26 U.S.C., 1940 ed., 2197, 3791; and secs. 601 and 605 (e) of the Revenue Act of 1942 (Public Law 753, 77th Congress))

TITLE 30—MINERAL RESOURCES

Chapter III—Bituminous Coal Division

[Docket No. A-1748]

PART 335—MINIMUM PRICE SCHEDULE, DISTRICT NO. 15

ORDER GRANTING RELIEF, ETC.

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 15 for the establishment of price classifications and minimum prices for certain mines in District No. 15.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 15; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act:

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 335.5 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, § 335.24 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this order, unless it shall otherwise be ordered.

Dated: December 19, 1942.

[SEAL] DAN H. WHEELER,
Director.

TITLE 32—NATIONAL DEFENSE

Chapter VI—Selective Service System

[Amendment 113, 2d Ed.]

PART 622—CLASSIFICATION

DEFERRALS BY REASON OF AGE

By virtue of the provisions of the Selective Training and Service Act of 1940 (54 Stat. 885, 50 U.S.C., Sup. 301-318, inclusive); E.O. No. 8545, 5 F.R. 3779, E.O. No. 9279, 7 F.R. 10177, and the authority vested in me by the Chairman of the War Manpower Commission in Administrative Order No. 26, 7 F.R. 10512, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

1. Amend § 622.41 to read as follows:

§622.41 *Class IV-A: Man deferred by reason of age.* In Class IV-A shall be placed every registrant liable for training and service who has attained the 45th anniversary of the day of his birth and (1) who has not been inducted into the land or naval forces, or (2) who after being inducted into the land or naval forces has been separated therefrom under circumstances which require his reclassification under the provisions of paragraph (a) of § 633.14: *Provided*, That if and when the Director of Selective Service advises the local board that such a registrant is acceptable to the land or naval forces, such registrant may file with his local board a written request that he be inducted, in which case he shall be classified without reference to his age, and if he is not placed in a deferred classification, he may be inducted.

2. Amend the regulations by adding a new section to be known as § 622.45 to read as follows:

§ 622.45 *Class IV-H: Man deferred because of an age group not acceptable for military service.* In Class IV-H shall be placed every registrant who has attained the 38th anniversary of the day of his birth and who has not attained the 45th anniversary of the day of his birth and (1) who has not been inducted into the land or naval forces, or (2) who after being inducted into the land or naval forces has been separated therefrom under circumstances which require his reclassification under the provisions of paragraph (a) of § 633.14: *Provided*, That the classification of any such registrant shall be reopened and he shall be classified anew without reference to his age whenever the Director of Selective Service advises the local board that such registrant is acceptable to the land or naval forces or whenever such registrant's qualifications bring him within a group of men described by the Director of Selective Service as being acceptable to the land or naval forces.

3. The foregoing amendments to the Selective Service Regulations shall be effective immediately upon the filing hereof with the Division of the Federal Register.

LEWIS B. HERSHEY, *Director.*

DECEMBER 31, 1942.

[F. R. Doc. 43-7; Filed, January 1, 1943; 10:43 a. m.]

PART 623—CLASSIFICATION PROCEDURE

[Amendment 114, 2d ed.]

CONSIDERATION OF CLASSES NOT REQUIRING PHYSICAL EXAMINATION

By virtue of the provisions of the Selective Training and Service Act of 1940 (54 Stat. 685, 50 U.S.C., Sup. 301-318, inclusive); E.O. No. 8545, 5 F.R. 3779, E.O. No. 9279, 7 F.R. 10177, and the authority vested in me by the Chairman of the War Manpower Commission in an Administrative Order dated December 5, 1942, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

1. Amend paragraphs (a), (b), and (c) of § 623.21 to read as follows:

§ 623.21 *Consideration of classes not requiring physical examination.* (a) Upon undertaking to classify any registrant, it should first be determined whether he should be classified in Class I-C. If the registrant is not classified in Class I-C, it should next be determined whether he should be classified in Class IV-A. If the registrant is not classified in Class I-C or Class IV-A, it should next be determined whether he should be classified in Class IV-H.

(b) If the registrant is not classified in Class I-C, Class IV-A, or Class IV-H under paragraph (a) of this section, the local board shall next determine whether he should be classified in Class IV-C on the ground that he is a neutral alien who has filed DSS Form 301 or on the ground that there is no possibility of him being accepted for training and service because of his nationality or ancestry. Otherwise no consideration will be given to Class IV-C at this time.

(c) If the registrant is not classified in Class I-C, Class IV-A, or Class IV-H under paragraph (a) of this section and is not classified in Class IV-C under paragraph (b) of this section, consideration shall next be given to the following classes in the order listed and the registrant shall be classified in the first class for which grounds are established:

Class IV-D.	Class III-A.
Class IV-B.	Class II-C.
Class III-C.	Class II-B.
Class III-B.	Class II-A.

2. The foregoing amendment to the Selective Service Regulations shall be effective immediately upon the filing hereof with the Division of the Federal Register.

LEWIS B. HERSHEY, *Director.*

DECEMBER 31, 1942.

[F. R. Doc. 43-8; Filed, January 1, 1943; 10:43 a. m.]

[Amendment 106, Correction]

PART 624—VOLUNTEERS

WHO MAY VOLUNTEER AND CLASSIFICATION OF VOLUNTEERS

By virtue of the provisions of the Selective Training and Service Act of 1940 (54 Stat. 885, 50 U.S.C., Sup. 301-318, inclusive); E.O. No. 8545, 5 F.R. 3779, E.O. No. 9279, 7 F.R. 10177, and the authority vested in me by the Chairman of the War Manpower Commission in Administrative Order No. 26, 7 F.R. 10512, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

Amendment No. 106 to Part 624 of the Selective Service Regulations is hereby corrected to read as follows:

1. Amend § 624.1 to read as follows:

§ 624.1 *Who may volunteer.* Men who have reached the 18th anniversary of the day of their birth and who have not reached the 38th anniversary of the day of their birth may volunteer at the local board for induction into the land or naval forces.

2. Amend § 624.4 to read as follows:

§ 624.4 *Classification of volunteers.* (a) A volunteer shall not be inducted if, after classification, he is deferred.

(b) A registrant in Class III-A or Class III-B who volunteers shall not be considered as being deferred and may be placed in a class immediately available for military service if:

(1) His induction will not result in undue hardship to his dependents, and

(2) He is not a man who should be classified in Class II-A, Class II-B, or Class II-C when his dependency status is disregarded.

3. The foregoing correction to the Selective Service Regulations shall be effective immediately upon the filing hereof with the Division of the Federal Register.

LEWIS B. HERSHEY, *Director.*

DECEMBER 31, 1942.

[F. R. Doc. 43-9; Filed, January 1, 1943; 10:43 a. m.]

[Amendment 115, 2d Fd.]

PART 622—CLASSIFICATION

CLASS IV-C: NEUTRAL ALIENS, ETC.

By virtue of the provisions of the Selective Training and Service Act of 1940 (54 Stat. 885, 50 U.S.C., Sup. 301-318, inclusive); E.O. No. 8545, 5 F.R. 3779, E.O. No. 9279, 7 F.R. 10177, and the authority vested in me by the Chairman of the War Manpower Commission in Administrative Order No. 26, 7 F.R. 10512, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

1. Amend paragraph (b) of § 622.43 to read as follows:

§ 622.43 *Class IV-C: Neutral aliens requesting relief from training and service and aliens not acceptable to the armed forces.*[1] • • •

(b) When an alien registrant who is a citizen or subject of a neutral country (see § 601.2) at any time prior to his induction into the land or naval forces of the United States files with his local board an Application by Alien for Relief from Military Service (Form 301) executed in duplicate, he shall be placed in class IV-C. The local board shall forward the original of such form to the Director of Selective Service through the State Director of Selective Service, and shall retain the duplicate in the registrant's Cover Sheet (Form 53).

• • • • • •

2. The foregoing amendment to the Selective Service Regulations shall be

[1] 7 F.R. 2087, 7221.

effective immediately upon the filing hereof with the Division of the Federal Register.

LEWIS B. HERSHEY,
Director.

JANUARY 2, 1943.

[F. R. Doc. 43-105; Filed, January 2, 1943, 10:56 a. m.]

[Amendment 116, 2d Ed.]

PART 643—PAROLE

CLASSIFICATION AND INDUCTION OR ASSIGNMENT OF PERSONS PAROLED

By virtue of the provisions of the Selective Training and Service Act of 1940 (54 Stat. 885, 50 U.S.C., Sup. 301-318, inclusive); E.O. No. 8545, 5 F.R. 3779, E.O. No. 9279, 7 F.R. 10177, and the authority vested in me by the Chairman of the War Manpower Commission in Administrative Order No. 26, 7 F.R. 10512, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

1. Amend § 643.5 to read as follows:

§ 643.5 *Classification and induction or assignment of persons paroled.* (a) If the Director of Selective Service recommends to the Attorney General that the registrant be paroled, he shall forward the documents referred to in § 643.4 to the appropriate State Director of Selective Service with a request that the proper local board classify the registrant.

(b) Upon receipt of such request, the local board shall classify the registrant. It is not advisable to place such a registrant in a deferred classification except when he is found to be physically unfit. Therefore, unless the registrant is placed in Class IV-F because of being physically unfit, the local board shall place him in Class I-A or Class I-A-O if he has been recommended for parole for induction into the land or naval forces or in Class IV-E if he has been recommended for parole for assignment to work of national importance under civilian direction.

(c) One copy of the Notice of Classification (Form 57) shall be mailed to the registrant in care of the warden or superintendent of the institution in which he is confined. When such Notice of Classification (Form 57) shows that the registrant has been placed in Class I-A or Class I-A-O, the local board will receive from the proper prison officials a certified copy of the order suspending parole supervision of the registrant during military service.

(d) The local board shall proceed to order the registrant to report for induction or to report for work of national importance under civilian direction in the same manner as in the case of any other registrant. Arrangements will be made by the proper prison officials for the release of the registrant so that he can comply with such order.

2. The foregoing amendment to the Selective Service Regulations shall be effective immediately upon the filing hereof with the Division of the Federal Register.

LEWIS B. HERSHEY,
Director.

JANUARY 2, 1943.

[F. R. Doc. 43-106; Filed, January 2, 1943; 10:56 a. m.]

[Amendment 117, 2d Ed.]

PART 651—DETERMINATION OF ACCEPTABILITY OF PERSONS FOR WORK OF NATIONAL IMPORTANCE UNDER CIVILIAN DIRECTION

CLASS IV-E REGISTRANTS

By virtue of the provisions of the Selective Training and Service Act of 1940 (54 Stat. 885, 50 U.S.C., Sup. 301-318, inclusive); E.O. No. 8545, 5 F.R. 3779; E.O. No. 9279, 7 F.R. 10177, and the authority vested in me by the Chairman of the War Manpower Commission in an Administrative Order dated December 5, 1942, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

1. Amend § 651.1 to read as follows:

§ 651.1 *Selection of registrants for assignment to work of national importance.* Every registrant who is classified in Class IV-E, before he is assigned to work of national importance under civilian direction, shall be given a final-type physical examination for registrants in Class IV-E. Each such registrant shall be ordered to report for such examination when his order number is reached in the process of selecting Class I-A and Class I-A-O registrants to report for induction, provided his classification is not under consideration on appearance, reopening, or appeal, and the time in which he is entitled to request an appearance or take an appeal has expired.

2. Amend § 651.2 to read as follows:

§ 651.2 *Ordering Class IV-E registrants to report for final-type physical examination.* (a) When the order number of a registrant placed in Class IV-E has been reached under the circumstances set out in § 651.1, the local board shall prepare for each such man an Order to Report for Final-type Physical Examination (Form 48A) in duplicate. The local board shall mail the original to the registrant and shall file the copy in his Cover Sheet (Form 53).

(b) The time specified for reporting shall be at least 10 days after the date the order is mailed: *Provided, however,* If the registrant is quarantined because of a communicable disease, is sick, has some temporary ailment, is awaiting an operation, or when he has some other good and sufficient reason for being unable to appear, the local board may, after the Order to Report for Final-type Physical Examination (Form 48A) has been issued, postpone the date when any such registrant is to appear for final-type physical examination.

(c) The time of issuance and the date of expiration of any period of delay or postponement authorized in (b) above shall be noted in the "Remarks" column of the Classification Record (Form 100).

3. Amend § 651.3 to read as follows:

§ 651.3 *Separate Delivery List (Form 151) for Class IV-E registrants.* (a) Before the time set for Class IV-E registrants to report for final-type physical examination, the local board shall prepare a separate Delivery List (Form 151) for Class IV-E registrants, in triplicate, and stamp each such list at the top with the notation "IV-E." The local board shall make no entry in column 4 of this form.

(b) If a Class IV-E registrant fails to report as ordered, his absence shall be noted in column 3 of the Delivery List (Form 151) prepared for Class IV-E registrants before it is turned over to the leader of such registrants.

(c) If a Class IV-E registrant ordered to report for final-type physical examination has been transferred to another local board for final-type physical examination, his name shall nevertheless be carried on the Delivery List (Form 151) for Class IV-E registrants in the same manner as though he were being sent for final-type physical examination, but a notation shall be made in column 3 opposite his name stating that he was transferred to another local board for final-type physical examination and identifying the local board to which such man was transferred for final-type physical examination.

(d) If a Class IV-E registrant ordered to report for final-type physical examination has been transferred from another local board for final-type physical examination, his name shall appear on the Delivery List (Form 151) for Class IV-E registrants but a notation shall be made in column 3 opposite his name stating that he was transferred from another local board for final-type physical examination and identifying the local board from which such man was transferred for final-type physical examination.

4. Amend the regulations by adding a new section to be known as § 651.4 to read as follows:

§ 651.4 *Transportation requests and meal or lodging requests.* (a) Before the time set for Class IV-E registrants to report for final-type physical examination at the induction station, the local board, unless otherwise directed, shall prepare Government Requests for Transportation (Standard Form No. 1030) and Government Request for Meals or Lodgings for Civilian Registrants (Form 256) to cover the Class IV-E registrants' trip to the induction station and return to the local board.

(b) As a convenience to the leader of the Class IV-E registrants, the local board may exchange the prepared transportation requests for transportation tickets.

5. Amend the regulations by adding a new section to be known as § 651.5 to read as follows:

§ 651.5 *Records sent to induction station for Class IV-E registrants.* For each Class IV-E registrant ordered to report for final-type physical examination, the following papers shall be turned over to the leader of the Class IV-E registrants for delivery to the commanding officer of the induction station:

(1) The original and all three copies of the Report of Physical Examination and Induction (Form 221), which will be stamped by the local board with the notation "IV-E" at the top and immediately left of the block provided for the local board stamp and in the blank space provided for the registrant's name in item 79 (a); and

(2) Three copies of the Delivery List (Form 151) stamped by the local board at the top with the notation "IV-E."

6. Amend the regulations by adding a new section to be known as § 651.6 to read as follows:

§ 651.6 *Appointment of leader for Class IV-E registrants.* The local board shall designate one Class IV-E registrant to be the leader of the group of such registrants in the same manner as it selects a leader for selected men under the provisions of § 633.2.

7. Amend the regulations by adding a new section to be known as § 651.7 to read as follows:

§ 651.7 *Procedure for sending Class IV-E registrants to the induction station for final-type physical examination.* (a) At the time and place designated for the Class IV-E registrants to report for final-type physical examination, the local board shall:

(1) Call the roll of Class IV-E registrants.

(2) Read and issue the appointment of the leader of Class IV-E registrants.

(3) Turn over to the leader of Class IV-E registrants the transportation request or tickets and the meal and lodging requests to cover a trip to the induction station and return to the local board and records for final-type physical examination.

(4) Specifically order the Class IV-E registrants to obey their leader.

(5) Specifically order the Class IV-E registrants to report to the induction station and, after final-type physical examination, to return to the local board.

(b) Class IV-E registrants shall proceed to the induction station for their final-type physical examination along with the selected men who are being delivered to the induction station with the next call on the local board, but if there is no such delivery of men to fill a call at an early date, it shall deliver such Class IV-E registrants specially whenever the induction station is receiving men.

8. Amend the regulations by adding a new section to be known as § 651.8 to read as follows:

§ 651.8 *Final-type physical examination at induction station.* At the induction station, Class IV-E registrants will be given a final-type physical examination in the same manner as that conducted for selected men. Upon completion of the final-type physical examination, Class IV-E registrants will return to their local board under direction of their leader.

9. Amend the regulations by adding a new section to be known as § 651.9 to read as follows:

§ 651.9 *Records returned by induction station commander for Class IV-E registrants.* Each local board delivering Class IV-E registrants for final-type physical examination to an induction station will receive by mail from the induction station commander the following records: (1) The original and all copies of the Delivery List (Form 151) for Class IV-E registrants and (2) the original and all three copies of the Report of Physical Examination and Induction (Form 221). The local board will then forward to the State Director of Selective Service of its State a copy of each Delivery List (Form 151) for Class IV-E registrants.

10. Amend the regulations by adding a new section to be known as § 651.10 to read as follows:

§ 651.10 *Action of local board following final-type physical examination of Class IV-E registrants.* (a) When the Report of Physical Examination and Induction (Form 221) indicates that a registrant in Class IV-E is physically and mentally qualified for service, such registrant will be assigned to and delivered for work of national importance under civilian direction in the manner provided in part 652. Until the registrant is forwarded for work of national importance under civilian direction, the original and all copies of the Report of Physical Examination and Induction (Form 221) of each such registrant will be retained by the local board in the registrant's Cover Sheet (Form 53).

(b) When the Report of Physical Examination and Induction (Form 221) indicates that a registrant in Class IV-E is physically, mentally, or otherwise disqualified for service, the local board shall reopen his classification and classify him in Class IV-F. The Surgeon General's Copy and the National Headquarters' Copy of the Report of Physical Examination and Induction (Form 221) of each such registrant will be forwarded to the State Director of Selective Service, who will forward both copies to the Director of Selective Service, and the Armed Forces' Original and the Local Board's Copy of the Report of Physical Examination and Induction (Form 221) will be filed in the registrant's Cover Sheet (Form 53).

11. Amend § 651.11 to read as follows:

§ 651.11 *Transferring Class IV-E registrants for final-type physical examination.* (a) When the local board determines that a Class IV-E registrant who has been ordered to report for final-type physical examination is so far from his local board as to make his return for such physical examination a hardship, it shall direct the registrant to be referred for final-type physical examination to the local board having jurisdiction of the area in which he is at the time located.

(b) When the local board of a registrant refers the registrant to another local board for final-type physical examination, it shall prepare, in triplicate, an Order Referring Registrant to Another Local Board for Physical Examination Only (Form 203) and shall indicate on the original and copies thereof that the registrant is being referred for final-type physical examination for registrants in Class IV-E and that such final-type physical examination shall be conducted in the manner provided in part 651. One copy of the Order Referring Registrant to Another Local Board for Physical Examination Only (Form 203), together with the original and three copies of the Report of Physical Examination and Induction (Form 221), shall be sent to the local board to which the registrant is referred for final-type physical examination only; one copy of the Order Referring Registrant to Another Local Board for Physical Examination Only (Form 203) shall be sent to the registrant; and the third copy placed in the registrant's Cover Sheet (Form 53).

(c) The local board to which the registrant is referred for final-type physical examination only shall mail to the registrant an Order to Report for Final-type Physical Examination (Form 48A) and shall send a copy of such notice to the local board of the registrant. The local board of the registrant shall note the date of mailing of the Order to Report for Final-type Physical Examination (Form 48A) on the Classification Record (Form 100) in the same manner as if it had sent the Order to Report for Final-type Physical Examination (Form 48A) itself.

(d) The local board to which such man is transferred for final-type physical examination only shall proceed to send him to the induction station for such examination as soon as practicable. If possible, the transferred man shall be sent to the induction station for final-type physical examination along with the selected men who are being delivered to the induction station with the next call on the local board to which he has been transferred, but if there is no such delivery of men to fill a call at an early date, it shall deliver such transferred man specially whenever the induction station is receiving men.

12. Amend the regulations by deleting § 651.21 in its entirety.

13. Amend the regulations by deleting § 651.31 in its entirety.

14. The foregoing amendments to the Selective Service Regulations shall be effective February 1, 1943.

LEWIS B. HERSHEY,
Director.

[No. 154]

NOTICE OF ALIEN'S ACCEPTABILITY

ORDER PRESCRIBING FORM

By virtue of the provisions of the Selective Training and Service Act of 1940 (54 Stat. 885, 50 U.S.C., Sup. 301-318, inclusive); E.O. No. 8545, 5 F.R. 3779, E.O. No. 9279, 7 F.R. 10177, and the authority vested in me by the Chairman of the War Manpower Commission in Administrative Order No. 26, 7 F.R. 10512, I hereby prescribe the following change in DSS forms:

Discontinuance of DSS Form 307, entitled "Notice of Alien's Acceptability,"[1] effective immediately upon the filing hereof with the Division of the Federal Register.

The foregoing discontinuance shall become a part of the Selective Service Regulations effective immediately upon the filing hereof with the Division of the Federal Register.

Chapter IX—War Production Board

Subchapter B—Director General for Operations

PART 1010—SUSPENSION ORDERS

[Suspension Order S–193]

PIONEER SUPPLY COMPANY

Pioneer Supply Company is the trade name under which D. Kaplan, Seattle, Washington, transacts business as a dealer and distributor of plumbing supplies. Between May 23 and September 25, 1942, the company made numerous sales and deliveries of new metal plumbing equipment and new metal heating equipment to ultimate consumers on orders which did not bear any preference ratings and did not contain the certification required by Limitation Order L–79. These sales and deliveries constituted wilful violations of Limitation Order L–79.

From May 9 to August 14, 1942, the company applied preference ratings of A–10 under Preference Rating Order P–84 to numerous purchase orders for material. At the time that these preference ratings were applied, the company did not have A–10 rated orders from its customers to support such applications. The application of such ratings constituted wilful violations of Preference Rating Order P–84 and misrepresentations to the War Production Board.

The foregoing violations of Limitation Order L–79 and Preference Rating Order P–84 have hampered and impeded the war effort of the United States by diverting scarce materials to uses unauthorized by the War Production Board. In view of the foregoing, *It is hereby ordered*, That:

§ 1010.193 *Suspension Order No. S–193.* (a) D. Kaplan, individually or doing business as Pioneer Supply Company or otherwise, is hereby prohibited from accepting deliveries of, receiving, delivering, selling, transferring, trading or dealing in any new metal plumbing equipment or new metal heating equipment as defined in Limitation Order L–79, except as specifically authorized in writing by the Regional Compliance Chief, San Francisco Regional Office, War Production Board.

(b) Nothing contained in this order shall be deemed to relieve D. Kaplan, individually or doing business as Pioneer Supply Company or otherwise, from any restriction, prohibition, or provision contained in any other order or regulation of the Director of Industry Operations or the Director General for Operations, except in so far as the same may be inconsistent with the provisions hereof.

(c) This order shall take effect on January 4, 1943, and shall expire on July 4, 1943, at which time the restrictions contained in this order shall be of no further effect.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 31st day of December 1942.

ERNEST KANZLER,
Director General for Operations.

[F. R. Doc. 42–14202; Filed, December 31, 1942; 3:06 p. m.]

PART 1010—SUSPENSION ORDERS

[Suspension Order S–196]

ASSOCIATED DYEING & PRINTING CO. OF N. J., INC.

Associated Dyeing & Printing Company of New Jersey, Inc., Paterson, New Jersey, is engaged in the business of dyeing and printing piece goods. During the third quarter of 1942, the Company violated Conservation Order M–103 by accepting delivery of approximately 1,027 pounds of anthraquinone dyes in excess of the quantity which it was permitted to accept under the terms of this order. The Company was fully aware of the restrictions contained in Conservation Order M–103 and its violations thereof were wilful.

These violations of Conservation Order M–103 have hampered and impeded the war effort of the United States by diverting scarce material to uses not authorized by the War Production Board. In view of the foregoing facts, *It is hereby ordered*, That:

§ 1010.196 *Suspension Order S–196.* (a) Associated Dyeing and Printing Company of New Jersey, Inc., its successors and assigns, shall not order or accept delivery of any anthraquinone dyes, except as specifically authorized by the Director General for Operations.

(b) Nothing contained in this order shall be deemed to relieve Associated Dyeing & Printing Company of New Jersey, Inc., from any restriction, prohibition, or provision contained in any other order or regulation of the Director of Industry Operations or the Director General for Operations, except in so far as the same may be inconsistent with the provisions hereof.

(c) This order shall take effect on January 1, 1943, and shall expire on March 31, 1943, at which time the restrictions contained in this order shall be of no further effect.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 31st day of December 1942.

ERNEST KANZLER,
Director General for Operations.

[F. R. Doc 42–14203; Filed, December 31, 1942; 3:06 p. m.]

PART 1010—SUSPENSION ORDERS

[Suspension Order S–198]

BOUCHARD & CHARVET DYE & FINISH CO.

Bouchard & Charvet Dye & Finish Company, Paterson, New Jersey, is engaged in the business of dyeing and finishing silk and synthetic fabrics. During the second and third quarters of 1942 the Company accepted delivery of approximately 5,312 pounds of anthraquinone dyes in excess of the amounts it was permitted to receive under the terms of Conservation Order M–103. The Company was fully aware of the restrictions contained in Conservation Order M–103 and its violations thereof were wilful.

These violations of Conservation Order M–103 have hampered and impeded the war effort of the United States by diverting scarce material to uses unauthorized by the War Production Board. In view of the foregoing facts, *It is hereby ordered*, That:

§ 1010.198 *Suspension Order S–198.* (a) Bouchard & Charvet Dye & Finish Company, its successors and assigns, shall not order or accept delivery of any anthraquinone dyes, except as specifically authorized by the Director General for Operations.

(b) Nothing contained in this order shall be deemed to relieve Bouchard & Charvet Dye & Finish Company, its successors and assigns, from any restriction, prohibition, or provision contained in any other order or regulation of the Director of Industry Operations or the Director General for Operations, except in so far as the same may be inconsistent with the provisions hereof.

(c) This order shall take effect on January 1, 1943, and shall expire on March 31, 1943, at which time the restrictions contained in this order shall be of no further effect.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 31st day of December 1942.

ERNEST KANZLER,
Director General for Operations.

[F. R. Doc. 42–14204; Filed, December 31, 1942; 3:06 p. m.]

PART 1297—MATERIAL ENTERING INTO THE PRODUCTION OF REPLACEMENT PARTS FOR PASSENGER AUTOMOBILES, LIGHT, MEDIUM AND HEAVY MOTOR TRUCKS, TRUCK TRAILERS, PASSENGER CARRIERS AND OFF-THE-HIGHWAY MOTOR VEHICLES

[Amendment 1 to Limitation Order L–158, as Amended Dec. 12, 1942]

Section 1297.1 *Limitation Order L–158*, is hereby further amended in the following particulars:

1. Paragraph (e) is hereby amended to read as follows:

(1) *Restrictions on production of replacement parts for passenger automobiles and light trucks.* During the fourth calendar quarter of 1942, a producer of replacement parts for passenger automobiles and light trucks may manufacture replacement parts according to either of the following schedules:

(i) Such producer may manufacture replacement parts at his dollar cost value not to exceed seventy percent (70%) of the total dollar cost value of the replacement parts of his own manufacture sold by him during the fourth calendar quarter of 1941: *Provided*, That such production does not result in the producer's total inventory of finished parts (either produced by him or purchased by him from others) exceeding at any time during the third month in the fourth calendar quarter, in dollar cost value, four times the producer's average monthly sales valued at cost during the preceding calendar quarter. In determining dollar cost value of sales, sales to the Army, Navy and other persons enumerated in paragraph (g) below shall not be included.

(ii) Such producer may manufacture replacement parts not to exceed fifty percent (50%) of the total dollar cost value of the replacement parts of his own manufacture sold by him during the fourth calendar quarter of 1941; provided such production does not increase his inventory of finished parts in total cost value (either produced by him or purchased by him from others) at the end of the first quarter, above his inventory of finished parts in total cost value at the beginning of the quarter. In determining dollar cost value of sales, sales to the Army, Navy and other persons enumerated in paragraph (g) below shall not be included.

(2) During the first calendar quarter of 1943, a producer of replacement parts for passenger automobiles and light trucks may manufacture replacement parts according to either of the following schedules:

(i) Such producer may manufacture replacement parts at his dollar cost value not to exceed seventy percent (70%) of the total dollar cost value of the replacement parts of his own manufacture sold by him during the average calendar quarter of 1941; provided that such production does not result in the producer's total inventory of finished parts (either produced by him or purchased by him from others) exceeding at any time during the third month in the first quarter of 1943, in dollar cost value, four times the producer's average monthly sales valued at cost during the preceding calendar quarter. In determining dollar cost value of sales, sales to the Army, Navy and other persons enumerated in paragraph (g) below shall not be included.

(ii) Such producer may manufacture replacement parts not to exceed one hundred percent (100%) of the total dollar cost value of the replacement parts of his own manufacture sold by him during the average calendar quarter of 1941, provided such production does not increase his inventory of finished parts in total cost value (either produced by him or purchased by him from others) at the end of the first quarter of 1943 above his inventory of finished parts at the beginning of the quarter. In determining dollar cost value of sales, sales to the Army, Navy and other persons enumerated in paragraph (g) below shall not be included.

2. Paragraph (f) is hereby amended to read as follows:

(f) *Restrictions on production of replacement parts for medium and/or heavy motor trucks, truck-tractors, truck-trailers, passenger carries, and off-the-highway motor vehicles.* (1) During the fourth calendar quarter of 1942, a producer of replacement parts for medium, and/or heavy motor trucks, truck-tractors, truck-trailers, passenger carriers, and off-the-highway motor vehicles may manufacture replacement parts according to either of the following schedules:

(i) Such producer may manufacture replacement parts at his dollar cost value not to exceed one hundred and twenty-five percent (125%) of the total dollar cost value of the replacement parts of his own manufacture sold by him during the fourth calendar quarter of 1941; *Provided*, That such production does not result in the producer's total inventory of finished parts (either produced by him or purchased by him from others) exceeding at any time during the third month in the fourth calendar quarter, in dollar cost value, four times the producer's average monthly sales valued at cost during the preceding calendar quarter. In determining dollar cost value of sales, sales to the Army, Navy and other persons enumerated in paragraph (g) below shall not be included.

(ii) Such producer may manufacture replacement parts not to exceed seventy-five percent (75%) of the total dollar cost value of the replacement parts of his own manufacture sold by him during the fourth calendar quarter of 1941, provided such production does not increase his inventory of finished parts in total cost value (either produced by him or purchased by him from others) at the end of the fourth quarter above his inventory of finished parts at the beginning of the quarter. In determining dollar cost value of sales, sales to the Army, Navy and other persons enumerated in paragraph (g) below shall not be included.

(2) During the first calendar quarter of 1943, a producer of replacement parts for medium and/or heavy motor trucks, truck-tractors, truck-trailers, passenger carriers, and off-the-highway motor vehicles may manufacture replacement parts according to either of the following schedules:

(i) Such producer may manufacture replacement parts at his dollar cost value not to exceed one hundred and twenty-five percent (125%) of the total dollar cost value of the replacement parts of his own manufacture sold by him during the average calendar quarter of 1941; *Provided*, That such production does not result in the producer's total inventory of finished parts (either produced by him or purchased by him from others) exceeding at any time during the third month in the first quarter of 1943, in dollar cost value, four times the producer's average monthly sales valued at cost during the preceding calendar quarter. In determining dollar cost value of sales, sales to the Army, Navy and other persons enumerated in paragraph (g) below shall not be included.

(ii) Such producer may manufacture replacement parts not to exceed one hundred percent (100%) of the total dollar cost value of the replacement parts of his own manufacture sold by him during the average calendar quarter of 1941, provided such production does not increase his inventory of finished parts in total cost value (either produced by him or purchased by him from others) at the end of the first quarter of 1943 above his inventory of finished parts at the beginning of the quarter. In determining dollar cost value of sales, sales to the Army, Navy and other persons enumerated in paragraph (g) below shall not be included.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 31st day of December 1942.

ERNEST KANZLER,
Director General for Operations.

[F. R. Doc. 42–14242; Filed, December 31, 1942; 5:11 p. m.]

PART 921—ALUMINUM SCRAP

[Supplemental Order M–1–d as Amended Jan. 1, 1943]

Whereas national defense requirements have created a shortage of aluminum; and

Whereas aluminum scrap of acceptable quality for reprocessing for use for defense purposes is not coming forward in sufficient volume, due, for the most part, to the fact that under prevailing practices the scrap generated in the course of industrial processes is not being appropriately segregated by alloy content; and

Whereas this can only be remedied by the institution, in all plants generating aluminum scrap, of effective scrap collection programs designed to effect such segregation; and

Whereas the restrictions and requirements relating to the use of aluminum hereinafter set forth are necessary to conserve the supply and direct the distribution thereof in the interest of national defense;

Now, therefore, it is ordered, That:

§ 921.6 *Supplementary Order M–1–d*—(a) *Definitions.* For the purposes of this order:

(1) "Aluminum" means any material the principal individual ingredient of which by either weight or volume is metallic aluminum.

(2) "Scrap" means all materials or objects which are the waste or by-product of industrial fabrication, or which have been discarded on account of obsoles-

cense, failure or other reason, the principal ingredient of which by either weight or volume is metallic aluminum.

(3) "Plant scrap" means scrap which is generated in the course of manufacture and defective or rejected material, the principal metallic ingredient of which is aluminum; and shall also include all types and grades of aluminum residues, such as drosses, skimmings, fines, grindings, sawings, and buffings, provided that the recoverable metallic aluminum content, as determined by the fire assay, hydrogen evolution or other method of comparable efficiency, constitutes 15 per cent or more by weight of such residues.

(4) "Segregated scrap" means scrap which has been segregated and otherwise handled in such manner as to be acceptable for reprocessing into aluminum of the original specifications, without the necessity for other than routine examination by the processor.

(5) "Mixed scrap" means all scrap other than segregated scrap.

(6) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(7) "Producer" means the Aluminum Company of America, the Reynolds Metals Company and any other person who may be so designated by the Director General for Operations.

(8) "Approved smelter" means any person whose name appears on Schedule A attached to this order, as the same may be amended from time to time by the Director General for Operations.

(9) "Dealer" means any person regularly engaged in the business of buying and selling scrap.

(b) *Contamination.* No person shall contaminate scrap or other aluminum with any other metal or material unless specifically authorized by the Director General for Operations, whether by allocation of aluminum for the purpose or otherwise. The foregoing provision shall not prevent a producer or approved smelter from mixing aluminum with other metals in the production of aluminum alloys.

(c) *Restrictions on use of scrap.* No person other than a producer or approved smelter may melt, reprocess, smelt or otherwise use aluminum scrap unless specifically authorized by the Director General for Operations: *Provided, however,* That a person who in normal course of operations melts aluminum scrap in fabricating aluminum products may use his plant scrap in the plant in which it is generated in the production of those products (and only those products) for which he is currently obtaining allocations of aluminum from the Director General for Operations if in applying for such allocations he shall have reduced his requirements by a reasonable amount in anticipation of the amount of recoverable plant scrap.

(d) *Segregation of plant scrap.* (1) After March 1, 1942, no person who at any one plant generates 1,000 pounds, or more, of aluminum scrap per month may sell or otherwise dispose of any scrap generated in such plant unless he is carrying out the Aluminum Scrap Segregation Program set forth as Schedule B attached to this order and made a part hereof.

(2) The Director General for Operations may at any time terminate the right of a plant to dispose of aluminum scrap if he is not satisfied with the manner in which such segregation program is being carried out.

(e) *Sale of plant scrap.* Unless specifically authorized by the Director General for Operations, no person generating plant scrap may sell or deliver any such scrap that he is not entitled to use in accordance with paragraph (c), except as follows:

(1) *17S, 24S, and 52S solids.* Segregated scrap consisting of 17S, 24S, and 52S aluminum alloys in solid form, respectively, shall be sold and shipped directly to a producer: *Provided, however,* That where the amount of such scrap of any one alloy specification does not amount to 5,000 pounds or more per month, it may be sold to a producer, approved smelter, or dealer.

(2) *Other scrap.* All other segregated scrap and all mixed scrap shall be sold to a producer, approved smelter, or dealer.

(f) *All other scrap.* No person who owns or originates any scrap, (other than a person generating plant scrap or a dealer) may sell or deliver such scrap except to a producer, approved smelter or dealer; he shall not use or dispose of such scrap in any other way.

(g) *Dealer's operations.* No dealer may sell or deliver any scrap or other aluminum owned or accumulated by him except to a producer or approved smelter, and shall not use or dispose of such scrap or other aluminum except by such a sale: *Provided, however,* That he may sell any scrap to another dealer if, in the regular course of business, he does not currently collect sufficient scrap to make it practicable for him to sell directly to a producer or an approved smelter.

(h) *Certification upon sale of segregated scrap.* The maker of segregated scrap shall furnish the buyer with a signed document showing (i) the alloy number or specification, (ii) form of scrap, (iii) weight (on a clean and dry basis), and (iv) the name and address of the plant where generated. This document shall bear a notation as to the date of sale and the names and addresses of the parties to the transaction, and, in case of resale of such scrap, shall be similarly endorsed and transferred by the seller. The seller of segregated scrap shall see that it is clearly marked showing the alloy number or specification and source. No scrap other than segregated scrap shall be so designated by any person.

(i) *Tolling prohibited.* Except as the Director General for Operations may specifically authorize, no scrap shall be delivered for processing or returned under any toll, repurchase, or similar arrangement.

(j) *No acquisition or delivery in violation of order.* No person shall after January 7, 1942 acquire or deliver aluminum scrap or products made therefrom if he has reason to believe such material has been or is to be used in violation of the terms of this or of any other order of the Director General for Operations: *Provided,* That for any purpose permitted by this order, any producer or approved smelter may freely acquire aluminum scrap at any time, irrespective of the status under this order of the person disposing of the same.

(k) *Record and reports.* Each person who participates in any transaction to which this order applies (except an individual originating scrap other than plant scrap) shall keep and preserve for at least two years complete and accurate records as to all transactions in scrap, which shall be subject to inspection by the War Production Board. Each such person shall file such reports and questionnaires as the Director General for Operations may require.

(l) *Specific authorizations.* Where this order calls for specific authorization by the Director General for Operations, an allocation or other written authorization to carry out the particular action proposed is required; and preference rating orders or certificates do not constitute such specific authorization.

(m) *Revocation.* Supplementary Order M-1-c, all serially numbered orders of Preference Rating Order No. P-12, and all authorizations and directions issued pursuant thereto are hereby terminated, effective January 7, 1942, except that the following, if operative immediately prior to January 7, 1942, shall constitute valid authorization hereunder:

(1) Any approval issued by the Director General for Operations subsequent to October 31, 1941, of any toll arrangement;

(2) Any approval on the basis of a Form PD-1 application issued by the Director General for Operations subsequent to September 30, 1941; and

(3) Insofar as concerns scrap which is in transit as of January 7, 1942, any other applicable authorization from the Director General for Operations issued prior to January 7, 1942.

(n) *Effective date.* This order shall continue in effect until revoked by the Director General for Operations.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued January 1, 1943.

ERNEST KANZLER,
Director General for Operations.

SCHEDULE A—APPROVED ALUMINUM SMELTERS

State, Smelter and Address

California: Federated Metals Div. (Am Smelting & Refining), Los Angeles, Calif. Federated Metals Div. (Am. Smelting & Refining), San Francisco, Calif.; Berg Metal Company 2652 Long Beach Avenue, Los Angeles, Calif.; Morris P. Kirk and Sons, Inc., 2717 So. Indiana Street, Los Angeles, Calif.

Illinois: Apex Smelting Company, 2537 W. Taylor Street, Chicago, Ill.; Aurora Refining Company, P. O. Box 88, Aurora, Ill.; Wm. F. Jobbins Inc., Chicago, Ill.; R. Lavin & Sons Inc., 3426 S. Kedzie Avenue, Chicago, Ill.; U. S. Reduction Company, East Chicago and Melville Aves., Chicago, Ill.

Indiana: Federated Metals Div. (Am. Smelting and Refining), Whiting, Ind.

Kansas: Sonken-Galamba, Riverview at 2nd Street, Kansas City, Kans.

Michigan: Federated Metals Div. (Am. Smelting & Refining), Detroit, Mich.; Bohn Aluminum and Brass Corporation, Detroit, Mich.

Missouri: Federated Metals Div. (Am. Smelting & Refining), St. Louis, Mo.

New Jersey: Federated Metals Div. (Am. Smelting & Refining), Barber, N. J.

New York: Alloys and Products, Inc., Oak Point Avenue and Barry Street, Bronx, N. Y.; Electro Refractories and Alloys Co., Willet Road, Lackawanna, N. Y.; Samuel Greenfield Co., Inc., 31 Stone Street, Buffalo, N. Y.; Niagara Falls Smelt. & Ref. Co., 2204 Elmwood Avenue, Buffalo, N. Y.

Ohio: Aluminum Smelting and Refinery Co., 5463 Dunham Road, Maple Heights, Ohio; Aluminum & Magnesium, Inc., 1 Huron Street, Sandusky, Ohio; Cleveland Electro Metals Company, 2391 West 38th St., Cleveland, Ohio; National Bronze & Aluminum Foundry, Cleveland, Ohio; National Smelting Company, P. O. Box 1791, Cleveland, Ohio.

Pennsylvania: General Smelting Company, 2901 E. Westmoreland St., Philadelphia, Pa.; North American Smelting Co., Edgemont and Tioga Sts., Philadelphia, Pa.; George Sall Metals Company, Westmoreland and Tulip Sts., Philadelphia, Pa.

SCHEDULE B—ALUMINUM SCRAP SEGREGATION PROGRAM

I. *Segregation by alloy content and form*—(1) *By alloy content.* Scrap of each individual alloy (for example 17S, 24S, 52S, 112, 645, etc., also 2S pure aluminum) shall be segregated from scrap of other alloys.

Exception. In any division of a plant devoted to any one phase of operations, no more than the three most important alloys need be segregated.

[NOTE: Scrap from coated material (Alclad or Pureclad sheet) may be included with uncoated material of the same alloy specification; but scrap from painted material shall not be included with unpainted material of the same alloy specification except in very minor amounts.]

(2) *By form.* In addition to the above segregation on the basis of alloy content, the scrap of each alloy shall be segregated into two form types:

(i) *"Solids"*—generated by shearing, clipping, cutting, blanking, or similar process, also defective or rejected wrought aluminum parts, defective or rejected castings and gates, sprues, risers or similar foundry scrap;

(ii) *"Machinings"*—generated by machining, drilling, boring, turning, milling or like operations.

In no event shall solids and machinings be combined.

[NOTE: Grindings, sawings or other fines, drosses, skimmings and sweepings need not be segregated as to alloy specification but shall be treated as mixed scrap as provided below.]

II. *Mixed scrap.* All scrap which is not required to be segregated as to alloy content as above provided, or which cannot be identified as to alloy content, shall be classified as mixed scrap. However, mixed scrap consisting of (i) drosses and skimmings, (ii) solids, and (iii) machinings shall be handled separately from each other and from all other mixed scrap.

III. *General provisions*—(1) *Official responsible for handling scrap.* Each person operating a plant shall appoint a responsible employee to supervise the collection, segregation and handling of all scrap generated in the plant. The name of such employee shall be forwarded to the Aluminum and Magnesium Division, War Production Board, Washington, D. C. All such functions shall be performed by employees in the plant acting under direction of such supervisory employee. No dealer or other person not a regular employee of the plant shall perform any such functions except as the Director General for Operations may specifically authorize.

(2) *Collection and identification.* Segregation shall be effected by collection at the machine where the scrap is generated. Separate containers for collection and bins for storage shall be provided for scrap of each alloy as distinct from other alloys, and also for the solid scrap and for the machining scrap of the same alloy. All containers and bins shall be clearly marked to identify the alloy and the form of scrap for which they are intended, and they shall be kept clean, dry and in good condition, so that their contents shall be protected from contamination and the weather. Each container and bin shall be used only as a receptacle for the alloy and form of scrap for which it is designated and marked.

(3) *Identification of segregated scrap for shipment.* Each unit of segregated scrap shall, upon shipment, be clearly marked or labelled as to alloy specification, form, and source, i. e., the plant where generated.

(4) *Obligation as regards subcontractors.* Each person operating a plant, as part of his arrangement with any subcontractor to whom he furnishes aluminum, shall impose an obligation upon, and otherwise make every effort to see to it that, such subcontractor institutes and carries out an adequate scrap collection and segregation program.

[F. R. Doc. 43-55; Filed, January 1, 1943; 1:20 p. m.]

PART 940—RUBBER AND BALATA AND PRODUCTS AND MATERIALS OF WHICH RUBBER OR BALATA IS A COMPONENT

[Correction 1 to Supplementary Order M-15-b-1, as Amended Dec. 28, 1942]

Supplementary Order M-15-b-1 (§ 940.5), as amended December 23, 1942, is corrected as follows:

1. By changing the line reading:

"30x7-16 6 B B"

appearing in subdivision (b) of List 29 attached to said order, under the subheading "High pressure landing wheels" to read as follows:

Description of item		Compounds	
Size	Ply	Friction	Tread
•	•	•	•
High pressure landing wheels		•	•
•	•		
"30x7-16	8	B	B"

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 1st day of January 1943.

ERNEST KANZLER,
Director General for Operations.

[F. R. Doc. 43-60; Filed, January 1, 1943; 1:23 p. m.]

PART 984—LEAD

[General Preference Order M-38 as Amended Jan. 1, 1943]

Whereas the national defense requirements have created a shortage of lead (as hereinafter defined) domestically produced, and there exists an uncertainty as to future shipments from abroad, for defense, for private account, and for export and it is necessary, in the public interest and to promote the defense of the United States, to conserve the supply and direct the distribution thereof;

Now, therefore, it is hereby ordered, That:

§ 984.1 *General preference order M-38*—(a) *Definitions.* For the purposes of this order:

(1) "Lead" means and includes lead metal produced from domestic ores and from imported ores, which has been refined by any recognized method, in all forms and shapes current in the trade; antimonial lead, and lead metal produced from scrap, excluding, however, metal in the hands of any manufacturer, produced by him either in his own plant or on toll from any lead-bearing material and mill residue originating in his own plant or returned to him by his customers in the usual course of business from material purchased from the manufacturer.

(2) "Refiner" means any person who produces lead as hereinbefore defined, from ores or scrap by any process in grades suitable for fabrication; and also includes any person who has such lead produced for him under toll agreement.

(3) "Dealer" means any person who procures lead either by importing or from domestic sources for resale without change in form, whether or not such person receives title to or physical delivery of the material, and includes selling agents, warehousemen, and brokers.

(b) *Regulations incorporated.* Except as modified by the terms of this order and as otherwise specifically provided herein, all of the provisions and definitions of Priorities Regulation No. 1, issued by the Director of Priorities on August 27, 1941 (Part 944), as amended from time to time, are hereby included as a part of this order with the same effect as if specifically set forth herein.

(c) *Directions as to deliveries by refiners and dealers*—(1) *Delivery schedules.* Each refiner and dealer shall file with the Director General for Operations, War Production Board, not later than the 20th day of the month next preceding the month during which any delivery of lead is to be made, and in such form or forms as may be from time to time prescribed by said Director, a schedule of his proposed shipments of lead for the ensuing month, including thereon such information as may be required by the instructions accompanying such form.

(2) *Withheld deliveries; Allocations.* Beginning October 1, 1941, each refiner shall set aside from his production of lead during each calendar month (in-

cluding therein lead produced for him by others under toll agreement and excluding lead produced by him for others under toll agreement) a quantity to be determined and specified from time to time by the Director General for Operations and to be delivered only upon express direction of the Director General for Operations. Any amount so set aside shall be excluded from the refiner's schedule of proposed shipments filed under the provisions of paragraph (c) (1) above. The Director General for Operations will from time to time allocate deliveries of lead to be made by refiners from the quantities withheld under the provisions of this paragraph. In shipping the balance of his production, each refiner must give preference to defense orders as required by the provisions of Priorities Regulation No. 1, and must be governed by preference ratings assigned to particular contracts or purchase orders: *Provided*, That a refiner may satisfy in full his commitments to any one customer during any calendar month up to, but not exceeding, one minimum carload lot.

(3) *Allocation of lead from Metals Reserve Company's supply.* Hereinafter all lead released by the Metals Reserve Company will be allocated by the Director General for Operations.

(4) *Basis of allocations and directions.* Any allocations or directions by the Director General for Operations pursuant to the provisions of paragraphs (c) (2) and (3) above will be made primarily to insure satisfaction of all defense requirements of the United States, both direct and indirect, and they may be made in the discretion of the Director General for Operations without regard to any preference ratings assigned to particular contracts or purchase orders. The Director General for Operations may also take into consideration the possible dislocation of labor, and the necessity of keeping a plant in operation so that it may be able to fulfill defense orders and essential civilian requirements.

(5) *Allotment of purchase orders.* The Director General for Operations may in his discretion require any person seeking to place a purchase order for lead to be delivered by a refiner or dealer to place the same with one or more particular refiners or dealers.

(d) *Assignment of preference rating.* Deliveries of lead, alloys of which lead is an essential component, and manufactured products made of lead or of such alloys under all defense orders, to which a preference rating of A-10 or higher has not been assigned are hereby assigned a preference rating of A-10.

(e) *Directions as to deliveries of lead alloys and lead products.* Until further order by the Director General for Operations, deliveries by any person of alloys containing lead as an essential component and of manufactured products made of lead or such alloys may be made subject only to the provisions of Regulation No. 1 of the Division of Priorities and to the provisions of any other order or direction issued by the Director General for Operations affecting any other material used with lead in the manufacture or processing of such alloys or products.

(f) *Violations.* Any person affected by this order, who violates any of its provisions, or a provision of any other order, directive, or regulation issued by the Director General for Operations, may be prohibited by the Director from making or receiving further deliveries of lead, or of any other materia' subject to allocation, or he may be subjected to any other or further action as the Director may deem appropriate.

(g) This order shall continue in effect until revoked.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 1st day of January, 1943.

ERNEST KANZLER,
Director General for Operations.

[F. R. Doc. 43-54; Filed, January 1, 1943; 1:19 p. m.]

PART 1053—FATS AND OILS

[General Preference Order M-71, as Amended Jan. 1, 1943]

§ 1053.1 *General Preference Order M-71*—(a) *Definitions.* (1) "Fats and oils" means all the raw, crude, refined and pressed fats and oils, whether vegetable, animal, fish or other marine animal, their by-products and derivatives, including grease (lard) oil, sulfonated and similarly processed fats and oils, fatty acids, and lard and rendered pork fat, but not including cocoa butter, butter, wool greases, essential oils, tall oil, mineral oils, and vitamin-bearing oils derived from fish or other marine animal livers or viscera.

(2) "Manufacturer" means any person who uses any fats or oils in the manufacture of any finished product, and shall include all other persons directly controlling or controlled by such person and all persons under direct or indirect common control with such person. The term shall not include any crusher, renderer, refiner or other processor except as and to the extent that his operations result in the production of a finished product, and shall also not include any person who uses fats, and oils in the home in the preparation of food for household consumption.

(3) The "inventory" of a manufacturer at any time shall include all fats and oils held or controlled by him and all fats and oils purchased by him for future delivery.

(4) "Finished product" means any product of a manufacturer produced for sale as his finished product and carried on his books as his finished product. Except for the purposes of paragraph (d) hereof, "finished product" shall not include: (i) grease (lard) oil; (ii) sulphonated or similarly processed fat or oil; (iii) fatty acids; (iv) lard or rendered pork fat; (v) any fat or oil product intended for sale to another manufacturer for further processing in the manufacture of, or for inclusion in, any product (excepting a product falling within paragraph (a) (4) (vi) hereof); (vi) any edible product of which a fat or oil is not the principal ingredient; (vii) any edible product produced by any hotel or restaurant for consumption on the premises; (viii) any medicinal preparation other than medicated soap.

(5) "Crusher" means any person who presses, expels, or extracts oils from any seed, bean, nut or corn or other oil-bearing materials.

(6) "Implements of war" means combat end-products, complete for tactical operations (including, but not limited to, aircraft, ammunition, armaments, weapons, merchant and naval ships, tanks and vehicles) and any parts, assemblies, and material to be incorporated in any of the foregoing items. This term does not include facilities or equipment used to manufacture the foregoing items.

(7) "Soap" means the product commonly known by that term excluding, however, soap used for non-detergent purposes (including the processing of textiles).

(b) Restrictions on manufacture. (1) [Revoked Nov. 24, 1942.]

(2) No manufacturer, except as provided in paragraph (b) (6) hereof, shall in any calendar quarter beginning with the last quarter of 1942, use or consume any fat or oil in any class of use listed in Schedule A annexed hereto in a quantity in excess of the percentage specified in such Schedule A of his average quarterly use or consumption of fats and oils in such class of use during the corresponding quarters of the two years, 1940 and 1941.

(3) If any manufacturer shall not in any quarter use or consume the quantity of fat or oil permitted by paragraph (b) (2) hereof, the unused part of his quota for such quarter shall for the purposes of such paragraph (b) (2) be carried forward and added to his permitted quota for the succeeding quarters: *Provided, however,* That any unused part of his permitted quota for any prior quarter shall not be carried forward beyond June 30, 1943 and beyond the 30th day of June of each year thereafter.

(4) For the purpose of determining the quantity of raw "foots" which may be used or consumed, use or consumption shall be calculated on the basis of total fatty acid content.

(5) The restrictions on fats and oils hereby imposed are imposed with respect to fats and oils in the aggregate, and such restrictions are not to be construed to limit a manufacturer to the same fat or oil used or consumed by him in the base period.

(6) Nothing in paragraph (b) (2) hereof shall restrict:

(i) The use of fats and oils in any period or quarter by any manufacturer whose aggregate use or consumption of fats and oils in such period is less than 6,000 lbs.;

(ii) The use of fats and oils in the manufacture of any edible product delivered or to be delivered to the Army or Navy of the United States, or delivered or to be delivered pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act), or the processing of fats and oils for delivery to another manufacturer for use in the manufacture of any such edible product: *Provided, however,* That this paragraph shall not exempt the use of fats and oils by any person other than the person having the prime contract with the Army or Navy or with the administrator of such Lend-Lease Act, unless the Quartermaster General of the Army or the Chief of the Bureau of Supplies and Accounts of the Navy, or the administrator of the Agricultural Marketing Administration (as the procurement agency for the administrator of such Lend-Lease Act), or the duly authorized representative of any of them, shall have issued to the manufacturer (whether prime contractor or subcontractor) who uses the fat or oil in the manufacture of the edible product contracted for, a certificate setting forth that such product is for direct Army or Navy issue or for delivery pursuant to such Lend-Lease Act and that the manufacture of such product will require a stated quantity of fats or oils, and designating the supplier or suppliers of such fats or oils to be exempted under the terms of this paragraph of this order.

(iii) The use of fats and oils in the manufacture of soap, including soap made from foots derived from domestic vegetable oils or their fatty acids, where such soap is delivered to the Army or Navy of the United States by the manufacturer or is delivered by such manufacturer, as a prime contractor, pursuant to such Lend-Lease Act.

(iv) The use of fats and oils in the manufacture, preparation or finishing of implements of war.

(v) The use of fats and oils in the manufacture of products to be exported by the manufacturer (*a*) to the Dominion of Canada where such Dominion has granted a license for the import of such products, or (*b*) to any other country pursuant to any export license issued by the Board of Economic Warfare.

(7) For the purposes of determining a manufacturer's permissible use or consumption under paragraph (b) (2) hereof, there shall be excluded from the quarter during which use or consumption is hereby limited, any fat or oil used in the manufacture of the products referred to in subdivisions (ii), (iii), (iv) and (v), of paragraph (b) (6) hereof, and there shall be excluded from the base period any fat or oil used by such manufacturer in such base period in the manufacture of any edible product or soap delivered by him to the Army or Navy of the United States or delivered by him, as a prime contractor, pursuant to such Lend-Lease Act, or exported to the Dominion of Canada or to any other country, and there also shall be excluded from such base period any fat or oil used in the manufacture, preparation or finishing of implements of war.

(8) A person who acquires all the manufacturing facilities of another person in a particular class of use shall thereby become entitled to the quota of such other person in such class of use, whether or not he continues to operate such facilities in whole or in part: *Provided, however,* That he shall within 30 days following such acquisition inform the Director General for Operations of the facilities acquired, their location, whether or not operation will be continued in the same or another location, and the amount of quota which he claims to have acquired in each class of use.

(9) Fats and oils processed by a person pursuant to toll agreement shall be chargeable not to the quota of the processor but to the quota of the owner of such fats and oils: *Provided,* That title to the product shall remain in the hands of the owner of the fats and oils and that such owner shall market, invoice and collect for such product through his own organization.

(10) Each manufacturer of soap may in any quarter substitute in whole or in part for the fats and oils (other than foots made from domestic vegetable oils or their fatty acids) which he would be entitled to use under Schedule A in such manufacture, foots made from domestic vegetable oils or their fatty acids, the quantity of such foots or their fatty acids which may be used or consumed to be 150% of the base period use of fats and oils.

(c) *Restrictions on deliveries of linseed oil.* (1) No person engaged in the business of selling linseed oil at wholesale (whether crushed or processed by him or purchased for resale) shall deliver in the aggregate to persons other than manufacturers during any calendar quarter, beginning with the fourth quarter of 1942, more linseed oil (whether raw or processed) than 70% of the average quarterly amount of linseed oil so delivered by him during the corresponding quarters of the two years, 1940 and 1941.

(2) In reducing deliveries pursuant to paragraph (c) (1) hereof, no person shall make discriminatory cuts as between customers, whether new or old.

(3) This order shall not restrict the delivery by any person of linseed oil to the Army or Navy of the United States or pursuant to such Lend-Lease Act, and any amount so delivered by him shall be excluded both from the base period on which his quota is based and from the period or quarter during which future deliveries are hereby limited.

(d) *Restrictions on processing and inventories.* (1) No manufacturer shall hereafter change the condition of any fat or oil in his raw materials inventory, or add any additional materials thereto, except to the extent necessary to store any such fat or oil in his raw materials inventory in a form necessary to prevent deterioration thereof, or except to put such fats or oils into process for the manufacture of his finished products subject to the limitations of paragraph (d) (2). Nothing contained in this paragraph shall be construed to limit the amount of fats and oils which may be held by any manufacturer in his raw materials inventory.

(2) No manufacturer shall hereafter increase the rate at which fats and oils are put into process by him, except to the extent necessary to meet the required deliveries of his finished products within the limitations established by this order, and to maintain only a practicable minimum working inventory of such finished products. The term "practicable minimum working inventory" is to be strictly construed. The mere fact that the turn-over has increased, or that materials are difficult to obtain, does not justify maintaining inventories above the minimum at which his operations can be continued.

(e) *Reports.* Every manufacturer and every other person affected by this order shall file such reports giving such information at such times and upon such form or forms as the Director General for Operations may from time to time prescribe.

(f) *Reports.* (1) Each manufacturer, who in any quarter commencing with the last quarter of the year 1942, uses or consumes more than 6,000 lbs. of fats and oils in the aggregate, shall file with the Bureau of Census, Washington, D. C., each of the following reports in the following manner:

(i) He shall file on or before the 15th day of each month of the succeeding quarter, Form BM 1 showing the consumption of fats and oils during the preceding month.

(ii) He shall file on or before the 15th day of the first month of the succeeding quarter, Form BM 2 showing the consumption of fats and oils during the preceding quarter.

(2) Every manufacturer and every other person affected by this order shall file such other reports at such times upon such form or forms as the Director General for Operations may from time to time prescribe.

NOTE: Paragraphs (g) and (h) were formerly designated (f) and (g).

(g) *Effect of other orders.* Insofar as any other order of the Director of Priorities, the Director of Industry Operations or the Director General for Operations, heretofore or hereafter issued, limits or curtails to a greater extent than herein provided the use, acquisition or disposition of any fat or oil, the limitations of such other order shall control.

(h) *Miscellaneous provisions*—(1) *Applicability of priorities regulations.* This order and all transactions affected hereby are subject to all applicable provisions of War Production Board priorities regulations, as amended from time to time.

(2) *Appeals.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him,

whether because of the absence of use during the two-year base period, or otherwise, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of fats or oils conserved, or that compliance with this order would disrupt or impair a program of conversion from nondefense to defense work, may appeal to the Director General for Operations by addressing a letter to this War Production Board, Chemicals Division, Washington, D. C., Ref: M-71, setting forth the pertinent facts and the reasons he considers that he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(3) *Violations.* Any person who willfully violates any provisions of this order or who in connection with this order willfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance.

(4) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall unless otherwise directed, be addressed to: War Production Board, Chemicals Division, Washington, D. C., Ref: M-71.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 1st day of January 1943.

ERNEST KANZLER,
Director General for Operations.

SCHEDULE A

NOTE: Schedule A was amended January 1, 1943

Class of use	Permitted percentage
Manufacture of margarine	180
Manufacture of other edible finished products, including shortening, mayonnaise and salad dressing	88
Manufacture of soap, exclusive of soap made from domestic vegetable oil foots or their fatty acids	84
Manufacture of soap from foots made from domestic vegetable oils or their fatty acids	150
Manufacture of paints, varnishes, lacquers and all other protective coatings	70
Manufacture of linoleum, oilcloth, and oil or oleo-resinous coated fabrics and pyroxylin coated fabrics	70
Manufacture of printing inks, including lithographing, offset, silk screen and other processing inks	90

INTERPRETATION 1

The term "principal ingredient" used in paragraph (a) (4) (vi) of the order means the largest single ingredient by weight, subject to the qualification that shortening, mayonnaise and salad dressing (edible products specifically listed in Schedule A annexed to said order) are to be considered products of which a fat or oil is the principal ingredient regardless of the fat or oil composition thereof in the particular case.

[F. R. Doc. 43-56; Filed, January 1, 1943; 1:22 p. m.]

PART 1056—NATURAL GAS

[Limitation Order L-31, as Amended Jan. 1, 1943]

Whereas because of increased gas requirements for war production and civilian uses, and because of scarcity of materials for the construction of pipe lines and other facilities, shortages of natural gas have occurred in certain areas of the United States and are threatened in others; and

Whereas during periods of adverse weather conditions, the demand for natural gas in many areas will increase beyond the capacity of existing facilities to meet such demand; and

Whereas the limitations upon deliveries of natural gas and the integration of gas system operations hereinafter ordered are necessary in order to maintain gas deliveries to war industries and essential civilian services;

Now, therefore, it is ordered, That:

§ 1056.1 *General Limitation Order L-31*—(a) *Definitions.* For the purposes of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons whether incorporated or not.

(2) "Natural gas" means natural gas and mixtures of natural and manufactured gas.

(3) "Utility" means any person supplying natural gas, directly or indirectly, for general use by the public or supplying manufactured gas to a natural gas distribution system serving the general public.

(4) "Non-utility supplier" means any person who owns or operates natural or manufactured gas production or transmission facilities and who is not included in the definition of utility in paragraph (a) (3): *Provided,* That no person engaged in the production, refining or processing of petroleum or natural gas shall be considered or treated as a "non-utility supplier," except as such person's activities relate to the disposition of natural gas after such production, refining or processing.

(5) "Consumer" means any ultimate user of gas produced, transmitted, or distributed by any utility or by any non-utility supplier which is interconnected with any utility.

(6) "Standby facilities" means equipment in serviceable operating condition designed to use oil, electricity, coal or other fuel to replace natural gas, and for the operation of which a supply of such fuel is obtainable.

(7) "Space-heating equipment" means equipment used for the purpose of raising atmospheric temperature in any building or portion thereof.

(8) "Central space-heating equipment" means all space-heating equipment intended by reason of its size, type, or location to heat more than one room.

(b) *Integration of gas system operation.* (1) Each utility shall as far as practicable so operate its gas manufacturing transmission, storage, and distribution facilities as to achieve maximum deliverability of natural gas in the area or areas in which a shortage exists or is imminent and to conserve existing gas reserves, and no utility shall abandon any such facilities except upon specific authorization from the Director General for Operations. Where necessary for such purposes, the Director General for Operations may, from time to time, issue specific directions as to the operation of gas manufacturing, transmission, storage and distribution facilities.

(2) Each utility shall maintain in operating condition all gas manufacturing facilities owned or operated by such utility which are in operating condition on November 12, 1942. Each utility shall repair and maintain in operating condition such other gas manufacturing facilities owned or operated by such utility as the Director General for Operations may, from time to time, direct. Where the repair and maintenance of gas manufacturing facilities requires the use of materials in excess of those available under any order issued by the War Production Board, application for authority to use or acquire such materials shall be made to the Director General for Operations in accordance with established procedures.

(3) The Director General for Operations may, from time to time, issue specific directions respecting the delivery of natural gas from one utility to another and the interconnection of utility facilities, and no utility shall deliver or accept, or fail to deliver or accept, deliveries of gas in violation of any such directions. Subject to such directions and to the provisions of paragraph (b) (4) each utility shall so interchange natural gas with other interconnected utilities as to achieve, directly or indirectly, the maximum deliverability in any area or areas in which a shortage exists or is imminent.

(4) No utility shall deliver natural gas to any utility system not theretofore regularly supplied by such utility (except emergency deliveries to relieve a shortage resulting from the failure or breakdown of gas production, transmission, or distribution facilities), without specific approval of the Director General for Operations. Any utility making such emergency deliveries shall report promptly to the War Production Board, Power Division, Ref: L-31, the nature of the emergency and the amount and duration of such deliveries.

(5) Each utility shall, as soon as practicable, make an investigation of the type, amount, and availability of any natural or manufactured gas production facilities owned or operated by any non-utility supplier located in or near its operating area, whether or not interconnected with such utility, and shall report to the War Production Board by January 1, 1943, such integration measures (including measures for interconnections and the interchange of gas of any type) as may be possible to meet or to anticipate shortages of natural gas. The Director General for Operations will, where necessary to accomplish the purposes of this order, issue specific directions to utilities and non-utility suppliers as to the integration of gas production facilities. Where such integration requires the use of materials in excess of those available under any priority order issued by the Director General for Operations, application for authority to use or to acquire such materials shall be made to the Director General for Operations in accordance with established procedures.

(6) Each non-utility supplier in any area served by any utility with which such non-utility supplier is interconnected, shall, upon notice from the Director General for Operations, so order its operations as to make available for delivery to such utility all natural or manufactured gas which it is capable of producing or supplying and which is not essential for its own operations, unless the Director General for Operations shall, upon application, determine that such gas, because of differences in heat value or chemical composition, cannot practicably be mixed with the gas supplied by such utility. Such non-utility supplier shall also make available for delivery to such utility further quantities of gas in accordance with directions of the Director General for Operations.

(c) *Operation during gas shortages.* (1) In the event of a gas shortage in any area, each utility supplying such area shall operate its standby gas manufacturing facilities and shall reduce deliveries to consumers in accordance with the following schedule and with such further directions as the Director General for Operations may, from time to time, issue: *Provided,* That to the extent, if any, required by the emergency nature of the shortage, such utility may in the first instance reduce deliveries without regard to such schedule, but shall as soon as possible thereafter readjust its operations and deliveries to conform in all respects to such schedule during the continuance of the gas shortage.

(i) First, the utility shall, within the limits of its contractual rights, reduce deliveries to all consumers purchasing natural gas under contracts permitting the supplier to interrupt deliveries: *Provided,* That deliveries of gas necessary for the maintenance of the war production and essential civilian services listed in Exhibit A, as the same may be amended from time to time, shall be reduced only to the extent that the fuel requirements for such production and services can be supplied from the consumer's standby facilities.

(ii) Second, the utility shall, to the extent necessary, so operate its standby manufacturing facilities as to achieve maximum output of gas in the shortage area. Any utility may request the Director General for Operations to direct the operation of any consumer's standby facilities under paragraph (c) (1) (iii) prior to the operation of such utility's standby manufacturing facilities. Such request will be granted only if the Director General for Operations determines that the operation of consumer standby facilities prior to operation of utility standby manufacturing facilities would relieve the gas shortage more expeditiously or with less use of critical fuels, or would otherwise aid in relieving the gas shortage.

(iii) Third, the utility shall, without regard to its contractual rights or those of any consumer, reduce deliveries to all consumers who have standby facilities to the extent to which the operation of such facilities will directly or indirectly alleviate the shortage of natural gas in the area.

(iv) Fourth, the utility shall, to the extent necessary, reduce deliveries, insofar as practicable on a uniform proportionate basis, to all commercial and industrial consumers except to the extent that such deliveries are necessary for the maintenance of the war production and essential civilian services listed in Exhibit A or to prevent permanent damage to the production facilities of such consumers.

(v) If, after effectuating the reduction in deliveries of gas required by or pursuant to the foregoing provisions of this paragraph, it becomes necessary to curtail deliveries of gas for the maintenance of the war production and essential civilian services listed in Exhibit A, as the same may be amended from time to time, the utility shall insofar as practicable reduce such deliveries on a uniform proportionate basis.

(vi) Notwithstanding any other provision of this order, if the Director General for Operations, after investigation, shall determine that any consumer having standby facilities has failed to provide himself with an adequate supply of fuel for the operation of such standby facilities despite the availability of such fuel, the Director General for Operations may prohibit deliveries of gas to, and acceptances of gas by, such consumer to the extent that his requirements of gas could have been decreased through the operation of such standby facilities.

(2) The Director General for Operations may issue such directions with respect to reductions in deliveries to residential consumers as may be necessary to alleviate gas shortages.

(3) Whenever pursuant to paragraphs (c) (1) or (c) (2) above or any direction issued thereunder, any utility is obliged to reduce deliveries to any consumer, such utility shall so inform such consumer, who shall, upon such notification, reduce his acceptance of deliveries of natural gas in accordance with such notification.

(4) Whenever any utility reduces deliveries of gas to any consumer pursuant to paragraph (c) (1) of this order, such utility shall immediately notify the Power Division of the War Production Board, Ref: L-31, by telegram of the extent of such reductions.

(5) Following each such shortage period, each affected utility shall submit a detailed report of the quantities of gas conserved by the operation of standby facilities and the duration of curtailment and the extent to which each commercial and industrial consumer was curtailed. Such report shall be filed on Form PD 283.

(d) *Restrictions on deliveries of natural gas applicable prior to November 30, 1942.* (1) No utility shall deliver natural gas to any non-residential consumer in Areas I, II, III, IV, or V listed in Exhibit B for the operation of any new gas-fired equipment unless such deliveries were commenced in Area I prior to February 27, 1942, in Area II prior to March 20, 1942, in Area III prior to May 15, 1942, in Area IV prior to August 10, 1942, or in Area V prior to September 15, 1942, or unless:

(i) Such non-residential consumer shall have installed, prior to the date of such deliveries, standby facilities of sufficient capacity to replace such deliveries of such gas during period of shutoff, or

(ii) Such non-residential consumer cannot reasonably use any fuel other than natural gas because of technical utilization factors or process requirements, or

(iii) Such deliveries shall have been specifically approved in advance by the Director General for Operations.

(2) No utility shall deliver, and no consumer shall accept delivery of, natural gas in Areas I, II, III, IV or V listed in Exhibit B for either of the following purposes:

(i) For the operation of central space heating equipment (or heating equipment supplying the major portion of the heating requirements of the premises) unless such equipment was installed in Area I prior to March 1, 1942, in Area II prior to March 20, 1942, in Area III prior to May 15, 1942, in Area IV prior to August 10, 1942, or in Area V prior to September 15, 1942, or unless, in the case of new construction, the equipment was specified in the construction contract and the foundation under the main part of the structure in which the equipment is to be installed was completed in Area I prior to March 1, 1942, in Area II prior to March 20, 1942, in Area III prior to May 15, 1942, in Area IV prior to August 10, 1942, or in Area V prior to September 15, 1942; or

(ii) For the operation of central space heating equipment (or heating equipment supplying the major portion of the heating requirements of the premises), which has been converted from other fuel to natural gas unless such conversion has been completed in Area I prior to February 26, 1942, in Area II prior to March 20, 1942, in Area III prior to May 15, 1942, in Area IV prior to August 10, 1942, or in Area V prior to September 15, 1942.

(e) *Restrictions on deliveries of gas applicable on and after November 30, 1942.* (1) On or after November 30, 1942, no utility shall deliver to any non-

residential consumer, and no such consumer shall accept delivery of natural gas for the operation of any gas-fired equipment (including space-heating equipment) unless:

(i) Such equipment was installed (or if converted from some other fuel to natural gas, such conversion was completed) prior to November 30, 1942 at the same premises: *Provided*, That deliveries of natural gas for the operation thereof were not prohibited prior to that date by the provisions of paragraph (d) of this order, or

(ii) Such equipment replaces similar type gas-fired equipment of equal or greater capacity previously installed or operated by the same consumer at the same premises for the same purposes, or

(iii) Such deliveries have been specifically approved by the Director General for Operations.

(2) On or after November 30, 1942, no utility shall deliver to any residential consumer and no such consumer shall accept delivery of natural gas for the operation of any space-heating equipment unless:

(i) Such equipment was installed (or if converted from some other fuel to natural gas, such conversion was completed) at the same premises prior to November 30, 1942: *Provided*, That deliveries of natural gas for the operation of such equipment were not prohibited prior to that date by the provisions of paragraph (d) of this order, or

(ii) In the case of new construction in any area listed in Exhibit B, such equipment was specified in the construction contract and was installed prior to March 1, 1943, and the foundation under the main part of the structure in which the equipment is to be installed was completed in Area I prior to March 1, 1942, in Area II prior to March 20, 1942, in Area III prior to May 15, 1942, in Area IV prior to August 10, 1942, in Area V prior to September 15, 1942, or in Area VI prior to November 30, 1942, or

(iii) Such equipment replaces gas-fired equipment of equal or greater capacity previously installed or operated at the same premises whether by the same or by another consumer: *Provided*, That nothing contained in this subparagraph shall authorize the delivery of gas for the operation of central space-heating equipment which replaces non-central space-heating equipment or central space-heating equipment of a different type, or

(iv) Such deliveries have been specifically approved by the Director General for Operations. *Provided*, That deliveries of natural gas may be made to residential consumers in those areas not listed in Exhibit B for the operation of any space-heating equipment.

(3) On or after November 30, 1942, no person shall install or cause to be installed gas-fired equipment designed to receive deliveries of natural gas from any utility if such deliveries are prohibited by this paragraph (e).

(4) Applications by all consumers for exemption from the space-heating restrictions of this order shall be made on Form PD-673. Applications by non-residential consumers for exemption from the restrictions on deliveries for non-space heating purposes shall be made on Form PD-672.

(5) If the Director General for Operations, after investigation, shall determine:

(i) That the gas-fired equipment owned or operated by any person can, without unreasonable expense or hardship to such person, be converted to the use of, or be replaced by equipment using, a less critical fuel of which a supply is available, and

(ii) That such conversion or replacement will contribute to the alleviation of actual or prospective gas shortages, or to the maintenance of gas deliveries to war producers or essential civilian services,

the Director General for Operations may, upon sufficient notice to permit such conversion or replacement, prohibit further deliveries or acceptances of natural gas for the operation of such gas-fired equipment.

(f) *Applications to Director General for Operations.* (1) Any person who considers that any reduction in or prohibition of deliveries of natural gas made or proposed to be made pursuant to paragraphs (c), (d), or (e), or any direction issued thereunder, interferes or will interfere materially with war production or the operation of an essential civilian service, may apply for relief to the Director General for Operations, who may grant such specific exemptions or take such other action as may be consistent with the purposes of this order. Such application shall state the nature of the war materials being manufactured or the nature of the service, the extent to which such production or service has been or may be curtailed because of the reduction in or prohibition of deliveries of gas, and the amount of increase in deliveries of gas required for restoration of full production or service.

(2) Any utility which considers that the supply of natural gas available on any utility system or portion thereof is sufficient to take care of all existing and estimated future requirements of war industry and unrestricted civilian use, may apply for exemption of the system or any portion thereof from the provisions of paragraphs (d) or (e), or both, of this order or of any direction issued pursuant thereto to the Director General for Operations, who may grant such exemptions or take such other action as may be consistent with the purposes of this order.

(g) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship on him may appeal for relief to the Director General for Operations, who may grant such specific exemptions or take such other action as may be consistent with the purposes of this order.

(h) *Reports and information.* (1) Each utility shall keep and preserve for not less than two years accurate and complete records concerning deliveries of natural gas to consumers. Such records shall be subject to inspection by duly authorized representatives of the War Production Board.

(2) All persons affected by this order shall execute and file with the War Production Board such reports and questionnaires as said Board shall, from time to time, request.

(i) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Power Division, Washington, D. C., Ref: L-31.

(j) *Violations.* Any person who willfully violates any provision of this order, or who, in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making, or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 1st day of January 1943.

ERNEST KANZLER,
Director General for Operations.

EXHIBIT A

WAR PRODUCTION AND ESSENTIAL CIVILIAN SERVICES

(1) Fire and police stations, post offices, court houses, schools, hospitals, and prisons.

(2) Public eating establishments, including restaurants, cafes, etc.

(3) Bakeries, dairies and meat-packing establishments.

(4) Public utilities to the extent that gas is required for the ignition of other fuels (not exceeding 1 per cent of the total B. T. U content of the fuel used for boiler operations).

(5) Water, sewage and sanitation systems to the extent that gas is required for the disposal of sewage and garbage and for the operation of power equipment.

(6) Scientific testing and research laboratories

(7) Repair yards or shops to the extent they are used for the maintenance or repair of transportation equipment.

(8) Industrial plants to the extent they are engaged in the production of the following munitions, equipment or materials:

(a) Airplanes, airplane engines, and parts.

(b) Naval and merchant ships and parts.

(c) Ordnance items, including guns, ammunition, explosives, combat and military vehicles, radio equipment and parts.

(d) Copper, brass, tin, lead, magnesium, aluminum and alumina, zinc, manganese, mercury, nickel, cadmium or monel metal.

(e) Abrasives.

(f) Graphite electrodes.

(g) Forgings.

(h) The following machinery and equipment:

Power boilers.
Searchlights
Electrical measuring instruments.
Generators.
Transformers, electrical control and switchboard apparatus.
Heat exchangers.
Pressure vessels.
Wire and cable.
Steam engines.
Steam turbines.
Diesel engines.
Gas engines.
Track-laying tractors.
Mining machinery and equipment.
Machine tools.
Machine tool accessories and machinists precision tools.
Pumps and compressors.
Conveyors and conveying equipment.
Industrial cars and trucks.
Industrial blowers, exhaust and ventilatings fans.
Mechanical testing equipment.
Ball and roller bearings and parts.
Mechanical power transmission equipment.
Water purificatiou equipment.
Locomotives and railroad cars.
Navigation instruments.
Surgical, medical and dental equipment and supplies.
Optical instruments and lenses.
Construction machinery and equipment.
(i) Iron ore, pig iron, steel and ferroalloys.
(j) Sulphuric acid.
(k) Liquid oxygen.
(l) Rubber.
(m) Alcohol.

EXHIBIT B

AREA I

Alabama (except the area served by the United Gas Pipe Line Company).
Arkansas (only the area served by the Mississippi River Fuel Company).
California.
District of Columbia.
Georgia.
Illinois.
Indiana.
Kentucky.
Maryland.
Michigan.
Mississippi (except the city of Natchez, the towns of Woodville and Centerville, and the area served by the United Gas Pipe Line Company).
Missouri.
New York.
Ohio.
Pennsylvania.
Tennessee.
Virginia.
West Virginia.

AREA II

Kansas (only the following counties):

Allen.	Johnson.
Anderson.	Labette.
Atchison.	Leavenworth.
Bourbon.	Linn.
Brown.	Miami.
Cherokee.	Montgomery.
Coffey.	Nemaha.
Crawford.	Neosho.
Doniphan.	Osage.
Douglas.	Shawnee.
Franklin.	Wilson.
Jackson.	Woodson.
Jefferson.	Wyandotte.

AREA III

Iowa (only the areas served by Northern Natural Gas Co., and utilities obtaining any part of their requirements from this company).

Kansas (only the areas served by Cities Service Gas Co., Kansas Power and Light Co., Kansas-Nebraska Gas Co., Consolidated Gas Utilities Corp., Drillers' Gas Co., and utilities obtaining any part of their requirements from these companies, except those areas included in Area II, above).

Minnesota.

Nebraska (only the areas served by the Northern Natural Gas Co., Kansas-Nebraska Gas Co., Cities Service Gas Co., and utilities obtaining any part of their requirements from those companies).

Oklahoma (only the areas served by Cities Service Gas Co., Consolidated Gas Utilities Corporation, and utilities obtaining any part of their requirements from these companies).

South Dakota (only the areas served by Northern Natural Gas Company, and utilities obtaining any part of their requirements from this company.)

AREA IV

Iowa (only the areas served by the Natural Gas Pipe Line Company of America, and utilities obtaining any part of their requirements from this company.)

Kansas (only the areas served by the Natural Gas Pipe Line Company of America, and utilities obtaining any part of their requirements from this company, except those areas in Kansas included in Area II or Area III, above.)

Nebraska (only the areas served by the Natural Gas Pipe Line Company of America, and the utilities obtaining any part of their requirements from this company.)

AREA V

Those areas in New Mexico, Colorado and Wyoming supplied by the Colorado Interstate Gas Company, or by any utility receiving all or any part of its gas supply from said company.

AREA VI

Those areas in Arizona and New Mexico (except Eddy, Lea and Chaves counties in New Mexico) served by the El Paso Natural Gas Company or by any utility receiving all or any part of its gas supply from said company.

[F. R. Doc. 43-53; Filed, January 1, 1943; 1:18 p. m.]

PART 1128—CLOSURES FOR GLASS CONTAINERS

[Amendment 1 of Conservation Order M-104, as Amended Dec. 23, 1942]

Schedule I—Food Closures, to Conservation Order M-104, as amended December 23, 1942 (§ 1128.1) is hereby amended to read as follows:

SCHEDULE I

FOOD CLOSURES

A. Any person who used closures from January 1, 1942 to December 31, 1942, for packing a food product not listed in this Schedule I, may use an equal number of closures during the year 1943 for packing the products listed in this schedule, in addition to the quotas respectively specified.

B. Wherever the asterisk appears the packing quota relates to the number of closures and cans used for packing the applicable product.

C. Notwithstanding the provisions of paragraph (d) (4) of this order, the respective quotas specified for items 3 and 6 under Fruits and item 6 under Milk and Dairy Products shall include pack required to be set aside by any order of the Director General for Operations for purchase by government agencies.

D. No product packed in a can shall be repacked for sale in a glass container, by the same or a different person, in the same or a different form, except to the extent specifically permitted in this schedule.

E. Split year items such as "1941-2" appearing in the column "1943 Packing Quota" refer to specified seasonal year base periods to be used in computing permitted packs for subsequent seasonal years.

Product	1943 Packing Quota	Closure material indicated by 1		
		Tinplate	Blackplate	Rubber
VEGETABLES AND VEGETABLE PRODUCTS				
1. Asparagus, green	Unlimited	x		x
2. Beans, with or without pork	25% 1941*	x		
3. Beans, fresh, including green, wax, lima, green soybeans, and fresh shelled beans.	Unlimited	x		x
4. Beets, including pickled beets. No whole beets larger than U. S. Standard ruby (medium) to be packed.	200% 1942-3	x		x
5. Carrots. Whole carrots not to be packed	150% 1942	x		x
6. Corn, fresh, sweet, cut	Unlimited	x		x
7. Peas, fresh, green	Unlimited	x		x
8. Spinach, and other green leafy vegetables limited to beet, collard, dandelion, kale, mustard, polk, and turnip greens.	300% 1941	x		x
9. Tomatoes	Unlimited	x		x
10. Tomato catsup and chili sauce, containing not less than 10.7 percent (specific gravity 1.045) or more than 25 percent, by weight, dry tomato solids:				
Closures without rubber	200% 1942	x		
Closures with rubber	150% of 1942	x		x
11. Tomato paste, containing not less than 25 percent, by weight, dry tomato solids.	50% 1942*	x		x
12. Tomato pulp or puree, containing not less than 10.7 percent (specific gravity 1.045) or more than 25 percent, by weight, dry tomato solids.	100% 1942	x		x
13. Tomato sauce, including spaghetti sauce containing not less than 8.7 percent (specific gravity 1.037) by weight, dry tomato solids, and not less than 10.0 percent (specific gravity 1.042) by weight, total dry solids, salt free. In addition to salt, the contents may contain pepper, spice oils, and other flavoring ingredients.	100% 1942*	x		x
14. Vegetables, dehydrated	Unlimited		x	
15. Vegetable juices, or mixtures thereof, undiluted, except for the addition of sweetening or seasoning	Unlimited	x		

NOTE: When required for packing other products, tomato paste, tomato pulp or puree, tomato sauce, and tomato juice may be repacked from reusable cans, 5 gallon or larger.

Product	1943 Packing Quota	Closure material indicated by x: Tinplate	Blackplate	Rubber
FISH AND SHELLFISH				
1. Clams, soft, hard, or razor	100% 1941 2*	x		x
2. Clam broth	100% 1941 2*	x		x
3. Clam juice	100% 1941 2*	x		x
4. Fish cakes, except dried fish cakes	100% 1942	x		x
5. Fish, packed	Unlimited	x		x
6. Fish paste, including shellfish paste	100% 1942		x	
7. Lobsters, including spiny lobsters	100% 1942	x		x
8. Oysters	100% 1942	x		x
9. Shrimps	100% 1942	x		x
SOUP				
Seasonal: Limited to soups which shall contain not less than 7 percent, by weight, of dry solids from any one or more of the following fresh unfrozen vegetables: asparagus, peas, spinach, tomatoes.	Unlimited	x		
Non-seasonal: Limited to the following kinds of soup which shall contain not less than 7 percent, by weight, of dry solids from fresh, farmed, or frozen vegetables, meats, or other products listed in Schedules I or II, in Order M-81, provided that no person shall use for packing soups more than 35 percent by weight, of the frozen vegetables which he used for this purpose during 1942.	75% 1942*	x		
MILK AND DAIRY PRODUCTS				
1. Cheese spreads, processed	100% 1942	x		
2. Cheese, imitation, except (e.g. limburger)	100% 1942	x		
3. Condensed milk, sweetened, as defined by the Federal Security Administration, July 2, 1940, paragraph 18.525, page 2444, FEDERAL REGISTER, and 18.500, page 2440, as amended, FEDERAL REGISTER, Nov. 5, 1941.	100% 1942		x	
4. Cultured milk. "Cultured milk," as classified herein refers only to those cultured or fermented milk or skim milk products which develop pressure within the container (does not include cultured buttermilk or cultured skim milk such as sour, yeast, cultures, and the like.	See product column		x	
5. Fluid milk, with or without flavoring. Quota, Until 31 st, two percent, and until 30 percent of 1941 two percent, dry.	75% 1942*	x		
6. Ice cream mix, dry. Packing quota includes pack required to be made by any order of the Director General for Operations for purchase by government agencies.	Unlimited		x	
7. Malted milk, including chocolate malted milk, dry	100% 1942*		x	
SYRUPS AND HONEY				
1. Syrups—blended, bottlers, cane, corn, maple, molasses, table, table blends	100% 1942*		x	
2. Chocolate or cocoa syrup	100% 1942*		x	
3. Honey	Unlimited		x	
OLIVES, PICKLES, RELISHES, CONDIMENTS AND SAUCES				
1. Pickles, piccalilli, and relishes	100% 1942	x		
2. Mustard	100% 1942	x		
3. Green olives	100% 1941	x		
4. Horseradish	100% 1942	x		
5. Sauces, barbecue, cooking, soya, tobasco, and worcestershire	100% 1942	x		
EDIBLE OILS AND DRESSINGS				
1. Dressings—Mayonnaise, Russian, salad and Thousand Island	125% 1942		x	
2. French dressing	100% 1942	x		
3. Oil, edible liquid	125% 1942*		x	
4. Sandwich spread, other than meat spreads	100% 1942		x	
5. Tartar sauce	100% 1942*		x	

Product	1943 Packing Quota	Closure material indicated by x: Tinplate	Blackplate	Rubber
MISCELLANEOUS FOODS				
1. Baby foods. Consisting of food products of small particle size or in liquid or semiliquid form made from the following ingredients: fruits (except dried apricots, dried pears, dried peaches, dried or dehydrated apples); vegetables; meats; poultry products; dairy products; sugar; salt or seasoning; yeast or yeast derivatives. Frozen fruits and vegetables may be used, provided that no person shall use more than 35 percent, by weight, of the amount which he used for baby foods in 1942. Potatoes and cereals may be used only in combination with other permitted products, and only provided the combined potato and cereal content does not exceed 12 percent, by weight, of the total product. Pineapple from No. 10 cans and tomato products from 5-gallon reusable cans may be used in packing baby foods.	125% 1942	x		x
Formulas—dry or liquid	125% 1942*		x	
2. Cherries, maraschino	100% 1942		x	
3. Baking powder	100% 1942*		x	
4. Dyes, certified colors	75% 1942*		x	
5. Extracts	100% 1942	x		
6. Malt, dry	100% 1942*		x	
7. Milk fortifiers	100% 1942		x	
8. Nut butters	150% 1942		x	
9. Soups, dehydrated	100% 1942		x	
10. Spices	100% 1942		x	
11. Vinegars	100% 1942	x		
12. Special food products, for human consumption only, limited to foods other than usual table foods. Quotas: No person shall pack any special food product unless he packed the product substantially the same form in 1942, and unless he obtains prior permission upon application to the War Production Board.	See product column.

PART 1162—DYESTUFFS

[Conservation Order M-103, as Amended Jan. 1, 1943]

Section 1162.1 *Conservation Order M-103* is hereby amended to read as follows:

§ 1162.1 *Conservation Order M-103*—(a) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the Priorities Regulations of the War Production Board, as amended from time to time.

(b) *Definitions.* For the purposes of this order:

(1) "Dyestuffs" means any coloring matter, with the exception of coloring matter the chemical constituents whereof are entirely inorganic in nature. As used herein, the word "dyestuffs" does not include inorganic pigments which may be extended or otherwise processed with substantially colorless organic material, and shall not include dyes certified under the provisions of the Federal Food, Drug and Cosmetic Act (52 Stat. 1040, Ch. 875) and which are sold and used exclusively for use in foods, drugs and cosmetics, as defined in the said Act.

(2) "Anthraquinone vat dyes" shall include, in addition to those dyes ordinarily known as such, Fast Red A. L. Salt, which shall be considered an anthraquinone vat dye of single strength.

(c) *Restrictions on sale and use of dyestuffs in fourth quarter*—(1) *Dyestuffs appearing on List A.* Except as provided in paragraphs (d) (2) and (e) hereof, no person shall hereafter sell or deliver any of the dyestuffs appearing on List A, to any person, and no person shall use any of the dyestuffs appearing on List A.

(2) *Anthraquinone vat dyes not on List A.* No person, except as provided in paragraph (e) hereof, shall, during the period beginning January 1, 1943, and ending March 31, 1943, deliver to any other person or persons for use in the continental United States or Canada an amount of anthraquinone vat dyes not appearing on List A in excess of 17½% of the amount of all anthraquinone vat dyes, including those appearing on List A, delivered by such person in the period from January 1, 1941, to December 31, 1941.

No person, except as provided in paragraph (e) hereof, shall during the period beginning January 1, 1943 and ending March 31, 1943, accept delivery of for use in the continental United States or Canada or so use an amount of anthraquinone vat dyes not appearing on List A in excess of 17½% of the amount of all anthraquinone vat dyes, including those appearing on List A, delivered to, or used by, such person, as the case may be, in the period from January 1, 1941, to December 31, 1941.

For the purposes of this subparagraph amounts of anthraquinone vat dyes shall be calculated in pounds of equivalent single strength anthraquinone vat dyes and shall be raised but only to the extent necessary to equal 25 pounds or a multiple thereof.

(3) *All other anthraquinone dyes.* No person, except as provided in paragraph (e) hereof, shall during the period beginning January 1, 1943, and ending March 31, 1943, deliver to any other person or persons for use in the continental United States or Canada an amount of anthraquinone dyes other than those mentioned in (1) and (2) above in excess of 17½% of the amount of such anthraquinone dyes delivered by such person in the period from January 1, 1941 to December 31, 1941.

No person, except as provided in paragraph (e) hereof, shall during the period beginning January 1, 1943, and ending March 31, 1943, accept delivery of for use in the continental United States or Canada or so use an amount of anthraquinone dyes other than those mentioned in (1) and (2) above in excess of 17½% of the amount of such anthraquinone dyes delivered to or used by such person, as the case may be, in the period from January 1, 1941, to December 31, 1941.

For the purposes of this subparagraph amounts of anthraquinone dyes shall be calculated in pounds and shall be raised but only to the extent necessary to equal 25 pounds or a multiple thereof.

(d) *Restrictions on export.* (1) No producer shall sell, or set aside, for export, during the period beginning January 1, 1943, and ending March 31, 1943, from the continental United States, upon orders other than defense orders, in any calendar month, more dyestuffs requiring anthraquinone derivatives in their manufacture than 8 percent of the total of such dyestuffs produced in such month by him, exports to Canada excepted.

(2) During the period beginning January 1, 1943, and ending March 31, 1943, notwithstanding the provisions of paragraph (c), but subject to the limitation of subparagraph (1) above, each producer of any of the dyestuffs appearing on List A may export in any month an amount of such dyestuffs not in excess of 3 percent of his total monthly production thereof, upon orders accompanied by export licenses issued by the Board of Economic Warfare, exports to Canada excepted.

(e) *General exceptions.* The prohibitions and restrictions of paragraphs (c) and (d) shall not apply to:

(1) The sale, delivery or use of dyestuffs for the manufacture of any item which is being produced under a specific contract or subcontract for the Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Commission for Aeronautics, the Office of Scientific Research and Development, the

War Shipping Administration, the Defense Plant Corporation, or for any foreign country pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act), or for the government of Canada, if in any such case the use of such dyestuff to the extent employed is required by the specifications of the prime contract, or

(2) Sales or deliveries of dyestuffs for use in, or resale for use in, and such use in, the manufacture of products to be physically incorporated in the following types of uniforms:

(i) U. S. Army officers (Commissioned, Warrant, and Specialist Corps) and nurses.

(ii) U. S. Navy officers (Commissioned and Warrant), Chief Petty officers and nurses.

(iii) U. S. Marine Corps officers (Commissioned and Warrant).

(iv) U. S. Coast Guard officers (Commissioned and Warrant), and chief petty officers.

(v) U. S. Government military and naval academy and training school students.

(vi) U. S. Maritime Commission and War Shipping Administration officers.

(vii) U. S. Coast and Geodetic Survey officers.

(viii) U. S. Public Health Service officers and nurses.

(ix) U. S. Women's Reserve of the U. S. Naval Reserve members (WAVES).

(3) Sales or deliveries of dyestuffs by or from a producer or his exclusive sales agent to another producer or the exclusive sales agent of such other producer, or

(4) Sales to, deliveries to, and use by any person for experimental purposes only of amounts of dyestuffs totaling for such person not in excess of 25 pounds for each self color.

(5) Sales to, deliveries to, and use by any person for coloring of leaded gasoline.

(f) *Restrictions on use of meta-toluylene diamine.* No person shall, after November 1, 1942, use any meta-toluylene diamine in the developing of diazotized dyes already present on textile fibers; provided, that nothing contained herein shall be construed to prohibit the use of meta-toluylene diamine in the manufacture of dyestuffs. The term "meta-toluylene diamine" as used in this paragraph (f) shall include, without being limited to, the products commonly known in the trade as Amanil Developer B, Pontamine Developer TN, Developer D, Developer DB, Developer MT, Developer MTD or Developer TD.

(g) *Restrictions on use of anthraquinone.* No person shall, after November 1 1942 use any anthraquinone in any physical form in discharging stripping or destroying napthol (azoic), vat, or other dyes already present on textile fibers; provided that nothing contained herein shall be construed to prohibit the use of anthraquinone in the manufacture of dyestuffs. The term "discharging" as used in this paragraph (g), shall include without being limited to, color and white discharge printing.

(h) *Restrictions on use of Annato and extracts.* No person shall, after January 1, 1943, use any annato or annato extracts for the purpose of coloring any materials other than food products.

NOTE: Paragraphs (i), (j), (k), (l), (m), (n), and (o) were formerly designated (h), (i), (j), (k), (l), (m), and (n).

(i) *Restrictions on inventory.* In addition to the restrictions on inventory contained in Priorities Regulation No. 1 (§ 944.14), no person using dyestuffs shall hereafter purchase or accept delivery of any of the dyestuffs appearing on List A, which required the use of anthraquinone or anthaquinones derivatives in the manufacture thereof, which will increase his inventory thereof beyond an amount which, to the best of his knowledge and belief, will be used by him in the next 45 days; except that, notwithstanding the provisions of such Regulations and this paragraph (i), any person may purchase directly from the Defense Supplies Corporation any amount of the dyestuffs appearing on List A and hold the amounts so purchased as inventory: *Provided, however,* That such amounts purchased from the Defense Supplies Corporation shall be taken into account in determining the size of inventory insofar as purchases and deliveries from other persons are concerned.

(j) *Prohibitions against sales or deliveries.* No person shall hereafter sell or deliver any dyestuffs to any person, if he knows, or has reason to believe, such material is to be used in violation of the terms of this order.

(k) *Reports.* All persons affected by this order shall execute and file with the War Production Board such reports and questionnaires as may be required by the said Board from time to time. No reports or questionnaires are to be filed by any person until forms therefor have been prescribed by the War Production Board.

(l) *Appeals.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of dyestuffs conserved, or that compliance with this order would disrupt or impair a program of conversion from nondefense to defense work, may appeal to the War Production Board by letter or telegraph, Reference M-103, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(m) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance.

(n) *Communications to the War Production Board.* All communications concerning this order, or any reports required to be filed hereunder shall, unless otherwise directed, be addressed to: War Production Board, Textile, Clothing and Leather Division, Washington, D. C. Ref: M-103.

(o) *Effective date.* This order shall take effect on January 1, 1943, and shall continue in effect until revoked.

(P.D. Reg. 1, as amended, 6 F.R. 6680 W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 1st day of January 1943.

ERNEST KANZLER,
Director General for Operations.

PART 1188—RAILROAD EQUIPMENT

[General Limitation Order L-97, as Amended Jan. 1, 1943]

Section 1188.1 *General Limitation Order L-97* is hereby amended to read as follows:

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of locomotives for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1188.1 *General Limitation Order L-97*—(a) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

(b) *Definitions.* For the purpose of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(2) "Locomotives" means all types of new or used locomotives, including but not limited to steam, electric, diesel, diesel-electric, gasoline, and gasoline-electric locomotives. This definition does not include locomotives used underground in such places as coal, metal, gypsum or salt mines or other locomotives of less than 20 tons which are used by mining companies in mining operations.

(3) "Producer" means any person engaged in the production of new locomotives; or in the repairing, rebuilding, redesigning, or otherwise processing of used locomotives.

(4) "Produce" means to produce new locomotives; or to repair, rebuild, redesign or otherwise process used locomotives for the purpose of sale or resale. This definition does not include the repairing, rebuilding, redesigning or otherwise processing of used locomotives by or for the owner thereof.

(c) *Restrictions on production and delivery of locomotives.* Irrespective of the terms of any contract of sale or purchase or of any other commitment, no producer shall produce or deliver any locomotives except as authorized pursuant to the provisions of paragraphs (d), (e), and (f) hereof.

(d) *Production and delivery schedules.* (1) Each producer shall schedule, or reschedule, if necessary) his production and make deliveries of locomotives in accordance with such specific directions as may be issued from time to time by the Director General for Operations.

(2) The production and delivery schedules established by any specific direction issued pursuant to paragraph (d) (1) above shall be maintained without regard to any preference ratings already assigned or hereafter assigned to particular contracts, commitments, or purchase orders and without regard to production schedules in effect on the effective date of this order, and may be altered only upon specific direction of the Director General for Operations.

(3) If it becomes impossible for any producer to maintain production and delivery of locomotives in accordance with any such schedule, he shall immediately notify the Director General for Operations, and, unless otherwise directed by the Director General for Operations, he shall continue to produce and deliver locomotives in the order set forth in such schedule and shall postpone production and delivery of any such locomotives only to the extent required by the circumstances causing his failure to maintain production and delivery as required by such schedule.

(e) *Prohibition of transfer of used locomotives.* Except as provided in paragraph (f) hereof, no person shall sell, lease, trade, lend, deliver, ship or transfer any used locomotive, and no person shall accept any such sale, lease, trade, loan, delivery, shipment or transfer of any used locomotive.

(f) *Exceptions from prohibition of transfer of used locomotives.* Nothing in paragraphs (c), (d) or (e) hereof shall be construed to prevent:

(1) Any sale, lease, trade, loan, delivery, shipment or transfer of any used locomotive which has been specifically authorized by the Director General for Operations pursuant to an application filed upon Form PD-747; or

(2) Railroads from selling, leasing, trading, loaning, delivering, shipping or transferring used locomotives to other railroads; or

(3) The redelivery (to the owner) of any used locomotive which has been repaired, rebuilt, redesigned or otherwise processed for such owner; or

(4) Any person from transferring title to a locomotive which has been delivered pursuant to the terms of a conditional sale, chattel mortgage sale, bailment lease or similar installment contract entered into prior to the issuance date of this order, or from retaking, repossessing or obtaining redelivery of any such locomotive upon default, breach or other contingency under the terms of a conditional sale, chattel mortgage sale, bailment lease or similar installment contract entered into prior to such date.

(g) *Restriction on dismantling or scrapping.* Except upon specific authorization of the Director General for Operations, application for which may be filed upon Form PD-747, no person shall dismantle or scrap any locomotive.

(h) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production, sale or disposal of locomotives, which records shall be available for audit and inspection by duly authorized representatives of the War Production Board.

(i) *Reports.* All persons affected by this order shall execute and file with the War Production Board such reports and questionnaires as said Board shall from time to time require.

(j) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty or a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(k) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(l) *Communications.* All communications concerning this order should be addressed to War Production Board, Transportation Equipment Division, Washington, D. C., Ref.: L-97.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 1st day of January 1943.

ERNEST KANZLER,
Director General for Operations.

[F. R. Doc. 43-58; Filed, January 1, 1943; 1:22 p. m.]

PART 3039—MANUFACTURED GAS

[Limitation Order L-174 as Amended January 1, 1943]

ORDER CURTAILING CONSUMPTION OF MANUFACTURED GAS

Whereas because of increased manufactured gas requirements for war production and civilian uses, because of scarcity of materials for the construction and cperation of manufactured gas plants, mains and other facilities, and because of shortages of transportation facilities to haul fuel and materials used in the production of manufactured gas, shortages of manufactured gas have occurred in certain areas of the United States and are threatened in others; and

Whereas during periods of adverse weather conditions, the demand for manufactured gas in many areas may increase beyond the capacity for existing facilities to meet such demand; and

Whereas the limitations upon deliveries of manufactured gas hereinafter

ordered are necessary in order to maintain deliveries of manufactured gas to war industries and essential civilian services;

Now, therefore, it is ordered:

§ 3039.1 *General Limitation Order L–174*—(a) *Definitions.* For the purposes of this order: (1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons whether incorporated or not.

(2) "Utility" means any person in the United States engaged in producing, transmitting or supplying manufactured gas directly or indirectly for general use by the public. Any system supplying natural or mixed natural and manufactured gas is not subject to this order but is subject to the provisions of Limitation Order L–31.

(3) "Non-utility producer" means any person who owns or operates any gas production or transmission facilities and who is not included in the definition of "utility" in paragraph (a) (2).

(4) "Consumer" means any ultimate user of manufactured gas produced, transmitted or distributed by any utility or by any non-utility producer which is interconnected with any utility.

(5) "Manufactured gas" means any combustible gas produced by any manufacturing process (other than liquefied petroleum gas unmixed with any gas produced by any other manufacturing process).

(6) "Standby facilities" means equipment designed to use a fuel other than fuel oil to replace manufactured gas, and for the operation of which a supply of such fuel is obtainable.

(7) "Space heating equipment" means equipment used for the purpose of raising atmospheric temperature in any building or portion thereof.

(b) *Gas system operations.* (1) Each utility shall so operate its gas manufacturing, transmission, storage, distribution, and other facilities, as to achieve so far as practicable the maximum output of gas in any area in which a shortage of manufactured gas exists or is imminent. Where necessary for the above purposes, the Director General for Operations will from time to time issue directions as to the operation of gas manufacturing, transmission, storage, distribution or other facilities, and as to deliveries of gas.

(2) Each utility shall, as soon as practicable, make an investigation of the type, amount, and availability of any manufactured gas production facilities owned or operated by any non-utility producer located in or near its operating area, whether or not interconnected with such utility, and shall make such arrangements (including arrangements for interconnections where feasible) as can be made by means of voluntary agreement among the parties and as may be necessary or advisable to meet or to anticipate shortages of manufactured gas. Where such arrangements require the use of materials in excess of those available under any priority order issued by the Director General for Operations, application for authority to use or to acquire such materials shall be made to the Director General for Operations in accordance with established procedures. In any case in which efforts to complete voluntary arrangements fail, the utility shall report the fact to the Director General for Operations, setting forth all pertinent information. The Director General for Operations will, where necessary to accomplish the purposes of this order, issue specific directions to utilities and non-utility producers as to the integration of manufactured gas facilities.

(3) Upon notice from the Director General for Operations to any non-utility producer that a gas shortage exists or is imminent in any area served by any utility with which such non-utility producer is interconnected, such non-utility producer shall so order its operations as to make available for delivery to such utility all manufactured gas which it is capable of producing or supplying and which is not essential for its own operations, unless the Director General for Operations shall, upon application, determine that such gas, because of differences in heat value or chemical composition, cannot practicably be mixed with the gas supplied by such utility. It shall also make available for delivery to such utility further quantities of gas in accordance with directions of the Director General for Operations.

(c) *Limitations on deliveries of manufactured gas.* (1) In the event of a gas shortage in any area, each utility supplying such area shall reduce deliveries to consumers in accordance with the following schedule and with such further directions as the Director General for Operations may, from time to time, issue: *Provided*, That to the extent, if any, required by the emergency nature of the shortage, such utility may in the first instance reduce deliveries without regard to such schedules, but shall as soon as possible thereafter readjust its operations and deliveries to confirm in all respects to such schedule during the continuance of the gas shortage.

(i) First, the utility shall, within the limits of its contractual rights, reduce deliveries to all consumers purchasing manufactured gas under contracts permitting the supplier to interrupt deliveries: *Provided*, That deliveries of gas necessary for the maintenance of the war production and essential civilian services listed in Exhibit A, as the same may be amended from time to time, shall be reduced only to the extent that the fuel requirements for such production and services can be supplied from the consumer's standby facilities.

(ii) Second, the utility shall without regard to its contractual rights or those of any consumer, reduce deliveries to all consumers who have standby facilities to the extent to which the operation of such facilities can directly or indirectly alleviate the shortage of manufactured gas in the area.

(iii) Third, the utility shall to the extent necessary, reduce deliveries to all commercial and industrial consumers except to the extent that such deliveries are necessary for the maintenance of the war production and essential civilian service listed in Exhibit A or to prevent permanent damage to the production facilities of such consumers. Such reductions shall be made insofar as practicable on a uniform proportionate basis.

(iv) Fourth, if after effectuating the reduction in deliveries of gas required by or pursuant to the foregoing provisions of this paragraph, it becomes necessary to curtail deliveries of gas for the maintenance of the war production and essential civilian service listed in Exhibit A, the utility shall insofar as practicable reduce such deliveries on a uniform proportionate basis.

(v) Notwithstanding any other provision of this order, if the Director General for Operations, after investigation, shall determine that any consumer having standby facilities has failed to provide himself with an adequate supply of fuel for the operation of such standby facilities despite the availability of such fuel, the Director General for Operations, may prohibit deliveries of gas to, and acceptances of gas by, such consumer to the extent that his requirements of gas could have been decreased through the operation of such standby facilities.

(2) The Director General for Operations may issue such directions with respect to reductions in deliveries to residential consumers as may be necessary to alleviate gas shortages.

(3) The Director General for Operations may require any utility to file a specific curtailment schedule listing consumers proposed to be curtailed and the order of their curtailment during gas shortages and may issue such directions with respect thereto as may be necessary to assure compliance with the provisions of this paragraph (c).

(4) Whenever, pursuant to paragraph (c) (1) or (c) (2) above or any directions issued thereunder, any utility is obliged to reduce deliveries to any consumer, such utility shall so inform each consumer to be curtailed, and each such consumer shall, upon such notification, reduce his acceptance of deliveries of manufactured gas in accordance with such notification.

(5) Whenever any utility finds it necessary to reduce deliveries, pursuant to this paragraph (c), such utility shall immediately notify the Power Division of the War Production Board, Ref.: L–174, of such curtailment by telegram. Following each such curtailment, the utility shall submit to the Power Division a detailed report of the duration of curtailment and the extent to which deliveries to such consumers were curtailed. Such report shall be filed on Form PD–628.

(d) *Restrictions upon deliveries to consumers other than domestic consumers.* No utility shall deliver manufactured gas to any consumer, other than a domestic consumer, for the operation of any gas-fired equipment (including space-heating equipment) which was not installed (or if converted from some other fuel, such conversion was not completed) at the same premises prior to September 1, 1942, unless:

(1) Such equipment is non-space heating equipment and has an aggregate input capacity of less than 150 cubic feet per hour.

(2) Such equipment replaces similar type gas-fired equipment of equal or greater capacity previously installed or operated by the same consumer at the same premises for the same purposes, or

(3) Such deliveries are specifically approved in advance by the Director General for Operations. Any consumer or utility which considers that such deliveries are necessary for war production or the operation of an essential civilian service may apply for such approval to the Director General for Operations.

No person shall install gas-fired equipment designed to receive deliveries of manufactured gas from any utility if such deliveries are prohibited by this paragraph.

(e) *Restrictions upon deliveries to domestic consumers for space heating.* Except where otherwise directed by the Director General for Operations, no utility shall deliver to any domestic consumer and no such consumer shall accept deliveries of manufactured gas for the operation of any space-heating equipment unless such equipment:

(1) Was installed (or if converted from some other fuel to manufactured gas, such conversion was completed) at the same premises prior to September 1, 1942, or

(2) Replaces similar type space-heating equipment of equal or greater capacity previously installed or operated at the same premises whether by the same or by another consumer, or

(3) Was installed prior to November 15, 1942, in a new building, and such equipment was specified in the construction contract, and the foundation under the main part of the structure in which the equipment is to be installed was completed prior to September 1, 1942.

No person shall install space-heating equipment designed to receive deliveries of manufactured gas from any utility if such deliveries are prohibited by this paragraph.

(e–1) *Restrictions upon deliveries when conversion to less critical fuels has been ordered.* If the Director General for Operations, after investigation, shall determine:

(1) That the gas-fired equipment owned or operated by any person can, without unreasonable expense or hardship to such person, be converted to the use of, or be replaced by equipment using, a less critical fuel of which a supply is available, and

(2) That such conversion or replacement will contribute to the alleviation of actual or prospective gas shortages, or to the maintenance of gas deliveries to war producers or essential civilian services,

the Director General for Operations may upon sufficient notice to permit such conversion or replacement, prohibit further deliveries or acceptances of manufactured gas for the operation of such gas-fired equipment.

(f) *Applications to Director General for Operations.* (1) Any person who considers that any reduction in or prohibition of deliveries of manufactured gas made or proposed to be made pursuant to paragraphs (c) (1) or (e) or any direction issued thereunder interferes or will interfere materially with war production or the operation of an essential civilian service, may apply for relief to the Director General for Operations who may grant such specific exemptions or take such other action as may be consistent with the purposes of this order. Such application shall state the nature of the war materials being manufactured or the nature of the service, the extent to which such production or service has been or may be curtailed because of reduced delivery of manufactured gas or inability to use gas for space heating, and the increase in deliveries of manufactured gas required for restoration of full production or service.

(2) Any utility which considers that the capacity of its gas manufacturing equipment and the supply of fuel oil, coal, coke or other fuel available for gas manufacturing are sufficient to take care of all existing and estimated future requirements of war industry and unrestricted civilian use, may apply for exemption of the system or any portion thereof from the provisions of this order or any direction issued hereunder to the Director General for Operations who may grant such exemptions or take such other action as may be consistent with the purposes of this order.

(3) Applications by all consumers for exemption from the space-heating restrictions of this order shall be made on Form PD–673. Applications by non-residential consumers for exemption from the restrictions on deliveries for non-space heating purposes shall be made on Form PD–672.

(g) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship on him may appeal for relief to the Director General for Operations who may grant such specific exemptions or take such other action as may be consistent with the purposes of this order.

(h) *Violations.* Any person who wilfully violates any provision of this order or any direction of the Director General for Operations issued hereunder, or who wilfully furnishes false information to the Director General for Operations in connection with this order, is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from obtaining deliveries of manufactured gas or from making or obtaining further deliveries of, or from processing or using, other material under priority control and may be deprived of priorities assistance by the Director General for Operations.

(i) *Reports and information.* (1) Each utility shall keep and preserve for not less than two years accurate and complete records concerning deliveries of manufactured gas to consumers.

(2) Such records shall be subject to inspection by duly authorized representatives of the War Production Board.

(3) All persons affected by this order shall execute, and file with the War Production Board such reports and questionnaires as said Board shall, from time to time, request.

(j) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to Power Division, War Production Board, Washington, D. C. Ref: L–174.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 1st day of January 1943.

ERNEST KANZLER,
Director General for Operations.

EXHIBIT A

WAR PRODUCTION AND ESSENTIAL CIVILIAN SERVICES

1. Fire and police stations, post offices, court houses, schools, hospitals, and prisons.
2. Public eating establishments, including restaurants, cafes, etc.
3. Bakeries, dairies and meat-packing establishments.
4. Water, sewage, and sanitation systems to the extent that gas is required for the disposal of sewage and garbage and for the operation of power equipment.
5. Scientific testing and research laboratories.
6. Repair yards or shops to the extent they are engaged in the maintenance or repair of transportation equipment.
7. Industrial plants to the extent they are engaged in the production or processing of the following munitions, equipment or materials:
   (a) Airplanes, airplane engines, and parts.
   (b) Naval and merchant ships and parts.
   (c) Ordnance items, including guns, ammunition, explosives, combat and military vehicles, radio equipment and parts.
   (d) Copper, brass, tin, lead, magnesium, aluminum and alumina, zinc, manganese, mercury, nickel, cadmium or monel metal.
   (e) Abrasives.
   (f) Graphite electrodes.
   (g) Forgings.
   (h) The following machinery and equipment:
      Power boilers.
      Searchlights.
      Electrical measuring instruments.
      Generators.
      Transformers, electrical control and switchboard apparatus.
      Heat exchangers.
      Pressure vessels.
      Wire and cable.
      Steam engines.
      Steam turbines.
      Diesel engines.
      Gas engines.
      Track-laying tractors.

Mining machinery and equipment.
Machine tools.
Machine tool accessories and machinists precision tools.
Pumps and compressors.
Conveyors and conveying equipment.
Industrial cars and trucks.
Industrial blowers, exhaust and ventilating fans.
Mechanical testing equipment.
Ball and roller bearings and parts.
Mechanical power transmission equipment.
Water purification equipment.
Locomotives and railroad cars.
Navigation instruments.
Surgical, medical and dental equipment and supplies.
Optical instruments and lenses.
Construction machinery and equipment.
(i) Iron ore, pig iron, steel and ferroalloys.
(j) Sulphuric acid.
(k) Liquid oxygen.
(l) Rubber.
(m) Alcohol.

PART 3067—TEXTILE SHIPPING BAGS

[Amendment 1 to Conservation Order M-221]

Paragraph (e) (6) of § 3067.1 *Conservation Order M-221* is amended to read as follows:

(6) *Expiration.* This order shall expire January 18, 1943.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 31st day of December 1942.

ERNEST KANZLER,
Director General for Operations.

[F. R. Doc. 43-59; Filed, January 1, 1943; 1:23 p. m.]

PART 3080—CHEMICAL FERTILIZERS

[Amendment 1 to Conservation Order M-231 as Amended Dec. 4, 1942]

Section 3080.1 *Conservation Order M-231*, as amended December 4, 1942, is hereby amended by striking out paragraph (f) (1).

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 1st day of January 1943.

ERNEST KANZLER,
Director General for Operations.

[F. R. Doc. 43-51; Filed, January 1, 1943; 1:15 p. m.]

PART 3141—MILITARY ARMS

[Limitation Order L-230, as Amended Jan. 1, 1943]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of military arms and of steel scrap for defense, for private account and for export; and the following order is deemed necessary and appropriate in the war interest and to promote the national defense:

§ 3141.1 *Limitation Order L-230*—(a) *Definitions.* For the purpose of this order:

(1) "Military arms" means any cannon, machine gun, grenade, bomb, or other weapon using explosives, and any ammunition therefor, but does not include any pistol, rifle, or shotgun (except such as are machine guns as defined in paragraph (a) (2)) or ammunition therefor.

(2) "Machine gun" means any weapon which will fire more than one round without renewing pressure on the trigger or other firing device.

(3) "Non-operating" means in such condition that it cannot be used for the purpose for which it was originally made whether by reason of obsolescence, absence of necessary parts or explosive charge, accidental or intended damage or for any other reason.

(b) *Prohibited deliveries of military arms.* Notwithstanding any existing contract, payment or other action, no person shall hereafter sell, transfer or deliver, and no person shall accept delivery of, any military arms, whether operating or non-operating, or parts therefor, except as provided in paragraph (c).

(c) *Permitted deliveries.* The restrictions in paragraph (b) shall not apply to the following sales, transfers or deliveries:

(1) Sales, transfers or deliveries to or by any department or agency of the United States or of any State or political subdivision thereof or any person acting for the account of any such department or agency.

(2) Sales, transfers or deliveries for export if such export is covered by an export license previously issued by the appropriate agency or department of the United States Government.

(3) Sales, transfers or deliveries of non-operating military arms or parts for any military arms to any scrap dealer, when sold, transferred or delivered as scrap.

(4) Sales, transfers or deliveries of non-operating military arms or parts for any military arms by any scrap dealer, when sold, transferred or delivered as scrap to any person regularly engaged in the business of melting scrap.

(5) Sales, transfers or deliveries made with the specific authorization of the Director General for Operations.

(d) *Reports.* (1) Except as provided in paragraph (d) (2) hereof, any person making any delivery pursuant to paragraph (c) (3) of (c) (4) hereof shall at the time of such delivery report to the War Production Board a detailed description of the property delivered and the person to whom such delivery was made.

(2) Any person who, while engaged in the manufacture of military arms or parts thereof, produces any such parts which are discarded as unfit for use, shall report monthly at the end of each month to the War Production Board, the name and address of all scrap dealers to whom such parts are sold, transferred or delivered, but shall not be required to report a detailed description of such parts unless required by the Director General for Operations. A scrap dealer who delivers any parts to a person regularly engaged in the business of melting scrap shall not be required to report the delivery of such parts unless so instructed by the Director General for Operations.

(3) Any person making delivery pursuant to paragraph (c) shall make such other reports as may be from time to time required by the Director General for Operations.

(e) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, sales, transfers and deliveries of military arms.

(f) *Communications to War Production Board.* All reports required to be filed hereunder and all communications concerning this order shall be addressed to: War Production Board, Bureau of Governmental Requirements, Washington, D. C., Ref: L-230.

(g) *Violations.* Any person who wilfully violates any provision of this order or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(P.D. Reg. 1, as amended, 6 F.R. 6680, W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 1st day of January 1943.

ERNEST KANZLER,
Director General for Operations.

[F. R. Doc. 43-61; Filed, January 1, 1943; 1:23 p. m.]

PART 1010—SUSPENSION ORDERS

[Suspension Order S-194]

SMILE BEVERAGE CO.

Smile Beverage Company is a business solely owned and operated by Isadore Christ, in Charleston, South Carolina, engaged in bottling non-alcoholic beverages, and is subject to the quota provisions of Conservation Order M-104. During the months of June, July, August and September, 1942, the Company used approximately fifteen hundred fifty (1550) closures made of tinplate, terneplate, or blackplate in excess of its permissible quota under Conservation Order M-104. Isadore Christ was not fully familiar with the terms of Conservation Order M-104, but knew that such an Order existed, and that it restricted his permitted consumption of metal closures. His failure to ascertain the restrictions placed upon his business was grossly negligent, and the resulting over-use of closures thus constituted a wilful violation of Conservation Order M-104.

This violation of Conservation Order M-104 has impeded and hampered the War effort by diverting scarce material to uses unauthorized by the War Production Board. In view of the foregoing facts, *It is hereby ordered*, That:

§ 1010.194 *Suspension Order S-194.* (a) During each of the months from January, 1943 through May, 1943 both inclusive, the number of closures made of tinplate, terneplate, or blackplate, which may be processed, consumed, or used by Isadore Christ, individually, or doing business as the Smile Beverage Company or otherwise under the terms of Conservation Order M-104, shall be reduced by the amount of one hundred fifty (150) gross.

(b) During each of the months of June, 1943 to September, 1943, both inclusive, the amount of closures made from tinplate, terneplate, or blackplate, which may be processed, consumed, or used by Isadore Christ, individually, or doing business as the Smile Beverage Company or otherwise under the terms of Conservation Order M-104, shall be reduced by the amount of two hundred (200) gross.

(c) Nothing contained in this Order shall be deemed to relieve Isadore Christ, individually, or doing business as the Smile Beverage Company, his or its successors or assigns, from any restriction, prohibition, or provision of any Order or Regulation of the Director of Industry Operations, except insofar as the same may be inconsistent with the provisions hereof.

(d) This Order shall take effect on January 1, 1943, and shall expire September 30, 1943.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 1st day of January 1943.

ERNEST KANZLER,
Director General for Operations.

[F. R. Doc. 43-95; Filed, January 1, 1943; 5:18 p. m.]

PART 1010—SUSPENSION ORDERS

[Suspension Order S-197]

ANGELES APPAREL CO.

Angeles Apparel Company, Los Angeles, California, is a manufacturer of feminine lounging robes and housecoats. From July 23 to October 5, 1942, the Company put into process 8,173 yards of cloth for the manufacture of 2,187 women's lounging robes having a sweep measurement which exceeded the maximum measurements permissible under General Limitation Order L-118. The Company was fully aware of the restrictions contained in that Order but acted on an unjustifiable interpretation thereof. The Company's actions constituted wilful violations of General Limitation Order L-118 which have hampered and impeded the war effort of the United States. In view of the foregoing, *It is hereby ordered*, That:

§ 1010.197 *Suspension Order S-197.* (a) Angeles Apparel Company, its successors and assigns, shall not sell or deliver any of the garments manufactured by it in violation of General Limitation Order L-118 unless such garments are altered to conform to the maximum measurements prescribed in General Limitation Order L-118.

(b) For a period of three months from the effective date of this Order, Angeles Apparel Company, its successors and assigns, shall not put into process or cause to be put into process by others for its account any cloth for the manufacture of feminine lounging wear as defined in General Limitation Order L-118, except as specifically authorized by the Director General for Operations.

(c) Nothing contained in this Order shall be deemed to relieve Angeles Apparel Company from any restriction, prohibition, or provision contained in any other order or regulation of the Director of Industry Operations or the Director General for Operations, except in so far as the same may be inconsistent with the provisions hereof.

(d) This Order shall take effect on January 5, 1943.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 1st day of January 1943.

ERNEST KANZLER,
Director General for Operations.

[F. R. Doc. 43-96; Filed, January 1, 1943; 5:18 p. m.]

PART 1010—SUSPENSION ORDERS

[SUSPENSION ORDER S-199]

ARIZONA WHOLESALE ELECTRIC CO.

M. R. Craft and Mrs. M. R. Craft, doing business as Arizona Wholesale Electric Company, Phoenix, Arizona, are engaged in the business of distributing electrical supplies as a wholesaler. They operate a warehouse, as defined in General Preference Order M-9-a.

From February 7, 1942, to May 6, 1942, M. R. Craft and Mrs. M. R. Craft, doing business as Arizona Wholesale Electric Company, accepted and filled wholesale orders for 105,926 feet of copper wire, having a value of $3,725.93, which did not bear a preference rating of A-10 or higher. From May 7, 1942, to July 14, 1942, they accepted and filled wholesale orders for 51,662 feet of copper wire, having a value of $1,254.08, which did not bear preference ratings of A-1-k or higher. These acts constituted wilful violations of General Preference Order M-9-a, as amended on February 6, 1942, and May 7, 1942.

From January 20, 1942, to June 23, 1942, M. R. Craft and Mrs. M. R. Craft, doing business as Arizona Wholesale Electric Company, applied preference ratings of A-10 under Preference Rating Order P-100 to certain purchase orders for 52,806 feet of wire, 10,058 feet of conduit, and thirty-one other items of electrical supplies, certifying that such materials were for maintenance, repair or operating supplies, whereas said materials were not for maintenance, repair or operating supplies, as defined in Preference Rating Order P-100 and the Company did not have rated orders from its customers to support its use of these ratings. The use of such preference ratings constituted improper applications and over-extensions of preference ratings under Preference Rating Order P-100, and misrepresentations to the War Production Board, in violation of Preference Rating Order P-100.

These violations of General Preference Order M-9-a and Preference Rating Order P-100 have hampered and impeded the war effort of the United States by diverting scarce material to uses not authorized by the War Production Board. In view of the foregoing facts, *It is hereby ordered*, That:

§ 1010.199 *Suspension Order S-199.* (a) Deliveries of material, directly or indirectly, to M. R. Craft and Mrs. M. R. Craft, doing business as Arizona Wholesale Electric Company or otherwise, their successors and assigns, shall not be accorded priority over deliveries under any other contract or order and no preference ratings shall be assigned or applied to such deliveries by means of Preference Rating Certificates, Preference Rating Orders, General Preference Orders or any other orders or regulations of the Director of Industry Operations or the Director General for Operations, except as specifically authorized by the Director General for Operations.

(b) No allocations shall be made, directly or indirectly, to M. R. Craft and Mrs. M. R. Craft, doing business as Arizona Wholesale Electric Company or otherwise, their successors and assigns, of any material the supply or distribution of which is governed by any order of the Director of Industry Operations or the Director General for Operations, except as specifically authorized by the Director General for Operations.

(c) Nothing contained in this Order shall be deemed to relieve M. R. Craft and Mrs. M. R. Craft, doing business as Arizona Wholesale Electric Company or otherwise, or their successors and assigns, from any restriction, prohibition, or provision contained in any other order or regulation of the Director of Industry Operations or the Director General for Operations, except in so far as the same may be inconsistent with the provisions hereof.

(d) This Order shall take effect on January 5, 1943, and shall expire on July 5, 1943, at which time the restrictions contained in this Order shall be of no further effect.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub Laws 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 1st day of January 1943.

ERNEST KANZLER,
Director General for Operations.

[F. R. Doc. 43-97; Filed, January 1, 1943; 5:18 p. m.]

PART 1010—SUSPENSION ORDERS

[Suspension Order S-200]

SUPERIOR COACH CORP.

Superior Coach Corporation, Goshen, Indiana, is a manufacturer of house trailers. John Drexler is president of the Company and Donald R. Farr is Secretary-treasurer.

By a letter from the Director of Priorities, dated January 21, 1942, the Company was authorized to buy 90 tires and tubes to be used solely by it to transport trailers from its plant to eligible purchasers and which tires were to be then removed from the trailers and retained by the Company. Pursuant to this authorization, the Company bought 90 tires, 82 of which were used as authorized. Of the other eight, however, four were placed on Mr. Drexler's personal automobile and four on Mr. Farr's personal automobile. This use of the eight tires by the Company constituted a wilful violation of Priorities Regulation No. 1 and of the directions contained in the letter of January 21, 1942, which has hampered and impeded the war effort of the United States. In view of the foregoing, *It is hereby ordered*, That:

§ 1010.200 *Suspension Order S-200.* (a) Deliveries of material to Superior Coach Corporation, its successors and assigns, shall not be accorded priority over deliveries under any other contract or order and no preference ratings shall be assigned or applied to such deliveries to Superior Coach Corporation by means of preference rating certificates, preference rating orders, general preference orders, or any other orders or regulations of the Director of Industry Operations or the Director General for Operations, except as specifically authorized by the Regional Compliance Chief, Chicago Regional Office, War Production Board.

(b) No allocation shall be made to Superior Coach Corporation, its successors and assigns, of any material the supply or distribution of which is governed by any order of the Director of Industry Operations or the Director General for Operations, except as specifically authorized by the Director General for Operations.

(c) Nothing contained in this Order shall be deemed to relieve Superior Coach Corporation from any restriction, prohibition, or provision contained in any other order or regulation of the Director of Industry Operations or the Director General for Operations, except in so far as the same may be inconsistent with the provisions hereof.

(d) This Order shall take effect on January 3, 1943, and shall expire on April 3, 1943, at which time the restrictions contained in this Order shall be of no further effect.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 1st day of January 1943.

ERNEST KANZLER,
Director General for Operations.

[F. R. Doc. 43-98; Filed, January 1, 1943; 5:18 p. m.]

PART 1010—SUSPENSION ORDERS

[Suspension Order S-201]

SOUTHERN STOVE WORKS, INC.

Southern Stove Works, Inc. is a Virginia corporation doing business at Sixth and Dinwiddie Avenue, Richmond, Virginia, and is engaged in the manufacture of various types of heating equipment. From September 1, 1942 to October 8, 1942 the Company put into process approximately 320,000 pounds of iron to make 4,520 portable iron fireplace grates or parts thereof. All but approximately 600 grates were assembled and all but approximately 670 of the assembled grates were sold during that period. Although the Company was aware on or about September 1, 1942 that portable iron fireplace grates such as it manufactured were considered to be items of "fireplace equipment" whose manufacture, assembly and sale were prohibited by General Conservation Order M-126, and although General Conservation Order M-126 on September 3, 1942 specifically included fireplace grates on its list of prohibited items, the Company greatly accelerated its rate of production of these grates during the month of September 1942 and especially during the first week in October 1942. These acts of the Company constituted wilful violations of General Conservation Order M-126.

These violations of General Conservation Order M-126 committed by Southern Stove Works, Inc., have hampered and impeded the war effort of the United States by diverting iron to uses unauthorized by the War Production Board. In view of the foregoing, *It is hereby ordered*, That:

§ 1010.201 *Suspension Order S-201.* (a) From March 1, 1943 to May 31, 1943 deliveries of materials to Southern Stove Works, Inc., its successors and assigns, shall not be accorded priority over deliveries under any other contract or order and no preference rating shall be assigned or applied to such deliveries by means of preference rating certificates, preference rating orders, general preference orders, or any other order or regulation of the Director of Industry Operations or the Director General for Operations, except as specifically authorized by the Director General for Operations.

(b) From March 1, 1943 to May 31, 1943 no allocation shall be made to Southern Stove Works, Inc., its successors and assigns, of any material the supply or distribution of which is covered by any order of the Director of Industry Operations, or the Director General for Operations, except as specifically authorized by the Director General for Operations.

(c) Nothing contained in this order shall be deemed to relieve Southern Stove Works, Inc., its successors and assigns, from any restriction, prohibition or provision contained in any order or regulation of the Director of Industry Operations or the Director General for Operations, except in so far as the same may be inconsistent with the provisions hereof.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law. 671, 76th Cong., as amended by Pub Laws 89 and 507, 77th Cong.)

Issued this 1st day of January 1943.

ERNEST KANZLER,
Director General for Operations.

[F. R. Doc. 43-99; Filed. January 1, 1943 5:18 p. m.]

PART 1192—DOMESTIC SEWING MACHINES

[Limitation Order L-98 as Amended January 2, 1943]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of iron and steel and other materials for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1192.1 *General Limitation Order L-98*—(a) *Definitions.* For the purposes of this order:

(1) "Domestic sewing machine" means any sewing machine designed for household use.

(2) "Attachment" means any special purpose detachable device which is designed for use with a domestic sewing machine but which is not essential to the most simplified operation of such machine.

(3) "Sewing machine part" means any part (including, but not limited to, a needle, an electric motor, a cabinet, a portable base, a cover, a table or a stand) of a domestic sewing machine, but does not include an attachment.

(4) "Attachment part" means any part of an attachment.

(5) "Repair part" means any sewing machine part used for the purpose of repairing or replacing a similar part which through wear, tear or damage has caused a domestic sewing machine to become unfit to perform its function of sewing in the most simplified manner. Repair part shall not include any attachment part.

(6) "To produce a new domestic sewing machine" means to complete the manufacturing operations on a new domestic sewing machine other than the final assembly of the machine head into a cabinet, portable base and cover, or table and stand.

(7) "Manufacturer" means any person who produces any new domestic sewing machine or who manufactures or assembles any sewing machine part, attachment or attachment part.

(8) "Restricted period" means the period from April 25, 1942 to June 15, 1942, inclusive.

(9) "Average daily production" or "average daily manufacture" means the total production or manufacture within a specified period divided by the number of days (including Sundays and holidays) contained in such period.

(10) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency or any organized group of persons whether incorporated or not.

(b) *General restrictions.* (1) During the restricted period no manufacturer shall:

(i) Produce more new domestic sewing machines than 75% of his average daily production of such new machines in the year 1940 multiplied by the number of days (including Sundays and holidays) in the restricted period; or

(ii) Manufacture more new attachments of any type than 75% of his average daily manufacture of new attachments of such type in the year 1940 multiplied by the number of days (including Sundays and holidays) in the restricted period.

(2) No manufacturer shall manufacture any new sewing machine parts except that during the year 1943 a manufacturer may produce sewing machine parts for use as repair parts under the following conditions:

(i) He may put into process in the manufacture of needles not more iron and steel than 75% of the iron and steel, by weight, contained in the needles manufactured by him during the two-year period ending December 31, 1941;

(ii) He may put into process in the manufacture of sewing machine parts (other than needles) not more iron and steel than 62½% of the iron and steel, by weight, contained in the sewing machine parts (other than needles) manufactured by him for use as repair parts during the two-year period ending December 31, 1941; and

(iii) He may not put into process any non-ferrous metal except that copper and copper base alloy may be used for the purpose of conducting electricity, provided that he does not put into process more copper and copper base alloy than 50% of the amount of copper and copper base alloy, by weight, used for the purpose of conducting electricity in the sewing machine parts produced by him for use as repair parts during the two-year period ending December 31, 1941.

(3) No manufacturer shall on and after May 25, 1942, and no person other than a manufacturer shall on and after July 15, 1942, install any new sewing machine part, other than a repair part, in a new or used domestic sewing machine, except to complete the new domestic sewing machines, the production of which is permitted under the terms of paragraph (b) (1).

(4) On and after June 16, 1942, no manufacturer shall:

(i) Produce any new domestic sewing machines or (except as provided in paragraph (b) (5) of this order) assemble any new sewing machine parts for the production of such machines; or

(ii) Manufacture or assemble any new attachments or new attachment parts.

(5) Nothing in the foregoing provisions shall limit the final assembly by a manufacturer or any other person of a new domestic sewing machine head into a cabinet, portable base and cover, or table and stand: *Provided*, That such head, cabinet, base and cover, or table and stand were not produced or manufactured in violation of the terms of this or of any other order heretofore or hereafter issued by the Director of Priorities or by the Director of Industry Operations or by the Director General for Operations.

(6) Manufacturers shall sell materials in their inventory only in accordance with the provisions of Priorities Regulation No. 13 (Part 944) and all other applicable orders and regulations.

(c) *Inventory restrictions.* No manufacturer shall accumulate for use in the manufacture of domestic sewing machines, attachments, or parts thereof inventories of raw materials, semi-processed materials, or finished parts in quantities in excess of the minimum amount necessary to maintain production of domestic sewing machines, attachments, or parts thereof at the rates permitted by this order.

(d) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales.

(e) *Audit and inspection.* All records required to be kept by this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(f) *Reports.* Each manufacturer to whom this order applies shall file with the War Production Board such reports and questionnaires as such board shall from time to time prescribe.

(g) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using material under priority control and may be deprived of priorities assistance.

(h) *Appeals.* Any appeal from the provisions of this order shall be filed on Form PD-500 with the field office of the War Production Board for the district in which is located the plant or branch of the appellant to which the appeal relates.

(i) *Applicability of other orders.* In so far as any other order heretofore or hereafter issued by the Director of Priorities, the Director of Industry Operations, or the Director General for Operations limits the use of any material in the production of domestic sewing machines, attachments, sewing machine parts or attachment parts to a greater extent than the limits imposed by this order, the restrictions in such other order shall govern unless otherwise specified therein.

(j) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

(k) *Communications.* All reports required to be filed hereunder and all communications concerning this order shall, unless otherwise directed, be addressed to the War Production Board, Consumer Durable Goods Division, Washington, D. C., Ref.: L-98.

(l) [Revoked January 2, 1943.]

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 2d day of January 1943.

ERNEST KANZLER,
Director General for Operations.

[F. R. Doc. 43-110; Filed, January 2, 1943; 11:42 a. m.]

PART 993—DOMESTIC ICE REFRIGERATORS

[Schedule II to Supplementary Limitation Order L-7-c]

ALASKA REFRIGERATOR CO. ET AL.

§ 993.6 *Schedule II to Supplementary Limitation Order L-7-c.* Pursuant to paragraph (b) (3) of Supplementary Limitation Order L-7-c, the following production quotas for domestic ice refrigerators are hereby established for the period from January 1, 1943 to March 31, 1943, inclusive. Each person named is authorized to produce, during that period, the number of domestic ice refrigerators set forth opposite his name.

Name:	*Number of domestic ice refrigerators*
Alaska Refrigerator Co., Brooklyn, N. Y.	4,000
American Furniture & Fixture Co., St. Louis, Mo.	5,000
Atkins Table & Cabinet Co., Brooklyn, N. Y.	3,000
Brunswick Refrigerator Co., Brooklyn, N. Y.	4,000
Coleman Furniture Co., Pulaski, Va.	10,000
The Coolerator Co., Duluth, Minn.	33,000
George H. Dean, Inc., Norwood, R. I.	300
Dratch's Victory Refrigerator Box, Brooklyn, N. Y.	2,500
Fy Boro Metal Products Co., Inc., Brooklyn, N. Y.	5,916
Ice Cooling Appliance Corporation, Morrison, Ill.	20,028
Iceland Refrigerator Co., Inc. Brooklyn, N. Y.	3,600
Maine Manufacturing Co., Nashua, N. H.	13,500
Modern Refrigerator Co., Brooklyn, N. Y.	5,000
National Glass & Mfg. Co., Fort Smith, Ark.	1,100
Progress Refrigerator Co., Louisville, Ky.	5,000
Sanitary Refrigerator Co., Fond du Lac, Wis.	14,496
Seeger Refrigerator Co., St. Paul, Minn.	5,000
Success Manufacturing Co., Gloucester, Mass.	5,000
Ward Refrigerator & Mfg. Co., Los Angeles, Calif.	9,330

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 2nd day of January 1943.

ERNEST KANZLER,
Director General for Operations.

[F. R. Doc. 43-111; Filed, January 2, 1943; 11:42 a. m.]

PART 1198—GLASS CONTAINER AND CLOSURE SIMPLIFICATION

[Schedule D to Limitation Order L-103, as Amended January 2, 1943]

GLASS CONTAINERS FOR WINES

Section 1198.5, *Schedule D to Limitation Order L-103*, is hereby amended to read as follows:

§ 1198.5 *Schedule D to Limitation Order L-103*—(a) *Definitions.* For the purposes of this schedule:

(1) "Wine" means the product of the normal alcoholic fermentation of the juice of grapes, fruits, or other agricultural products, with or without added brandy or other spirits, and shall include, but shall not be limited to, sparkling and carbonated wine, vermouth, flavored wines, cider, perry, sake, in each instance only if containing not less than 7 per centum and not more than 24 per centum alcohol by volume.

(2) A "standard glass container for wines" means a glass container described in Exhibits D-1-A, D-2A, D-3, D-4, D-5, D-6, D-7, D-8-A and D-9-A of this schedule, which possesses the finish prescribed for the respective container in the said exhibits or any other Glass Container Association standard finish which is interchangeable therewith without alteration of the specified body mold.

(b) *Restrictions on use.* (1) With the exceptions set forth in paragraph (c) of this schedule, on and after October 1, 1942, no person shall use a glass container of other than the following capacities for the packaging of wines for sale:

(i) One gallon.
(ii) One half-gallon.
(iii) 26 fluid ounce champagne.
(iv) 13 fluid ounce champagne.
(v) 1 quart, flat bottom.
(vi) 4/5 quart, push-up bottom.
(vii) 4/5 quart, flat bottom.
(viii) 4/5 pint, flat bottom.
(ix) 1 pint, flat bottom.

(2) With the exceptions set forth in paragraph (c) of this schedule, on and after March 1, 1943, no person shall use a glass container other than a standard glass container as herein defined for the packaging of wines for sale.

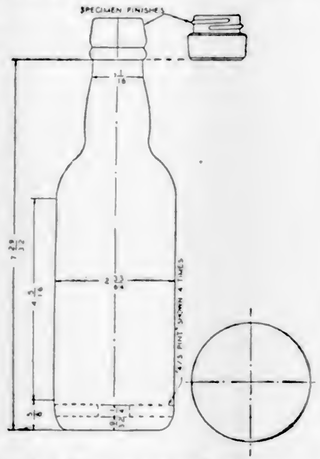
(c) *Exemptions.* (1) Nothing in this schedule shall prevent the use for the packaging of wines of any non-standard glass containers which were:

(i) Completely manufactured on or before the first day of October, 1942, or

(ii) Which have the same capacity as any standard glass container described in this schedule and which were completely manufactured prior to March 1, 1943, from a mold actually in existence prior to the 2d day of January, 1943.

(2) Except as specifically permitted by the exhibits of this schedule, the lettering on standard glass containers for wines shall be limited to manufacturers' identification, (which may include trademark, name or symbol), place of manufacture, date of manufacture by year, design number and mold or cavity number.

(d) *Manufacture.* (1) No molds may be manufactured for a wine bottle or finish which do not conform to the specifications of a standard glass container for wines, nor may any mold for a glass container for wines be replaced, whether because of wear or for any other reason, except by a mold which conforms to said specifications.



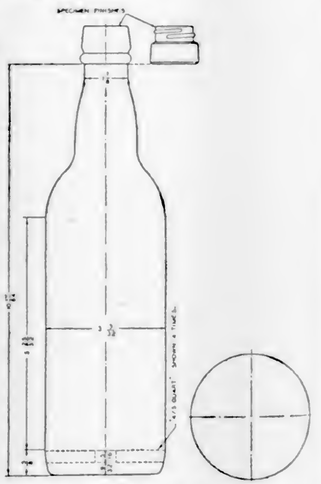
(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 2nd day of January 1943.

ERNEST KANZLER,
Director General for Operations.

EXHIBIT D-1-a

Standard Glass Container Wine Bottle—12.8 oz. capacity, bulb neck, flat bottom.

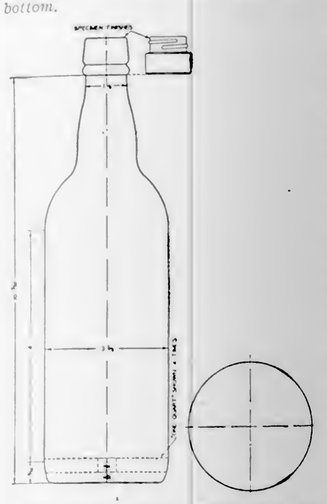


Any interchangeable finish may be used.

Bottles must be round, 11 oz. max. wt.

EXHIBIT D-2-a

Standard Glass Container Wine Bottle—25.6 oz. capacity, bulb neck, flat bottom.

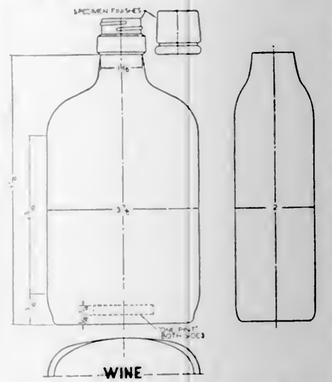


Any interchangeable finish may be used.

Bottles must be round, 19 oz. max. wt.

EXHIBIT D-8-a

Standard Glass Container Wine Bottle—32 oz. capacity, bulb neck, flat bottom.



Any interchangeable finish may be used.

Bottles must be round, 20 oz. max. wt.

EXHIBIT D-9-a

Standard Glass Container Wine Bottle—16 oz. capacity.

Any interchangeable finish may be used.

Bottle wt. 13½ oz. max.

[F. R. Doc. 43-113; Filed, January 2, 1943; 12:49 p. m.]

PART 977—MANILA FIBER AND MANILA CORDAGE

[General Preference Order M-36, as Amended January 4, 1943]

Whereas the uncertainty of future shipments of Manila fiber from abroad and national defense requirements for Manila cordage have created a shortage thereof for defense, for private account and for export, and it is necessary in the public interest and to promote the defense of the United States, to conserve the supply and direct the distribution thereof;

Now, therefore, it is hereby ordered, That:

§ 977.1 *General Preference Order M-36*—(a) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to the provisions of priorities regulations of the War Production Board, as amended from time to time.

(b) *Definitions.* For the purposes of this order:

(1) "Manila fiber" means fiber which is commonly known in the trade by this term and also known as abaca or Manila hemp (either stripped or decorticated), Sumatra abaca and Panama abaca. Except as provided in paragraph (d) (1), Manila fiber does not mean the fiber grades of T, O, W, or Y, as established by the Insular Government of the Philippine Islands.

(2) "Manila cordage" means cables and ropes 3/8 inch in diameter and larger, and twines used for fishing nets, ir. which Manila fiber either alone or in combination with other materials is used, but does not include Manila cordage sold or delivered for its scrap value.

(3) "Class A cordage" means Manila cordage which contains such a combination of grades of Manila fiber as will at least equal the fiber quality requirements of Federal Specification T-R-601a.

(4) "Class B cordage" means Manila cordage which contains such a combination of grades of Manila fiber as will give a Becker value not in excess of thirty-nine, such Becker value to be determined according to the methods set forth in said Federal Specification T-R-601a.

(5) "Cordage processor" means any person other than the Navy of the United States who spins, twists, weaves or otherwise uses Manila fiber in the production of Manila cordage.

(6) "Processing" means any use of Manila fiber for the manufacture of any other article or commodity into which the Manila fiber goes or of which it becomes a part.

(7) "Dealer" means any person who procures Manila cordage for storage or for sale, and includes selling agents, and other commercially recognized agents acting for their own account or for others, whether or not acquiring title to such Manila cordage, but shall not include an importer.

(8) "Basic monthly poundage" with respect to any cordage processor shall be the average number of pounds per month of Manila cordage sold by such processor during the period January 1 through December 31, 1939. Where this order specifies a percentage of the basic monthly poundage to be processed, sold or delivered during any period, any cordage processor keeping his books on a weekly basis shall apply the said percentage to the weekly periods most nearly approximating the period specified.

(9) "Import" means to transport in any manner into the continental United States from any foreign country or from any territory or possession of the United States, including the Philippine Islands. It includes shipments into a free port, free zone or bonded custody of the United States Bureau of Customs (bonded warehouse) in the continental United States, and shipments in bond into the continental United States for transshipment to Canada, Mexico or any foreign country.

(c) *Restrictions on deliveries of Manila fiber.* No person shall hereafter make or accept delivery of any Manila fiber unless specifically authorized by the Director General for Operations: *Provided, however,* That deliveries of Manila fiber may be made:

(1) By and to the Navy of the United States.

(2) By and to the Defense Supplies Corporation.

(3) By and to persons importing or otherwise handling Manila fiber in accordance with written instructions from the Navy of the United States or from Defense Supplies Corporation, provided that such Manila fiber is to be delivered, either processed or unprocessed, directly, or through one or more other persons, to the Navy of the United States or to Defense Supplies Corporation.

(4) By importers to cordage processors of Manila fiber rejected by the Navy of the United States or Defense Supplies Corporation as unfit for their use.

(5) By cordage processors to cordage processors of Manila fiber which at the time of any such delivery had been previously imported into the United States.

(d) *Restrictions on processing of Manila fiber.* (1) No person shall begin the processing of any Manila fiber, including the fiber of grades T, O, W, or Y, as established by the Insular Government of the Philippine Islands, except for the purpose of manufacturing Class A or Class B cordage for sale or delivery to fulfill the orders hereafter specified in paragraph (e) (2), or such cordage as may be required to meet the specifications of orders of the Army or Navy of the United States, the United States Maritime Commission, or the War Shipping Administration or its operating or general agents.

(2) No cordage processor shall put into process in any month, commencing January 1, 1943, more Manila fiber than 37% of his basic monthly poundage, of which percentage not more than 20% shall be put into process to fill purchase orders for Manila cordage uses specified in paragraph (e) (2) (ii).

(3) Any cordage processor shall, notwithstanding the limitations of paragraphs (d) (2) and (e) (1), and in addition to any action permitted thereunder:

(i) Process into Manila cordage any Manila fiber furnished to the said cordage processor by the Army or Navy of the United States, the United States Maritime Commission, or the War Shipping Administration or its operating or general agents, and sell and deliver such cordage to, or for the account of, the agencies furnishing the fiber.

(ii) Process into Manila cordage such additional amounts of Manila fiber and sell and deliver such additional amounts of Manila cordage as may from time to time be determined by the Director General for Operations to be necessary in the public interest and to promote the national defense.

(e) *Restrictions on sales and deliveries of Manila cordage.* (1) During the period January 1 through March 31, 1943, no cordage processor shall sell or deliver more Manila cordage than 124½% of his basic monthly poundage, of which percentage not more than 60% shall be sold or delivered to fill purchase orders for Manila cordage uses specified in paragraph (e) (2) (ii).

(2) In addition to the limitations in paragraphs (e) (1) and (e) (3) no cordage processor or dealer shall sell or deliver any Manila cordage and no person shall purchase or accept delivery of any Manila cordage except to fill the following:

(i) Orders for Manila cordage for delivery to or for the account of the Army or Navy of the United States, the United States Maritime Commission, or the War Shipping Administration or its operating or general agents, or for physical incorporation in other products to be delivered to or for the account of the Army or Navy of the United States, the United States Maritime Commission, or the War Shipping Administration or its general or operating agents. Every such purchase order for physical incorporation into products to be delivered to or for the account of the foregoing named agencies shall be accompanied by a certificate in substantially the following form.

The undersigned hereby represents to his vendor and to the War Production Board that the Manila cordage covered by the annexed purchase order is for physical incorporation into the products to be delivered to

(Here insert name of one of the foregoing named agencies)

pursuant to contract No. ---------

Name of purchaser

Date ----------

By ----------

Authorized person

(ii) Purchase orders for the following categories and uses:

(*a*) Purse lines for use in commercial fishing;

(*b*) Lines not less than 4½ inches in circumference used exclusively in towage or by ocean-going vessels engaged in the carriage of cargo and passengers as common carriers;

(*c*) Manila drilling cables for use in drilling oil wells, gas wells, and mines;

(*d*) Manila torpedo lines for use in handling explosives;

(*e*) Manila shot lines;

(*f*) Life boat falls for use on ocean, coastal or Great Lakes vessels of one thousand tons or over.

(iii) Purchase orders for Manila cordage:

(*a*) Carrying a preference rating of A–1–j or higher, evidenced by a preference rating certificate, or

(*b*) For use on vessels engaged in the carriage of cargo, as common carriers of passengers, in towage, in lighterage or in fishing for commercial fish markets or canneries, for use in hoisting for the loading or discharge of cargo of such vessels, and for uses of shipbuilding: *Provided, however,* That the Manila fiber for the manufacture of cordage covered by the purchase order of the type specified in this paragraph (e) (2) (iii) (*a*) shall have been put into process by a cordage processor on or before September 14, 1942: *And provided further,* That Manila fiber for the manufacture of cordage covered by purchase orders of the categories specified in paragraph (e) (2) (iii) (*b*) shall have been put into process by a cordage processor on or before July 4, 1942.

(iv) Orders placed by Defense Supplies Corporation or Metals Reserve Company: *Provided, however,* That no cordage processor or dealer shall deliver any Manila cordage upon any order placed with him pursuant to paragraph (e) (2) (ii) or (e) (2) (iii) (*b*), unless and until such processor or dealer shall have first received from the person placing such order a certificate signed on behalf of such person by a duly authorized individual in substantially the following form:

The undersigned hereby represents that the Manila cordage covered by this order will be used by the undersigned only for the uses specified in paragraph (e) (2) of General Preference Order M–36, as amended, with the terms of which the undersigned is familiar.

(3) No person, other than the Army or Navy of the United States, the United States Maritime Commission, the War Shipping Administration or its operating or general agents, the Defense Supplies Corporation, the Metals Reserve Company or an importer, shall hereafter order or accept delivery of any Manila cordage if the amount of the Manila cordage held or under control of such person exceeds one and one half months' supply for such person; and no person, other than those hereinabove excepted, shall have outstanding at any one time orders for future deliveries of Manila cordage in an amount greater than one month's supply for such person. "Supply" as used in this paragraph means the average monthly amount of Manila cordage withdrawn from the inventory of such person, which has been resold or put into actual use by such person, in the three calendar months immediately preceding the calendar month in which said order is placed or delivery is accepted, or in the three calendar months of the previous year which immediately follow the calendar month of that year corresponding with the month in which said order is placed or delivery is accepted, whichever shall be the higher: *Provided, however,* No person shall be entitled to count as withdrawn from inventory and resold or put into actual use, for the purpose of calculating his permitted supply, any lots of Manila cordage purchased expressly for and resold or delivered to the Army or Navy of the United States, the United States Maritime Commission, the Defense Supplies Corporation, or the Metals Reserve Company, but every such person shall be entitled to include in the said calculation as withdrawn from inventory and resold or put into actual use any lots of Manila cordage sold to any of the foregoing from his general supply of Manila cordage where such lots, or their equivalent, were not purchased by him expressly for such resale: *And provided further,* That nothing herein contained shall prohibit the importation of, or restrict the inventory of, imported Manila cordage which may be held by any dealer for whose account such Manila cordage was imported.

(f) *Control of stocks of Manila fiber.* Control is hereby taken of the distribution and use of Manila fiber. Any Manila fiber at any time hereafter in the inventory of any person shall be sold and delivered by such person if and as specifically directed in any order of the Director General for Operations which may be issued whenever the Director General for Operations shall determine that a shortage of any particular grade of Manila fiber for defense, or for private account and for export, renders it necessary or appropriate so to allocate such Manila fiber in the public interest or to promote the national defense by so directing its sale and delivery by such person. Any such sale shall be made at the established prices and terms of sale and payment therefor. No person shall dispose of or use Manila fiber in any manner inconsistent with any such order.

(g) *Exclusions from this order.* The terms and provisions of this order shall not apply to:

(1) Sales and/or deliveries by any cordage processor or dealer of Manila cordage of any class from stocks on hand or in process as of February 20, 1942, of the following types:

(i) Manila lariat rope,

(ii) Manila yacht lariat rope,

(iii) Manila transmission rope,

(iv) Manila left laid spinning line, not including cordage of cable construction suitable for use as drilling cables even though such products may have been purchased or sold for spinning lines.

(2) Any sales and/or deliveries by any cordage processor or dealer of Manila cordage which on December 19, 1941, was in the form of cut lengths of less than 200 feet.

(3) Any stock of Manila cordage which contains no Manila fiber of the following grades—AB Davao or non-Davao, 1 Davao, JI Davao, G. Davao,—S2 Davao, and which is so processed that the Manila fiber therein contained is combined or mixed with at least an equal amount of fiber other than Manila fiber, in the hands of a dealer or cordage processor, or in transit on February 20, 1942, or made from Manila fiber actually placed on machines by a cordage processor on or prior to December 19, 1941.

(4) Any Manila cordage imported into the United States on or after July 4, 1942, and which has been offered for sale to, and rejected in writing by, any two of the following:

(i) The Army of the United States,

(ii) The Navy of the United States,

(iii) The United States Maritime Commission, or

(iv) The War Shipping Administration or its operating or general agents.

(5) Delivery by or to any person having temporary custody of Manila cordage or Manila fiber solely for the purposes of transportation or the public warehousing thereof.

(h) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of Manila fiber conserved, or that compliance with this order would disrupt or impair a program of conversion for nondefense work to defense work, may appeal to the Director General for Operations by letter or telegram Ref: M–36, setting forth the pertinent facts and the reason he considers he is entitled to relief, or upon such form or forms as may hereafter be prescribed. The Director General for Operations may thereupon take such action as he deems appropriate. Applications for specific exceptions from the limitations of paragraph (e) (3) should be made in writing by the person desiring to use the cordage.

(i) *Reports.* Every importer of Manila fiber or Manila cordage and every processor of Manila fiber shall file with the U. S. Tariff Commission, acting for the War Production Board, not later than the tenth day of the following month, a report on form PD–128 and/or PD–129, and all persons affected by this order shall file with the War Production Board such reports as may from time to time be required by said Board.

(j) *Records.* All persons affected by this order shall keep and preserve for not less than two (2) years accurate and complete records concerning inventories, production, sales and other transactions pursuant to this order, and shall from time to time, upon request, submit all records required to be kept by this order to audit and inspection by duly authorized representatives of the War Production Board.

(k) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(l) *Communications to the War Production Board.* All reports to be filed, appeals and other communications concerning this order, unless otherwise stated, shall be addressed to the War Production Board, Textile, Clothing and Leather Division, Washington, D. C., Reference M–36.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 4th day of January 1943.

ERNEST KANZLER,
Director General for Operations.

[F. R. Doc. 43–175; Filed, January 4, 1943; 12:05 p. m.]

PART 1015—CELLOPHANE AND SIMILAR TRANSPARENT MATERIALS DERIVED FROM CELLULOSE

[Limitation Order L–20 as Amended Jan. 4, 1943]

Section 1015.1 *Limitation Order L–20* is hereby amended to read as follows:

§ 1015.1 *General Limitation Order L–20*—(a) *Definitions.* For the purpose of this order:

(1) "Person" means any individual, partnership, association, business trust corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(2) "Supplier" means any manufacturer, converter, jobber, dealer, printer and other person who directly or indirectly delivers cellophane or similar transparent materials derived from cellulose to the users enumerated in paragraph (b).

(3) "Cellophane or similar transparent materials derived from cellulose" means cellophane or similar transparent materials derived from cellulose having a gauge of less than .003", and cellulose caps or bands of any gauge.

(b) *Restriction on use.* Subject to the provisions of paragraphs (j), (j) and (k), no person shall use cellophane or similar transparent materials derived from cellulose for the packaging, sealing or manufacture of the materials included in the following categories:

(1) Cosmetics, soaps, and cleaning materials, except as provided in paragraph (c) and except as a replacement of metal for collapsible tubes for toothpaste.

(2) All textiles, but not including bandages, sanitary swabs, and typewriter ribbons.

(3) All rubber and rubber products, but not including use as a substitute for Holland Cloth in the backing of retreading stocks for tires, as a protective cover for cement on tire reliners and patches, and as a wrapping on friction and rubber tape.

(4) All hardware, metals and sporting goods, but not including use as a protection for precision metal parts.

(5) All paper and paper products, including cellulose backed adhesive tape for household purposes.

(6) Glassware including optical lenses, and jewelry.

(7) Candles and wax products, except as provided in paragraph (c), and except the use of cellulose sheeting as a replacement for metal containers for industrial oils and greases.

(8) Electrical equipment, but not including any use in the manufacture of such equipment.

(9) Wood and wood products, but not including medical tongue depressers and swabs.

(10) Leather and leather products.

(11) Bottle overwraps of any sort.

(12) Bottled beverages, with the exception of cellulose bands and caps for wines, alcoholic liquors, and fluids of high volatility.

(13) Bottled foods, except as provided in paragraph (c).

(14) Canned goods of any sort.

(15) Flowers, plants, seeds and grains.

(16) All decorations and novelties.

(17) Bowl and basket covers, household dyes, household rolls, soda straws, sewing supplies, garment covers, toys and games, pipe filters, coin wrappings, natural and cellulose sponges, printed doilies, hair waving equipment, brake linings, molding materials, window covers, photographic films (wrapping), milk bottle hoods, and jiffy seals.

(18) Putty and paint, except as provided in paragraph (c), and except the use of cellulose sheeting as a replacement of metal containers for putty and paint.

(19) Plastic products, but not including toothbrushes and any use in the manufacture of plastic products.

(20) Drug products, chemicals, and antiseptics, except where necessary for the protection of the product itself.

(21) Candy products and chewing gum, including box overwraps, but not including other use where necessary for the protection of the product itself.

(22) All animal foods.

(23) All insecticides and rodenticides.

(24) Tea, spices, peppers, condiments, sugar, flour and unshelled nuts.

(25) Carton overwraps for other dried food products, including but not limited to peas, beans, rice, barley, and lentils; macaroni, noodles and similar paste goods; cereal, cooked and uncooked; and dessert and drink powders.

(26) Window cartons and window bags for all products, including foods listed in paragraph (b) (24) above, but excluding all other food products (including confectionery).

(27) Cigarettes, except where foil is omitted from the package.

Provided, however, That no person prohibited from using cellophane or similar transparent materials derived from cellulose by the provisions of this paragraph (b) shall secure such materials in gauges of .003" or greater as a substitute for prohibited thinner gauges.

(c) *Metal top replacement exemption.* Notwithstanding the provisions of paragraph (b), cellulose caps and bands may be used as a metal replacement for the packaging of liquid or paste soaps, industrial oils and greases, bottled foods, putty, and paint, if the cellulose cap or band serves as a primary closure to a glass, ceramic, or paper top. Disc inner liners of cellulose film may be used also for paper tops to containers for these same products.

(d) *Restrictions on deliveries.* No supplier shall knowingly, directly or indirectly, deliver or cause to be delivered

any cellophane or similar transparent materials derived from cellulose, and no person shall accept the same to be used for packaging or manufacture of any of the materials listed in paragraph (b), unless such packaging or manufacture is exempt under the provisions of paragraphs (c), (i) or (k).

(e) *Inventory restriction.* No person shall accept delivery of cellophane and similar transparent materials derived from cellulose if the amount accepted together with his inventory of such material then on hand shall exceed a forty-five day supply, having regard to the orders placed with such person and his current method and rate of operation:

Provided, however, That the restrictions of this paragraph (e) shall not apply to acceptance of deliveries of fifty pounds or less of cellophane and similar transparent materials derived from cellulose by any person whose inventory of such materials at the time of such delivery is fifty pounds or less.

(f) *Partial restrictions on use.* (1) During the calendar quarter commencing January 1, 1943, and during each calendar quarter thereafter, no person shall use cellophane or similar transparent materials derived from cellulose in the packaging or sealing of cigarettes, cigars, and chewing tobacco in an amount in excess of 90 per cent of ¼ of such person's consumption of such materials for such purpose during the entire year 1942. During the calendar quarter commencing January 1, 1943, and during each calendar quarter thereafter, no person shall use cellophane or similar transparent materials derived from cellulose in the packaging or sealing of smoking (pipe) tobacco in an amount in excess of 90 per cent of such person's consumption of such material for such purpose during the fourth quarter of 1942.

(2) During the calendar quarter commencing January 1, 1943, and during each calendar quarter thereafter, no person shall use cellophane and similar transparent materials derived from cellulose in the packaging or sealing of bakery products in an amount in excess of 90 per cent of ¼ of such person's consumption of such material for such purpose during the entire year 1942; *Provided, however,* That any person may consume 50 pounds of such materials for such purpose during any calendar quarter without restriction.

(g) *Notification of customers.* Any person who is prohibited from, or restricted in, making deliveries of cellophane or similar transparent materials derived from cellulose by the terms of this order shall, as soon as practicable, notify each of his regular customers of the requirements of this order, but the failure to give such notice shall not excuse any customer from the obligation of complying with the terms of this order.

(h) *Monthly reports.* Each converter, agent, fabricator, jobber or similar supplier acting as direct or indirect sales agent for any producer must, by the tenth day of each month, submit to such producer a report of his sales during the preceding month of cellophane and similar transparent materials (other than waste material as defined in paragraph (i) hereof) purchased by such agent from such producer, classifying sales according to industry (such as candy and chewing gum industry, baking industry, drug industry, tobacco industry, and other specifically named industries) and stating as to each class the total number of pounds sold and the number of pounds sold for civilian use, for military use, and for Lend-Lease. Each producer shall keep records of such reports available for inspection by representatives of the War Production Board. Each person affected by this order shall file such other reports as may from time to time be required by the Director General for Operations.

(i) *Waste material exception.* Nothing contained in this order shall prohibit the sale or delivery of off-grade or waste cellophane or similar transparent materials derived from cellulose (known as roll end trim and rejected or defective rolls and sheets), but producers and suppliers of cellophane and similar transparent materials derived from cellulose shall report to the War Production Board by the tenth day of each month the quantities of such material sold or delivered during the preceding month and the recipients thereof.

(j) *Existing stocks exception.* No restriction with respect to use contained in paragraphs (b) or (f), and no corresponding restriction with respect to delivery contained in paragraph (d), shall apply to any stock of cellophane and similar transparent materials derived from cellulose which, at the time when such restriction was first imposed by this order, was:

(1) In the hands of a user; or

(2) In the hands of a supplier and was so cut, processed or printed as to render impracticable its use in a manner not subject to restriction under this order.

(k) *Military exception.* The restrictions and requirements contained in this order with respect to cellophane and similar transparent materials derived from cellulose shall not apply to the United States Army, Navy, Coast Guard, Maritime Commission or War Shipping Administration, or to any person using, delivering or accepting delivery of cellophane and similar transparent materials derived from cellulose pursuant to a contract with or a subcontract for the United States Army, Navy, Coast Guard, Maritime Commission or War Shipping Administration: *Provided,* That, where this material is not used in connection with implements of war, the primary contract specifically requires the use of such material or of a transparent wrapping material. Persons having such contracts or subcontracts shall nevertheless file reports as required by paragraphs (h) and (i).

(l) *Miscellaneous provisions*—(1) *Applicability of priorities regulation No. 1.* This order and all transactions affected hereby are subject to applicable provisions of War Production Board priorities regulations, as amended from time to time.

(2) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, furnishes false information to the War Production Board is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(3) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provisions appealed from and stating fully the grounds of the appeal.

(4) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Division, Washington, D. C.; Ref.: L–20.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Law 89 and 507, 77th Cong.)

Issued this 4th day of January 1943.

ERNEST KANZLER,
Director General for Operations.

[F. R. Doc. 43–172; Filed, January 4, 1943; 12:04 p. m.]

PART 1047—CONSERVATION OF PRODUCTION MATERIAL FOR THE OIL INDUSTRY

[Conservation Order M–68 as Amended Jan. 4, 1943]

Whereas the Congress of the United States has declared a "state of war between the United States and the Imperial Japanese Government," and has further adopted joint resolutions "declaring that a state of war exists between" the Government of Germany and the Government of Italy "and the Government and people of the United States"; and

Whereas the prosecution of this war requires the immediate increased use in emergency activities of vast quantities of steel, nonferrous metals, rubber and other critical materials; and

Whereas it is imperative to an effective prosecution of this war that the production of petroleum be conducted under circumstances and conditions which will assure a maximum recovery of petroleum and associated hydrocarbons, and which will not involve a waste and inefficient use of the limited quantities of critical materials available for petroleum production; and

Whereas conservation of materials by means of the restrictions hereinafter ordered in the use of such material in the production of petroleum is necessary in order to maintain the production of petroleum for war uses and essential civilian services and to assure a minimum expenditure of scarce equipment:

Now, therefore, it is ordered, That:

§ 1047.1 *Conservation Order M–68*—(a) *Definitions.* (1) "Person" means any individual, partnership, association, corporation, or other form of enterprise.

(2) "Production" means the discovery, development, and depletion of petroleum pools, including without limitation the operation of cycling plants and plants for the extraction of natural gasoline and associated hydrocarbons.

(3) "Petroleum" means petroleum, petroleum products, and associated hydrocarbons including but not limited to natural gas.

(4) "Operator" means any person engaged in production.

(5) "Material" means any commodity, equipment, accessories, parts, assemblies, or products of any kind.

(6) "Exploratory well" means any well located not less than two miles from any well capable of producing petroleum.

(7) "Condensate field" means any condensate, distillate, naphtha, or retrograde pool or pools in which the liquid and gaseous hydrocarbons recovered at the surface occur in a single phase under original reservoir conditions or any gas-cap pool in which commercial oil occurs in the liquid phase and in which there exist a gas-cap or gas-caps of an appreciable size having the essential characteristics of a condensate pool.

(8) "Pool" means any underground accumulation of crude petroleum or associated hydrocarbon substances, including but not limited to natural gas, constituting a single and separate reservoir or source of supply within a field, area, or horizon whether or not presently discovered or developed.

(b) *Conservation of material used in production.* Subject to the exceptions in paragraph (c) hereof, no operator shall order, purchase, accept delivery of, withdraw from inventory or in any other manner, directly or indirectly, secure or use material for construction, reconstruction, expansion, remodeling, replacement, or improvement of facilities used in production. Subject to the exceptions in paragraph (c) hereof, no person shall deliver or otherwise supply, or cause to be delivered or otherwise supplied, any material which he knows, or has reason to believe, is intended for such use.

(c) *Exceptions.* The provisions of paragraph (b) hereof shall not apply in the following instances:

(1) To any case where material is to be used by an operator for the maintenance or repair of the operator's property or equipment or is required as operating supplies, as these terms are defined in Preference Rating Order P–98.

(2) To any case where material is to be used by an operator exclusively for carrying out by means of an existing research laboratory investigations into more efficient or effective methods of conducting production operations.

(3) To any case where material is to be used by an operator exclusively for operations directly involved in the search for and discovery of a previously unknown pool by means of geological, geophysical or geochemical prospecting or the drilling or completion of any exploratory well.

(4) To any case where material is to be used by an operator exclusively for carrying out secondary recovery operations by means of artificial water drive, gas drive, or air drive operations, but not including material to be used in production operations by means of primary gas cycling or pressure maintenance.

(5) To any case where material is to be used by an operator for lease equipment, including oil treating equipment and salt water disposal or injection equipment, but not including material to be used for pumping or other artificial lifting equipment.

(6) To any case where material is to be used by an operator for pumping, or other artificial lifting equipment to be installed on a well located on any single lease or tract in any field on which lease or tract the number of wells to which pumping or other artificial lifting equipment has been or is to be attached does not at any time exceed an average of one well to every 10 surface acres of that part or parts of such lease or tract as are contained within the productive limits of the field; or to any case where material is to be used by an operator for pumping or other artificial lifting equipment to be installed on a well located on any single lease or tract of 10 acres or less in any field on which lease or tract no other wells are located to which pumping or other artificial lifting equipment is attached.

(7) To any case where material is to be used by an operator to drill, complete, or provide additions to any well in any discovered or undiscovered oil field, other than a condensate field, where such well conforms to a uniform well-spacing pattern of not more than one single well to each 40 surface acres: *Provided,* That no well shall be drilled unless, prior to the actual commencement of development operations at the designated drilling location of such well, there has been a consolidation of all separate property interests within the appropriate 40 acre area surrounding such designated drilling location.

(8) To any case where material is to be used by an operator to drill, complete, or provide additions to any well in any discovered or undiscovered natural gas field, other than a condensate field, where such well conforms to a uniform well-spacing pattern of not more than one single well to each 640 surface acres: *Provided,* That no well shall be drilled unless, prior to the actual commencement of development operations at the designated drilling location of such well, there has been a consolidation of all separate property interests within the appropriate 640 acre area surrounding such designated drilling location.

(9) To any case where material is to be used by an operator to complete or provide surface connections for any well in any discovered or undiscovered oil or gas field or condensate field where such well has actually been "spudded" on or before December 23, 1941, and to any case where material is to be used by an operator to drill, complete, or provide surface connections for any well in any discovered or undiscovered gas field in the States of Kentucky, New York, North Carolina, Ohio, Pennsylvania, Tennessee, Virginia, or West Virginia where such well had actually been "spudded" or where operations at a determined location had commenced on or before December 23, 1941 and had been suspended on or before January 15, 1942.

(10) To any case where the Director General for Operations, War Production Board, has determined that construction, reconstruction, expansion, remodeling, replacement, or improvement of any facility used in production is as to any operator or as to any field, fields or area necessary and appropriate in the public interest and to promote the war effort. Application for such a determination shall be made by letter and filed with the Petroleum Coordinator for National Defense, Department of the Interior, Washington, D. C. Information to be submitted in such application shall be in accordance with OPC Form PD–214a, O.P.C. Form PD–214b, or O.P.C. Form PD–214c, issued by the Office of Petroleum Coordinator.

(d) *Determination of uniform well-spacing pattern.* (1) Subject to the provisions of subparagraph (2) below, each well "spudded" subsequent to December 23, 1941, in any oil or gas field, other than a condensate field, on any proposed drilling unit consisting of not less than forty surface acres in the case of any oil field or of not less than 640 surface acres in the case of any gas field, shall be deemed to conform to a "uniform well-spacing pattern" for the purposes of paragraphs (c) (7) and (8) of this section, where such well is drilled in accordance with the following terms:

(i) Each well shall bear the same geographical relationship with respect to the square drilling unit upon which it is to be located as all other wells drilled subsequent to December 23, 1941 bear to the respective square drilling units upon which such wells have been or are to be located: *Provided,* That subject to the provisions of (2) below, any well which is to be drilled shall be considered as conforming to a uniform well-spacing pattern where such well is to be located within 100 feet of the point at which absolute geographic identity would be attained or where such well is to be located within 150 feet of the geographic center of a square drilling unit; or

(ii) Where property interests (including leasehold or other property interests) in irregularly shaped tracts necessitate departures from square drilling units, a well may be located on any drilling unit consisting of not less than the prescribed number of surface acres (40 surface acres in the case of an oil field; 640 surface acres in the case of a gas field): *Provided,* That such well is drilled in conformity with the provisions of subparagraph (2) below.

(2) No well "spudded" subsequent to December 23, 1941 shall be considered as drilled in conformity with a uniform well-spacing pattern unless:

(i) The proposed drilling unit upon which such well is to be located consists entirely of acreage which is not attributable to any well other than such proposed well. The acreage attributable to wells offsetting the proposed drilling unit shall be determined by assigning to such

wells an acreage equivalent to that in the existing well density or drilling pattern contiguous to such wells. In the case of an oil field no portion of a drilling unit shall fall within 330 feet of an existing well; in the case of a gas field no portion of a drilling unit shall fall within 1320 feet of an existing well; and

(ii) The direct linear distance between any two points which are farthest removed from each other on the drilling unit upon which a well is to be drilled does not exceed the length of the diagonal of a rectangle whose length is twice its width and which is equivalent in surface acreage to such drilling unit; and

(iii) All separate property interests of less than 40 surface acres in the case of an oil field, 640 surface acres in the case of a gas field, or in tracts on which a well cannot otherwise be drilled by virtue of the provisions of this order, surrounding the designated drilling location of any well, are first consolidated with each other, another, or other property interests to form a drilling unit (consisting of not less than 40 surface acres in the case of an oil field; 640 surface acres in the case of a gas field) on which a well may be drilled; and

(iv) Such well is drilled at least 990 feet in the case of an oil field or 3960 feet in the case of a gas field from any well "spudded" in such field subsequent to December 23, 1941; and

(v) Such well is drilled at least 660 feet in the case of an oil field or at least 2640 feet in the case of a gas field from any well "spudded" or completed in such field on or before December 23, 1941; and

(vi) Such well is drilled at least 330 feet in the case of an oil field or 1320 feet in the case of a gas field from any lease line, property line or subdivision line which separates unconsolidated property interests.

(e) *Restriction on subdivision.* No single lease or tract existing as such as of January 14, 1942 shall be subdivided or otherwise rearranged for the purpose of making available to any person the provisions of paragraph (c) (6).

(f) *Violations.* Any person affected by this order who violates any of its provisions or a provision of any other order or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this order may be prohibited from receiving further deliveries of any material subject to allocation, and such further action may be taken as is deemed appropriate including a recommendation for prosecution under section 35A of the Criminal Code (18 U.S.C. 80).

(g) *Revocation or amendment.* This order may be revoked or amended at any time as to any person. In the event of revocation, deliveries shall be made in accordance with the provisions of any applicable preference rating order without further restrictions unless such deliveries have been specifically restricted.

(h) *Applicability of Priorities Regulation No. 1.* This order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provision of this order may be inconsistent therewith, in which case such provision shall govern.

(i) [Revoked]

(j) The provisions of this order shall be applicable to deliveries of material by any person located in the United States, its territories and possessions to any other person located in the United States, its territories and possessions, but not elsewhere. The provisions of this paragraph supersede Interpretation No. 1 of this order issued February 7, 1942.

(k) *Administration of order.* The Petroleum Administrator for War or the Deputy Petroleum Administrator for War may extend, amend, modify or revoke Conservation Order M-68 (§ 1047.1), Supplementary Order No. M-68-1 (§ 1047.6), Supplementary Order No. M-68-2 (§ 1047.7), Supplementary Order No. M-68-3 (§ 1047.8), Supplementary Order No. M-68-4 (§ 1047.9), Supplementary Order No. No. M-68-5 (§ 1047.10), and Supplementary Order No. M-68-6 (§ 1047.11), as such orders may have been amended from time to time; and may take such measures with respect to any exception to any such order as he may deem necessary or appropriate; and may take such measures as he may deem necessary or appropriate with respect to any violation accrued or incurred under any such order.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 4th day of January 1943.

ERNEST KANZLER,
Director General for Operations.

INTERPRETATION 2

The term "lease equipment", as used in Conservation Order M-68, means the fixed or stationary equipment and material installed on any property located within the productive boundaries of any field for direct or indirect use in the production of petroleum, including production office or camp facilities located adjacent to any field; but not including the well, well equipment, pumping or artificial lifting facilities, flow lines and gathering lines from the wells, cycling plants, pressure maintenance plants, and plants for the extraction of natural gasoline and associated hydrocarbons or for other treatment or processing of gas. (Issued February 18, 1942).

[F. R. Doc. 43-174; Filed, January 4, 1943; 12:02 p. m.]

PART 1090—AGAVE FIBER, AGAVE PRODUCTS AND CERTAIN OTHER CORDAGE

[General Preference Order M-84, as Amended Jan. 4, 1943]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of agave fiber, agave products and certain other cordage for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1090.1 *General Preference Order M-84*—(a) *Definitions.* For the purposes of this order:

(1) "Agave fiber" means agave fiber of the species of agave sisalana, agave fourcroydes, and agave cantala, of all grades and qualities including tow, waste (but not including processor's mill waste) and fiber under 20" in length, commonly known in the trade as sisal, henequen, cantala, and maguey, and sometimes preceded by an adjective designating the country or district of origin.

(2) "Agave cordage" means cables and ropes 3/16" in diameter and larger, cordage or twines of any diameter used in the manufacture of any wire rope, twines used for fishing nets, and tarred marlines for use in manufacturing wire rope and for marine uses, in which agave fiber either alone or in combination with other material is used, but does not include agave cordage sold or delivered for its scrap value.

(3) "Processor" means any person who spins, twists, weaves or otherwise uses agave fiber in the production of cordage, twine or any other product.

(4) "Processing" means any use of agave fiber for the manufacture of any article or commodity into which agave fiber goes or of which it becomes a part.

(5) "Dealer" means any person who procures agave cordage or agave twine for storage or for sale, and includes selling agents and other commercially recognized agents acting for their own account or for others, whether or not acquiring title to such agave cordage or agave twine, but shall not include any person who imports agave cordage, or agave twine.

(6) "Wrapping twine" means twine, including lath yarns (ply and yarn goods) as included in National Bureau of Standards Simplified Practice Recommendation R 92-38, and any other twine suitable for the same purposes for which those twines described in said Simplified Practice Recommendation R 92-38 are used, which contains agave fiber, but shall not include binder twine.

(7) "Binder twine" or "binding twine" means a single yarn twine, manufactured of agave fiber, of the type customarily heretofore manufactured, and sold in lengths measuring 500, 525, 550, 600, 630 or 650 feet to the pound, with a plus or minus tolerance of 5 per centum, containing a lubricant of not less than 10 per centum of the total weight of the twine and an insect repellent, and which is put up in balls of approximately 5 or 8 pounds each, is suitable for use with a harvesting machine, and is used in the harvesting of agricultural products.

(8) "Inventory" with respect to any person shall include all of any agave product held or controlled by such person at all warehouses, plants or places of storage, but shall not include any of such product while actually in transit or actually in use.

(9) "Supply" means the average monthly amount of any agave product

withdrawn from inventory which has been resold or put into actual use.

(i) In the three calendar months preceding the calendar month for which supply is being calculated; or,

(ii) In the three calendar months of the previous year which immediately followed the calendar month of that year corresponding to the said calendar month for which supply is being calculated;

whichever of the two shall be the higher.

(10) "Basic monthly poundage" with respect to any cordage processor for any month shall be the average number of pounds per month of both Manila and agave cordage sold by such processor during the period from January 1, 1939, to December 31, 1941, minus 37% of such person's Manila fiber basic monthly poundage calculated as required by General Preference Order M-36: *Provided,* That any cordage processor keeping his books on a weekly basis may calculate his basic monthly poundage from the fifty-two week period of the 1939 calendar year and adjust any other calculations or quotas under this order.

(11) "Import" means to transport in any manner into the continental United States from any foreign country or from any territory or possession of the United States, including the Philippine Islands. It includes shipments into a free port, free zone or bonded custody of the United States Bureau of Customs (bonded warehouse) in the continental United States and shipments in bond into the continental United States for transshipment to Canada, Mexico or any other foreign country.

(b) *Restrictions on sales and deliveries of agave fiber.* No person shall sell, or deliver, or make or accept delivery of agave fiber of any grade or quality; except that purchases, sales and deliveries of agave fiber may be made:

(1) By and to Defense Supplies Corporation;

(2) By and to persons importing or otherwise handling agave fiber in accordance with written instructions from Defense Supplies Corporation: *Provided,* That such agave fiber is to be delivered, either processed or unprocessed, directly or through one or more other persons to Defense Supplies Corporation.

(3) By and to importers, dealers, jobbers, or processors, pursuant to contracts entered into on or before February 20, 1942, but only of agave fiber in the amounts specified in such contracts on or before the said date, or by any amendments or supplements thereto on or before August 5, 1942: *Provided, however,* That purchases sales and deliveries under general requirements contracts or contracts to take all, or a specified percentage of a production may continue to be made until December 31, 1942: *And provided further,* That all agave fiber, except bagasse waste, imported on or after October 31 1942, under any contract mentioned in this subparagraph (3) shall, within twenty-four hours after its arrival, be reported to the War Production Board, except such agave fiber which shall have been offered for sale to the Defense Supplies Corporation, and such reported agave fiber shall not be used or disposed of except as specifically authorized by the Director General for Operations.

(4) By and to importers, dealers, jobbers, or processors of agave fiber which has been rejected by Defense Supplies Corporation as unfit for its use.

(5) By and to importers, dealers, jobbers or processors of tow, waste, bagasse flume or fiber less than twenty inches in length: *Provided,* That such fiber was on hand in the United States on February 20, 1942, or was, or is thereafter imported pursuant to this paragraph (b).

(6) By processors to processors, whether directly or through one or more other persons, of agave fiber which was on hand in the United States on or before August 5, 1942, or which is thereafter imported pursuant to this paragraph (b).

(c) *Restrictions on the processing of agave fiber.* (1) Except as provided in paragraphs (c) (2), (3) and (4), no person shall process any agave fiber in the manufacture of any product except the products specified below, and then only from the fibers and in the amounts expressly permitted below. The quotas hereinbelow established shall include processing for delivery to or for the account of, or for physical incorporation into material or equipment to be delivered to or for the account of, the Army or Navy of the United States, the United States Maritime Commission, or the War Shipping Administration or its operating or general agents.

(i) *Wrapping twine.* Processors may use agave fiber for the manufacture of wrapping twine in an amount in any month not in excess of the percentage for such month, of his average monthly sales for the calendar year 1941 described below:

	Percent
February, 1942	100
March, 1942	70
April, 1942	65
May, 1942	65
June, 1942	57½
July, 1942	50
August, 1942	40
September, 1942	20
October, 1942, and each month thereafter	0

Provided, however, That this restriction shall not apply to wrapping twine commonly known as baler twine for use in machines harvesting agricultural products (except straw to be used in strawboard manufacture) other than machines using binder twine: *Provided, further,* That no processor may use agave fiber for the manufacture of baler twine during the calendar year 1943 in an amount in excess of 110% of his sales of baler twine during the calendar year 1942 minus his inventory of baler twine on hand at the close of business on December 31, 1942: *Provided, further,* That any person purchasing any such baler twine from a processor shall endorse on, or attach to, his purchase order or delivery receipt therefor, a certificate signed by such person, or his duly authorized representative, in substantially the following form:

The undersigned hereby represents to the seller and the War Production Board that the baler twine covered by this certificate will be either resold or used by the undersigned during the current harvest season for use in machines harvesting agricultural products (except straw to be used in strawboard manufacture) other than machines using binder twine in accordance with paragraph (c) (1) (i) of General Preference Order M-84.

And, provided further, That no person shall put into process after April 13, 1942 any java agave sisalana for the manufacture of wrapping twine, or after August 5, 1942 any Java agave cantala for this purpose.

(ii) *Binder twine.* Processors may use agave fiber, in an amount not in excess of:

(a) During the eleven months ending June 30, 1942, an amount which, when added to binder twine in his stocks on November 1, 1941, equals 120% of that processor's total sales of binder twine in the United States during the twelve months ending October 31, 1941;

(b) During the four months commencing July 1, 1942, and ending October 31, 1942, an amount which equals 40% of that processor's total sales of binder twine in the United States during the twelve months ending October 31, 1941;

(c) During the two months commencing November 1, 1942 and ending December 31, 1942, an amount which equals 20% of that processor's total sales of binder twine in the United States during the twelve months ending October 31, 1941: *Provided, however,* That no person shall hereafter put into process binder twine containing any of the following kinds and grades of agave fiber:

Java sisalana	All grades.
Java cantala	All grades.
African sisalana	Prime, No. 1 and No. 1A.
Haitian sisalana	Dauphin A and X St. Marc A1, HFC No. 1 & Hacor A.

or any binder twine measuring less than 600 feet to the pound containing any of the following kinds and grades of agave fiber:

African sisalana	No. 2 and No. 3 long.
Haitian sisalana	Dauphin B & Y St. Marc A2, or Hacor B or X.

(iii) *Padding or stuffing.* Processors manufacturing padding or stuffing may use for that purpose only bagasse waste, except on orders to be delivered to or for the account of, or to be physically incorporated into material or equipment to be delivered to or for the account of, the Army or Navy of the United States, the United States Maritime Commission, or the War Shipping Administration or its operating or general agents, in which case tow, waste, and fibers less than twenty inches in length may be used.

(iv) *Reinforced paper, tape and plastics.* Processors manufacturing reinforced paper, tape and plastics may use agave fibers except Java sisalana and Java cantala, but only in an amount not in excess of 50% of the fiber content of their average monthly sales of such products for the twelve months ended June 30, 1942.

(v) *Agave cordage.* Processors manufacturing agave cordage shall not put into process in any of the periods listed below an amount of agave fiber in excess

of the amounts hereinafter specified for such period:

Periods:	*Amounts of agave fiber*
July 1, 1942, through December 31, 1942	12.2 times basic monthly poundage
Each calendar quarterly period in 1943	5.3 times basic monthly poundage

Provided, That the amount of agave fiber which may be put into process for this purpose by any cordage processor in any such period shall be:

(a) *Diminished* by the amount of any additional Manila fiber which may be put into process by such cordage processor during such period pursuant to any exceptions or additional authorizations issued by the Director General for Operations pursuant to General Preference Order M-36.

(b) [Revoked January 4, 1943.]

(c) [Revoked January 4, 1943.]

(2) A person may process agave fiber in the manufacture of a product not specified in paragraph (c) (1), for delivery to or for the account of, or for physical incorporation into material or equipment to be delivered to or for the account of, the Army or Navy of the United States, the United States Maritime Commission or the War Shipping Administration or its operating or general agents.

(3) The prohibitions of paragraph (c) (1) shall not apply to the manufacture of wrapping twine, binder twine, agave cordage, reinforced paper, tape, or plastics from tow, waste, or fiber under twenty inches in length.

(4) The Director General for Operations may, whenever supplies of agave fiber on hand in the United States warrant, increase the amounts of agave fiber which may be entered into process for the manufacture of agave cordage or for such other products as in the judgment of the Director General for Operations may be necessary to promote the national defense and in the public interest.

(d) *Restrictions on purchases, sales and deliveries of agave cordage and wrapping twine.* (1) No dealer shall order, purchase or accept deliveries of any agave cordage which will result in such dealer having in inventory an amount thereof in excess of one month's supply.

(2) No person (other than a dealer, an importer, a wire rope manufacturer, the Army or Navy of the United States, the United States Maritime Commission, the Panama Canal or the War Shipping Administration or its operating or general agents) shall order or accept delivery of any agave cordage which will result in such person having in inventory an amount thereof in excess of one month's supply; and no such person shall have outstanding at any one time orders for future deliveries of agave cordage in excess of one month's supply for such person.

(3) No importer shall, during the period from August 5, 1942 to October 31, 1942, sell or deliver in any calendar month agave cordage in excess of his average monthly sales of Manila and agave cordage in the calendar years 1939-1941, or in any calendar month after October 31, 1942, sell or deliver agave cordage, other than agave cordage sold or delivered to the Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the War Shipping Administration or its operating or general agents, in excess of one-third of his average monthly sales of Manila and agave cordage in the calendar years 1939-1941.

(4) On and after September 26, 1942, no processor shall process agave fiber for cordage or sell or deliver any agave cordage except for filling contracts or purchase orders therefor, for the following categories of uses:

(i) *Class One: Agave cordage other than that used in manufacture of wire rope.* (a) Use for delivery to or for the account of the Army or Navy of the United States, the United States Maritime Commission, the Panama Canal or the War Shipping Administration or its operating or general agents;

(b) Use upon any contract or order placed by any department or agency of the United States Government for delivery of agave cordage to or for the account of the Government of any country pursuant to the Act of March 11, 1941, entitled "An Act to promote the Defense of the United States" (Lend-Lease Act).

(c) Use for physical incorporation into material or equipment (excluding grommets and ammunition box handles) to be delivered under an order on hand to or for the account of any of the departments or agencies specified in the foregoing inferior subdivisions (a) and (b) of paragraph (d) (4) (i).

(ii) *Class Two: Agave cordage other than that used in the manufacture of wire rope.* (a) Commercial or other governmental marine, towage or lighterage uses, provided the cordage for such uses (excluding wheel rope for steering vessels) shall be one inch or more in diameter;

(b) Fishing uses for commercial fish markets or canneries;

(c) Use as catlines, spinning lines, bullropes and drilling cables in the operation or drilling of oil or gas wells;

(d) Use as drilling cables or scaling ropes in mines or quarries or in drilling water wells;

(e) Power transmission uses where an endless rope is used in transmitting continuous mechanical power between driver and driven grooved pulleys;

(f) Use to fill any purchase order carrying a preference rating of A-1-a or higher for the construction, maintenance or repair of any machinery equipment or structure, including public utility power lines and communications systems and shipyards, hulls and vessels;

(g) Use as grapnel cable;

(h) Use on elevators as governor rope, hawser laid, $\frac{5}{8}$" through 1" in diameter;

(i) Use as lifeboat falls;

(j) Use as drop hammer rope on purchase orders carrying a preference rating of A-1-a or higher;

(iii) *Class Three: Agave cordage used in the manufacture of wire rope.* Use in the manufacture of component parts of wire rope: *Provided, however*, That, on and after December 14, 1942, such agave cordage shall be processed only in sizes of $\frac{13}{64}$ of an inch in diameter or larger, that lesser sizes on hand or in process on said date may be sold or delivered for this use, and that lesser sizes may be processed, sold or delivered for galvanized or other corrosion resistant wire rope of sizes 6 x 12, 6 x 24, 6 x 37, or of springlay construction for use by any person specified in paragraph (d) (4) (i), but only to the extent that the normal specifications of such person, or a future directive of any department or agency specified in said paragraph, require such use.

(5) Each purchaser (other than the departments or agencies specified in paragraph (d) (4) (i)) of agave cordage (excluding agave cordage in any dealer's inventory shipped to such dealer on or before September 25, 1942) shall furnish his seller a certificate as a condition to receiving said cordage, and no person shall sell or deliver any such agave cordage to such purchaser without obtaining a certificate, signed by such purchaser or his duly authorized representative, in substantially the following form:

> The undersigned hereby represents to the seller and the War Production Board that the agave cordage covered by this certificate will be used or sold only for the following uses
> ----------
> (fill in)
> authorized in paragraph (d) (4) of General Preference Order M-84, with the terms of which the undersigned is familiar.

(6) On and after January 1, 1943, no processor shall put into process in any calendar month any agave fiber for the purpose of filling purchase orders for Class Two cordage uses, as specified in paragraph (d) (4) (ii), in excess of 20% of his basic monthly poundage, as established under paragraph (a) (10).

(7) [Revoked January 4, 1943.]

(8) On and after December 15, 1942, notwithstanding the provisions of paragraphs (d) (4) and (d) (5), any person may purchase, sell or deliver any agave lariat rope in process or in inventory on or before September 25, 1942.

(9) No importer shall sell or deliver in any month listed below any wrapping twine, imported or domestic, in excess of the following percentages of his average monthly sales thereof during the calendar year 1941:

	Percent
July, 1942	65
August, 1942	40
September, 1942, and each month thereafter	20

Provided, however, That no importer shall, after September 30, 1942, import, purchase for import, offer to import, offer to purchase for import, contract or otherwise arrange to import any wrapping twine unless specifically authorized by the Director General for Operations. Authorizations will only be granted, in the absence of extraordinary circumstances, where it can clearly be demonstrated that such wrapping twine was processed only from tow, waste or fiber under 20" in length.

(e) *Importation and disposition of agave fabrics and agave carpet yarns.* In addition to all other requirements of this order, the importation and disposition of agave fabrics and agave carpet yarns shall be made in conformity with the provisions of General Imports Order M-63, as amended from time to time.

(f) *Restrictions on purchases, sales and use of binder twine.* No person shall hereafter sell, purchase, deliver, accept delivery of or use any binder twine except for the growing or harvesting of agricultural products or for sewing up bags containing such products, and any person purchasing any binder twine shall endorse on, or attach to his purchase order or delivery receipt therefor, a statement signed by such person, or on his behalf by a duly authorized individual, a certificate in substantially the following form:

> The undersigned hereby represents to the seller and the War Production Board that the binder twine covered by this certificate will be either resold or used by the undersigned for the growing or harvesting of agricultural products or for sewing up bags containing such products and is not in excess of his requirements for the current harvest season, as provided in General Preference Order M-84.

(g) *Preference to agave cordage processors for cotton, istle or jute yarns.* (1) Subject to the provisions contained below in this paragraph (g) and notwithstanding the provisions of any other conservation order, preference rating A-2 is hereby assigned to any processor of agave cordage during the year 1942 to obtain delivery of cotton, istle or jute yarns for processing by him into cordage.

(2) The preference rating assigned by paragraph (g) (1) shall be applied and extended in accordance with Priorities Regulation No. 3, as amended from time to time.

(3) During the period January 1 through February 28, 1943, no processor of agave cordage during the year 1942 shall apply the rating assigned by paragraph (g) (1) to obtain delivery of any istle or jute yarns for such purpose in excess of an equivalent, for each yarn, of his basic monthly poundage, as established under paragraph (a) (10), and of one-half times said poundage for cotton yarns. Any such processor desiring additional quantities of any of said yarns may apply to the War Production Board therefor on Form PD-1A or other applicable form prescribed.

(4) Each processor of agave cordage during the year 1942 shall furnish his seller a certificate as a condition to receiving any cotton, istle or jute yarns for processing by him into cordage, and no person shall sell or deliver any cotton, istle or jute yarns to such processor for such purpose without obtaining a certificate, signed by such processor or his duly authorized representative, in substantially the following form:

> The undersigned hereby represents to the seller and the War Production Board that he processed agave cordage during 1942 and that the cotton, istle or jute yarns covered by this certificate will be processed by the undersigned into cordage and is not in excess of the stock authorized under paragraph (g) of General Preference Order M-84.

(h) *Control and allocations of stocks of agave fiber and agave cordage.* (1) Control is hereby taken of the disposition and use of agave fiber and agave cordage possessed by or under the control of any importer, dealer or processor. Any agave fiber or agave cordage at any time hereafter in the inventory of any such person shall be sold and delivered by such person as, and if, specifically directed in any order of the Director General for Operations which may be issued whenever the Director General for Operations shall determine that a shortage of any particular grade of agave fiber or agave cordage for defense, or for private account, or for export, renders it necessary or appropriate so to allocate such agave fiber or agave cordage in the public interest, or to promote the national defense by so directing its sale and delivery by such person. Any such sale shall be made at the established prices and terms of sale and payment therefor and shall take precedence over any preference rated orders. No person shall dispose of or use agave fiber or agave cordage in any manner inconsistent with any such order.

(2) Applications for specific authority to purchase, receive or use agave fiber or agave products otherwise than as permitted by paragraphs (b), (c), (d) or (e) may be made to the Director General for Operations by the person desiring to use such agave fiber or agave cordage on form PD-709 or such other form or forms as may be prescribed. Any such application shall, among other things, set forth a statement of the technical necessity for the use of agave fiber or agave cordage in the manner and to the extent that application therefor is made. Such application shall also summarize the efforts made by the applicant to use substitutes and shall contain a statement of the reasons why the applicant believes the use of agave fiber or agave cordage, in the manner and the extent that application therefor is made, will promote the national defense or will be in the public interest.

(i) *Reports.* Every importer of agave fiber shall file a report on Form PD-129 and every processor of agave fiber shall file a report on form PD-128 with the U. S. Tariff Commission, acting for the War Production Board, not later than the tenth day of the following month, and all persons affected by this order shall file with the War Production Board such reports as may from time to time be required by said Board.

(j) *Records.* All persons affected by this order shall keep and preserve for not less than two (2) years accurate and complete records concerning inventories, production, sales and other transactions pursuant to this order, and shall from time to time, upon request, submit all records required to be kept by this order to audit and inspection by duly authorized representatives of the War Production Board.

(k) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of agave fiber conserved, or that compliance with this order would disrupt or impair a program of conversion from non-defense to defense work, may appeal to the War Production Board by letter or telegram, Reference M-84, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(l) *Communications.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Textile, Clothing and Leather Division, Washington, D. C., Reference M-84.

(m) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

(n) *Violations.* Any person who willfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 4th day of January 1943.

ERNEST KANZLER,
Director General for Operations.

[F. R. Doc. 43-165; Filed, January 4, 1943; 12:02 p. m.]

PART 1149—EGYPTIAN AND AMERICAN EXTRA STAPLE COTTON

[Conservation Order M-117 as Amended Jan. 4, 1943]
